Bimbo Bakeries USA Benefits Committee
Horsham, Pennsylvania

Report on Financial Statements

We have audited the accompanying financial statements of Bimbo Bakeries USA Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

BIMBO BAKERIES USA SAVINGS PLAN

Notes to Financial Statements December 31, 2013 and 2012

(1) Description of Plan

The following description of the Bimbo Bakeries USA Savings Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers certain eligible employees of BBU, Inc. (the Company) as defined in the plan document. The administration of the Plan is overseen by Bimbo Bakeries USA Benefits Committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended.

Earthgrains Baking Companies Inc. (Earthgrains) was acquired by the Company on November 6, 2011. Earthgrains salaried employees who were participants in the Bimbo Bakeries USA 401(k) Plan for Former Sara Lee Associates (Sara Lee Plan) on December 31, 2011 were transferred into the Plan on January 1, 2012 in accordance with the amended and restated plan document.

The Plan was amended and restated effective January 1, 2013 to reflect the merger of the assets and liabilities of the Butter Krust Baking Company, Inc. Employees Profit Sharing and 401(k) Plan (BK Plan) into the Plan.

The Plan participates in the Bimbo Bakeries USA Defined Contribution Savings Plan Master Trust (Master Trust) (formerly the Bimbo Bakeries USA Savings Plan, the Mrs Baird's 401(k) Savings Plan and the Bimbo Foods Savings Plan Master Trust).

Effective January 1, 2014, the Plan changed the plan trustee and record keeper to Fidelity Management Trust Company (Fidelity). Prior to this date, Northern Trust Company served as the Plan's trustee, and AON/Hewitt served as the Plan's record keeper.

Contributions

Each plan year, participants may contribute from 1% up to 75% of their pretax annual compensation, as defined by the Plan. Participants may also elect to contribute a percentage of their after tax annual compensation as Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled at 3% in the Plan unless they affirmatively elect not to participate in the Plan. The automatic enrollment election shall continue until May 1 of the plan year following the plan year in which the initial salary deferral is made. Each plan year following the employee's initial enrollment, as of May 1 of such year, the participant shall be deemed to have made an annual election to increase their deferral by an additional 1% up to a maximum of 10%. A participant who was automatically enrolled in the Plan prior to January 1, 2011 shall also be deemed to have elected to increase their deferral by an additional 1% (up to a maximum of 10%) as of January 1, 2012. Participants may change their investment choices daily and their deferral percentages upon notification to the plan administrator.

The Company matches 100% up to the first 5% of the participant's contributions. In addition, the Company shall contribute for certain qualifying employees a transition credit, which is based on each participant's points. The points are calculated based on the employee's age and periods of service and will entitle certain individuals to the transition credit ranging from 1% to 6% of the participant's compensation. Effective January 1, 2012, the Company shall contribute for certain eligible Earthgrains participants a transition contribution (Earthgrains Transition Contribution) equal to 2% of the participant's compensation. There is an option for the Company to provide an additional discretionary contribution to the employees. However, for 2013 and 2012, the discretionary contribution was not made by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions and the transition contribution portion of their accounts, plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary contribution portion of their accounts, if any, is based on years of continuous service. Participants become 100% vested in their company matching and discretionary contributions after two years of service. Participants become 100% vested in their Earthgrains transition contribution upon 5 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, less the highest outstanding loan balance in the previous 12 months. Any such loan is secured by the balance in the participant's account and bears interest at the daily prime rate as reported by Reuters on the last day of the month prior to loan issuance, plus 1%. Participants may only have one loan outstanding at a time. Repayments are made through payroll deductions over a term of up to five years, or fifteen years if the loan is used to purchase a primary residence. Loan interest rates range from 3.25% to 10.50% at December 31, 2013.

Payment of Benefits

Upon termination of service or due to death, disability, or retirement, participants may elect to receive lump sum amounts equal to the vested portion of their account. Certain participants may elect to receive their benefit in quarterly or annual installments over a period no greater than 10 years. Amounts may not be withdrawn from the Plan while a participant is an active employee of the Company, except in cases of hardship, permanent disability, or after age 59 ½, as defined in the Plan.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or to pay reasonable expenses of the Plan.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes to Financial Statements December 31, 2013 and 2012

(2) Summary of Significant Accounting Policies, Continued

Basis of Accounting, Continued

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5).

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bimbo Bakeries USA Benefits Investment Subcommittee determines the Plan's valuation policies utilizing information provided by the investment advisors and plan trustee. See Note 4 for discussion of fair value measurements.

