ACCOUNTANTS AND ADVISORS

INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator
AKF Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AKF Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by State Street Bank and Trust Company, the trustee of the Plan, as of December 31, 2013 and 2012, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street Bank and Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2013 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplementary schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AKF SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the AKF (the "Company") Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time salaried and hourly employees of the Company who meet eligibility requirements and choose to participate. The Company serves as the plan sponsor and plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). Effective March 31, 2012, State Street Bank and Trust Company ("State Street") became the Plan's trustee and Transamerica Retirement Solutions Corporation ("Transamerica") became the Plan's recordkeeper on behalf of State Street. Prior to March 31, 2012, Nationwide Trust Company, FSB ("Nationwide") served as the Plan's custodian.

Contributions

Each year, eligible participants may elect to contribute a percentage of their pretax annual compensation as determined by the participant, as defined by the Plan, and subject to Internal Revenue Code ("IRC") limitations. Participants 50 years of age or older can contribute an additional maximum catch-up contribution. The Company may make matching contributions at its discretion.

Eligible employees may also elect to roll over distributions from a former employer's qualified retirement plan to the Plan. Roth contributions are permitted in the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant and are credited with the participant's contribution, the Company's contribution, and an allocation of Plan earnings. Allocations are based on participant account balances, as defined. In addition, each participant is charged an administrative account fee by Transamerica. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their accounts into various investment options offered by the Plan. Current investment options for participants include mutual funds and a common collective trust. In 2013, the Plan changed some of the mutual funds offered to participants.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA") which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected BlackRock Global Allocation I Fund as the QDIA.

1 - DESCRIPTION OF PLAN (Continued)

Vesting
Participants are vested immediately in their contributions and actual earnings thereon. A participant is 100% vested in the Company's contributions after one year of credited service.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 4.33%. Principal and interest are paid ratably through payroll deductions.

Participants are permitted to roll over unpaid loan balances from a prior employer's plan, provided the promissory note from the prior employer's plan is assigned to this Plan.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant and his designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
Forfeitures of nonvested terminated participants' accounts are used to reduce the Company's future contributions. At December 31, 2013 and 2012, there were no forfeited nonvested amounts.

Hardship Withdrawals
The Plan provides for hardship withdrawals not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include education expenses, costs directly related to the purchase of a principal residence, and costs necessary to prevent eviction from the participant's personal residence and such other circumstances as the plan administrator may determine based on rules set forth in the Internal Revenue Service ("IRS") regulations.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting.

Use of Estimates
The plan administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, reported changes in net assets available for benefits and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred.

Fully Benefit-Responsive Investment Contracts
As described by accounting principles generally accepted in the United States of America ("GAAP"), fully benefit-responsive investment contracts held by defined contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by GAAP, the statement of net assets available for benefits presents the fair value of the Stable Pooled Fund, a common collective trust offered by an affiliate of Transamerica, and the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

As of December 31, 2013 and 2012, the Plan held an interest in investment contracts through a common collective trust, the Stable Pooled Fund, as an investment option available to participants. Massachusetts Fidelity Trust Company serves as the Trustee of the Stable Pooled Fund, and Galliard Capital Management, Inc., a subsidiary of Wells Fargo Bank, N.A. (the "Bank"), is the investment advisor. Contract value of the Stable Pooled Fund represents participant contributions plus earnings, less participant withdrawals, the net effect of transfers in and out of funds and administrative expenses.

Investment Valuation
GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect the Company's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds
Shares in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 assets.

Common Collective Trust - Stable Pooled Fund
The daily value of the Stable Pooled Fund is based on the underlying daily value of the Wells Fargo Stable Return Fund G ("Fund G"), a collective trust fund. Fund G is valued at NAV daily and is nonpublicly traded. The Stable Pooled Fund also uses the daily NAV of its investment in open-end investment companies which are Level 1 assets. GAAP allows NAV per share to serve as a practical expedient to estimate fair value as long as certain requirements are met. In addition, GAAP permits NAV to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date. Those investments are categorized as Level 2 investments. If the investment cannot be redeemed at the measurement date but may be redeemable in the future, but at an uncertain date, then the investment shall be categorized as Level 3. The Stable Pooled Fund can be redeemed at NAV as of the measurement date and has been classified as a Level 2 asset.

