We were engaged to audit the accompanying financial statements of FUJIFILM Long Term Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule appearing on pages 15 to 16, as of December 31, 2013 is required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FUJIFILM Long Term Savings Plan
Notes to Financial Statements
December 31, 2013

Note 1 – Description of Plan

The following description of the FUJIFILM Long Term Savings Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established effective September 1, 1985 and includes all the non-union, non-leased employees of FujiColor Processing Inc. and was most recently amended effective January 1, 2012. As of January 1, 2007 these employees were eligible to make unmatched pre-tax contributions beginning on the enrollment date that coincides with or immediately follows the date upon completing 30 days of service and attaining the age of 21. As of March 10, 2008 the employees of FUJIFILM U.S.A., Inc., FUJIFILM Graphic Systems U.S.A., Inc., FUJIFILM Electronic Materials U.S.A., Inc., FUJIFILM Holdings America Corporation, and FUJIFILM e-Systems, Inc. became eligible. As of September 15, 2008 the employees of FUJIFILM Hunt Chemicals, U.S.A., Inc. became eligible. As of April 1, 2009, certain employees of FUJIFILM Manufacturing, U.S.A., Inc. were transferred to FUJIFILM Holdings America Corporation and their account balances were transferred into the Plan. Effective December 1, 2009, FUJIFILM e-Systems, Inc., merged into FUJIFILM U.S.A, Inc. During 2012 and 2011, certain employees of various related companies were transferred to FUJIFILM Holdings America Corporation and their account balances were transferred into the Plan. As of January 1, 2011 each employee of FUJINON, Inc. who was eligible to participate in the FUJINON plan was eligible to participate in the Plan. As of April 1, 2011 each employee of Sponsor’s Graphic Systems Division’s Sericol Business Unit who was eligible to participate in the FUJIFILM Sericol U.S.A., Inc. 401(k) and Pension Plan was eligible to participate in the Plan. As of January 1, 2012 employees of FUJIFILM North America Corporation Hawaii Regional Office were eligible to join the Plan. The above companies are collectively referred to as the “Company”. Effective January 1, 2012, an employee who has reached age 21 will be eligible for all other benefits when they have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Contributions

Participants may contribute a pre-tax amount equal to not less than 1 percent and not more than 65 percent, of their compensation for the contribution period. Participants may also make a post-tax contribution in an amount equal to not less than 1 percent and not more than 16 percent of their compensation. Effective January 1, 2012, the Plan includes an automatic deferral feature for eligible new employees whereby 5 percent of their compensation will be withheld (3 percent for an eligible employee who was hired prior to January 1, 2012) and contributed to the Plan and will increase by 1 percent each year after until the deferral rate has reached a maximum rate of 10 percent unless a contrary election is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan accepts After-Tax Deferrals made on behalf of participants. The Company contributes 25 percent of the first 5 percent of the participant’s base compensation that a participant contributes to the Plan. The Company also made additional contributions to the participants in an amount equal to 1 percent (vested contribution) and 4 percent (profit sharing contribution) of each participant’s compensation, respectively. The Plan was amended March 10, 2008 to reduce the Company’s additional profit sharing contribution from 4 percent to 2 percent and to eliminate the defined vested contribution. The Company contributed \$4,769,794 and \$4,540,949 in profit sharing contributions for the years ended December 31, 2013 and 2012, respectively. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Note 1 – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions as well as an allocation of (a) the Company's profit sharing contribution, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of plan losses and expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The balance of vesting in the participants' accounts is based on years of continuous service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

A participant's vested interest in their matching contributions and profit sharing contributions sub-accounts shall be determined in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Interest</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	70%
5 or more	100%

Any individual who was a participant in the PrimeSource Corporation 401(k) Savings Plan or the Graphic Systems, Inc. 401(k) Profit Sharing Plan on the date PrimeSource Corporation or Graphic Systems, Inc. (as the case may be) was acquired by Enovation Graphic Systems, Inc. (now known as FUJIFILM Graphic Systems U.S.A., Inc.) shall have a vested interest in their regular and profit sharing matching contributions sub-accounts as determined in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Interest</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeited Accounts

Forfeitures of non-vested benefits are used to reduce Plan expenses and Company contributions. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$64,476 and \$98,283, respectively. For the years ended December 31, 2013 and 2012, forfeitures of \$169,994 and \$117,553, respectively, were used to reduce plan expenses and Company contributions.

