DEX MEDIA, INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - PLAN DESCRIPTION

General: The following is a brief description of the Dex Media, Inc. Employee Savings Plan (the "Plan") and is provided for general information only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is not covered by the Pension Benefit Guaranty Corporation.

The Plan was established effective November 1, 2002, by Dex Media, Inc. for the benefit of all eligible employees, including both non-bargained for and bargained for employees. Effective January 31, 2006, Dex Media, Inc. was acquired by Dex One Corporation ("Dex One"), formerly R.H. Donnelley Corporation ("RHD"). After the acquisition, Dex Media, Inc. remained the sponsor of the Plan. Effective January 1, 2009, the participant accounts (and related investments) of all non-bargained for employees of Dex Media, Inc. were spun-off and merged with and into the Dex One 401(k) Savings Plan ("Dex One Plan").

On March 18, 2013, Dex One and all of its subsidiaries filed voluntary bankruptcy petitions in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court") for reorganization under the provisions of Chapter 11 of Title 11 of the United States Code (the "Bankruptcy Code"). Concurrently with filing the bankruptcy petitions, Dex One and its subsidiaries filed and requested confirmation of a Joint Prepackaged Chapter 11 Plan (as modified and supplemented, the "Dex One Prepackaged Plan"), seeking to effect the merger and related transactions contemplated by the Amended and Restated Merger Agreement, dated as of December 5, 2012 (the "Merger Agreement"), by and between Dex One, SuperMedia, Newdex, Inc., a direct, wholly owned subsidiary of Dex One ("Newdex"), and Spruce Acquisition Sub, Inc., a direct, wholly owned subsidiary of Newdex ("Merger Sub"). Also on March 18, 2013, SuperMedia and all of its domestic subsidiaries filed separate voluntary bankruptcy petitions in the Bankruptcy Court, seeking approval of SuperMedia's separate prepackaged plan of reorganization (together with the Dex One Prepackaged Plan, the "Prepackaged Plans").

On April 29, 2013, the Bankruptcy Court held a hearing and entered separate orders confirming the Prepackaged Plans. On April 30, 2013, Dex One and SuperMedia (1) consummated the transactions contemplated by the Merger Agreement, including (a) the amendment and restatement of SuperMedia's senior secured credit facility, (b) the merger of Dex One with and into Newdex, with Newdex continuing as the surviving corporation and changing its name to Dex Media Holdings, Inc., ("Dex Media", the "Company" or "Plan Sponsor") (c) the merger of SuperMedia with and into Merger Sub, with SuperMedia surviving as a wholly owned subsidiary of Dex Media, and (d) the amendment and restatement of the credit facilities of R.H. Donnelley Inc., Dex Media West, Inc., and Dex Media East, Inc., (2) otherwise effected the transactions contemplated by the Prepackaged Plans, and (3) emerged from Chapter 11 protection. The Plan name has not yet been changed to reflect the change in Company name. The merger and other transactions contemplated by the Merger Agreement and the Prepackaged Plans had no material effect on the Plan.

The Plan was established to provide Dex Media's eligible participants a way to save on a regular and long-term basis for retirement. The Plan is intended to be a defined contribution plan with non-elective contribution provisions and provides for a cash or deferred arrangement under Code Section 401(k).

The Plan covers substantially all eligible bargained for employees of the Company and its subsidiaries except as otherwise described below. Leased employees, non-resident aliens and independent contractors were not eligible for participation in the Plan. Dex Media maintained the Plan for bargained employees of the Company through December 31, 2013, at which time the Plan merged into the Dex One 401(k) Savings Plan. See Note 1, "Plan Merger" for information regarding the merger.

DEX MEDIA, INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - PLAN DESCRIPTION (Continued)

Trustee and Administration of the Plan: Prior to the merger of Dex One and SuperMedia, the Plan administrator was Dex One's Employee Benefits Committee (the "EBC") and Asset Management Committee (the "AMC"), which were appointed by the Compensation and Benefits Committee of Dex One's Board of Directors. The EBC had authority to select, retain, monitor and discharge recordkeepers, and was responsible for administering the Plan, including day-to-day functions, benefit payments, claims and for effectuating amendments. The AMC had authority to remove and/or instruct the trustee, establish and maintain a funding and investment policy and select and monitor funds. Effective April 30, 2013, the Plan administrator of the Plan is the EBC and AMC of Dex Media (collectively "Plan Administrator") which was appointed by the Compensation and Benefits Committee of Dex Media's Board of Directors.

The trustee of the Plan is Mercer Trust Company ("Mercer" or "Trustee"). The Trustee holds all assets of the Plan in accordance with provisions of the trust agreements with the Company. Mercer HR Services, LLC provides recordkeeping services and other administrative services for the Plan.

Eligibility: Bargained for employees may become active participants as of the first administratively feasible payroll following completion of 30 days of employment.

Effective April 29, 2013, the service, vesting and years of eligibility provisions of the Plan document were amended to state that service shall not include for any purpose an individual's period of employment or service with SuperMedia or any subsidiary or affiliate of SuperMedia prior to the date such entity becomes a related employer.

