Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report of Independent Auditors

The Employee Benefits Committee
Libbey Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Syracuse China Company Union Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 5, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2013 and 2012, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Form of payment Life annuity

Percent married 80% of males

Spouse age Wife three years younger than husband

Covered pay N/A

Administrative expenses Target normal cost loaded with prior year expenses, adjusted according to expectations.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of fair value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a bias to produce an actuarial value of assets that is below the market value of assets.
Benefits not valued	The preretirement survivor annuity for terminated vested participants was not explicitly valued.
Change in assumptions and methods since prior valuation	The funding interest rate basis was changed from the segment interest rates as of September 2011 to the segment interest rates as of September 2012. The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

Eligibility for Benefits

Normal retirement	Retirement on NRD
Early retirement	Retirement before NRD and on or after both attaining age 60 and completing 15 years of vesting service
Postponed retirement	Retirement after NRD
Deferred vested retirement	Termination for reasons other than death, disability or retirement after completing five years of vesting service
Preretirement death	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse

Monthly Benefits Paid Upon the Following Events

Normal retirement	Pension benefit as of NRD.
Early retirement	Pension benefit as of early retirement date, reduced by 0.5% for each month that benefit commencement precedes age 65.
Postponed retirement	Pension benefit determined as of actual retirement date.
Deferred vested termination	Pension benefit as deferred retirement date.
Preretirement death	50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's early retirement date.
Payment forms	Preretirement spouse benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Other optional forms are available are: Single Life, 75% or 100% Joint and Survivor, 10 Year Certain and Continuous. Payment forms are calculated using conversion factors assuming the 1971 TPFC Forecast Mortality Table using a 5-year setback for the beneficiary and a 1-year setback for the participant, and assuming 8.00% interest.

Plan Provisions Effective After January 1, 2013

No future plan provisions were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Plan Provisions Valued Since Prior Year

The Plan was amended to offer lump sums to certain deferred vested participants, with a payment date of December 1, 2012.

Significant Events

To the best of our knowledge, no significant events took place during the year.

Syracuse China Company Union Pension Plan

Notes to Financial Statements

December 31, 2013

1. Description of the Plan

The following description of the Syracuse China Company Union Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description or plan document for more complete information about the Plan, including the vesting and benefit provisions and the benefit guarantee of the Pension Benefit Guarantee Corporation (PBGC). Copies of these documents are available at the corporate office of Libbey Inc. (the Company, Plan Sponsor, and Plan Administrator).

General

The Plan is a defined benefit plan established to provide normal and early retirement, termination, and death benefits to full-time hourly employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1976, as amended (ERISA). As of April 9, 2009, the Syracuse China manufacturing facility ceased operations. The Company intends to continue the Plan and to fund the Plan in accordance with minimum funding requirements.

The Employee Benefits Committee (the Committee) is responsible for the general administration of the Plan. The Committee is composed of several employees of the Company and reports to the Board of Directors of the Company. The trustee of the Plan is State Street Bank and Trust (State Street).

Benefits

The Plan is a traditional defined benefit plan whereby a participant's accrued benefit is determined based on credited service times a per month amount specified in the collective bargaining agreement.

A participant is entitled to pension benefits beginning at normal retirement age (65) based on a benefit formula amount stipulated by union class in the applicable union contract multiplied by the participant's years of credited service under the Plan. Benefits are paid to the participant in the form of a recurring payment. Accrued benefits became vested after completion of five years of credited service or the attainment of normal retirement age. Benefits are payable beginning at normal retirement age or in reduced amounts upon early retirement and the completion of 15 years of credited service. Benefits are also payable upon disability, death, or termination of employment.

1. Description of the Plan (continued)

Funding

The Company contributes such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to participants and satisfy the ERISA minimum funding requirements. The Plan has met the ERISA minimum funding requirements for 2013 and 2012.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth by ERISA. If the Plan were to terminate at some future time, its assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all. Due to the closure of the Syracuse China manufacturing facility, the Plan experienced a partial plan termination in 2009, in which certain employees fully vested to the extent funded on that date, in accordance with plan provisions.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Most significantly, estimates are used in determining the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's assets are stated at fair value and are included in the Libbey Inc. Master Retirement Trust (the Master Trust) along with the assets of the other pension plans of the Company and certain of its subsidiaries. Each participating plan has an undivided interest in the Master Trust. The Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to each plan's beneficial interest in the Master Trust, income and expenses resulting from the collective investment of the assets of the Master Trust. The Master Trust holds an investment in the Harbor Capital Group Trust for Defined Benefit Plans (Group Trust). The Group Trust is under a separate trust agreement, along with the assets of other third-party pension plans. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 3 for further details.

Earnings of the Group Trust are allocated to each plan based on the relative market values of each plan's net assets. The accompanying financial statements reflect the Plan's total interest in the net assets and transactions of the Group Trust as allocated by the trustee and any such other investments and transactions related solely to the Plan. This group trust is designed to protect capital with low-risk investments and includes cash, domestic and foreign corporate equity and debt issues, government securities, and real estate investment trusts.

The Master Trust also holds investments in hedge funds. The funds are multi-strategy hedge funds. The investment objective is to achieve long-term equity-like returns with significantly less volatility than the equity markets. The Master Trust seeks to accomplish this investment objective by investing in a diversified portfolio of hedge funds.

The Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three broad levels as follows:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

Master Trust investments measured at fair value on a recurring basis consisted of the following types of instruments (Level 1, 2, and 3 inputs are defined above):

	December 31, 2013			
	Level 1	Level 2	Level 3	Total
Master Trust investments:				
Short-term investments	\$ –	\$ 9,618,296	\$ –	\$ 9,618,296
Hedge funds	–	–	51,307,616	51,307,616
Investment in Group Trust	–	271,901,592	–	271,901,592
Total investments measured at fair value	\$ –	\$ 281,519,888	\$ 51,307,616	\$ 332,827,504

	December 31, 2012			
	Level 1	Level 2	Level 3	Total
Master Trust investments:				
Short-term investments	\$ –	\$ 509,606	\$ –	\$ 509,606
Hedge funds	–	–	44,834,594	44,834,594
Investment in Group Trust	–	271,481,822	–	271,481,822
Total investments measured at fair value	\$ –	\$ 271,991,428	\$ 44,834,594	\$ 316,826,022

Short-term investments are stated at net asset value (NAV), provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, divided by the number of units outstanding. The fund seeks to provide safety of principal, daily liquidity, and a competitive yield over the long term. There are no redemption restrictions on the short-term investments. The hedge fund investments are valued by using estimated month-end NAV and performance numbers provided by the fund companies. The Plan's interests in the funds of the Group Trust are valued at the unit prices established by the trustee. The Plan is required to provide a 30-day advance written notice to liquidate its entire share in the Group Trust and a 90-day advance written notice to liquidate certain investments in hedge funds.

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

See Note 5 for further information as to the Plan's interest in the Master Trust and the Group Trust.

The following table sets forth a summary of changes in the fair value of the Master Trust's Level 3 investments in hedge funds for the years ended December 31:

	<u>2013</u>	<u>2012</u>
Balance at January 1	\$ 44,834,594	\$ 30,130,608
Net purchases	1	12,391,296
Realized loss	—	(54,991)
Unrealized gain	6,473,021	2,367,681
Balance at December 31	<u>\$ 51,307,616</u>	<u>\$ 44,834,594</u>

Realized and unrealized losses and gains relating to both the investment in the Group Trust and investments in hedge funds are recorded in net investment gain from Master Trust in the accompanying statements of changes in net assets available for benefits.

4. Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated vested employees or their beneficiaries and (b) participants with deferred benefits or their beneficiaries.

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of benefit payments (by means of decrements for such factors as death, withdrawal, or early retirement) between the valuation date and the expected date of payment.

Syracuse China Company Union Pension Plan

Notes to Financial Statements (continued)

4. Accumulated Plan Benefits (continued)

The significant assumptions underlying the actuarial valuation are:

Assumed rate of return	2012 – 7.50% annually 2011 – 7.75% annually
Mortality basis	2012 – RP-2000 Mortality Table (projected to 2013, no collar adjustment) 2011 – RP-2000 Mortality Table (projected to 2012, no collar adjustment)
Retirement age	Based on company experience varying from ages 60 to 65
Actuarial cost method	Projected unit credit

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The accumulated plan benefit information as of December 31, 2012, is as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 10,075,954
Participants with deferred benefits	4,628,904
	<u>\$ 14,704,858</u>

Changes in the present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2011	\$ 16,327,647
Decrease attributable to:	
Actuarial losses	1,141,560
Interest due to decrease in the discount period	1,061,121
Benefits paid	(4,163,218)
Assumption changes	337,748
Net decrease	<u>(1,622,789)</u>
Actuarial present value of accumulated plan benefits as of December 31, 2012	<u>\$ 14,704,858</u>

5. Investment in Master Trust

Certain information related to investments for the Plan and the Master Plan disclosed in the accompanying financial statements as of December 31, 2013 and 2012, as well as the Plan's net gain from the investment in the Master Trust for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street. At December 31, 2013 and 2012, the Plan's interest in the net assets of the Master Trust was approximately 5.8% and 5.9%, respectively.

The following table presents the fair or current value of the investments for the Master Trust at December 31:

	<u>2013</u>	<u>2012</u>
Master Trust:		
Short-term investments	\$ 9,618,296	\$ 509,606
Hedge funds	51,307,616	44,834,594

Notes to Financial Statements (continued)

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 21, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

7. Transactions With Parties in Interest

Certain of the Plan's assets are invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Syracuse China Company Union Pension Plan

Notes to Financial Statements (continued)

8. Risks and Uncertainties (continued)

The Plan's contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

9. Administrative Expenses

The Plan incurs administrative expenses directly related to the Plan, which consist primarily of PBGC fees, actuarial fees, investing consulting, and system administration. These expenses are reported on the accompanying statements of changes in net assets available for benefits as administrative expenses. Administrative expenses related to the Master Trust are allocated to the Plan and are reflected in the net investment gain from Master Trust. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses are paid by the Company on behalf of the Plan.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 13, 2014, the date the financial statements were available to be issued.

On September 5, 2014, the Plan was amended to allow survivors of a participant who dies while on military service to be entitled to additional benefits, excluding benefit accruals, that would have been provided had the participant resumed employment. The effect of the plan amendment has no impact on the value of accumulated plan benefits. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax-exempt.
