(1) Description of Plan

The following description of the Pall Retirement Plan for Puerto Rico Employees (formerly known as Pall Section 1165(e) Retirement and Savings Plan for The Puerto Rico Employees of The Pall Corporation) (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan for nonunion employees who have completed three months of service with Pall Life Sciences Puerto Rico, LLC (the Company or the Plan Sponsor). The Plan was adopted by the Company and was effective as of July 1, 2000 and amended on January 1, 2011 and 2013. The Plan is administered by a management committee appointed by Pall Corporation (the Parent Company of the Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. In April 2012, the Company sold one of its divisions to Haemonetics Corporation (the acquiring company). As a result of the sale, in August 2012, the accounts of all employees of such division were transferred out of the Plan to Haemonetics Puerto Rico, LLC Retirement Plan (an existing plan controlled by the acquiring company).

(b) Administration of the Plan

The Plan is administered by UBS Trust Company of Puerto Rico (the Trustee) under the terms of a trust agreement entered into between the Plan Sponsor and the Trustee. Hand Benefits & Trust Company is the custodian of the Plan.

The Plan requires that participants select the investment funds into which their accounts are invested. The participant may select from 18 investment funds for the years ended December 31, 2013 and 2012.

(c) Contributions

Participants may contribute, on either a pretax or after-tax basis, specified percentages of their compensation to the Plan, as defined, up to the before-tax contributions limit provided under Section 1165(e) of the Puerto Rico Internal Revenue Code of 1994 (PR Code), as amended. Act No. 186 of August 7, 2008 (Act 186) amended Section 1165(e) of the PR Code to gradually increase the maximum allowable contributions. Act No. 1 of January 31, 2011 increased the maximum allowable contributions for the years 2012 and 2013. Maximum allowable contributions are as follows:

		Amount
For tax years:		
Ended on December 31, 2012	$	13,000
Ended on December 31, 2013 and thereafter		15,000

(Continued)

Act No. 1 also eliminated the 10% of annual salary ceiling commencing with tax year 2011.

Additionally, the Plan provides an employer-matching component. The employer matches 100% of the participant's contribution up to a maximum of 2.5% of the participant's compensation.

Any excess funds resulting from a forfeiture of all or any portion of the account of a participant or former participant under circumstances that do not entitle the participant, former participant, his/her spouse, or beneficiary to the full amount of his/her account under the plan agreement, shall not be applied to increase the benefits payable to any other participant, spouse, or beneficiary, but shall remain in the trust fund and shall have the effect of reducing the amount of any subsequent contributions to the Plan by the Company.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and (c) expenses. Allocations of the Plan's earnings (losses) are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon, and become vested in the Company contributions and earnings thereon, upon completion of three years of service.

(f) Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the vested portion in his or her account, or quarterly installments as well as monthly installments over an extended period. In addition, a participant may elect to receive a withdrawal in the event of financial hardship in accordance with the terms of the Plan.

(g) Forfeited Accounts

At December 31, 2012, forfeited nonvested accounts totaled $680 (none in 2013). These accounts will be used to reduce future employer contributions. No forfeited nonvested accounts were used to reduce employer contributions for the years ended December 31, 2013 and 2012.

(h) Administrative Expenses

Administrative expenses are paid by the Plan and by the Company. In 2013, the Plan and the Company paid and absorbed $47,789 and $47,505 in administrative expenses, respectively. In 2012, the Plan and the Company paid and absorbed $31,312 and $44,860 in administrative expenses, respectively.

(i) Notes Receivable from Participants

Participants may borrow against their vested account balance a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is lower. The loans are secured by the balance in the participant account. The repayment period varies depending on the type of the loan. General-purpose loans must be repaid within a five-year period with longer repayment terms permitted for principal residence loans. Interest is charged at the "prime" rate plus one percent at the time the loan is made.

If a Participant defaults on any payment of interest or principal of a loan, the Plan Administrator may take (or direct the Trustee to take) such action or actions as it determines to be necessary to protect the interest of the Plan. Such actions may include commencing legal proceedings against the Participant, or foreclosing on any security interest in the Participant's account or other security given in connection with a loan. In the event of a default, foreclosure on the Participant's note and attachment of one or more of the Participant's accounts given as security will not occur until a distributable event occurs in the Plan.