Contributions: Participants may elect to contribute from 0% to 75%, in whole percentage increments, of their eligible compensation as defined by the Plan document and as limited by the Internal Revenue Code ("IRC"). Participant contributions may be on a pre-tax or after-tax basis. Participant pre-tax contributions are limited to \$17,500 by the IRC in 2013.

Each active participant who becomes eligible to participate in the Plan and who does not make an affirmative election either to contribute or not contribute to the Plan or to make elective deferrals at a specified level, shall be deemed to have elected to contribute 3% of their compensation on a pre-tax basis during their first year in the Plan. This election will increase by 1% annually until the participant is contributing 6% or changes their deferral rate.

Catch-up contributions may also be made by participants if they are age 50 or older and certain other criteria are met. The 2013 IRC limit for catch-up contributions was \$5,500. Catch-up contributions are eligible for matching contributions by the Company, subject to Plan limits.

The Plan provides a safe harbor matching contribution to all eligible employees. This match allows the Plan to automatically satisfy certain nondiscrimination tests required by Section 401(k) and 401(m) for employees. The Plan's employer match is 100% of the first 6% of compensation contributed by the participant per pay period. There are also quarterly true-up matching contributions to ensure that participants receive the full matching contribution for the quarter, as further described in the Plan document.

Participants can make rollover contributions from other qualified plans or individual retirement accounts if certain criteria are met as outlined in the Plan document.

The participant and employer contributions for the plan year are subject to certain limitations imposed by the IRC and the Plan's terms.

NOTE 1 - PLAN DESCRIPTION (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions (pre-tax, after-tax and catch-up), rollover contributions, the employer contributions, an allocation of earnings and losses on investments, and is charged with the participant's withdrawals and distributions and related expenses on a daily basis. The investment earnings or losses are allocated to each participant's account pro-rata by investment fund. Each participant is entitled to the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct the investment of their account balance into various investment options offered by the Plan. The Plan offers investment options in several mutual fund investments and collective trusts. Participants may change their investment directions at any time, subject to such restrictions and procedures as are established by the recordkeeper and the investment fund prospectus.

Notes Receivable from Participants: Participants may borrow up to the lesser of \$50,000 or one-half of their vested account balance, less the highest outstanding loan balance within the past 12 months. Participants may not have more than one note receivable outstanding at any time. The minimum note receivable amount is \$500. The minimum note receivable term is 1 month and the maximum note receivable term is 57 months unless the proceeds are used to acquire a participant's principal residence, in which case the maximum term is 117 months. A participant's note receivable shall become due and payable if such participant fails to make a principal and/or interest payment as provided in the note receivable agreement, subject to a short grace period.

In addition, the note receivable becomes due and payable at the time the participant separates from the Company. The note receivable is secured by the balance in the participant's account, and the interest rate is determined by adding 1% to the prime rate of interest as published in *The Wall Street Journal* as of the last day of the month preceding the note receivable and is fixed for the term of the note receivable. Interest rates for the note receivables ranged from 4.25% to 9.50% as of December 31, 2012. Principal and interest is paid ratably through bi-weekly payroll deductions.

Expenses: The Company has full discretionary authority to allocate to participants' accounts any reasonable Plan expenses that are not funded by forfeitures or paid by the Company. For the year ended December 31, 2013, total expenses, comprised of fees for notes receivable and benefit payments, of \$18,365 were paid by Plan participants. There were no expenses paid from the forfeiture account during the year ended December 31, 2013. All other expenses were paid by the Company. Investment management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Vesting: A participant is immediately fully vested in that portion of their account attributable to the participant's pre-tax, after-tax, catch-up contributions and rollover contributions. Employer matching contributions made subsequent to January 1, 2010 become fully vested for participants upon completion of one year of service. Employer matching contributions made prior to January 1, 2010 become fully vested for participants after three years of service.

DEX MEDIA, INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - PLAN DESCRIPTION (Continued)

For purposes of vesting, years of credited service are computed as the total time period (regardless of actual service hours) commencing with the employee's first date of employment and ending on the date the employee's break in service begins. Participants also become fully vested in their accounts upon reaching normal retirement age (65), death or disability. There are certain other special events which can cause immediate vesting as further described in the Plan document.

Forfeitures: The amount of any non-vested forfeiture attributed to a participant's break in service as specified by the Plan document may be used to restore the participant's forfeited employer contribution, to fund employer contributions, or pay administrative expenses. During the year ended December 31, 2013, \$24,356 of forfeitures were used to fund employer matching contributions and no forfeitures were used to pay Plan administrative expenses. As of December 31, 2013 and 2012, forfeited non-vested accounts were \$0 and \$2,347, respectively.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested and the assets would be distributed among the participants in accordance with the terms set forth in the Plan document and in accordance with ERISA. See Note 1, "Plan Merger" for information regarding the merger of the Plan effective December 31, 2013.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: Upon termination of service, death, disability, or attainment of normal retirement age of 65, a participant may elect to receive a lump sum distribution payment equal to the vested value of the participant's account or transfer these amounts to another qualified retirement plan or individual retirement account ("IRA"). Terminated participants who do not elect a distribution type and have an account balance of less than \$1,000 must take an immediate lump sum distribution. If the amount is more than \$1,000 but less than \$5,000, their account balance will be rolled over into an IRA. Participants may also take voluntary in-service withdrawals and hardship withdrawals if certain criteria are met as outlined in the Plan document.

