WOODLAND CENTERS, INC. 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of Woodland Centers, Inc. 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a restatement of an existing Plan to comply with current law. This Plan was originally effective January 1, 1995. The restatement is effective as of January 1, 2010. The Plan is a defined contribution plan covering all employees of Woodland Centers, Inc. (Company). All eligible employees are able to make salary deferrals into the plan. There are no minimum age or service requirements to make salary deferrals. In order to be eligible to receive matching contributions and discretionary employer contributions, eligible employees must be at least 18 years old and have completed 1,000 hours for the Company during the 12-month period immediately following the date of hire. An eligible employee who satisfies the minimum age and service requirements shall be eligible to participate in the Plan on the first day of each calendar month following the date that eligibility is satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. The Plan currently offers an insurance investment contract and various mutual funds as investment options for participants.

Participant. Each year, participants may contribute an amount of pretax annual compensation, as defined in the Plan. However, pre-tax contributions that are deferred from compensation are subject to the dollar limit for the calendar year as provided by law. The maximum dollar limit applies to the aggregate of all amounts that are contributed to this plan and all other 401(k), 403(b) and SEPs of this employer or any other employer during the calendar year. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Matching Contribution. The Plan authorizes the Company to make a matching contribution on behalf of eligible Plan participants. The matching contribution will equal 25% of salary deferrals made to the Plan during each calendar month. Any salary deferrals made above 4% of plan compensation will not be eligible for a matching contribution. Employer matching contributions were discontinued by the Company in August 2009.

Employer Discretionary Contribution. The Company elected to contribute 1% of participants' plan compensation. These matching contributions are a discretionary amount to be determined by the Employer each plan year.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, less applicable withdrawal fees.

Vesting. Participants are immediately vested in all contributions received.

**WOODLAND CENTERS, INC. 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

1. DESCRIPTION OF PLAN (Continued)

Plan Loans. Participants may obtain loans directly with the Plan custodians. Loans are secured by the balance in the participant's account.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive payment(s), transfer to another plan, or remain in plan. However, if plan valuation is less than \$5,000, the participant will receive a lump sum amount equal to the value in his or her account. For termination of service due to other reasons or financial hardship, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Plan Termination. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Unaudited information has been certified by Nationwide Life Insurance Company and The Lincoln National Life Insurance Company for a limited scope audit. The Plan's investments are stated at fair value. Shares of registered investment companies and mutual funds are reported at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Investment contracts with insurance companies are reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses.

Plan administration expenses are paid by the sponsor company, Woodland Centers, Inc., except for certain withdrawal and participant fees.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events and transactions for potential recognition through October 14, 2014, the date the financial statements were available to be issued.

WOODLAND CENTERS, INC. 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1 Inputs*- are quoted prices in active independent markets for identical assets that the plan has the ability to access at the measurement date; *Level 2 Inputs*- are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly; and *Level 3 Inputs*- are unobservable inputs for the asset. Unobservable inputs are those that reflect the plan's own assumptions about the assumptions that market participants would use in pricing the asset developed and are based on the best information available.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Fair Value Measurements at Reporting Date Using:				
December 31, 2013	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 403,454	\$ 403,454	\$ -	\$ -

Fair Value Measurements at Reporting Date Using:				
December 31, 2012	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	334,207	334,207	-	-

3. FAIR VALUE MEASUREMENTS (Continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the investment contract with insurance company for the year ended December 31, 2013:

Beginning balance	\$ 699,743
Total gains or losses included in changes in net assets available for benefits:	22,731
Purchases, issuances, sales, and settlements:	
Purchases	32,726
Sales	(98,092)
Ending balance	<u>\$ 657,108</u>

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$1,060,562 and \$1,033,950 at December 31, 2013 and 2012, respectively.

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2013:

Nationwide Fixed Account	\$ 289,267
Lincoln Nat'l Life Insurance Fixed Account	\$ 368,731

During 2013, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) increased in value by \$26,612.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had guaranteed investment contracts with Nationwide Life Insurance Company (Nationwide) and The Lincoln National Life Insurance Company (Lincoln). The custodians maintain the contributions in separate accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the insurer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses and plus/minus a market value adjustment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**WOODLAND CENTERS, INC. 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the Plan's ability to transact at contract value with the insurer. Such events include the following: (a) amendments to the plan documents (including complete or partial termination or merger with another plan), (b) changes to the plan's prohibition on competing investment plan options or deletion of equity wash provision, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the plan's ability to transact at contract value with the Plan participants are probable of occurring.

6. SEPARATED PARTICIPANTS WITH DEFERRED VESTED BENEFITS

As of December 31, 2013, the Plan assets includes investments valued at \$753,441 for participants who have separated from the Company. These participants are permitted to delay distribution until required by law to receive minimum required distributions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TAX STATUS

The Plan Administration believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the Internal Revenue Code as of the report date.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to Form 5500:

Net assets available for benefits per the financial statements	\$ 1,064,677
Contributions receivable	(4,115)
Net assets available for benefits per the Form 5500	<u>\$ 1,060,562</u>

10. PLAN LOANS

Both Nationwide Life Insurance Company and The Lincoln National Life Insurance Company offer loans directly to plan participants. Such loans are issued directly from the custodians funds and not through the plan from participants accounts. A portion of participants accounts may be set aside or held as collateral. Plan loans are not considered assets of the Plan. As of December 31, 2013, plan participants had loans outstanding of \$24,380.