Income Recognition
Net appreciation in the fair value of investments includes both realized and unrealized gains and losses, based on the value of assets at the beginning of the year or at the time of purchase during the year. Realized gains and losses from security transactions are determined on a first-in, first-out basis. Purchases and sales of securities are recorded on a trade-date basis. Interest is recognized when earned. Dividends are recorded on the ex-dividend payment date.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Management Fees and Operating Expenses
Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected in the net appreciation (depreciation) in fair value of such investments.

Payment of Benefits
Benefits are recorded when paid.

Deemed Distributions to Participants
A deemed distribution results when a participant has defaulted on a note receivable. Loan defaults occur when a participant does not repay a loan by the end of the calendar quarter following the quarter in which such payment was due, or the maturity date of the loan, whichever comes first, or receives an actual distribution that was used to offset an unpaid loan balance.

Administrative Fees
The Plan absorbs most administrative costs associated with the Plan.

Subsequent Events
These financial statements were approved by management and available for issuance on September 24, 2014. Management has evaluated subsequent events through this date.

3 - STABLE POOLED FUND

The Plan has assets invested in the Stable Pooled Fund, which is offered through the Diversified Investment Advisors Collective Trust, an affiliate of Transamerica. As of December 31, 2013 and 2012, the Stable Pooled Fund has invested all of its assets in Fund G, a collective trust fund sponsored by the Bank. Fund G invests in stable value investment vehicles such as guaranteed investment contracts, bank investment contracts and synthetic guaranteed investment contracts issued by highly rated financial institutions and corporations, as well as obligations of the U.S. Government or its agencies. The Bank serves as Trustee and custodian for Fund G. Galliard Capital Management, Inc., a Bank subsidiary, serves as investment advisor for Fund G.

GICs are backed by the general account of the contract issuer. Fund G deposits a lump sum with the issuer and with a guaranteed interest rate for a specified period of time. Interest is accrued on either a simple or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest). Most GICs provide a fixed rate of interest over the term to maturity of the contract and, therefore, do not experience fluctuating crediting rates.

3 - STABLE POOLED FUND (Continued)

A security-backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds. The bond portfolio is either owned directly by Fund G or owned by the contract issuer and segregated in a separate account for the benefit of Fund G. The portfolio underlying the contract is maintained separately from the contract issuer's general assets, usually by a third party custodian. The interest crediting rate of a security-backed contract is based on contract value, and the fair value, duration and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investment, through adjustments to the figure interest crediting rate, rather than reflected immediately in the net assets of Fund G. The issuer guarantees that all qualified participant withdrawals will be at contract value. The security-backed contracts are designed to reset their respective crediting rates on a quarterly basis and cannot credit an interest rate that is less than zero percent.

The yield earned by Fund G at December 31, 2013 and 2012 was 1.36% and 0.94%, respectively. This represents the annualized earnings of all investments in Fund G, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in Fund G at December 31, 2013 and 2012, respectively.

The yield earned by Fund G with an adjustment to reflect the actual interest rate credited to participants in Fund G at December 31, 2013 and 2012 was 1.52% and 1.95%, respectively. This represents the annualized earnings credited to participants in Fund G divided by the fair value of all investments in Fund G at December 31, 2013 and 2012, respectively.

The terms of the Declaration of Trust and adoption agreement permit the assessment of a charge against the assets held in the Stable Pooled Fund to pay the fees of Transamerica for investment management and for all other customary expenses incurred in connection with the operation of this fund. For these services, Transamerica receives an annual fee of 0.89% as a percentage of the Stable Pooled Fund's average daily net assets.