Plan Merger: The Plan was merged into the Dex One 401(k) Savings Plan, effective as of December 31, 2013. Net assets available for benefits of the Plan of \$46,534,497 were transferred to the Dex One Plan, pursuant to the Plan merger.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates: The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition: The Plan's investments are reported at fair value. See Note 4, *Fair Value Measurements and Disclosures*, for additional information. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interest in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive investment contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

Contributions: Participant contributions and the related Company matching contributions are recorded in the period payroll deductions are made.

Payments of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit loss, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

NOTE 3 - INVESTMENTS

During the year ended December 31, 2013, the Plan's investments (including realized and unrealized gains and losses on investments purchased and sold) appreciated in value as follows:

Mutual funds	\$ 4,481,640
Collective trusts	<u>1,541,308</u>
Net appreciation in fair value of investments	<u>\$ 6,022,948</u>

NOTE 3 - INVESTMENTS (Continued)

The fair value of investments that are 5% or more of net assets available for Plan benefits as of December 31, 2012 are as follows:

Vanguard Retirement Savings Trust	
(Contract value as of December 31, 2012 \$6,155,707	\$ 6,482,028
Vanguard Target Retirement 2025 Fund	6,117,912
State Street Global Advisors S&P 500 Index Fund	4,858,137
Harbor International Fund	3,504,698
PIMCO Total Return Fund	2,350,688

NOTE 4 - FAIR VALUE MEASUREMENTS AND DISCLOSURES

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Mutual funds: The shares of mutual funds are valued at quoted market prices in an exchange and active market, which represents the net asset values ("NAV") of shares, held by the Plan at year end and are classified as Level 1 investments.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS AND DISCLOSURES (Continued)

Collective trusts: The investments include a stable value fund and index fund. The fair value of the Plan's interest in the index fund is based on the NAV reported by the fund manager as of the financial statement date and recent transaction prices. The index fund provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. Under unusual circumstances, redemptions may be suspended should the withdrawal cause a material adverse impact on other participating plans. The Plan is permitted to redeem investment units at NAV on the measurement date, and as a result, the investment is classified as a Level 2 investment. The index fund includes investments that seek to approximate the risk and return characterized by the S&P 500 Index. To achieve their objective, the accounts employ a replication technique, which generally seeks to hold each index constituent in its proportional index weight. The accounts may make limited use of futures and/or options for the purpose of maintaining equity exposure.

The fair value of participation units held in the stable value fund are based on NAV after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit responsive contracts, as reported in the audited financial statements of the fund. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the stable value fund's constant NAV of \$1 per unit. Distribution to the stable value fund's unit holders are declared daily from the net investment income and automatically reinvested in the stable value fund on a monthly basis when paid. The stable value fund generally permits redemptions daily. If the stable value fund experiences periods of insufficient liquidity, it may defer honoring any payment request until liquidity is sufficient. The stable value fund may also impose certain restrictions based on employer initiated events such as plan termination, layoffs, tax disqualification and other events that could impact its ability to transact at contract value. The Company is not aware of any such events. The Plan is permitted to redeem investment units at the \$1 NAV on the measurement date, and as a result, the investment is classified as a Level 2 asset. The stable value fund invests primarily in investment contracts (traditional or synthetic) issued by insurance companies, banks or other financial institutions, including investment contracts backed by high-quality fixed income securities. The stable value fund seeks to provide current and stable income, while maintaining a stable share value of \$1, by diversifying among high credit quality investments and investment contracts which are structured to smooth market gains and losses over time. However, there is no assurance that this objective can be achieved.

The valuation methodologies described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2012:

There were no transfers of Plan assets into or out of Level 1 or Level 2 during the year ended December 31, 2013. The Plan has established a policy of recognizing transfers between levels in the fair value hierarchy as of the end of a reporting period.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 20, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan was amended from the version of the plan covered by the letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLES FROM PARTICIPANTS

The plan sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Mercer Trust Company, trustee of the Plan, has certified that the following information included in the accompanying financial statements, with the exception of the fair value of the Vanguard Retirement Savings Trust, as complete and accurate. Mercer Trust Company holds investment assets and executes investment transactions.

- Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012
 - o Investments at fair value, with the exception of the Vanguard Retirement Savings Trust, which was certified at contract value, and notes receivable from participants
- Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013
 - o Interest and dividend income and interest earned on notes receivable from participants
 - o Net appreciation/(depreciation) in fair value of investments
- Notes to Financial Statements
 - o Investment information as presented in the notes to the financial statements

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees paid by the Plan to Mercer for certain investment management fees were deducted from the net asset value of shares of the mutual funds held by the Plan. During 2013, \$18,365 of administrative expenses were paid to Mercer Trust Company or Mercer HR Services, LLC by the Plan and these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

Transactions noted above qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and collective trusts. Investments are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the fair value of such investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and each participant's account.
