NOTE A - DESCRIPTION OF PLAN

The following description of the M & B Products, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. The Plan is for the benefit of the employees of M & B Products, Inc. (the Company). Participants should refer to the plan agreement and/or summary plan description (plan documents) for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution (401(k)/profit sharing) plan covering all employees, except those groups specifically excluded in the plan documents. The Plan provides for elective deferrals, matching contributions by the employer, and discretionary non-elective contributions by the employer. To participate in elective deferrals and matching contributions by the employer, employees must be at least 21 years of age and have completed six (6) months of service. If the Company declares non-elective contributions for the year, participation requires that employees must be at least 21 years of age, must have completed six (6) months of total service and must have been employed on the last day of the plan year, with some exceptions, as defined in the plan documents. Non-elective contributions are allocated to all eligible employees based on proportionate eligible earnings. Allocation conditions may be subject to certain waiver of conditions as outlined in the plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

CONTRIBUTIONS

Each year, participants may elect to defer an amount not less than 1% of their plan year compensation and not more than 90% of their plan year compensation, as defined in the plan documents. Participants who have attained age 50 before the end of the plan year may be eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows both pre-tax elective deferrals and Roth elective deferrals. The Plan currently offers various mutual funds and common trust funds as investment options for participants. Contributions are subject to certain limitations as set forth in the plan documents.

PARTICIPANT LOANS

The Plan provides for participants to borrow money from the Plan, secured by their vested account balance. The minimum loan is $500, and the maximum loan is 50% of the participant's vested account balance, not to exceed $50,000. Interest rates are based on the prime rate plus two percentage points as determined on the loan date. Loan payments are made through payroll deductions, but in certain circumstances may be subject to various special rules as outlined in the plan documents.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations of the Company's contribution are based on eligible participant plan year compensation. Allocations of plan earnings are based on participant account investment earnings and allocations of plan expenses are based on the number of participants or participant account balances, as defined in the plan documents. The benefit to which a participant is entitled is limited to the amount of participant's vested account balance.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

FORFEITED ACCOUNTS

Forfeited nonvested accounts are used to offset the employer contributions declared for the year in which the forfeitures occur. During the plan year ended December 31, 2013, forfeited nonvested accounts used to offset employer contributions totaled $0.

VESTING

Participants are vested immediately in their contributions and any rollover amounts from other plans plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. For the Company's matching contributions portion of their account, a participant is thirty-three percent vested after one year but less than two years of credited service, sixty-six percent vested after two years but less than three years of credited service, and one hundred percent vested after three years of credited service. Non-elective contributions are subject to a different vesting schedule as outlined in the plan documents, and the vesting schedules may be subject to certain other exceptions as outlined in the plan documents.

PAYMENT OF BENEFITS

The Plan allows for in service distributions from the one hundred percent vested portions of participant accounts if the participant has attained age 59-1/2 or has incurred a qualifying hardship as defined in the plan documents. On termination of service due to death, disability, or retirement, a participant, or the participant's beneficiaries, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, subject to certain limitations as outlined in the plan documents. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. This distribution may be forced for participants whose vested balance is below $5,000 as outlined in the plan documents.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

OPERATING EXPENSES

Ordinary expenses of maintaining the Plan as outlined in the basic service agreement with the third party, ADP, are paid by the Company. Additional fees incurred outside the service agreement are paid by the Plan and allocated among participant accounts as outlined in the plan documents. These additional fees paid by the Plan amounted to $1,025 for the plan year ended December 31, 2013.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE MEASUREMENTS

Investments held by a defined contribution plan are required to be reported at fair value. The Plan measures fair value of investments based on the framework set forth by Financial Accounting Standards Board in its Accounting Standards Codification 820, "Fair Value Measurements and Disclosures." That framework provides a fair value hierarchy that prioritizes, into three levels, the inputs to valuation techniques used to measure fair value. Following is a description of those three levels as defined in ASC 820.

Level 1 inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 inputs: Inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs: Unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no significant changes in the methodologies used for the year ended December 31, 2013.

Investments in registered investment companies and common/collective trust investments are valued at the net asset value (NAV) of shares held as published at the end of the last trading day of the plan year end.

The fair values of participant loans receivable are assumed to approximate the recorded value because there have not been any significant changes in market conditions or specific circumstances since the instruments were originally recorded, and those financial instruments bear interest at rates that approximate current market rates for notes with similar maturities and credit quality.

The carrying amounts of contributions receivable, when present, approximate fair market value because of the short term nature of the receivable.

See Note E, which sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013.

NOTE C - TAX STATUS

The Plan is a Prototype Plan and Trust, which was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan documents are updated and amended in accordance with changes to the applicable requirements of the IRC.

NOTE D - INCOME TAXES

The Plan is exempt from federal and state income taxes under the Internal Revenue Code and relevant state tax regulations. Accordingly, the Plan has no income tax expense.

The Plan's federal Forms 5500, "Annual Return/Report of Employee Benefit Plan" are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

NOTE E - INVESTMENTS - FAIR VALUE MEASUREMENTS

As described in Note B, the Plan measures fair value of investments based on the framework set forth by FASB ASC 820 which provides a fair value hierarchy that prioritizes, into three levels, the inputs to valuation techniques used to measure fair value.

The following tables set forth, by level, within the fair value hierarchy, the Plan's financial assets at fair value as of December 31, 2013. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee. The following represents all plan investments, presented at fair market value, including those that represent five percent or more of the Plan's net assets. Substantially all investments are participant directed.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100 percent vested in their employer contributions.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As described in Note B, the financial statements of the Plan are prepared on the accrual basis of accounting. Financial information reported on Form 5500, "Annual Return/Report of Employee Benefit Plan," is presented on the cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to the respective Form 5500.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2014, the date which the financial statements were available to be issued and found no events or transactions which require modifications to the financial statements.