If the Plan's participation in the Stable Pooled Fund is terminated, which requires receipt of written notice from the Plan's authorized representative, Transamerica will withdraw the Plan's interest in the Stable Pooled Fund and pay such amount on the Date of Transfer as directed by the Plan's authorized representative. The Date of Transfer will be within twelve months following the date Transamerica receives notice of the Plan's termination of participation in the Stable Pooled Fund. On the business day prior to the Date of Transfer, Transamerica will withdraw the number of Units in the Stable Pooled Fund which are attributable to the Plan, and on the Date of Transfer, an amount, equal to the number of Units withdrawn multiplied by the value of each Unit as of the date of withdrawal, will be transferred as directed by the authorized representative of the Plan. The value of a Unit may fluctuate so that an investor's Unit, when redeemed, may be worth more or less than its original cost.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Pooled Fund	$3,756,331	N/A	Daily	90 days

Participants cannot transfer their Stable Pooled Fund balances to competing fixed income funds, such as money market funds, short-term bond funds or brokerage windows. Balances transferred from the Stable Pooled Fund to noncompeting funds cannot be transferred to competing fixed income funds for 90 days, but may be transferred back to the Stable Pooled Fund at any time.

5 - INVESTMENTS (UNAUDITED) (Continued)

During 2013, net realized and unrealized appreciation in fair value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) were as follows:

Intermediate Bond Funds	$ (106,322)
Balanced Funds	328,096
High Yield Bond Funds	(11,280)
Mid Cap Stocks	757,443
Short term Bonds	(9,119)

International Stock Funds	440,861
Stable Pooled Fund	40,819
International Bond Funds	(16,837)
Emerging Market Funds	61,252
	$ 4,316,482

6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments such as the Stable Pooled Fund, the cash reserve account, and units of mutual funds are managed by Transamerica, or an affiliate of Transamerica. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays the salaries of these individuals and also pays other administrative expenses on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan.

7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA.

8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan may also invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

9 - TAX STATUS

The IRS has determined, and informed the Company by letter dated March 31, 2008, that the prototype non-standardized Safe Harbor Profit Sharing Plan with CODA (Cash or Deferred Arrangement) adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Federal tax returns for fiscal years prior to 2011 are no longer subject to examination by tax authorities.

On August 15, 2013, the Company received a notice from the IRS that stated the examination of the 2010 Plan year was closed and the 2010 tax return was accepted as filed. In connection with the examination, the IRS determined that the Company's 401(k) nondiscrimination testing compensation was incorrect. Although the incorrect determination of partners' earned income did not have an adverse effect on the Plan's nondiscrimination testing, the Company agreed to change how partners' earned income is determined for Plan purposes.

10 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator
AKF Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AKF Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by State Street Bank and Trust Company, the trustee of the Plan, as of December 31, 2013 and 2012, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street Bank and Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2013 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplementary schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AKF SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the AKF (the "Company") Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time salaried and hourly employees of the Company who meet eligibility requirements and choose to participate. The Company serves as the plan sponsor and plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). Effective March 31, 2012, State Street Bank and Trust Company ("State Street") became the Plan's trustee and Transamerica Retirement Solutions Corporation ("Transamerica") became the Plan's recordkeeper on behalf of State Street. Prior to March 31, 2012, Nationwide Trust Company, FSB ("Nationwide") served as the Plan's custodian.

Contributions

Each year, eligible participants may elect to contribute a percentage of their pretax annual compensation as determined by the participant, as defined by the Plan, and subject to Internal Revenue Code ("IRC") limitations. Participants 50 years of age or older can contribute an additional maximum catch-up contribution. The Company may make matching contributions at its discretion.

Eligible employees may also elect to roll over distributions from a former employer's qualified retirement plan to the Plan. Roth contributions are permitted in the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant and are credited with the participant's contribution, the Company's contribution, and an allocation of Plan earnings. Allocations are based on participant account balances, as defined. In addition, each participant is charged an administrative account fee by Transamerica. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their accounts into various investment options offered by the Plan. Current investment options for participants include mutual funds and a common collective trust. In 2013, the Plan changed some of the mutual funds offered to participants.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA") which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected BlackRock Global Allocation I Fund as the QDIA.

