1. DESCRIPTION OF PLAN:

The following description of Stage Capital LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2013 and is a defined contribution plan as permitted by Internal Revenue Code (IRC) Section 401(k) covering all eligible employees of Stage Capital LLC and adopting affiliated companies (collectively, the Employer). There is no service requirement to enter the Plan and begin making deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of eligible compensation, as defined, each year, subject to limits established by law. The participants' elective deferrals are not taxed as compensation in the year of deferral. Participants may also contribute rollover contributions representing distributions from other qualified plans. Participants who reach age 50 may elect to make catch-up contributions.

The Employer may make discretionary matching contributions. For the year ended December 31, 2013, the Employer made certain discretionary employer matching contributions as determined by each affiliated company in the Plan. The Employer may also make discretionary non-elective contributions. In order to receive an allocation of the non-elective contributions for a plan year, a participant must have worked 1,000 hours during the Plan year and be employed by the Employer on December 31 of the plan year. There were no non-elective contributions made in 2013.

Participant accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary contributions, allocations of plan investment earnings and appreciation in value. Each participant's account is decreased by an allocation of Plan investment losses, depreciation in value, administrative expenses and by any participant withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan's investments are participant-directed.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 33% vested after one year of credited service, 67% vested after two years of credited service, and 100% vested after three years of credited service. Participants are automatically vested upon attainment of normal retirement age (65), or upon termination due to disability or death.

Administrative expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees related to the administration of participant notes receivable or other transactional fees are charged directly to the participant's account and are included in administrative expenses.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Note terms range from one month to five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at prime plus two percent. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or his or her beneficiary will receive a lump-sum distribution if the vested account balance is \$1,000 or less. If the vested account balance is \$1,000 or more, the participant or his or her beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest of his or her account as a lump-sum payment. The nonvested portion of the account is treated as a forfeiture.

Participants may also make withdrawals of vested account balances prior to termination of employment upon attainment of age 59 ½ or in the event of financial hardship (as defined in the Plan), subject to approval from the plan administrator.

Forfeited accounts

Forfeitures are used first to reduce Employer matching contributions, then to reduce Employer non-elective contributions, and then to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

Participant notes receivable

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Upon default (as defined), the plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participant's vested account balance. No allowance for credit losses has been recorded at December 31, 2013.

Payment of benefits

Benefits are recognized when paid.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 14, 2014, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS:

The following information included in the accompanying financial statements and supplemental schedules as of and for the year ended December 31, 2013 was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the former custodian of the Plan, for the period January 1, 2013 through May 14, 2013 and The Guardian Insurance & Annuity Company, Inc. (GIAC), the current custodian of the Plan, for the period May 1, 2013 through December 31, 2013:

Investments
Net appreciation in fair value of investments (except for \$4,162 of appreciation)
Interest and dividends
Assets held at the end of year

4. POOLED SEPARATE ACCOUNTS:

The Plan holds an investment contract with GIAC. GIAC maintains Plan contributions in pooled separate accounts (PSAs) and invests in these accounts according to the stated objectives of the various PSAs. The principal is not guaranteed. Contract holders are allocated units of the PSAs, not specific securities. The value of the units is stated at fair value. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals and administration expenses.

5. INVESTMENTS:

Fair market value of investments representing five percent or more of net assets available for plan benefits at December 31, 2013 include:

Stadion Growth Fund	\$ 1,082,349
Stadion Moderate Growth Fund	156,523

During the year ended December 31, 2013, the Plan's investments in separate accounts (including investments bought, sold, and held during the year) appreciated in value by \$293,134.

6. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at net asset value (NAV) per share based on quoted market prices of underlying investments, adjusted for applicable administrative expenses. The NAV is not a publicly-quoted price in an active market. The investment objectives of the accounts primarily include capital appreciation and long-term capital growth, with secondary objectives based on both current and long-term income. These objectives will be achieved primarily through diversified asset allocation strategies. The separate accounts are not restricted in regard to distributions. Units are redeemable at NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

Money market	94,701	n/a	Daily	Daily
Small/mid-cap	274,103	n/a	Daily	Daily
	\$ 2,431,122			

7. FORFEITED ACCOUNTS:

Forfeited nonvested accounts totaled \$3,375 as of December 31, 2013. In 2013, forfeitures of \$1,901 were used to pay plan expenses.

8. RELATED PARTY TRANSACTIONS:

Certain Plan investments are managed by GIAC and Fidelity, the custodians as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. FEDERAL INCOME TAXES:

The Plan elected to adopt the prototype plan of the plan administrator. The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2008 that the prototype plan is designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to income tax examinations for 2013.

12. NONEXEMPT TRANSACTIONS:

During 2013, certain participant deferrals totaling \$2,736 were not remitted to the Plan within Department of Labor guidelines. These transactions constitute nonexempt prohibited transactions. The Employer has taken necessary corrective actions for the affected participants.

13. ASSET TRANSFER IN:

Assets of \$1,327,591 were transferred to the Plan on January 1, 2013 relating to plan mergers.

The assets transferred to the Plan in 2013 were as follows:

SF Mgmt LLC 401(k) Profit Sharing Plan	\$ 38,476
JetSelect, LLC 401(k) Plan	<u>1,289,115</u>
	<u>\$ 1,327,591</u>
