IRMC 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the IRMC 403(b) Plan (the "Plan"), as amended and restated effective October 3, 2011, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established in January 1, 2003, is a defined contribution plan covering substantially all employees of Indian River Memorial Hospital, Inc. (the "Plan Sponsor" or "Hospital"). All employees are eligible to make elective deferrals to the Plan upon the date they begin their employment with the Hospital. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions: Each year, participants may contribute up to 100% of their compensation, up to the Internal Revenue Code allowable limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Hospital matches 50% of employee deferrals up to 4% of an employee's compensation.

Additionally, upon completion of one year of service, participants that are not classified as fixed rate, temporary or per diem are eligible to receive employer basic contributions. The employer basic contribution is at the Hospital's discretion and may vary year to year. For the year ended December 31, 2013, the employer basic contribution to the Plan amounted to \$1,032,080.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Hospital's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions. Vesting in the remainder of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants are 100% vested in the Hospital's contributions after reaching 3 years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate determined at the date of each loan, comparable to the interest rate charged on similar commercial loans by persons in the business of lending money. Loan terms are usually a maximum of five years except for the purchase or construction of a primary residence, which may be more than five years. Principal and interest are paid ratably through payroll deductions.

December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive regular installments over a set number of years, if such vested interest is greater than \$5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested benefits in amounts less than \$5,000 may be distributed in a lump-sum amount without the participant election. Participants may request hardship withdrawals of elective deferrals, rollover contributions, and vested employer contributions under certain circumstances as defined in the Plan document.

Assets Pledged as Collateral: Loans are available to participants through VALIC, subject to certain limitations. Loans are issued directly to Plan participants from the funds owned by VALIC. The loans are secured by assets held in the participant's Fixed Account. Issuance of these loans has no impact on the statement of net assets available for benefits. The amount of the Plan assets pledged as collateral for loans issued to participants by VALIC at December 31, 2013 and 2012, was \$674,179 and \$706,333, respectively.

Forfeitures: Any non-vested account balance remaining after the distribution of a terminated participant's vested account balance is forfeited. As of December 31, 2013 and 2012, forfeited nonvested accounts totaled \$24,645 and \$15,073, respectively. These accounts will be used to reduce future Hospital contributions. During the year ended December 31, 2013, \$19,160 was used to reduce Hospital contributions.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Hospital.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by VALIC and AIG Federal Savings Bank. This information has not been audited by independent accountants.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During 2013, the Plan's investments held (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Variable annuity contracts	\$ 3,867,750
Mutual funds	<u>1,817,805</u>
	<u>\$ 5,685,555</u>

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Variable Annuity Contracts: The fair values of participation units held in variable annuity contract subaccounts of VALIC Separate Account A are based on the net asset values reported by the VALIC as of the financial statement dates and recent transaction prices (level 2 inputs). The net asset values of the subaccounts are updated daily based upon the investment performance of the underlying mutual fund they invest in less a deduction for charges. VALIC Separate Account A, which is structured as a unit investment trust, is comprised of numerous subaccounts which each invest in a single mutual fund managed either by an affiliate of VALIC or a by an independent third party. The investment strategies of these subaccounts are consistent with each of the mutual funds identified in the name of the fund.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Participants direct their investments to certain of the underlying "subaccounts" of VALIC Separate Account A available to them under the Plan. Each subaccount provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Investment Contracts: As of December 31, 2013 and 2012, the fair values of the investment contracts have been determined based on the terms of the contracts to approximate contract value (level 3 inputs), as the terms of the contracts prohibit transfer or assignment of rights under the contracts, frequent re-setting of contractual interest rates based upon market conditions, and no defined maturities. In addition, management has determined that no adjustment from contract value is required for credit quality considerations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 5 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 7 - PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. The Plan invests in certain variable annuity contract sub-accounts of VALIC Separate Account A, and guaranteed accounts managed by VALIC. These investments are considered party-in-interest investments. Fees paid by the Plan to parties-in-interest for investment management services were included as a reduction of the return earned by each fund.
