Other Matter - Supplementary Information

The Schedule H, line 4(i) - Schedule of assets (held at end of year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. CAPITAL CARGO INTERNATIONAL AIRLINES, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Capital Cargo International Airlines, Inc. 401(k) Plan (the Plan) provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

During 2013, Capital Cargo International Airlines, Inc., the Plan's sponsor (the Company) closed its headquarters in Orlando, Florida and merged with Air Transport International, Inc. (ATI). As a result of the merger and a significant reduction in the Company's work force, the Plan's final contributions were received on March 31, 2013 and the Plan was effectively frozen to new entrants or contributions. Participants who transferred to ATI were given the option of transferring their plan balances and participating in a qualified plan sponsored by ATI. Terminated participants in the Plan who were affected by the reduction in work force became 100% vested in their account balances. Plan management is currently distributing remaining plan balances at the election of participants. During 2014, the Plan has paid additional benefits of approximately \$1,040,000 through the date the financial statements were issued. The provisions described below were effective prior to the Plan becoming effectively frozen.

General - The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of the Company, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company serves as plan administrator.

Eligibility - Employees are eligible to participate in the Plan after completing one month of service.

Contributions

Participant contributions - Each year, participants may contribute up to 89% of their annual compensation, as defined by the Plan. Participants age 50 or older are allowed to make catch-up contributions. Participants are automatically enrolled in the Plan with a 4% pre-tax contribution, unless the participant elects some other deferral percentage or opts out of the Plan. Participants may also contribute amounts representing rollovers from other qualified plans.

Employer contributions - The Company makes matching contributions equal to 25% of participant contributions up to 4% of eligible compensation. The Company may make periodic contributions to the Plan at the discretion of the Company's Board of Directors. There were no discretionary contributions during the year ended December 31, 2013.

Contributions are subject to regulatory limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

CAPITAL CARGO INTERNATIONAL AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	25%
3	50%
4	75%
5 or more	100%

A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants - Participants may, subject to certain conditions, borrow from their account, an amount not less than \$500. The maximum amount a participant is allowed to borrow is the lesser of 50% of the participant's vested balance, or \$50,000. Note principal and interest are repaid through payroll deductions. Notes are collateralized by the borrower's vested account balance and are repayable over periods up to five years, unless the proceeds are used for the purchase of a primary residence, in which case the note must be repaid within a reasonable amount of time not to exceed fifteen years. Interest rates on participant notes are determined based on a reasonable rate of interest, as determined by the plan administrator.

Benefit Payments - Upon retirement, death, disability, or resignation of a participant, or upon termination of the Plan, a participant or beneficiary may elect to receive distributions in lump sum or periodic installment payments. In-service withdrawals of employee contributions for reasons of hardship, as defined in the plan agreement, or attaining age 59½ are allowed.

Interplan Transfers - The assets transferred from the Plan and shown on the financial statements as interplan transfers are attributable to employees who have changed employment status and have transferred individual account balances to the Air Transport International LLC 401(k) Plan or the ATI Flight Crewmember 401(k) Plan.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures may be used to pay plan expenses or to reduce employer contributions. As of December 31, 2013 and 2012, forfeited non-vested accounts totaled \$53,477 and \$41,171, respectively.

Plan Termination - The Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

CAPITAL CARGO INTERNATIONAL AIRLINES, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation - Investments are stated at fair value. The Plan's trustee, DWS Trust Company (the Trustee), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Benefit Payments - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan documents.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications - Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Subsequent Events - The Plan has evaluated subsequent events through October 13, 2014, which is the date the financial statements were available to be issued.

CAPITAL CARGO INTERNATIONAL AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Investments

Investments that represent 5% or more of net assets consist of the following as of December 31:

Allianz NFJ Small Cap Value Fund	*	509,859
American Heritage Fund	*	422,421

* Does not exceed 5% or more of net assets as of December 31.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

CAPITAL CARGO INTERNATIONAL AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012.

Mutual funds - Shares of registered investment company funds (mutual funds) are valued at the net asset value of shares held by the Plan and at the closing price reported on the active market on which the individual securities are traded.

The following tables disclose by level the fair value hierarchy as of December 31:

Fair Value Measurement as of December 31, 2013

CAPITAL CARGO INTERNATIONAL AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 - Tax Status

The plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012.
- Investment income and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Investments reflected on the schedule of assets (held at end of year).
