EMPLOYEE SAVINGS PLAN FOR REYNOLDS BARGAINING
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

General: The Employee Savings Plan for Reynolds Bargaining (the "Plan"), a defined contribution plan, was established on February 29, 2008. The Plan's participants include certain union employees of Reynolds Services, Inc. (the "Company"). The Company is responsible for the general administration of the Plan. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility: Certain union employees are eligible to participate in the Plan at the date of employment.

Contributions: Participants may make voluntary contributions to the Plan on both a pretax and after-tax basis, not to exceed 50% of compensation or the maximums prescribed by law.

Effective August 1, 2010, the Plan was amended to allow for 4% automatic enrollment for participants who do not make a deferral election within the first 60 days following employment commencement date. For participants that were automatically enrolled, the Plan automatically increases their pretax contributions by 1% each April 1.

Participants are entitled to receive a matching contribution from their respective employer in accordance with the respective collective bargaining agreement, ranging from 25% - 75% of the first 6% of eligible compensation contributed by the participant.

Participants may also receive a non-matching contribution based on hours worked or a percentage of compensation as determined by the collective bargaining agreement with the participating employer.

All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If the participant does not provide any instructions, the trustee will automatically invest the participant balance in a target retirement fund based on the participant's date of birth, as defined by the Plan, until the participant changes their election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution, employer matching and non-matching contributions and allocations of Plan earnings and expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always fully vested in their voluntary contributions. Company matching contributions and Employer Retirement Income Contributions (ERIC) are 100% vested after three years of service. Participants fully vest upon death; permanent disability; termination due to closure of a participant's plant, department, or division; placement on permanent layoff status; layoff (other than permanent layoff) that has continued for 24 months; or after attaining age 65.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are eligible for reinstatement. Forfeited balances of terminated participants' nonvested accounts are used first to pay for Plan expenses and then to reduce the future employer contributions.

Notes Receivable from Participants: Loans are permitted under the Plan and are subject to such conditions and limitations as the Reynolds Services, Inc. Benefits Administration Committee deems necessary for administrative convenience and to preserve the tax-qualified status of the Plan.

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance of loans in the previous year; or the greater of one-half the participant's vested balance or \$10,000, reduced by any outstanding loan balance. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. A participant may not have more than one general purpose loan and one residential loan outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate determined under the provisions of the Plan.

Payment of Benefits: Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the vested balance allocated to his account. The Plan will automatically roll over a participant's vested benefit between \$1,000 and \$5,000 to an IRA, unless otherwise directed, or pay the participant a lump-sum benefit if the participant's vested benefit is less than \$1,000 at the time of termination.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

If a participant dies after becoming eligible for retirement benefits, but before the payment of retirement benefits has commenced, the surviving spouse or beneficiary receives a lump-sum payment.

Administrative Expenses: The Plan's administrative expenses are paid by the Plan, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Transfers From (To) Other Plans: From time to time, changes in employee status require the transfer of funds between various defined contribution plans sponsored by the Plan Sponsor. Transfers to other plans reflected in the Statement of Changes in Net Assets Available for Benefits resulted from these types of transfers.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as payments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payments of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: Investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 6 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in the Morley Stable Value Fund at December 31, 2013. No adjustment from fair value to contract value is presented in the statement of net assets available for benefits, as the amount of the adjustment has been determined to be immaterial.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

Interest and dividends reported by the trustee on the investments it held on behalf of the Plan were \$139,112 for the year ended December 31, 2013.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

EMPLOYEE SAVINGS PLAN FOR REYNOLDS BARGAINING
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized as of the beginning of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

The Plan's investments are valued at fair value based on the following methodologies:

Registered Investment Companies: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Funds: The fair values of participation units held in the collective trust funds are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs).

The LifePath Index Retirement Fund is comprised of stocks and fixed income securities that are tailored to current income.

The LifePath 2010-2025 Funds are comprised of stocks and fixed income securities that are tailored to the horizon of the fund, which is two years plus or minus that of the name of the fund. These funds' investments were balanced between equity and fixed income.

The LifePath 2030-2055 Funds are comprised of stocks and fixed income securities that are tailored to the horizon of the fund, which is two years plus or minus that of the name of the fund. These funds' investments were more heavily weighted towards equity securities.

The investment strategy of each State Street Bank and Trust Company collective trust fund is consistent with the name of the fund. These are classified as domestic large cap equity, domestic small/mid cap equity, fixed income and international equity in the tables that follow

The collective trust funds above provide for daily redemptions by the Plan at reported net asset values per share, with no advance requirement.

(Continued)

EMPLOYEE SAVINGS PLAN FOR REYNOLDS BARGAINING
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

The fair values of participation units in the Morley Stable Value Fund collective trust held at December 31, 2013 are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests in conventional and synthetic investment contracts issued by insurance companies, banks and other financial institutions, and cash equivalents, with the investment objective of providing preservation of capital, relatively stable returns consistent with its comparatively low risk provide, and liquidity for benefit-responsive payments. Withdrawals from the Fund for benefit payments and participant transfers shall be made within 30 days after written notification has been received.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on their net asset values as reported by the managers of the pooled separate accounts as of the Plan's financial statement date and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date (Level 2 inputs). The investment strategy of each pooled separate account is consistent with the name of the fund. All pooled separate accounts, except for the Money Market, restrict redemptions to one per 30-day period. The Money Market has no redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 28, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been restated since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Plan management has applied for a new determination letter. A response from the Internal Revenue Service has not yet been received.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the Plan's trustee, and therefore, the Plan's payment of trustee fees, investment management and administrative fees to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company qualify as party-in-interest transactions. Certain Plan investments are pooled separate accounts or a stable value fund managed by an affiliate of the trustee of the Plan, and these investments qualify as party-in-interest investments. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated the events and transactions that have occurred through October 13, 2014, the date the financial statements were available to be issued, and noted no items requiring adjustment of the financial statements or additional disclosures.
