INDEPENDENT AUDITORS' REPORT

To the UC Health 403(b) Retirement Savings Plan:

We were engaged to audit the accompanying financial statements of the UC Health 403(b) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by the Principal Financial Group and Mass Mutual Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the asset custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the asset custodians as of December 31, 2013 and 2012 and for the years then ended, that the information provided to the plan administrator by the asset custodians is complete and accurate.

As described in Note 2, the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

As described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions

related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The effects of these excluded contracts and custodial accounts and the related income and distributions on the financial statements are not reasonably determinable.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held (at end of year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

UC HEALTH 403(b) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF THE PLAN

The following description of the UC Health 403(b) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General — The Plan is a tax deferred annuity plan governed by the provisions of Section 403(b) of the Internal Revenue Code (IRC) and covers substantially all salaried and hourly employees of UC Health, LLC (the “Company”). The Plan also covers substantially all employees of University of Cincinnati Medical Center, LLC, Daniel Drake Center for Post-Acute Care, LLC, and West Chester Hospital, LLC. The Company controls and manages the operation and administration of the Plan. The Plan is funded through custodial accounts or tax deferred annuity contracts with Principal Financial Group. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. Participants may also roll over to the Plan amounts representing distributions from other qualified retirement plans.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions and Plan earnings and charged with withdrawals and allocations of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds and an insurance investment contract as investment options for participants.

Vesting — Participants are always fully vested in their accounts. As a result, there are no forfeited accounts.

Notes Receivable from Participants — Participants may borrow from their fund accounts up to a maximum of \$50,000 reduced by the participant’s highest outstanding loan balance or 50% of their account balance reduced by all of the participant’s outstanding loan balances, whichever is less. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant’s account. The interest rate will be based on the rates available for similar loans from commercial lending institutions, which are reviewed periodically by the Plan administrator. Principal and interest is paid ratably through payroll deductions and direct payments with custodian. Interest rates range from 4.25% to 9.25% as of December 31, 2013 and 2012 and mature at various dates through December 2018.

Payment of Benefits — On termination of service due to death, permanent disability, retirement, or any other reason, a participant is entitled to receive, in a lump-sum cash distribution, an amount equal to the value of the participant’s account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

GAAP Departure — The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan Administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of the Employee Retirement Income Security Act of 1974 (ERISA) in accordance with the transition relief provided by Department of Labor Field Assistance Bulletin 2009-02, Annual Reporting Requirements for 403(b) Plans. Presentation of this information is required by GAAP. The effects of this departure from GAAP on these financial statements are not reasonably determinable. In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees presented prior to January 1, 2009. Accordingly, we were unable to apply procedures sufficient to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainty — The Plan utilizes various investment instruments, including mutual funds and investments with insurance companies. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion on fair value measurements.

Investments with insurance companies held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared using the contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on terms of the Plan Document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or the Plan's Sponsor as provided in the Plan Document. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no participants who have elected to withdraw from the Plan but have not been paid at December 31, 2013 or 2012.

Transfers From Other Plans — During the year ended December 31, 2012, it was determined that the assets and participant accounts related to an entity previously considered an affiliate of UC Health were attributable to the Plan and thus have been reflected as assets transferred from other plans in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

Subsequent Events — Subsequent events were evaluated through October 14, 2014, the date the financial statements were available to be issued.

3. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits for years ended December 31, 2013 and 2012 are as follows:

	2013	2012
* Principal Fixed Income Option Non 401 (A) ***	\$ 5,974,815	\$ 6,545,491
* Principal Investors Lifetime 2020 Pref Fund	2,419,323	1,937,210
* Principal Investors Lifetime 2025 Pref Fund	1,374,353	1,107,551
* Principal Investors Lifetime 2030 Pref Fund	2,342,308	1,915,807
* Principal Investors Large Cap S&P 500 Index Fund	1,267,640	**
T. Rowe Price Funds LargeCap Growth Fund	1,442,194	1,173,040

* Indicates party-in-interest

** Does not exceed 5% in year.

*** At fair value

For years ended December 31, 2013 and 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2013	2012
Mutual Funds:		
Balanced funds	\$ 1,212,829	\$ 728,992
Domestic stock funds	1,607,146	696,970
International stock funds	207,058	162,782
Fixed income funds	<u>(28,054)</u>	<u>34,786</u>
Net appreciation of Mutual Funds	<u>\$ 2,998,979</u>	<u>\$ 1,623,530</u>