Outstanding participants' loans as of December 31, 2013 and 2012 amounted to $958,920 and $958,145, respectively, at rates ranging between 4.25% and 9.25%.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with U.S. generally accepted accounting principles.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investments Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market values. Quoted market prices are used to value investments, including shares of investment securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year. For further discussion about the fair value of the Plan's investments, see note 4, Fair Value Measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Risk and Uncertainties

Participants may direct investment of their account balances in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

(3) Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hand Benefits & Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, this note and that reflected on note 4.

(4) Fair Value Measurements

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables present the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012 as follows:

(5) Plan Termination

Although it has no expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participants accounts and distributed in such a manner as the Company may determine.

(6) Tax Status

On January 31, 2011, Act No. 1 of New PR Code was signed into law, which adopts new rules for qualified plans in Puerto Rico. The qualified plan provisions of the New PR Code are generally effective with respect to taxable years beginning after December 31, 2010. Among the most important changes in the New PR Code affecting the Plan are the following: (a) increase in limitation of deferred contributions by participants; (b) new definitions of highly compensated employee (HCE) and nonhighly compensated employee (NHCE); (c) the new definitions of HCE and NHCE will apply for purposes of the coverage test and general nondiscrimination test of all qualified plans in Puerto Rico; (d) limitation on annual contributions for defined contribution plans; (e) limit on annual compensation of a participant; and (f) statutory requirement for proof of exemption.

The Puerto Rico Treasury Department has determined and informed the Company by determination letter dated December 23, 2011 that the Plan and related trust are designed in accordance with applicable provisions of the New PR Code and, therefore, are exempt from income taxes. Effective January 1, 2013, the Company amended the eligibility requirements for plan participation of the Plan to exclude temporary employees. In the opinion of the plan administrator, the Plan and its related trust are designed and are

currently being operated within the terms of the Plan and remain qualified under the applicable provisions of the New PR Code.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

		December 31	
		2013	**2012**
Net assets available for plan benefits per financial statements	$	11,655,782	9,832,362
Other employer contribution receivable		(4,060)	—
Deemed distributions of notes receivable from participant		(2,226)	—
Net assets available for plan benefits per Form 5500	$	11,649,496	9,832,362

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, 2013 and 2012 to Form 5500:

		December 31	
		2013	**2012**
Benefits paid per the financial statements	$	640,749	555,311
Deemed distributions of notes receivable from participant		2,226	(4,337)
Benefits paid per Form 5500	$	642,975	550,974

A note receivable from a participant is not recorded as a loan in Form 5500 if it is considered deemed distributed during the plan year. To be considered deemed distributed, the following circumstances must apply: (1) under the plan, the participant loan is treated as a directed investment solely of the participant's individual account; and (2) as of the end of the plan year, the participant is not continuing repayment under the loan. For the note receivable from participant of $2,226, both circumstances apply.

(8) Prohibited Transaction – Participants' Contribution Remittances

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contributions from its general assets as soon as practical, but in no event more than 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages for a benefit plan such as the Plan. The Company failed to timely remit participants' contributions amounting to $497,185, $713,017, $668,345 and $809,388 during 2012, 2011, 2010 and 2009, respectively (none during 2013). When participants' contributions are not remitted timely the Sponsor is responsible to contribute the lost earnings on those contributions. The Company has agreed to absorb any costs incurred by the Plan as a result of the untimely remittances of the participants' contributions. As disclosed in Note 9, during 2014 the Sponsor corrected delinquent contributions corresponding to the years from 2009 to 2012 under the Voluntary Fiduciary Correction Program and Prohibited Transaction Exemption 2002-51.

(9) Subsequent Events

On March 6, 2014, the Sponsor remitted a total of $4,606, related to the lost earnings for contributions remitted late from 2009 to 2012.

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through October 10, 2014, the date at which the financial statements were available to be issued.