The Plan holds investments in unallocated insurance contracts which carried over as an investment option from a previous plan. These insurance contracts are held by an insurance company and are valued at their cash surrender value in the accompanying financial statements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's interest in Master Trust investment income.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2014, the date the financial statements were available to be issued.

(3) Investments

The Plan's investments in Master Trust are as follows at December 31:

	2013	2012
Investment in Master Trust, at fair value	\$ 691,865,085 *	\$ 573,489,379 *
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(776,111)	(2,395,027)

(3) Investments, Continued

The Plan's share of investment income in the Master Trust was as follows for the years ended December 31:

	2013	2012
Plan's interest in Master Trust investment income	\$ 110,724,656	\$ 59,267,263

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued...

BIMBO BAKERIES USA SAVINGS PLAN

Notes to Financial Statements December 31, 2013 and 2012

(4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan's interest in the Master Trust: See Note 5.

The life insurance contracts are presented at the cash surrender value and not fair value; hence, they are excluded from the scope of FASB ASC 820.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust

A portion of the Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and two other BBU, Inc. sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust were held by Northern Trust for the years ended December 31, 2013 and 2012.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2013 and 2012, the Plan's interest in the net assets of the Master Trust is approximately 81% and 80%, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested in each plan.

Accrued expenses	(21,639)	(100,836)
Total Master Trust investments	\$ 847,912,827	\$ 712,972,095

Investment income of the Master Trust was as follows for the years ended December 31:

	2013	2012
Net appreciation in fair value of investment in:		
Registered investment companies	\$ 55,310,313	\$ 19,772,469
Common collective trusts	72,905,441	44,037,003
Interest and dividends	5,706,888	13,218,630
	\$ 133,922,642	\$ 77,028,102

Following is a description of the valuation methodologies used for assets of the Master Trust at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

(5) Interest in the Master Trust, Continued

Common collective trust – fixed income: Invests in conventional and synthetic guaranteed investment contracts issued by insurance companies and banks with excess cash invested in cash equivalents. The common collective fund allows for earnings stability regardless of the volatility of the financial markets. Contract value for the common collective trust fund is based on the NAV of the fund as reported by the trustee. The underlying investments in investment contracts are valued at the fair value and then adjusted by the issuer to contract value. The fund is traded in a market with no readily available quoted prices; however, the unit price is based on underlying investments which are traded on an active market.

Common collective trusts – target date and growth: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2013 and 2012:

There were no significant transfers among investment levels during the years ended December 31, 2013 and 2012.

(6) Prohibited Transactions

During 2013, the Company failed to remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These transactions are considered prohibited transactions. The Company intends to compensate participants for any lost interest resulting from the delay in contributions. The Company estimated the amount of corrective payments due to the Plan and determined that the amount is immaterial.

(7) Related Party Transactions and Party-In-Interest Transactions

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Additionally, the Company pays certain administrative expenses related to the Plan's operations.

(8) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

BIMBO BAKERIES USA SAVINGS PLAN

Notes to Financial Statements December 31, 2013 and 2012

(9) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 9, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

The Master Trust is qualified under Section 401(a) of the IRC and is entitled to favorable tax treatment. A qualified master trust is required to operate in accordance with the IRC to maintain its qualified status. Although the Master Trust has not filed for a determination letter from the IRS, plan management believes that the Master Trust is currently being operated in compliance with these requirements.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Transfers (to) from Affiliated Plan

During 2013, transfers of net assets to the Plan from the Sara Lee Plan amounted to \$741,037. Transfers of net assets from the Plan to the Sara Lee Plan amounted to \$205,732 during 2013.

During 2013 and 2012, transfers of net assets to the Plan from the Bimbo Bakeries USA Union Savings Plan (formerly Bimbo Foods Savings Plan) (Union Plan) amounted to \$202,647 and \$124,594, respectively. Transfers of net assets from the Plan to the Union Plan amounted to \$277,596 and \$58,840, during 2013 and 2012, respectively.

As a result of the plan amendment described in Note 1, transfers of net assets from the Sara Lee Plan amounted to \$149,151,687 for the year ended December 31, 2012.

(12) Correction Pursuant to Employee Plans Compliance Resolution System (EPCRS)

During 2013, the plan administrator discovered operational deficiencies related to eligible compensation. The Company is in the process of accumulating information and intends to correct the error pursuant to the correction procedures outlined under EPCRS.

The Company does not expect the correction of the error to adversely affect the Plan's qualified tax status.

(13) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:
