INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
The JC Resorts LLC 401(k) Benefit Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of JC Resorts LLC 401(k) Benefit Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting an audit in accordance with auditing standards generally accepted in the United States of America. Because this is a limited scope audit as further described in the Basis for Disclaimer of Opinion paragraph, I was not required to and did not obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the Plan Trustee, ("Fidelity") and by Principal Life Insurance Company, the custodian of certain of the Plan assets, ("Principal") except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Fidelity and Principal hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from Fidelity and Principal as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by Fidelity and Principal is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

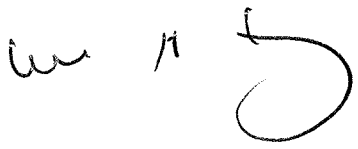

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole based upon a limited scope audit. The supplemental schedules are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the JC Resorts LLC ("Company") 401(K) Benefit Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was formed effective January 1, 1997. The Plan is a defined contribution plan covering all employees of the Company who have six months of service and are age twenty-one or older and are not covered by a collective bargaining agreement.

The Plan was amended on July 1, 2013 upon conversion to a Fidelity Prototype Plan. Subsequent amendments to the Plan may occur to allow the Plan to meet ERISA requirements.

Plan Administration

The Company is the Plan administrator of the Plan. The Plan investments are invested with Fidelity Management Trust Company ("Fidelity") which holds the majority of the Plan investments as trustee of the Plan. Certain of the Plan assets remain with the Principal Life Insurance Company ("Principal"). In July 2013, the Plan changed its investment and recordkeeping contract from Principal to Fidelity, however Principal retained the guaranteed interest accounts, which accounts will be held to maturity so as to avoid early withdrawal penalties. These guaranteed interest accounts are the only assets not under direct control of Fidelity.

As further disclosed in Note 4, all investment information in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity or Principal.

Contributions

Each year, participants may voluntarily contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches the contribution of 25% of the first 4% of all compensation that a participant contributes to the Plan. Contributions are subject to certain Plan and regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan net earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant net earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. The Company's matching contribution and earnings on the matching contribution are vested based upon the following schedule:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Funds

The Plan assets are invested with Fidelity whereby upon enrollment in the Plan, a participant may direct contributions in any of the investment choices. The Plan offers participants a diversified investment program including mutual funds from a select group of investment managers, which provide participants with a variety of investment options. Participants can no longer add new funds or transfer investment balances into the guaranteed interest accounts held by Principal which provide participants with a fixed interest return on their investment. Participants' account balances invested in these guaranteed interest accounts at the time of conversion to Fidelity are being held by Principal until their maturity, at which time the funds will be transferred to Fidelity. Similar guaranteed interest investment options are available through Fidelity.

Through the Fidelity Plan service, Participants may change their investment elections, transfer existing account balances, and obtain information regarding their investments on a daily basis. Fidelity assesses an operating expense fee and an investment fee, which are paid directly from the Plan assets.

Notes Receivable from Participants

The Plan allows participant loans up to the lesser of 50% of the vested balance or $50,000. Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. All loans are secured by the balance in the participant's Plan account and generally must be repaid in five years. All loans bear interest at market rates. At December 31, 2013 and 2012, notes receivable from participants totaled $284,585 and $251,367, respectively. In 2013, there were $6,219 in deemed distributions from delinquent loans. There were no deemed distributions in 2012.

Payment of Benefits

On termination of service, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or installments over a period of time not to exceed the participant's lifetime, or the joint lifetime of the participant and their spouse.

Forfeited Accounts

Forfeited, nonvested accounts are utilized to reduce employer matching contributions or offset administrative expenses. At December 31, 2013 and 2012 the balance of the forfeiture account was $13,352 and $283, respectively. During 2013 and 2012, the forfeitures were utilized to offset employer contributions and administrative expenses of the Plan of $18,088 and $24,259, respectively.

Corrective Distributions

The Company and Fidelity review Plan activity for employee and matching contributions in order to be in compliance with the non-discrimination requirements of the Plan. There were no corrective distributions required in 2013 or 2012, as a result of such review.

Administrative Expenses

The Company has elected to pay certain fixed administrative expenses of the Plan for the years ended December 31, 2013 and 2012. These administrative expenses paid by the Company totaled approximately $8,350 in 2013 and $8,150 in 2012.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Date of Management's Review

Subsequent events were evaluated through October 7, 2014, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in these financial statements at fair value as reported by Fidelity and Principal as of December 31, 2013 and 2012, respectively. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in Plan investments includes the Plan's gains and losses on investments bought and sold for the period as well as held at year end.

