INDEPENDENT AUDITORS' REPORT

To the Trustees
Hollywood Woodwork, Inc.
Employee Stock Ownership Plan
Hollywood, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hollywood Woodwork Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Hollywood Woodwork, Inc.
Employee Stock Ownership Plan

Opinion

In our opinion the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Other Matter—2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. Their report, dated October 10, 2013 indicated that the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012, and the changes in net assets available for benefits for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Other Matter – Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets as of December 31, 2013, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Hollywood Woodwork, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan and Trust Agreement for a more complete description of the Plan's provisions.

General

Hollywood Woodwork, Inc. (the "Company") established the Plan and Trust effective January 1, 1999, to enable eligible employees to acquire stock ownership interests in the Company, by investing primarily in the shares of the Company's stock. The Plan operates, in relevant part, as a non-leveraged, employee stock ownership plan ("ESOP") within the meaning of Section 4975(e) (7) of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is also subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Effective January 1, 2012, the Plan was formally amended and restated to comply with certain changes in laws and regulations.

Trust Agreement and Plan Administration

The Plan is governed by a trustee (the "Trustee"), appointed by the Company with certain fiduciary responsibilities established primarily to ensure the Plan is operated for the exclusive benefit of the plan participants. The trust agreement, under which the trustee's responsibilities are defined is the Hollywood Woodwork, Inc. Employee Stock Ownership Trust.

The Plan is administered by a Committee comprised of one or more persons appointed by the Company's Board of Directors (the "Plan Administrator").

The Plan contracts with Bensym, Inc. ("BSI") for retirement plan administration, transaction processing and recordkeeping services of the Plan's assets, which consist primarily of the non-publicly traded shares of Hollywood Woodwork, Inc. common stock.

ESOP Ownership

In accordance with the Stock Purchase Agreement dated December 14, 1999, between Hollywood Woodwork, Inc. and the Trustee, the Trust purchased 48,000 shares of non-publicly traded, no par, common stock at a per share price of $62.50, constituting 30 percent of the total issued and outstanding shares of the capital stock of the Company. The shares are held in a trust fund established under the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

ESOP Ownership *(continued)*

If the Plan were to finance options to purchase additional shares of stock from the Company in the future, such borrowings would generally be collateralized by the additional shares of unallocated stock. As the principal balance is repaid, an appropriate percentage of stock is released and allocated to the eligible participant accounts in accordance with applicable regulations under the Internal Revenue Code. The lender holds no rights against the shares once they are allocated within the terms of the ESOP. Accordingly, the Plan financial statements would present separately the assets and liabilities and changes therein pertaining to the participant accounts with vested rights in allocated stock (allocated), and those shares of stock not yet allocated to participant accounts (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan upon reaching 21 years of age and completing one year of service, providing they worked at least 1,000 hours during the consecutive 12-month period. The Plan provides for automatic entry, which occurs on the first entry date, (January 1 and July 1 of each calendar year) once eligibility requirements are met. An eligible employee may also elect to forgo participation in the Plan with respect to any plan year. Such election must be made in writing to the Plan Administrator prior to the first day of the plan year for which the election is to be effective. Once an election not to participate becomes effective, an employee cannot rescind such election without the approval in writing of the employer or the Plan Administrator.

Participant Contributions

Contributions to the Plan by Participant are not permitted.

Employer Contributions

Subject to the conditions and limitations of the Plan, the Company, at the discretion of the Board of Directors, may elect to contribute to the Trustee shares of Company stock or the cash equivalence measured at fair market value on behalf of the Plan, up to the maximum amount permitted under the Internal Revenue Code. Participants who have not met the 1,000 hour minimum service requirement during the Plan year in which a contribution is made, or are not employed on the last day of the plan year are generally not eligible for an allocation of the contribution for that year, unless by reason of normal retirement, death or disability. For the plan years ended December 31, 2013 and 2012, the Company contributed and allocated to eligible participant accounts $140,000 and $65,000, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

