MEDPOINT MANAGEMENT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following brief description of the Medpoint Management, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Medpoint Management, Inc. (the Company). For elective salary deferrals and rollover contributions, participation begins on the first day of the quarter coinciding with or next following the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and meets the requirements of Internal Revenue Code (IRC).

Contributions

Each year, participants may contribute from 1% to 100% of pretax annual compensation, subject to the Internal Revenue Service (IRS) regulations limitation. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan does not provide for employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan's earnings (losses), and charged with an allocation of administrative expenses paid the Plan. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Under certain circumstances, participant loans are permitted under the Plan. The minimum loan amount is $1,000. The maximum loan amount is of the lesser of (a) $50,000 or (b) 50% of the participant's vested account balance.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Loan transactions are treated as a transfer from the investment fund to the participant loan fund. Loans are fully amortized and must be repaid within 5 years from the date of the loan. A loan for the purchase of a principal residence of the participant may be paid back over a longer repayment term at the discretion of the administrator. The notes are secured by the balance in the participant's account and bear interest of 4.25% which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is ratably paid through payroll deductions.

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant may receive his or her benefits in lump sum amount equal to the value of his or her account.

Investments Options

The Plan permits the participants to direct the investment of their accounts to certain investment categories of the custodian, Retirement Services Division of Massachusetts Mutual Life Insurance Company (Mass Mutual).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 13, 2014, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting – (continued)

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for fully benefit-responsive investment contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable may be considered a distribution from the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by Retirement Services Division of Massachusetts Mutual Life Insurance Company, except for participant loans. The participant loans are valued at cost, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Guaranteed Investment Account

The Plan has a fully benefit-responsive guaranteed investment account with Mass Mutual provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value.

Because the guaranteed investment account is fully-benefit responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment account. The guaranteed investment account is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Guaranteed Investment Account – (continued)

Contract value, as reported by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment account as of December 31, 2013 and 2012, was $493,961 and $432,066, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed from time to time, as determined by the account.

Certain events may limit the ability of the Plan to transact at contract value with Mass Mutual. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classification of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Average yield earned by the Plan	2.65 %	2.64%
Average interest rate credited to participants	2.65%	2.64%
Average yield earned less average interest rate credited	0.00%	0.00%

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications

Certain reclassifications were made to the 2012 statements of net assets available for benefits to conform to the 2013 presentation.

NOTE 3 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the supplemental Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2013, and the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

NOTE 4 – FAIR VALUE MEASUREMENTS – (CONTINUED)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

- Separate Investment Accounts: Separate Investment Accounts consist of a pool of assets called SIA in which the primary underlying investment is the mutual fund. Unit value is calculated based on the observable NAV of the underlying investment. The NAV of the separate investment accounts is not a publicly-quoted price in an active market. (Level 2)

- Guaranteed Interest Account: The Guaranteed Interest Account is not actively traded and significant other observable inputs are not available. Estimated market value is determined in accordance with the contractual market value formula. (Level 3)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

December 31, 2013	Fair Value Measurements at the End of the Reporting Period Using:			
	Level 1	Level 2	Level 3	Total
Guaranteed interest account	$ -	$ -	$ 493,961	$ 493,961
Separate investment accounts	-	1,913,309	-	1,913,309
Total assets at fair value	$ -	$ 1,913,309	$ 493,961	$ 2,407,270

NOTE 4 – FAIR VALUE MEASUREMENTS – (CONTINUED)

December 31, 2012	Fair Value Measurements at the End of the Reporting Period Using:			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ -	$ 1,621,456	$ 432,066	$ 2,053,522

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013.

Balance, beginning of year	$ 432,066
Total gains or (losses) included in changes in net assets available for benefits	(6,100)
Purchases, issues, sales, and settlements:	
Purchases/issues	86,501
Sales/settlements	(18,506)
Balance, end of year	$ 493,961

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012, reported in net appreciation in fair value of investments. Unrealized gains (losses) from the guaranteed investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

For the year ended December 31, 2013, there were no significant transfers in or out of Level 3.

NOTE 5 – INVESTMENTS

All funds are participant directed. The following presents investments that represent 5% or more of the Plan's net assets:

	2013	2012
Guaranteed Interest Account	$ 493,961	$ 432,066
SIA- DM RetireSMART Moderate	435,362	368,069
SIA-AH Sel Overseas (MFS/Hrs/JPMrgan)	175,559	175,893

SIA-OC Premier Capital Appreciation (OFI)	157,398	128,604
SIA-WU Growth (Franklin/Templeton)	148,583	112,103

During 2013, the Plan's investments in separate investment accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $335,050.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are no currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations prior to 2010.

NOTE 7 – RELATED PARTY TRANSACTIONS

Officers or employees of the Company perform certain administrative functions. No officer or employees receives any compensation from the Plan for these services.

Certain Plan investments are managed by Mass Mutual, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services amounted to $12,641 for the year ended December 31, 2013.

NOTE 8 – NONEXEMPT TRANSACTIONS

During the Plan year ended December 31, 2013, the Company did not remit certain employee contributions in the aggregate amount of $9,358 to the Plan within the time frame required by the Department of Labor, under the plan assets rules. As such, these late remittances are considered prohibited transaction. These contributions were remitted to the Plan on August 19, 2014. The Plan will be reimburse for lost investment income, if any.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 10 – CONTINGENCY

During the years ended December 31, 2013 and 2012, the Plan did not have fidelity bond insurance coverage, as required by ERISA. The Plan administrator is not aware of any potential losses that arose during that period. The potential loss, if any, which could result from insufficient coverage cannot be determined, and therefore, no accrual has been recorded in the accompanying statements of net assets available for benefits.

The Plan administrator obtained a fidelity bond insurance coverage effective October 9, 2014 to comply with the bonding requirements of ERISA
