Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by DWS Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2013 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Note 1 - Description of Plan

The following description of the ATI Flight Crewmember 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General - The Plan is a defined contribution plan covering substantially all flight crew members of Air Transport International, Inc. (the Company) who are covered by a collective bargaining agreement between the Company and the Airline Pilots' Association. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility - Eligible crew members may make contributions immediately upon their hire date. Participants are eligible to receive matching and profit sharing contributions upon completing one year of service in which at least 700 hours are worked.

Contributions

Participant contributions - Participants may contribute between 1% and 50% of their annual compensation as either pretax contributions or after-tax contributions. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

Employer contributions - The Company makes matching contributions of 50% of eligible deferrals up to 5% of each participant's eligible compensation. Additionally, the collective bargaining agreement requires the Employer to contribute 3.5% of crew member eligible compensation to the Plan annually as profit sharing contributions. Profit sharing contributions totaled $599,353 for the year ended December 31, 2013.

Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Employer's matching contribution, the Employer's union contribution and an allocation of earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1 - Description of Plan (Continued)

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2013, the interest rates on outstanding loans ranged from 4.25% - 9.00% with various maturities through November 2027.

Benefit Payments - Upon retirement, death, disability, or resignation of a participant, or upon termination of the Plan, a participant or beneficiary may elect to receive a distribution as a lump sum or periodic installment payments. In-service withdrawals of employee contributions for reasons of hardship, as defined in the plan agreement, or attaining age 59½ are allowed.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures must be used before year end and will first be used to pay plan expenses with any remaining amount used to reduce employer contributions. As of December 31, 2013 and 2012, forfeited non-vested accounts totaled $52,453 and $46,107, respectively.

Plan Termination - Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the uses of estimates and assumptions that may affect amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation - Investments are stated at fair value. The Plan's trustee, DWS Trust Company (the Trustee), certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications - Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Subsequent Events - The Plan has evaluated subsequent events through October 13, 2014, which is the date the financial statements were available to be issued.

Note 3 - Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2013	2012
DWS Money Market Prime Trust	$ 7,076,582	$ 8,375,410
American Heritage Fund	3,825,575	3,845,046
Thornburg International Value Fund	2,849,751	2,352,167
DWS Capital Growth Fund	2,428,722	1,839,887
DWS Large Cap Value Fund	1,873,946	*
PIMCO Total Return Fund	*	1,862,620

* Does not exceed 5% or more of net assets as of December 31 of the respective year.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds - Shares of registered investment company funds (mutual funds) are valued at the net asset value of shares held by the Plan and at the closing price reported on the active market on which the individual securities are traded.

The following tables disclose by level the fair value hierarchy as of December 31:

	Fair Value Measurement as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Value funds	$ 10,344,504	$ -	$ -	$ 10,344,504

Balanced funds	2,827,385	-	-	2,827,385
	$ 30,728,501	$ -	$ -	$ 30,728,501

Note 5 - Tax Status

The plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Tax Status (Continued)

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012.

- Investment income and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.

- Investments and participant loans reflected on the schedule of assets (held at end of year).

Note 8 - Party-In-Interest Transactions

Plan investments include shares of mutual funds managed by an affiliate of the Trustee. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 - Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits between the financial statements and the Form 5500 as of December 31:

	2013	2012