Payment of Benefits

Distributions due to death, disability or retirement are required to begin no later than one year after the end of the plan year in which the triggering event occurred. Payment of a participant's account balance under $25,000 will be made in a lump sum. Account balances greater than $25,000 will be paid over a five year period with minimum payments of $10,000. Distribution for other terminations are required to begin on the vested portion of the participant's account balance no later than the end of the sixth year following the year in which the termination occurred, and can be paid over a five year period. The value of the participant's account subject to distribution will be based upon the most recent ESOP Stock Valuation performed by an independent appraiser, as defined by Internal Revenue Code Section 170.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid by the Plan or the Company, at their election. The Company has historically paid both administrative and operating expenses of the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries. There were no unallocated shares as of December 31, 2013 or 2012.

Participant Accounts

The Plan is a qualified defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of employer contributions, actual earnings thereon, and forfeitures of the non-vested portion of terminated participant accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total compensation of all eligible participants for the Plan year.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

Vesting

When a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will be entitled to an amount equal to the vested portion of their available account balances based upon total years of service with the Company. Such participant's vesting will be determined in accordance with the following schedule:

Years of Service	Percent Vested
Less than 2	0%
-2-	20%
-3-	40%
-4-	60%
-5-	80%
6 or more	100%

Participants whose employment terminates at any time due to normal retirement (65), permanent disability or death, become immediately vested in their total account.

Forfeitures

Once a participant terminates from the Plan and incurs five (5) consecutive one year breaks in service, the non-vested portion of their account balances will be released from their forfeitures account and allocated to remaining eligible participants in the same manner the Company contribution gets allocated. In 2013 and 2012 forfeitures released and allocated to eligible participant accounts totaled $4,494 and $9,432, respectively.

Put Option

Pursuant to federal income tax regulations, the Company is required to issue a "Put Option" to all participants receiving a distribution of Company stock from the Plan. The Put Option permits the participant to require the Company to repurchase its shares of non-publicly traded stock or cash equivalent at its then fair market value, as determined by independent valuation. The option period exists during the 60 days commencing from the date of distribution. If the option is not exercised, the participant will be notified in the following year subject to a new independent valuation, of a second and final option period commencing 60 days from the date the notice is given.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

Put Option *(continued)*

The purpose of the Put Option is to ensure that participant's holding non-publicly traded shares of common stock have the ability to ultimately obtain cash from their accounts. The equivalent of 4,769 shares of Company stock was repurchased through Put Options during the year ended December 31, 2013, at a fair value price per share of $29.36.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with 10 years of participation in the Plan may elect to diversity a portion of their account. Diversification is offered to each eligible participant over a six -year period. In each of the first five (5) years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. Participants who elect to diversify receive a cash distribution equivalent to the fair value of the shares held, as determined by the most recent independent valuation. Distributions attributable to diversification totaled $17,792 for the year ended December 31, 2013.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of American ("GAAP").

Investment valuation and Income Recognition

The shares of non-publicly traded Company common stock are valued at estimated fair value as determined in an ESOP Stock Valuation performed by an independent appraiser. See Note 3 for discussion of fair-value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U. S. federal, state, or local tax authorities for years prior to 2009.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurement.* This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011.

In July, 2013, the FASB issued ASU 2013-09, *Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04.* The amendments in this update defer indefinitely the effective date of certain quantitative disclosures contained in FASB ASC 820-10-50-2(bbb)(2), for investments held by a nonpublic employee benefit plan in its plan sponsor's own nonpublic entity equity securities, including equity securities of nonpublic affiliated entities. This addresses the concern that disclosures of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements would make public information proprietary to closely held non-public companies. The amendments in this update do not defer the effective date for other quantitative disclosures regarding securities held in the nonpublic employee benefit plan or any qualitative disclosures. The amendments are effective immediately upon issuance.

