NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE A - DESCRIPTION OF PLAN

The following description of Buddy's Newco 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

1. General

The Plan is a defined contribution plan covering employees of Buddy's Newco, LLC. (the "Company") that have completed six months of service and who are twenty-one (21) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was created on January 1, 2013, and has been amended since inception.

2. Administration

The Company serves as the Plan sponsor and administrator. No officer or employee of the Company receives compensation from the Plan.

3. Contributions

The Plan provides for participant salary deferral contributions and Company matching contributions pursuant to section 401(k) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. In accordance with safe harbor regulations, the Company makes matching contributions of 100% of the first 3% of employee elective contributions and 50% of the next 2% of employee elective contributions.

Additionally, the Company may make additional matching contributions at the discretion of its management. There were no additional matching contributions made to the Plan during the 2013 plan year.

4. Participant Accounts

Each participant's account is adjusted for distributions to the participant, participant's contributions, Company contributions, and Plan earnings (losses), as well as a portion of the administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are maintained by the trustee of the Plan assets. Participants direct their allocation among the investment funds allowed under the Plan.

5. Vesting and forfeitures

Participants are immediately vested in their contributions; the Company's matching contributions, and the Company's discretionary contributions, plus actual earnings thereon. Accordingly, the Plan has no forfeited accounts.

6. Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the investment fund to the participant loan account. Loan terms may range from one to five years. The loans are collateralized by the balance in the participants' accounts and bear interest at the prime rate (3.25% at December 31, 2013) plus 1%, as defined by the Plan. Principal and interest is paid ratably through payroll deductions. Upon separation of service, the vested account payable to an individual who has an outstanding participant loan will be determined by reducing the vested account balance by the amount of the loan.

7. Payment of Benefits

A participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments computed in various manners, upon termination of service due to death, disability, or retirement. A participant may receive the value of the vested interest in his or her account as a lump sum distribution for termination of service due to other reasons. A participant may receive a lump sum or partial distribution from his or her vested interest, with certain limitations and/or conditions, while still in service. Generally, these distributions are limited to hardship cases or participants who have reached a certain age.

8. Plan Termination

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100% vested in their employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting, except for benefit payments, which are reported on the cash basis.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates and such differences could be material.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

3. Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The guaranteed interest account held with Massachusetts Mutual Life Insurance Company has been determined to be fully benefit responsive and is stated at fair value. The value of the guaranteed interest account increases or decreases to reflect market adjustments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Concentration of Credit Risk

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

5. Payment of Benefits

Benefits are recorded when processed and paid by the Plan.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Investment related expenses are included the Statement of Changes in Net Assets Available for Benefits.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C - FINANCIAL DATA CERTIFIED BY THE TRUSTEE (unaudited)

The investments of the Plan were held and administered by Massachusetts Mutual Life Insurance Company, during the 2013 plan year, (the "Trustee"). The Trustee has supplied the Plan administrator with certain information utilized in preparing the financial statements and supplemental schedule. The Plan administrator has obtained a certification from the Trustee certifying that the information provided by the Trustee is complete and accurate as of December 31, 2013. In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan's independent certified public accountants.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by the Trustee for the year ended December 31, 2013:

Investments, at fair value	
Guaranteed interest account	\$ 249,194
Mutual funds	\$ 1,461,670
Receivables	
Notes receivable from participants	\$ 183,373
Investment income	
Net appreciation in fair value of investments	\$ 180,564
Interest income guaranteed interest account	\$ 3,045
Interest income on notes receivable from participants	\$ 4,582

NOTE D - INVESTMENTS

The Plan's investments are held primarily in mutual funds and a guaranteed interest account which are maintained by the Trustee. The fair value of the mutual funds and guaranteed interest account investments was \$1,710,864 at December 31, 2013.

The net appreciation includes realized gains and losses on investments that were bought and sold during the respective year. The net appreciation in fair value of the investment accounts was \$180,564 for the year ended December 31, 2013.

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2013:

Blackrock Global Allocation Fund	\$ 118,798
JPMorgan SmartRetirement 2025 Fund	\$ 396,107
JPMorgan SmartRetirement 2035 Fund	\$ 608,716
Fixed Account	\$ 249,194

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts was \$250,465 at December 31, 2013. Additionally, the fair value of the investment contracts was \$249,194 at December 31, 2013. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.00%. Such interest rates are reviewed on an annual basis for resetting.

Certain events may limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for examples, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit MassMutual to terminate the agreement prior to the scheduled maturity date.

The average yield earned on the guaranteed investment contract based on actual earnings for the year ended December 31, 2013 was 2.00%. Additionally, the average yield earned on the guaranteed investment contract based on the interest rate credited to participants for the year ended December 31, 2013 was 2.00%.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 Inputs to valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
- Level 2 Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
- Level 3 Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Guaranteed Interest Account – This investment is made by the Plan in a Fixed Annuity Contract which is invested in the general assets of MassMutual who guarantees a fixed interest rate. The NAV for the investment contract is \$1. The investment contract is classified within level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FAIR VALUE OF FINANCIAL INVESTMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Total	<u>\$ 1,710,864</u>	<u>\$ 1,461,670</u>	<u>\$ 249,194</u>	<u>\$ -</u>

NOTE G - TAX STATUS

The Plan has adopted the NOVA 401(k) Associates Volume Submitter 401 (k) Profit Sharing Plan (NAVSPSP) prototype plan, effective January 1, 2013. The NAVSPSP has obtained a favorable tax determination letter from the Internal Revenue Service and, even though the NAVSPSP has been amended and restated since receiving the opinion letter, the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are maintained and managed by Massachusetts Mutual Life Insurance Company as the Plan trustee. Any transaction between the trustee (as defined by the Plan), and the Plan qualify as a party-in-interest transaction. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses incurred by the Plan are directly paid for by the Company.