Note 1 – Description of Plan (continued)

Payment of Benefits

On termination of service, including death, disability or retirement, a participant with a vested interest over \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a distribution in the form of an annuity, or a combination of both. If the vested interest is less than \$5,000, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.00% which are commensurate with local prevailing rates as determined quarterly by the plan administrator. The loans must be repaid over a period not to exceed five years or ten years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract (a stable value fund) as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared using the contract value basis for fully-benefit responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities reported at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment in the stable value fund, (the Fund), a pooled separate account of The Prudential Retirement Insurance and Annuity Company, is based on the fair value of the underlying investments as reported and certified by the trustee. The Fund has an investment objective to receive a constant rate of return on funds held in the separate account. Generally, there are no restrictions on a participant's ability to redeem their investment in the Fund; however, withdrawals prompted by certain events (as described in Note 5) may restrict a participant's ability to redeem the investment. Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

**FUJIFILM Long Term Savings Plan
Notes to Financial Statements
December 31, 2013**

Note 2 – Summary of Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company as provided by the plan document. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 1, 2014, the date the financial statements were available to be issued.

Note 3 – Investments

Other than the fair value of the Fund and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in the fair value of investments, interest and dividends for the years then ended, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, F.S.B. (the trustees of the plan). The contract value of the Fund was certified by PRIAC.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2013 and 2012.

**FUJIFILM Long Term Savings Plan
Notes to Financial Statements

Note 3 – Investments (continued)

The following presents investments that represent 5 percent or more of the Plan's net assets:

	<u>December 31,</u> <u>2013</u>	
Investments at fair value:

Stable Value Fund		
Interest rate of 3.10% and 3.41% in		
2013 and 2012, respectively	165,217,021	168,411,345

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated for the years ended December 31, 2013 and 2012 by \$53,743,585 and \$24,419,797 respectively, as follows:

	<u>2013</u>	<u>2012</u>
Pooled separate accounts	\$ 35,407,041	\$ 13,502,054
Mutual funds	17,965,358	10,788,426

Other	<u>371,186</u>	<u>127,510</u>
	<u>\$ 53,743,585</u>	<u>\$ 24,419,797</u>

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

FUJIFILM Long Term Savings Plan
Notes to Financial Statements
December 31, 2013

Note 4 – Fair Value Measurements (continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at fair value based on the current market values of the underlying assets of the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The value of the fund is based on the plan's pro-rata share of the pooled separate account at year end. The pooled separate account is not available in an exchange and active market, however, the fair value is determined based on the pro-rata share of the underlying investments in the pooled separate account.

Self-directed: Consists of interest bearing cash, preferred stocks, common stocks, and mutual funds. Cash is valued at fair value based on current market values of the underlying assets of the fund. The preferred and common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Valuation of Stable Value Fund

The Plan entered into a benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company. Prudential Retirement Insurance and Annuity Company maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. The Fund is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 – Valuation of Stable Value Fund (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2013</u>	<u>2012</u>
Based on actual earnings	2.49%	1.96%
Based on interest rate credited to participants	3.10%	3.41%

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 7 – Tax Status

The Plan obtained its latest determination letter on September 27, 2001, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2010.

Note 8 – Transfers to and from Affiliated Plans

In 2013 and 2012 certain participants and their related plan assets were transferred to and from affiliates of the Company.

Note 9 – Related Party Transactions

The investments owned by the Plan are managed by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$41,055 and \$40,242 for the years ended December 31, 2013 and 2012 respectively; which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Benefits Payable

As of the date the financial statements were available to be issued, the Company had not completed the discrimination testing for the Plan for the year ended December 31, 2013. For the year ended December 31, 2012 there were no refunds as a result of the 2012 discrimination tests. Management believes the amount of refunds, if any, resulting from the 2013 testing would not be material to the financial statements and, therefore, no liability has been recorded for such refunds.

Note 12 – Subsequent Events

Effective April 1, 2014 the FUJIFILM Recording Media Manufacturing U.S.A., Inc. Long Term Savings Plan and the FUJIFILM Imaging Colorants Long Term Savings Plan merged into the FUJIFILM Long Term Savings Plan.