1 - DESCRIPTION OF PLAN (Continued)

Vesting
Participants are vested immediately in their contributions and actual earnings thereon. A participant is 100% vested in the Company's contributions after one year of credited service.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 4.33%. Principal and interest are paid ratably through payroll deductions.

Participants are permitted to roll over unpaid loan balances from a prior employer's plan, provided the promissory note from the prior employer's plan is assigned to this Plan.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant and his designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
Forfeitures of nonvested terminated participants' accounts are used to reduce the Company's future contributions. At December 31, 2013 and 2012, there were no forfeited nonvested amounts.

Hardship Withdrawals
The Plan provides for hardship withdrawals not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include education expenses, costs directly related to the purchase of a principal residence, and costs necessary to prevent eviction from the participant's personal residence and such other circumstances as the plan administrator may determine based on rules set forth in the Internal Revenue Service ("IRS") regulations.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting.

Use of Estimates
The plan administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, reported changes in net assets available for benefits and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred.

Fully Benefit-Responsive Investment Contracts
As described by accounting principles generally accepted in the United States of America ("GAAP"), fully benefit-responsive investment contracts held by defined contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by GAAP, the statement of net assets available for benefits presents the fair value of the Stable Pooled Fund, a common collective trust offered by an affiliate of Transamerica, and the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

As of December 31, 2013 and 2012, the Plan held an interest in investment contracts through a common collective trust, the Stable Pooled Fund, as an investment option available to participants. Massachusetts Fidelity Trust Company serves as the Trustee of the Stable Pooled Fund, and Galliard Capital Management, Inc., a subsidiary of Wells Fargo Bank, N.A. (the "Bank"), is the investment advisor. Contract value of the Stable Pooled Fund represents participant contributions plus earnings, less participant withdrawals, the net effect of transfers in and out of funds and administrative expenses.

Investment Valuation
GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect the Company's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds
Shares in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 assets.

Common Collective Trust - Stable Pooled Fund
The daily value of the Stable Pooled Fund is based on the underlying daily value of the Wells Fargo Stable Return Fund G ("Fund G"), a collective trust fund. Fund G is valued at NAV daily and is nonpublicly traded. The Stable Pooled Fund also uses the daily NAV of its investment in open-end investment companies which are Level 1 assets. GAAP allows NAV per share to serve as a practical expedient to estimate fair value as long as certain requirements are met. In addition, GAAP permits NAV to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date. Those investments are categorized as Level 2 investments. If the investment cannot be redeemed at the measurement date but may be redeemable in the future, but at an uncertain date, then the investment shall be categorized as Level 3. The Stable Pooled Fund can be redeemed at NAV as of the measurement date and has been classified as a Level 2 asset.

Income Recognition
Net appreciation in the fair value of investments includes both realized and unrealized gains and losses, based on the value of assets at the beginning of the year or at the time of purchase during the year. Realized gains and losses from security transactions are determined on a first-in, first-out basis. Purchases and sales of securities are recorded on a trade-date basis. Interest is recognized when earned. Dividends are recorded on the ex-dividend payment date.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Management Fees and Operating Expenses
Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected in the net appreciation (depreciation) in fair value of such investments.

Payment of Benefits
Benefits are recorded when paid.

Deemed Distributions to Participants
A deemed distribution results when a participant has defaulted on a note receivable. Loan defaults occur when a participant does not repay a loan by the end of the calendar quarter following the quarter in which such payment was due, or the maturity date of the loan, whichever comes first, or receives an actual distribution that was used to offset an unpaid loan balance.

Administrative Fees
The Plan absorbs most administrative costs associated with the Plan.

Subsequent Events
These financial statements were approved by management and available for issuance on September 24, 2014. Management has evaluated subsequent events through this date.

