Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
SCA Tissue Cash Balance Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the SCA Tissue Cash Balance Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year.
Actuarial value of assets [for determining minimum required contributions]	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings 7.00% with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.) The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued based on discussions with SCA Americas Inc. regarding the likelihood that these benefits will be paid. Towers Watson has reviewed the plan provisions with SCA Americas Inc. and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to \$5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Change in assumptions and methods since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2011 to September 2012.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

The assumed plan-related expenses added to the target normal cost were changed from \$90,000 for 2012 to \$100,000 for 2013.

Summary of Plan Provisions

The plan was originally effective September 1, 2001. The most recent significant plan amendment was effective January 1, 2005.

Plan Year The twelve-month period ending December 31.

Coverage and Participation	As of December 31, 2003, the plan was frozen to new entrants and future benefit accruals were eliminated. Active participants at December 31, 2003 continue to earn vesting service and all participants continue to receive cash balance interest credits.
----------------------------	---

Prior to December 31, 2004, a participant was eligible to become a member in the plan based on the following:

An eligible employee who was employed by GPT on August 31, 2001 and became an SCA Tissue employee on September 1, 2001, began participating immediately, regardless of their period of service with the Company; or

An SCA Tissue employee who has completed 12 months of service with SCA Tissue as a regular salaried employee paid from the Company's U.S. payroll or a nonunion hourly employee at the Company's Bellemont, Arizona, Flagstaff, Arizona, or Greenwich, New York facilities.

Effective January 1, 2003, employees who worked for the Heritage Sales Group and the Atlanta Production Facility and are entitled to salaried benefits with SCA Tissue, joined the Plan. These groups were formerly part of SCA Hygiene and became SCA Tissue employees on January 1, 2002.

Effective January 1, 2003, employees who worked for Encore Paper joined the Plan. These participants will receive past service credit for vesting purposes only.

Definitions

Normal Retirement Benefit

1. Normal Retirement Date: Attainment of age 65.
2. Monthly Benefit Formula: An annual benefit equal to a participant's cash balance "account" converted to an equivalent life annuity at age 65, or paid as a lump sum.

Prior to December 31, 2003, the participant's cash balance "account" grew each year through Pay Credits and Interest Credits. At the end of the year, a participant's cash balance "account" was increased with Pay Credits based on their age at the end of their pensionable year and the pay received for that year. The following table illustrates the Pay Credit schedule (prior to December 31, 2003);

<u>Participant's Age December</u>	<u>Annual Pay Credit</u>	
	<u>All Pay</u>	<u>Pay > SSWB</u>
< 30	4.0%	4.0%
30 – 39	4.5%	4.5%
40 – 49	5.0%	5.0%
50 – 59	5.5%	5.5%
60 +	6.0%	6.0%

As of December 31, 2003, the plan was frozen and no future pay credits are provided.

Also, at the end of each year the participant's January 1 "account" balance is credited with interest, based on the 30-year Treasury Constant Maturity rate published by the Federal Reserve as of August of the previous year.

3. Normal Form of Retirement Income: An unmarried member receives benefits payable as a life annuity. A married member receives a 50% joint and survivor benefit.

Late Retirement

Cash balance "account" increased with Interest Credits through the participant's date of retirement.

Early Retirement Benefit

1. Eligibility: Three years of vested service.
2. Monthly Benefit Formula: An actuarially reduced annual benefit equal to a participant's cash balance "account" converted to an actuarial equivalent annuity at retirement or paid as a lump sum.

Disability Benefit

1. Eligibility: Participants fully vested, regardless of their period of service upon disability. A participant is defined to be "disabled" if they are eligible to receive disability benefits from the Social Security Administration.
2. Monthly Benefit Before Normal Retirement: An annual benefit equal to the retirement account balance, increased with Interest Credits until the later of:

The first day of the sixth month after the participant stops working because of their disability; or

The first day of the month immediately following the date the participant's benefit election form is received (so long as the date is prior to the participant attaining age 65).

Vested Benefits upon Termination of Service

1. Vested Benefits: Participants fully vested, regardless of their period of service upon disability. A participant is defined to be "disabled" if they are eligible to receive disability benefits from the Social Security Administration.
2. Benefit: An annual benefit equal to a participant's cash balance "account", increased with Interest Credits to the commencement date, and converted to an actuarial equivalent annuity of paid as a lump sum.

Pre-Retirement Death Benefits

1. Eligibility: Participants are fully vested, regardless of their period of service, upon their death.
2. Benefit:

a. If Participant is Married at Time of Death:

If the participant is married and dies prior to receiving benefits, the participant's spouse will receive benefits from the plan as follows:

If the participant's account balance is more than \$5,000 the spouse will receive a life annuity (determined based on the spouse's age). The participant's spouse can also choose any other available payment method; or

If the participant's account balance is \$5,000 or less, the participant's spouse will automatically receive a lump-sum distribution.

b. If Participant is Not Married at Time of Death:

If the participant is not married, their beneficiary is entitled to a lump-sum payment of the participant's vested account balance.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
SCA Tissue Cash Balance Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the SCA Tissue Cash Balance Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SCA Tissue Cash Balance Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2013 and 2012

1. Description of Plan

The following description of the SCA Tissue Cash Balance Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory cash balance defined benefit pension plan established September 1, 2001. The Plan was amended and restated effective January 1, 2010. The Plan covers salaried employees of SCA Tissue North America, LLC (the "Company"); non-union hourly employees of the Company's Bellemont, Arizona, Flagstaff, Arizona, and Greenwich, New York facilities; and after January 1, 2002, SCA Tissue employees that were formerly SCA Hygiene salaried employees. As of December 31, 2003, the Plan was frozen to new entrants and future benefit accruals (i.e., pay credits) were eliminated for all participants. Active participants at December 31, 2003 continue to earn vesting service under the Plan and all participants continue to accrue cash balance interest credits. The Plan sponsor is SCA Americas, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Funding Policy

The Company's funding policy is to make contributions in such amounts as may be required to meet the minimum funding requirements of ERISA. Employer contributions are made based on actuarially determined amounts using the projected unit credit cost method. Minimum contribution requirements have been met for 2013 and 2012.