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements.* The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in the update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The effect of adopting ASU 2012-04 on subsequent periods is not expected to have a significant impact on the financial statements or notes thereto.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to measurements involving significant unobservable inputs. The three levels of the fair value hierarchy under that framework are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs are other than quoted prices included in Level 1 that are observable for the assets or liabilities, in either active or inactive markets, including prices for similar assets or liabilities in active markets, prices for identical assets or liabilities in inactive markets, and other observable inputs.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instruments level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a detail of the Plan's financial instruments as reported in the fair value hierarchy at estimated fair value in the accompanying statement of nets assets available for benefits.

	Assets at Fair Value as of December 31, 2013			
	Fair Value	Level 1	Level 2	Level 3
Cash, non-interest bearing	$ 748	$ 748	-	-
Company common stock	1,531,200	-	-	$ 1,531,200
Total investments, at fair value	$ 1,531,948	$ 748	$ -	$ 1,531,200

	Assets at Fair Value as of December 31, 2012			
	Fair Value	Level 1	Level 2	Level 3
Cash, non-interest bearing	$ 949	$ 949	-	-
Company common stock	1,409,280	-	$1,409,280	Total
Investments, at fair value	$ 1,410,229	$ 949	$ -	$ 1,409,280

NOTE 3 - FAIR VALUE MEASUREMENTS *(continued)*

Level 3 Inputs

The fair value of the non-publicly traded shares of Hollywood Woodwork, Inc. common stock held by the Plan is based upon an independent professional stock valuation appraisal. This appraisal is based upon a combination of acceptable market and income valuation techniques, taking into account historical and projected cash flow, net income, return on assets, and return on equity, market comparables and estimated fair value of the Company's assets and liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – CHANGES IN FAIR VALUE LEVELS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers between Level 1, 2 or 3 valuation.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2013:

NOTE 4 – CHANGES IN FAIR VALUE LEVELS *(continued)*

	Hollywood Woodwork, Inc. Common Stock
Balance, beginning of year	$ 1,409,280
Unrealized appreciation on investments held	121,920
Contributions allocated to participants	140,000
Distributions to participants (net $201, paid in non-interest bearing cash)	(140,000)
Balance, end of year	$ 1,531,200

Unrealized gains or losses related to assets held at the reporting date are included in net unrealized appreciation/depreciation in the fair value of investment in the accompanying statement of changes in net assets available for benefits.

NOTE 5 - INVESTMENTS

The Plan's investment in the Company's allocated common shares at December 31, 2013 and 2012 are as follows:

	2013	2012
Number of shares	48,000	48,000
Original Cost, ($62.50 per share)	$ 3,000,000	$ 3,000,000
Estimated Fair value, ($31.90 and $29.36, per share, respectively)	$ 1,531,200	$ 1,409,280

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the interest of each participant's account in the trust fund will become immediately vested and distributed to each participant or his or her beneficiary according to the timeline prescribed by the Plan and pursuant to Internal Revenue Code regulations. Upon termination of the Plan, the Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 8, 2001, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been restated and amended since receiving the determination letter. The Plan Administrator and its legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan and the related trust remain qualified and therefore exempt from taxation as of the financial statement date.

NOTE 8 - RELATED PARTY AND PARTIES-IN-INTEREST

The Plan holds investments in the employer's shares of non-publicly traded common stock, which qualifies as a related party. There were no prohibited transactions between the Plan and the Company during the year ended December 31, 2013.

Bensym, Inc. is the record-keeper and custodian of record for the Plan and therefore, qualifies as a party-in-interest to the Plan. Fees paid to the record-keeper from the Company are non-prohibited transactions.

The Trustee to the Plan is also a former employee and an inactive participant eligible to receive earnings on the portion of investments held in their participant account, and to receive certain administrative fees for their services to the Plan, which qualifies them as a related party. These transactions are allowable related party transactions to which the Trustee has no authority or influence. Expenses paid to the Trustee are from the Company.

NOTE 9 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 11, 2014, the date these financial statements were available to be issued for both conditions existing and not existing as of October 11, 2014, and concluded there were no subsequent events to recognize or disclose.
