REPORT OF INDEPENDENT AUDITORS

To the Plan Management of the
Essilor of America Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Essilor of America Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note E, which was certified by the trustees of the Plan, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

A. Description of Plan

General

The following description of the Essilor of America Retirement Savings Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective January 1, 1991, and restated effective January 1, 2013, and is a defined contribution plan covering all employees of the Company except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) an employee that is a temporary transfer; and, (6) an employee who is employed by a subsidiary that is not a participating employer. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 60 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan Document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions equal to 100% up to 6% of eligible compensation.

Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In both 2013 and 2012 the Company elected not to contribute profit sharing contributions.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their elective contributions and Company matching or profit sharing contributions, plus actual earnings thereon. For Company matching or profit sharing contributions made prior to 2006, participants were vested 20% for each full year of eligible service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by a portion of the participant's account balance and bear interest at a fixed rate equal to prime plus one percent. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2013, ranged from 4.25% to 10.75%.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

A. Description of Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reinstate previously forfeited account balances of former participants that are re-hired before incurring a five consecutive year break-in-service. All other forfeited amounts are used to reduce future Company contributions. There were unallocated forfeitures of approximately \$11,000 and \$0 as of December 31, 2013 and 2012, respectively. Forfeitures of approximately \$0 and \$91,000 were allocated to reduce matching contributions during the years ended December 31, 2013 and 2012, respectively.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. The Plan generally pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the Plan year. In September 2006 the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Codification (“ASC”) 820-10, *Fair Value Measurements*. FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. For information related to the Plan’s valuation methodologies under FASB ASC 820-10, see Note D of these financial statements.

In 1994 the Plan entered into a group annuity contract with Prudential. Prudential maintains contributions in pooled separate accounts or insurance company general accounts established as investment vehicles for qualified retirement plans. Plan contributions are invested in any or all of eighteen Prudential funds, including one guaranteed income fund, based upon the participant’s discretion.

The pooled separate accounts are credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The assets of each of the pooled separate accounts are invested in shares of the designated underlying mutual funds. In addition, from time to time, Prudential may invest amounts in short-term money market instruments, cash, or cash equivalents. The pooled separate accounts are stated at fair value as of December 31, 2013 and 2012.

Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Fully Benefit-Responsive Investment Contracts

As described in FASB ASC 965-325-05 (formerly Staff Position, FSP AAG INV-1 and SOP 94-4-1), *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans* (the “FSP”), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in an insurance company general account which is fully benefit responsive. The general account is a guaranteed income account based on insurance contracts and is credited with Plan contributions and earnings on the underlying investments, and charged for Plan withdrawals and administrative expenses charged by Prudential. For this reason, the investment is considered to be fully benefit-responsive and therefore must be reported at fair value. However, the adjustment from contract value to fair value for 2013 and 2012 were determined to be zero, as contract value approximates fair value.

The average yield earned by the Plan as of December 31, 2013 and 2012, was 2.20% and 2.55%, respectively, and the average crediting interest rate was approximately 2.20% and 2.55%, respectively. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%. Principal and interest in the general account are guaranteed against loss by Prudential. Circumstances that would limit a participant’s ability to transact with the fund are not considered probable of occurring. Under no circumstances are the participant accounts in the general account settled at amounts other than contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FASB ASC Topic No. 820 requires that we describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried as of December 31, 2013 and 2012. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- The mutual fund is measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.
- The insurance company general account is valued at its contract value, which approximates fair value, and is classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2013 and 2012. The Plan has no assets classified within Level 3 of the valuation hierarchy.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2013 and 2012, the total investment income (loss) for the years ended December 31, 2013 and 2012, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated September 11, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Plan has submitted an application to the IRS for a new letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2010.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of such termination of the Plan, all amounts credited to participant's accounts will become 100% vested.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31,:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$329,505,585	\$274,967,475
Current year employer receivable	(226,241)	(202,253)
Net assets available for benefits per the Form 5500	<u>\$329,279,344</u>	<u>\$274,765,222</u>

The following is a reconciliation of the net decrease in assets to the Plan per Form 5500 to the financial statements at December 31,:

	<u>2013</u>	<u>2012</u>
Net increase in assets to the Plan per the financial statements	\$ 54,538,110	\$ 26,726,265
Current year employer receivable	(226,241)	(202,253)
Prior year employer receivable	202,253	1,015,934
Net increase in assets to the Plan per the Form 5500	<u>\$ 54,514,122</u>	<u>\$ 27,539,946</u>

The reconciling items noted above are due to the Form 5500 being prepared on the cash basis whereas the Plan's financial statements are prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 13, 2014, the date the financial statements were available for issuance.

