Plan Administrator
Synergetic, Inc. 401(k) Retirement Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Synergetic, Inc. 401(k) Retirement Savings Plan ("Plan"), which comprise the statement of net assets available for plan benefits as of December 16, 2013, and the related statement of changes in net assets available for plan benefits for the period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 16, 2013 and the changes in its net assets available for plan benefits for the period then ended December 16, 2013, in accordance with accounting principles generally accepted in the United States of America.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. Their report, dated October 7, 2013, expressed an unmodified opinion.

SYNERGETIC, INC. 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 16, 2013 AND DECEMBER 31, 2012

1. DESCRIPTION OF THE PLAN

The following description of the Synergetic, Inc. ("Company") 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan pursuant to Section 401(k) of the Internal Revenue Code, covering substantially all employees of participating clients of the Company. The Plan qualifies as a "multiple employer" plan as described in Section 413(c) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Sponsor. Effective as of January 1, 2013, Landrum Professional Employer Services, Inc. ("Landrum") assumed sponsorship of the Plan and serves as the named plan administrator of the Plan. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Eligibility

All employees who are 21 years of age, work for a participating client, and fulfill the participating client's service requirement are eligible to participate in the Plan. Participating clients may select from the following service requirements: (1) one year of service (1,000 hours of service in a consecutive twelve month period), (2) one to six months of service or (3) immediate eligibility. Additionally, a participating client may elect to waive the age and service eligibility requirements for individuals who are performing services for a participating client as of a specified date or may elect an age requirement less than 21 years of age. Entry into the Plan occurs based on the provisions of the participating client's agreement.

Employees are eligible for an allocation of the participating client's contribution, if any, as specified in the participating client's agreement.

Contributions

Participants can authorize payroll deferrals up to the maximum percentage of compensation or dollar amount permissible by the Internal Revenue Code (IRC). Participants are permitted to contribute catch-up contributions in accordance with IRC requirements. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and after-tax compensation subject to Roth 401(k) requirements. Participants direct the investment of their contribution into various investments offered by the Plan which include, but are not limited to, pre-allocated portfolio options. Contributions are automatically invested in a managed portfolio option based upon the participant's age until changed by the participant.

Participating clients adopt one of several available options ranging from no participation to a mandatory match based on the participant's compensation for the plan year. Participating clients may also elect to make discretionary profit-sharing contributions.

1. DESCRIPTION OF THE PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the participating client's contributions on behalf of the participant, and investment earnings on the participant's account. Allocation of investment earnings is based on daily valuations of participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Loans and Hardship Distributions

Participants may borrow a minimum of \$1,000 up to a maximum of 50% of their vested account balance, not to exceed \$50,000. Participants are charged with out-of-pocket costs associated with the loan. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans are payable through payroll deductions and must be paid within five years, except for primary home loans which must be paid within fifteen years.

Funds may also be accessed prior to the date they become distributable by way of a hardship withdrawal as allowed by current Internal Revenue Service guidelines.

Vesting and Forfeitures

Participants are fully vested with respect in their employee contributions plus actual earnings thereon. Vesting of participating client contributions is based on years of service beginning with the participants' day of hire. The standard vesting schedule is as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4years	60%
5 years	80%
6 or more	100%

However, based upon the agreements of mergers with other plans, the vesting schedule may vary among participating clients. Participants associated with clients with safe harbor provisions have immediate vesting.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 16, 2013 AND DECEMBER 31, 2012

1. DESCRIPTION OF THE PLAN – CONTINUED

Vesting and Forfeitures – Continued

A year of service is defined as a calendar year in which a participant is credited with 1,000 hours of service. A participant is fully vested in all of his or her account under the Plan upon reaching the Plan's normal retirement age, disability, or death.

Forfeited nonvested contributions may be used to pay Plan expenses and to reduce employer contributions. Forfeitures of approximately \$0 and 18,600 were applied as a reduction of employer contributions for the periods ended December 16, 2013 and December 31, 2012, respectively.

Plan Merger

On November 14, 2013, the trustee of the Plan approved the merger of this Plan into the Landrum Professional Employer Services Retirement Savings Plan ("Savings Plan"), effective December 16, 2013. As a result, all investments were transferred from the Plan into the Savings Plan on that date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements. All Plan assets were transferred to the Savings Plan on December 16, 2013.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 16, 2013 AND DECEMBER 31, 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Administrative Expenses

Broker fees and other administrative expenses are paid by the Plan. A 1.00% maximum fee is charged annually on all portfolios, while an additional 0.25% is charged for pre-allocated portfolios. Other administrative expenses, such as Plan audit fees, are paid by the Sponsor.

Events Occurring After Reporting Date

The Plan has evaluated events and transactions that occurred between December 31, 2013 and October 13, 2014, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and lowest priority to unobservable inputs (level 3 inputs).

The three broad levels of the fair value hierarchy are:

Level 1 - Inputs consist of unadjusted quoted prices in active markets for identical investments in active markets.

Level 2 - Inputs include quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.

Level 3 - Inputs consist of investment valuations whose significant value drivers are not observable.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The fair value of mutual funds, including money market mutual funds, is based on quoted net asset values of the shares held by the Plan at year-end and is included as Level 1 inputs.

5. INCOME TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on April 17, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
