INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Bend Research, Inc. Employees' Qualified
Savings & Retirement Plan

Report on the Financial Statements

We were engaged to audit the financial statements and supplemental schedule - modified cash basis of the Bend Research, Inc. Employees' Qualified Savings & Retirement Plan (the "Plan") as of December 31, 2013 and 2012 and for the year ended December 31, 2013 and the supplemental schedule as of December 31, 2013, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Standard Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedules were presented on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, as listed in the table of contents, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, were to be audited by us in accordance with auditing standards generally accepted in the United States of America, however, we do not express an opinion on compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bend Research, Inc. Employees' Qualified Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k)-type defined contribution pension plan covering all employees of Bend Research, Inc. and its wholly owned subsidiaries (the "Company") as defined by the Plan. Matching contributions are allocated to eligible employees who make elective contributions, accrue 250 hours of service during the calendar quarter and are age 21 or older as defined by the Plan. Discretionary profit sharing contributions are allocated to eligible employees. No minimum number of accrued hours of service during the plan year is required for eligible employees for profit sharing contributions. The Plan's Administrators control and manage the operation and administration of the Plan. Standard Insurance Company serves as custodian to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of pre-tax compensation, as defined by the Plan up to the limit allowed by law. The Company may match contributions to the Plan with 50% for each dollar contributed. Deferrals exceeding 2% of eligible compensation are not matched.

Participant Accounts

Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocation of (a) the Company's contributions and (b) Plan earnings, net of an allocation for administrative expenses. Allocation of Plan earnings are based on account balances. Allocations of Company contributions are based on participant contributions or participant compensation, depending upon whether the Company contributions are designated as a matching contribution or a non-elective contribution. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Participant Loans

Participants may borrow from their accounts up to a maximum amount allowed by law. The loans are secured by the balance in the participants account and bear interest ranging from 3.25% to 6.96%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Transactions are recorded on a cash basis. Investments are recorded at fair and contract value.

Investment Valuation

Income Recognition

The difference in market value from one period to the next and realized gains or losses during the year are recognized as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for plan benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Recognition (Continued)

Interest and dividend income is recorded on the modified cash basis.

Purchases and sales of securities are recorded on a trade-date basis.

Plan Expenses

Except for certain custodian administration expenses, the Plan's expenses are paid by the Company, at its discretion, as provided by the Plan document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through October 10, 2014, which is the date the financial statements were issued.

NOTE 3 – INVESTMENT CONTRACT

The Plan has available a benefit responsive investment contract with Standard Insurance Company. Standard Insurance Company maintains contributions in one general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by Standard Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield and credited interest rates were approximately 3.05% and 3.11% for the years ended December 31, 2013 and 2012, respectively. The credited interest rate is based on a formula agreed upon by the issuer. Such interest rates are reviewed on a monthly basis.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 5 - INFORMATION CERTIFIED BY THE ASSET CUSTODIAN OF THE PLAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The following information included in the financial statements and required supplemental schedules was provided and certified by the Plan's Trustee as complete and accurate:

- Cash
- Investments
- Interest and dividends
- Net appreciation in fair value of investments
- Schedule H, Line 4i - Schedule of Assets - Held at Year End

NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the established framework are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include;

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**BEND RESEARCH, INC. EMPLOYEES QUALIFIED
SAVINGS & RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 7 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value of measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Investment Contract: Valued at contract value in accordance with Standard Insurance Company's determination that the contract is exempt from fair value reporting requirements.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013:

Assets at Fair Value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 9 – CONTINGENCY

Management of the plan has engaged a compliance specialist to examine the entire plan for the past six years in order to determine continued compliance with the Department of Labor's Rules and regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. The results of the examination indicated corrective contributions to the plan. Plan management has contributed the corrective amounts as of September 2, 2014 to the plan and will voluntarily notify the applicable governmental agencies of the situation in order to comply with the Voluntary Corrective Program. Management believes the corrective action will ultimately be approved by the applicable regulatory agencies. No adjustments have been made to the Bend Research, Inc. Employees' Qualified Savings & Retirement Plan's financial statements for the year ended December 31, 2013 in connection with this pending issue.