3 - STABLE POOLED FUND

The Plan has assets invested in the Stable Pooled Fund, which is offered through the Diversified Investment Advisors Collective Trust, an affiliate of Transamerica. As of December 31, 2013 and 2012, the Stable Pooled Fund has invested all of its assets in Fund G, a collective trust fund sponsored by the Bank. Fund G invests in stable value investment vehicles such as guaranteed investment contracts, bank investment contracts and synthetic guaranteed investment contracts issued by highly rated financial institutions and corporations, as well as obligations of the U.S. Government or its agencies. The Bank serves as Trustee and custodian for Fund G. Galliard Capital Management, Inc., a Bank subsidiary, serves as investment advisor for Fund G.

GICs are backed by the general account of the contract issuer. Fund G deposits a lump sum with the issuer and with a guaranteed interest rate for a specified period of time. Interest is accrued on either a simple or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest). Most GICs provide a fixed rate of interest over the term to maturity of the contract and, therefore, do not experience fluctuating crediting rates.

3 - STABLE POOLED FUND (Continued)

A security-backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds. The bond portfolio is either owned directly by Fund G or owned by the contract issuer and segregated in a separate account for the benefit of Fund G. The portfolio underlying the contract is maintained separately from the contract issuer's general assets, usually by a third party custodian. The interest crediting rate of a security-backed contract is based on contract value, and the fair value, duration and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investment, through adjustments to the figure interest crediting rate, rather than reflected immediately in the net assets of Fund G. The issuer guarantees that all qualified participant withdrawals will be at contract value. The security-backed contracts are designed to reset their respective crediting rates on a quarterly basis and cannot credit an interest rate that is less than zero percent.

The yield earned by Fund G at December 31, 2013 and 2012 was 1.36% and 0.94%, respectively. This represents the annualized earnings of all investments in Fund G, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in Fund G at December 31, 2013 and 2012, respectively.

The yield earned by Fund G with an adjustment to reflect the actual interest rate credited to participants in Fund G at December 31, 2013 and 2012 was 1.52% and 1.95%, respectively. This represents the annualized earnings credited to participants in Fund G divided by the fair value of all investments in Fund G at December 31, 2013 and 2012, respectively.

The terms of the Declaration of Trust and adoption agreement permit the assessment of a charge against the assets held in the Stable Pooled Fund to pay the fees of Transamerica for investment management and for all other customary expenses incurred in connection with the operation of this fund. For these services, Transamerica receives an annual fee of 0.89% as a percentage of the Stable Pooled Fund's average daily net assets.

If the Plan's participation in the Stable Pooled Fund is terminated, which requires receipt of written notice from the Plan's authorized representative, Transamerica will withdraw the Plan's interest in the Stable Pooled Fund and pay such amount on the Date of Transfer as directed by the Plan's authorized representative. The Date of Transfer will be within twelve months following the date Transamerica receives notice of the Plan's termination of participation in the Stable Pooled Fund. On the business day prior to the Date of Transfer, Transamerica will withdraw the number of Units in the Stable Pooled Fund which are attributable to the Plan, and on the Date of Transfer, an amount, equal to the number of Units withdrawn multiplied by the value of each Unit as of the date of withdrawal, will be transferred as directed by the authorized representative of the Plan. The value of a Unit may fluctuate so that an investor's Unit, when redeemed, may be worth more or less than its original cost.

6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments such as the Stable Pooled Fund, the cash reserve account, and units of mutual funds are managed by Transamerica, or an affiliate of Transamerica. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays the salaries of these individuals and also pays other administrative expenses on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan.

7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA.

8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan may also invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

9 - TAX STATUS

The IRS has determined, and informed the Company by letter dated March 31, 2008, that the prototype non-standardized Safe Harbor Profit Sharing Plan with CODA (Cash or Deferred Arrangement) adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Federal tax returns for fiscal years prior to 2011 are no longer subject to examination by tax authorities.

On August 15, 2013, the Company received a notice from the IRS that stated the examination of the 2010 Plan year was closed and the 2010 tax return was accepted as filed. In connection with the examination, the IRS determined that the Company's 401(k) nondiscrimination testing compensation was incorrect. Although the incorrect determination of partners' earned income did not have an adverse effect on the Plan's nondiscrimination testing, the Company agreed to change how partners' earned income is determined for Plan purposes.