The assets of the Plan include the Fidelity Advisor Stable Value Portfolio, which qualifies as a guaranteed investment contract (see Note 5). Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid. Benefits due to participants who are no longer employees are not paid until requested by the former employee. At December 31, 2013 and 2012, benefits due but unpaid to former employees totaled $167,017 and $195,284, respectively.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for Plan benefits as net appreciation in fair value of investments.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation or on the last day of the year for unrealized appreciation on assets held at the end of the year.

Reclassifications

Certain reclassifications have been made to the 2012 financial statements to conform with the 2013 financial statement presentation.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for Plan benefits.

Accounting Standards Codification ("ASC") No 820, "Fair Value Measurements," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan administrator uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

The majority of the Plan's pooled separate accounts were invested in single mutual funds. The fair value of the single mutual funds was estimated based on a publicly quoted price of similar assets which was used in determining the net asset value of the pooled separate account, which was not publicly traded.

Level 3 Fair Value Measurements

The guaranteed interest accounts with an insurance company and guaranteed investment contract are not actively traded and significant other observable inputs are not available. Accordingly, the fair value of these accounts is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

The following table provides further details of the Level 3 fair value measurements.

Note 4 – Plan Investments

The Company and Plan utilized the services of two Plan administrators during the year ended December 31, 2013 as disclosed in Note 1. All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity and Principal.

Note 5 – Guaranteed Investment Contracts

The Plan entered into a benefit-responsive investment contract with the Fidelity Advisor Stable Value Portfolio ("FASVP") in 2013. FASVP maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by FASVP for 2013 represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2013 was $675,789. The contract value at December 31, 2013 was $662,926. Accordingly, the adjustment from fair value to contract value totaled $12,863 in 2013.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with FASVP. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's

prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Average Yields:		
Based on Actual Earnings	1.70%	-
Based on interest rate credited to participants	0.92%	-

Note 6 – Related Party Transaction

In 2013, Plan investments may be invested in cash funds or mutual funds managed by Fidelity. Fidelity is the Plan trustee as defined by the Plan and, therefore, certain of these transactions may qualify as parties in interest. Administrative and management fees paid to Fidelity from Plan assets totaled $4,129 in 2013.

In 2012 and through July 2013, certain Plan investments were invested in pooled separate accounts managed by Principal. Principal is the former Plan custodian as defined by the Plan and, therefore, certain of these transactions qualified as parties-in-interest. Administrative and management fees paid to Principal from Plan assets totaled $23,241 in 2013 and $33,768 in 2012.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, employed participants will become 100% vested in their account balances.

Note 8 – Delinquent Payment of Participant Contributions

The Company inadvertently failed to transmit participant contributions to the Plan within the required timeframe in 2012 totaling $367. This late contribution was corrected and

all lost participant earnings were restored and credited to participants accounts by June 2013. There were no late contributions in 2013.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per Form 5500 to the financial statements at December 31, 2013 and 2012:

	2013	2012
Net assets available for Plan benefits per Form 5500	$ 11,481,880	$ 9,540,044
Contributions Receivable	-	73
Fair Value Adjustment	(18,268)	-
Net assets available for Plan benefits per the financial statements	$ 11,463,612	$ 9,540,117

The following is a reconciliation of net increase in net assets available for Plan benefits per Form 5500 to the financial statements at December 31, 2013 and 2012:

	2013	2012
Net increase in net assets available for Plan benefits per Schedule H of Form 5500	$ 1,936,431	$ 1,539,456
Add: Contributions receivable at December 31, 2013 and 2012	-	73
Less: Contributions receivable at December 31, 2012 and 2011	(73)	-
Less: Fair value adjustment at December 31, 2013 and 2012	(12,863)	-
Net increase in net assets available for Plan benefits per the financial statements	$ 1,923,495	$ 1,539,529

Note 10 – Tax Status

The Plan is a Prototype Plan sponsored by Fidelity. This Prototype Plan received a determination letter from the IRS that the Plan is designed in accordance with applicable

sections of the Internal Revenue Code (IRC). The Plan has not requested a separate determination letter from the IRS concerning the Plan's tax status. The Plan administrator believes the Plan is designed and currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 11 - Risks and Uncertainties

The Plan provides participants various investment choices. These investment options are exposed to various risks, including but not limited to, economic, interest rate, market regulatory and credit risks. Due to the level of risk associated with certain investment options, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Participants may invest in certain mutual fund accounts or pooled separate accounts that invest in the securities of foreign companies or companies with significant operations in foreign countries, which involve additional special risks and considerations not typically associated with investing in U.S. companies. These risks include but are not limited to devaluation of currencies, less reliable information about issuers, different securities transaction regulations, clearance and settlement practices, and possibly adverse political and economic developments. Moreover, the securities of many foreign companies may be less liquid and their prices more volatile than those securities of comparable U.S. companies.