REPORT OF INDEPENDENT AUDITORS

To the Plan Management of the
Essilor of America Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Essilor of America Retirement Savings Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note E, which was certified by the trustees of the Plan, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustees hold the Plan’s investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

A. Description of Plan

General

The following description of the Essilor of America Retirement Savings Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective January 1, 1991, and restated effective January 1, 2013, and is a defined contribution plan covering all employees of the Company except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) an employee that is a temporary transfer; and, (6) an employee who is employed by a subsidiary that is not a participating employer. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 60 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan Document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions equal to 100% up to 6% of eligible compensation.

Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In both 2013 and 2012 the Company elected not to contribute profit sharing contributions.

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their elective contributions and Company matching or profit sharing contributions, plus actual earnings thereon. For Company matching or profit sharing contributions made prior to 2006, participants were vested 20% for each full year of eligible service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by a portion of the participant's account balance and bear interest at a fixed rate equal to prime plus one percent. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2013, ranged from 4.25% to 10.75%.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

A. Description of Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reinstate previously forfeited account balances of former participants that are re-hired before incurring a five consecutive year break-in-service. All other forfeited amounts are used to reduce future Company contributions. There were unallocated forfeitures of approximately \$11,000 and \$0 as of December 31, 2013 and 2012, respectively. Forfeitures of approximately \$0 and \$91,000 were allocated to reduce matching contributions during the years ended December 31, 2013 and 2012, respectively.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. The Plan generally pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the Plan year. In September 2006 the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Codification (“ASC”) 820-10, *Fair Value Measurements*. FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. For information related to the Plan’s valuation methodologies under FASB ASC 820-10, see Note D of these financial statements.

In 1994 the Plan entered into a group annuity contract with Prudential. Prudential maintains contributions in pooled separate accounts or insurance company general accounts established as investment vehicles for qualified retirement plans. Plan contributions are invested in any or all of eighteen Prudential funds, including one guaranteed income fund, based upon the participant’s discretion.

The pooled separate accounts are credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The assets of each of the pooled separate accounts are invested in shares of the designated underlying mutual funds. In addition, from time to time, Prudential may invest amounts in short-term money market instruments, cash, or cash equivalents. The pooled separate accounts are stated at fair value as of December 31, 2013 and 2012.

Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Fully Benefit-Responsive Investment Contracts

As described in FASB ASC 965-325-05 (formerly Staff Position, FSP AAG INV-1 and SOP 94-4-1), *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans* (the “FSP”), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in an insurance company general account which is fully benefit responsive. The general account is a guaranteed income account based on insurance contracts and is credited with Plan contributions and earnings on the underlying investments, and charged for Plan withdrawals and administrative expenses charged by Prudential. For this reason, the investment is considered to be fully benefit-responsive and therefore must be reported at fair value. However, the adjustment from contract value to fair value for 2013 and 2012 were determined to be zero, as contract value approximates fair value.

The average yield earned by the Plan as of December 31, 2013 and 2012, was 2.20% and 2.55%, respectively, and the average crediting interest rate was approximately 2.20% and 2.55%, respectively. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%. Principal and interest in the general account are guaranteed against loss by Prudential. Circumstances that would limit a participant’s ability to transact with the fund are not considered probable of occurring. Under no circumstances are the participant accounts in the general account settled at amounts other than contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FASB ASC Topic No. 820 requires that we describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried as of December 31, 2013 and 2012. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- The mutual fund is measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.
- The insurance company general account is valued at its contract value, which approximates fair value, and is classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2013 and 2012. The Plan has no assets classified within Level 3 of the valuation hierarchy.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2013 and 2012, the total investment income (loss) for the years ended December 31, 2013 and 2012, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated September 11, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Plan has submitted an application to the IRS for a new letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2010.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of such termination of the Plan, all amounts credited to participant's accounts will become 100% vested.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31,:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$329,505,585	\$274,967,475

The following is a reconciliation of the net decrease in assets to the Plan per Form 5500 to the financial statements at December 31,:

	<u>2013</u>	<u>2012</u>
Net increase in assets to the Plan per the financial statements	\$ 54,538,110	\$ 26,726,265
Current year employer receivable	(226,241)	(202,253)
Prior year employer receivable	202,253	1,015,934
Net increase in assets to the Plan per the Form 5500	<u>\$ 54,514,122</u>	<u>\$ 27,539,946</u>

The reconciling items noted above are due to the Form 5500 being prepared on the cash basis whereas the Plan's financial statements are prepared on the accrual basis of accounting as required by GAAP.

