1 - DESCRIPTION OF PLAN

GENERAL

Urology Associates of North Texas, L.L.P. 401(k) Profit Sharing Plan was established January 1, 2005, for eligible employees of Urology Associates of North Texas, L.L.P. On August 31, 2012, Urology Associates of North Texas, L.L.P. became part of a controlled group of companies that included, among others, USMD Holdings, Inc., USMD PPM, LLC, Medical Clinic of North Texas PLLC and USMD Administrative Services, Inc. Effective September 1, 2012 the Plan was amended to add the new employer of USMD Holdings, Inc. ("Company") and change the Plan name to USMD HOLDINGS, INC. 401(K) PROFIT SHARING PLAN ("Plan"). The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974 ("ERISA"). The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan sponsor elected to terminate the Plan effective December 31, 2013 and merge Plan assets into the USMD Holdings, Inc. 401(k) Plan. Accordingly, a blackout period existed from December 24, 2013 to December 31, 2013, during which participants were not allowed to make changes to or take distributions from their accounts.

CONTRIBUTIONS

Employees of the Company age 21 or older are eligible to become participants in the Plan upon completion of one year of service. Participants may contribute a portion of their compensation, as defined in the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code ("IRC") regulations. Each participant's account is credited with the participant's contribution. Employees are eligible to participate in the Company's matching contribution after completing one year of eligible service.

Each year the Company will contribute a safe harbor contribution of 3% of compensation for all employees eligible to participate in the Plan. The Company may elect to make a discretionary matching contribution to the Plan, equal to a designated percentage of each participant's contributions, not to exceed 6% in any Plan year. The Plan also allows the Company, at management's discretion, to make a profit sharing contribution. The profit sharing contribution for 2013 amounted to \$740,552.

Participants may direct these contributions to any of the investments available under the Plan.

VESTING

All participant contributions and Company safe harbor contributions are immediately vested. Discretionary matching and profit sharing contributions vest at a rate of 20% per year of service as defined by the Plan, beginning after the second year of service.

1 - DESCRIPTION OF PLAN (Continued)

FORFEITURES

When certain events occur allowing for distributions from the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures of nonvested Company contributions are used to offset future Company contributions. At December 31, 2012 \$12,546 of forfeitures were available to be used in future years.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may request a loan from the Plan in an amount generally not to exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and are repaid at a reasonable rate of interest within five years, unless the proceeds are used to purchase the participant's primary residence. Principal and interest is paid ratably through monthly payroll deductions. Loans are stated at the outstanding principal balance which approximates fair value.

PAYMENT OF BENEFITS

Upon reaching normal retirement age, death, disability or termination, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested account balance. Employees may also take hardship withdrawals as specified by the Plan.

ADMINISTRATIVE EXPENSES

The Company pays substantially all administrative fees and expenses related to maintaining the Plan.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the liquidation basis of accounting in accordance with U.S. generally accepted accounting principles.

ESTIMATES AND ASSUMPTIONS

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of mutual funds, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year

PAYMENT OF BENEFITS

Benefits to participants are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3 - FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value on a recurring basis. The inputs used to develop fair value are ranked to indicate the quality and reliability of the resulting fair value measures, as follows:

Level 1 Quoted market prices in active markets for identical assets or liabilities.

(Continued)

USMD HOLDINGS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (LIQUIDATION BASIS)
YEAR ENDED DECEMBER 31, 2013
(Continued)

3 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 Unobservable inputs that are not corroborated by market data.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are measured at fair value. The investments held by the Plan are measured using Level 1 inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value.

Mutual funds: valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Money market fund: valued using \$1 for the NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of December 31, 2012:

	<u>2012</u>
Money market fund	\$ 1,672,500
Mutual funds:	
Growth funds	5,621,915

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Capital Bank and Trust Company, the trustee and a party-in-interest as defined by ERISA, as of December 31, 2013 and 2012 and for the year ended December 31, 2013, except for comparing such information certified by the trustee to information included in the Plan's financial statements. This information consists of the following:

	2013	2012

Money market fund	-	1,672,500

5 - INVESTMENTS

6 - TAX STATUS

The Plan obtained its latest determination letter on November 3, 2006, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 or 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

7 - SUBSEQUENT EVENTS

In 2014, the Company became aware of certain Plan operational failures. The Company has elected to correct the operation failures under the self-correction program available with the IRS under its Employee Plans Compliance Resolution System.

Plan management evaluated subsequent events after the statement of net assets available for benefits date of December 31, 2013 through October 14, 2014, which was the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
