Telvent DTN 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Telvent DTN 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2013 and 2012, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements

December 31, 2013

1. Description of the Plan

The following description of the Telvent DTN 401(k) Savings Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established to provide certain employees of Telvent DTN, LLC (the Company or DTN) a formal plan to save for retirement. All full-time employees who are age eighteen or older are eligible to participate in the Plan. Eligible participants are automatically enrolled in the Plan unless they affirmatively decline to participate. The Plan is administered by the Company. Wells Fargo Bank, N.A. serves as the trustee and Wells Fargo Institutional Retirement and Trust serves as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each participant may, subject to the maximum limitations imposed by the Internal Revenue Code (the Code), authorize the Company to reduce their pretax compensation by up to 100%, and have such amount contributed to the Plan on their behalf as a contribution. Participants may also elect to contribute their post-tax compensation, as defined by the Plan, subject to certain Code limitations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Plan provides for a Company match of up to 100% of the employee's contribution. The Company's matching contribution was 50% of the employee's contribution up to 6% of employee compensation for the years ended December 31, 2013 and 2012. The Company may also make additional discretionary contributions to participants based upon years of service. The Company did not make a discretionary contribution to the Plan for the years ended December 31, 2013 and 2012.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants that are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

The Plan permits participants to rollover qualified pretax contributions from other qualified plans into the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, the Company's discretionary contributions, if any, and an allocation of the Plan assets' earnings (losses), net of management fees applicable to each investment option. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are 100% vested in their basic and rollover contributions at all times. After one year of employment, participants become fully vested in the Company's matching and discretionary contributions.

Participant Loans

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, except for loans used by participants to finance the purchase of their primary residence, which may not exceed ten years. The loans are secured by the vested balance in the participant's account and bear interest at a rate based on the published prime rate plus 1%. At December 31, 2013, interest rates were 4.25%. Principal and interest are paid ratably through bi-weekly payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant with a vested account balance may elect to receive either a lump-sum or installment payments on a quarterly or annual basis.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$6,910 and \$1,710, respectively. Forfeited accounts are used to reduce future employer contributions or to pay Plan administrative expenses. The Company used forfeited nonvested accounts in the amount of \$592 to pay Plan expenses in 2013.

Administrative Expenses

Administrative costs are paid by the Plan, except to the extent the expenses are paid by the Plan's sponsor, as provided in the Plan document.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Telvent DTN Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into a fair value hierarchy as described in Note 5.

Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Subsequent events were evaluated through October 14, 2014 the date the financial statements were available to be issued.

Effective January 1, 2014, the sponsorship of the Plan was transferred to Schneider Electric Holdings, Inc. The Plan was renamed Schneider Electric Telvent DTN 401(k) Plan and was amended and restated by adoption of a prototype plan document sponsored by the Vanguard Group. The Plan's assets were transferred to Vanguard Fiduciary Trust Company as successor trustee to Wells Fargo Bank, N.A.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements (continued)

3. Federal Income Tax Status

The Plan has received a determination letter from the IRS dated July 26, 2011, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

4. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule including investments held, notes receivable from participants and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2013 and 2012, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2013 and 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Wells Fargo Bank, the trustee of the Plan.

5. Fair Value Measurements

Pursuant to ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs that reflect management's own judgment about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk), and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following is a description of the valuation techniques and inputs used for each major class of assets.

Quoted market prices, which represent the net asset value of shares, are used to value mutual fund investments. The Wells Fargo Russell 2000 Index Fund is valued at the net asset value (NAV) provided by the administrator of the fund. The Wells Fargo Stable Return Fund N35 is stated at estimated fair value as determined by the trustee based on the fair value of the underlying investments.

The Wells Fargo Stable Return Fund N35 invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

7. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Telvent DTN 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Telvent DTN 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2013 and 2012, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements

December 31, 2013

1. Description of the Plan

The following description of the Telvent DTN 401(k) Savings Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established to provide certain employees of Telvent DTN, LLC (the Company or DTN) a formal plan to save for retirement. All full-time employees who are age eighteen or older are eligible to participate in the Plan. Eligible participants are automatically enrolled in the Plan unless they affirmatively decline to participate. The Plan is administered by the Company. Wells Fargo Bank, N.A. serves as the trustee and Wells Fargo Institutional Retirement and Trust serves as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each participant may, subject to the maximum limitations imposed by the Internal Revenue Code (the Code), authorize the Company to reduce their pretax compensation by up to 100%, and have such amount contributed to the Plan on their behalf as a contribution. Participants may also elect to contribute their post-tax compensation, as defined by the Plan, subject to certain Code limitations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Plan provides for a Company match of up to 100% of the employee's contribution. The Company's matching contribution was 50% of the employee's contribution up to 6% of employee compensation for the years ended December 31, 2013 and 2012. The Company may also make additional discretionary contributions to participants based upon years of service. The Company did not make a discretionary contribution to the Plan for the years ended December 31, 2013 and 2012.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants that are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

The Plan permits participants to rollover qualified pretax contributions from other qualified plans into the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, the Company's discretionary contributions, if any, and an allocation of the Plan assets' earnings (losses), net of management fees applicable to each investment option. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are 100% vested in their basic and rollover contributions at all times. After one year of employment, participants become fully vested in the Company's matching and discretionary contributions.

Participant Loans

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, except for loans used by participants to finance the purchase of their primary residence, which may not exceed ten years. The loans are secured by the vested balance in the participant's account and bear interest at a rate based on the published prime rate plus 1%. At December 31, 2013, interest rates were 4.25%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Telvent DTN 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant with a vested account balance may elect to receive either a lump-sum or installment payments on a quarterly or annual basis.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$6,910 and \$1,710, respectively. Forfeited accounts are used to reduce future employer contributions or to pay Plan administrative expenses. The Company used forfeited nonvested accounts in the amount of \$592 to pay Plan expenses in 2013.

Administrative Expenses

Administrative costs are paid by the Plan, except to the extent the expenses are paid by the Plan's sponsor, as provided in the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Telvent DTN Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into a fair value hierarchy as described in Note 5.

Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Subsequent events were evaluated through October 14, 2014 the date the financial statements were available to be issued.

Effective January 1, 2014, the sponsorship of the Plan was transferred to Schneider Electric Holdings, Inc. The Plan was renamed Schneider Electric Telvent DTN 401(k) Plan and was amended and restated by adoption of a prototype plan document sponsored by the Vanguard Group. The Plan's assets were transferred to Vanguard Fiduciary Trust Company as successor trustee to Wells Fargo Bank, N.A.

3. Federal Income Tax Status

The Plan has received a determination letter from the IRS dated July 26, 2011, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

4. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule including investments held, notes receivable from participants and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2013 and 2012, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2013 and 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Wells Fargo Bank, the trustee of the Plan.

5. Fair Value Measurements

Pursuant to ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs that reflect management's own judgment about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk), and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

The following is a description of the valuation techniques and inputs used for each major class of assets.

Quoted market prices, which represent the net asset value of shares, are used to value mutual fund investments. The Wells Fargo Russell 2000 Index Fund is valued at the net asset value (NAV) provided by the administrator of the fund. The Wells Fargo Stable Return Fund N35 is stated at estimated fair value as determined by the trustee based on the fair value of the underlying investments.

The Wells Fargo Stable Return Fund N35 invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

7. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.