Vesting

Participants become 100% vested upon completion of three years of credited service, as defined. If a participant terminates before completing three years of service, the right to receive accumulated benefits is forfeited, unless the participant has reached age 65 or termination of employment is attributable to death or disability.

Retirement Benefits

Upon separation from service, vested participants are entitled to pension benefits based on pay credits and interest credits accumulated in their cash balance accounts. Pay credits are based on a percentage of compensation determined by age levels, as defined. Interest credits are based on 30-year treasury rates, as defined. The Plan will pay a death benefit to the beneficiary of a participant who dies prior to the commencement of benefits, as defined by the Plan. As of December 31, 2003, the Plan was frozen and no future pay credits are provided.

Benefit payments will be paid based upon a single life annuity if the participant is not married. A married retiree will automatically receive pension benefits in the form of a joint and survivor annuity. Elections may be made to receive the benefit in another form, including lump-sum, as defined. If the present value of a participant's accrued benefit does not exceed \$1,000, it will automatically be paid as a lump sum as soon as administratively feasible after separation from service.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions and terminate the Plan at any time under the provisions of ERISA. In the event the Plan terminates, participants become 100% vested in benefits earned as of the termination date regardless of

SCA Tissue Cash Balance Plan

As of and for the Years Ended December 31, 2013 and 2012

length of service, to the extent such benefits are then funded, and the assets of the Plan shall be distributed in the manner and order set forth in the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. Whether all participants receive their benefits should the Plan terminate at some future point would depend on the sufficiency of the Plan's net assets at that time to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits steering committee of the Plan sponsor determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

In 2013 and 2012, certain investment and administrative expenses were paid out of the Plan, and include recordkeeping, trustee, and actuarial professional fees. Certain other administrative expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2014, the date the financial statements were available to be issued.

3. Financial Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule was certified by Vanguard Fiduciary Trust Company, the trustee, as complete and accurate:

- Registered investment companies (mutual funds) and cash as shown in the statements of net assets available for benefits at December 31, 2013 and 2012.
- Dividend income and net appreciation in the fair value of investments as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.
- The information for all registered investment companies (mutual funds) listed in the schedule of assets (held at end of year) at December 31, 2013, as shown in the supplemental schedule.

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2013</u>	<u>2012</u>
Registered investment companies (mutual funds)	\$ 726,498	\$ 360,714
Total	\$ 726,498	\$ 360,714

The following presents investments that represent five percent or more of the Plan's net assets available for benefits at December 31, 2013 and 2012:

Registered investment companies (mutual funds):	<u>2013</u>	<u>2012</u>
Vanguard Total Stock Market Index Fund	\$ 3,163,254	\$ 2,373,897
Vanguard Total Bond Market Index Fund	1,066,506	1,103,412
Vanguard Developed Markets Index Fund	517,137	428,767
Vanguard Inflation Protection Securities Fund	340,776	396,083

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SCA Tissue Cash Balance Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2013 and 2012

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2013 and 2012.

Registered investment companies(mutual funds) Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies (mutual funds):				
Fixed income funds	\$ 1,407,282	\$ -	\$ -	\$ 1,407,282

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of service on the date the benefit information is presented (the valuation

date). Benefits payable under all circumstances (e.g. retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered prior to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's consulting actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits earned by participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. As of December 31, 2003, the Plan was frozen and no future pay credits are provided. The present value of a participant's accrued benefit as of the valuation date assumes the participant will earn no more credited service and will receive no future salary.

The actuarial present value of accumulated plan benefits as of January 1, 2013 is as follows:

Vested benefits	
Participants currently receiving benefits	\$ 60,656
Active and terminated vested participants	4,221,568
Total vested benefits	4,282,224
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits	\$ 4,282,224

The changes in the actuarial present value of accumulated plan benefits for the year ended January 1, 2013 are as follows:

Actuarial present value of accumulated plan benefits, beginning of period	\$ 3,920,049
Increase (decrease) during the year attributed to:	
Benefits paid	(96,966)
Decrease in the discount period	309,725
Actuarial (gains)/losses	(205,152)
Assumption changes	354,568
Net increase (decrease)	362,175
Actuarial present value of accumulated plan benefits, end of period	\$ 4,282,224

The significant methods and assumptions used to determine the actuarial present value of accumulated plan benefits as of January 1, 2013 are as follows:

Mortality	Prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code using static tables with separate mortality rates for annuitants and non-annuitants
Discount Rate	7%
Withdrawal before retirement	Decreasing rates between ages 20 and 55
Retirement age	2.5% at age 55-59; 5% at age 60-61; 30% at age 62; 15% at age 63-64; 100% at or after age 65

The change in actuarial assumptions is primarily due to the change in the discount rate from 8% as of January 1, 2012 to 7% as of January 1, 2013.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 16, 2011, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

8. Related-Party and Party in Interest Transactions

Transactions involving shares of registered investment companies managed by affiliates of Vanguard Fiduciary Trust Company, the trustee, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.