REPORT OF INDEPENDENT AUDITORS

To the Plan Management of the
Essilor of America Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Essilor of America Retirement Savings Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note E, which was certified by the trustees of the Plan, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustees hold the Plan’s investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

A. Description of Plan

General

The following description of the Essilor of America Retirement Savings Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective January 1, 1991, and restated effective January 1, 2013, and is a defined contribution plan covering all employees of the Company except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) an employee that is a temporary transfer; and, (6) an employee who is employed by a subsidiary that is not a participating employer. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 60 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan Document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions equal to 100% up to 6% of eligible compensation.

Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In both 2013 and 2012 the Company elected not to contribute profit sharing contributions.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their elective contributions and Company matching or profit sharing contributions, plus actual earnings thereon. For Company matching or profit sharing contributions made prior to 2006, participants were vested 20% for each full year of eligible service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by a portion of the participant's account balance and bear interest at a fixed rate equal to prime plus one percent. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2013, ranged from 4.25% to 10.75%.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

A. Description of Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reinstate previously forfeited account balances of former participants that are re-hired before incurring a five consecutive year break-in-service. All other forfeited amounts are used to reduce future Company contributions. There were unallocated forfeitures of approximately \$11,000 and \$0 as of December 31, 2013 and 2012, respectively. Forfeitures of approximately \$0 and \$91,000 were allocated to reduce matching contributions during the years ended December 31, 2013 and 2012, respectively.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. The Plan generally pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the Plan year. In September 2006 the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Codification (“ASC”) 820-10, *Fair Value Measurements*. FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. For information related to the Plan’s valuation methodologies under FASB ASC 820-10, see Note D of these financial statements.

In 1994 the Plan entered into a group annuity contract with Prudential. Prudential maintains contributions in pooled separate accounts or insurance company general accounts established as investment vehicles for qualified retirement plans. Plan contributions are invested in any or all of eighteen Prudential funds, including one guaranteed income fund, based upon the participant’s discretion.

The pooled separate accounts are credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The assets of each of the pooled separate accounts are invested in shares of the designated underlying mutual funds. In addition, from time to time, Prudential may invest amounts in short-term money market instruments, cash, or cash equivalents. The pooled separate accounts are stated at fair value as of December 31, 2013 and 2012.

Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Fully Benefit-Responsive Investment Contracts

As described in FASB ASC 965-325-05 (formerly Staff Position, FSP AAG INV-1 and SOP 94-4-1), *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans* (the “FSP”), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in an insurance company general account which is fully benefit responsive. The general account is a guaranteed income account based on insurance contracts and is credited with Plan contributions and earnings on the underlying investments, and charged for Plan withdrawals and administrative expenses charged by Prudential. For this reason, the investment is considered to be fully benefit-responsive and therefore must be reported at fair value. However, the adjustment from contract value to fair value for 2013 and 2012 were determined to be zero, as contract value approximates fair value.

The average yield earned by the Plan as of December 31, 2013 and 2012, was 2.20% and 2.55%, respectively, and the average crediting interest rate was approximately 2.20% and 2.55%, respectively. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%. Principal and interest in the general account are guaranteed against loss by Prudential. Circumstances that would limit a participant’s ability to transact with the fund are not considered probable of occurring. Under no circumstances are the participant accounts in the general account settled at amounts other than contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FASB ASC Topic No. 820 requires that we describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried as of December 31, 2013 and 2012. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- The mutual fund is measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.
- The insurance company general account is valued at its contract value, which approximates fair value, and is classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2013 and 2012. The Plan has no assets classified within Level 3 of the valuation hierarchy.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2013 and 2012, the total investment income (loss) for the years ended December 31, 2013 and 2012, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated September 11, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Plan has submitted an application to the IRS for a new letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2010.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of such termination of the Plan, all amounts credited to participant's accounts will become 100% vested.

NOTES TO FINANCIAL STATEMENTS *(continued)*

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500