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and investment contracts managed by Principal Financial Group and Mass Mutual Life Insurance Company. Principal Financial Group and Mass Mutual Life Insurance Company (the "Custodians") are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund and investment contract.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6. FEDERAL INCOME TAX STATUS

The Plan is designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore, believes the Plan is qualified and the related custodial accounts and tax deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. INFORMATION CERTIFIED BY THE CUSTODIANS

The following is a summary of the unaudited information regarding the Plan as of December 31, 2013 and 2012, and for the years then ended, included in the Plan's financial statements and supplemental

schedule, that was prepared by or derived from information prepared by the custodians of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodians that such information is complete and accurate.

** Adjustment from fair value to contract value not certified as of December 31, 2013.

8. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has a fully benefit-responsive group annuity contract with Principal Financial Group. The Principal Financial Group group annuity contract has a fair value of \$5,974,815 and \$6,545,491 at December 31, 2013 and 2012, respectively, and a contract value of \$6,289,279 and \$6,889,990 at December 31, 2013 and 2012, respectively. The interest crediting rate is a composite crediting rate, which is currently reset on a semiannual basis.

Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value, as fair value is considered book value less early withdrawal charge.

The Principal Fixed Income Option (PFIO) is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying

assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

The interest rate history for the contract is as follows:

Time Period	Rate
January 1, 2008–June 30, 2008	3.50 %
July 1, 2008–December 31, 2008	3.65 %
January 1, 2009–June 30, 2009	3.65 %
July 1, 2009–December 31, 2009	3.05 %
January 1, 2010–June 30, 2010	3.05 %
July 1, 2010–December 31, 2010	3.00 %
January 1, 2011–June 30, 2011	3.00 %
July 1, 2011–December 31, 2011	3.00 %
January 1, 2012–June 30, 2012	3.00 %
July 1, 2012–December 31, 2012	3.00 %
January 1, 2013–June 30, 2013	3.00 %
July 1, 2013–December 31, 2013	3.00 %

By definition, the PFIO group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in Article II (Deposits and Funds), Article III (Fees), Article IV (Benefits and Other Payments), and Article V (Termination) in the contract.

Although it has not expressed any intention to do so, the Company has the right to terminate the contract under Article V of the contract which defines the circumstances and amounts for which the contract may be terminated by the Plan. The issuer, Principal, has the right to no longer receive deposits under Article VI, Section 3. However, the circumstances for termination of the contract are still subject to Article V.

The Plan also has fully benefit-responsive guaranteed investment contracts (GIC) with Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company maintains a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GICs are included in the financial statements at fair value which equals contract value as of December 31, 2013. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GICs have fair values of \$180,287, \$205,940, and \$13,019 at December 31, 2013 and \$370,761, \$198,036, and \$13,119 at December 31, 2012.

Mass Mutual Life Insurance Company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Mass Mutual Life Insurance Company, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

	December 31, 2013	December 31, 2012
Average yields:		
Based on annualized earnings (1)	4 %	4 %
Based on interest rate credited to participants (2)	4 %	4 %

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the investments on the same date.

The group annuity contracts have certain restrictions that affect the ability of the Plan to collect the full contract value such as if the Plan terminates its' interest in the contract without twelve months advance notice. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Principal Financial Group and Mass Mutual Life Insurance Company may not terminate the contracts at any amount less than the contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

9. FAIR VALUE MEASUREMENTS

ASC Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments with insurance companies: The PFIO group annuity contract is valued at fair value by the Company by discounting the contract value provided by the insurance company by the early withdrawal charge. Mass Mutual Life Insurance Company GICs are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2013 and 2012.

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2013 and 2012, there were no transfers between levels.

Changes to Fair Value of Level 3 Assets and Related Gains and Losses — The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31, 2013 and 2012.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements — The following tables represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2013 and 2012.

Instrument	Fair Value	Valuation Technique	Unobservable Inputs	Significant Input Values	Weighted Average
Investment (PFIO) with Insurance Company	\$ 5,974,815	Assumed proceeds at discontinuance	Discount rate Duration Early withdrawal charge	3-3.65% 6 years 5%	3.16 %

Investments (GIC) with Insurance Company	\$ 581,916	Discounted cash flow	Plan crediting rates	4.00%	4.00 %

In estimating fair value of the investments in Level 3, the Plan's management may use third party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Plan's management evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.
