Independent Auditor's Report

To the Participants of Mueller Group, LLC
Pension Plan for Selected Employees and its
Employee Benefits Administrative Committee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mueller Group, LLC Pension Plan for Selected Employees (the Plan), which comprise the statements of net assets available for benefits at December 31, 2013 and 2012 and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits at January 1, 2013 and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental information, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at Year End) and Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions, at or for the year ended December 31, 2013 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental information.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of the Plan

The accompanying financial statements are those of the Mueller Group, LLC Pension Plan for Selected Employees (the Plan). The Plan is a defined benefit plan covering certain full-time employees of Mueller Group, LLC and its affiliates (the Company) who have met certain requirements as to age and length of service. The Plan is administered by the Employee Benefits Administrative Committee of the Company. A detailed description of the Plan, including vesting and benefit provisions, is available to participants in the published Plan Document.

Contributions and Funding

Employee contributions are not required by the Plan. Contributions made by the Company are accrued based upon amounts required to be funded under provisions of the Employee Retirement Income Security Act of 1974 (ERISA) or, if greater, amounts actually contributed for the year. The Company's contributions met or exceeded the minimum funding requirements of ERISA for the Plan at December 31, 2013 and 2012. Contributions are based upon actuarial estimates of the amounts necessary to provide the Plan with assets sufficient to provide benefits to participants, assuming continued funding of the Plan in a systematic manner. Contributions are funded quarterly, if required, with the final contribution funded in the year subsequent to accrual.

The Company's funding policy has been generally to make sufficient contributions to maintain at least an 80% funded position.

Administration

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits.

The trustee of the Plan is Wells Fargo Bank, N.A. (Wells Fargo or the Trustee) (see Note 4). Wells Fargo receives all contributions made under the Plan, holds Plan assets, manages certain investments of the Plan, pays benefits as directed by the Plan administrator, and assists in the administration of the Plan. Wells Fargo also serves as the intermediary for all asset purchases and redemptions.

The Company utilized the actuarial services of Towers Watson to assist in calculating the actuarial present value of accumulated plan benefits and the amount of funding that the Plan will require year-to-year.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan Document. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are presented as administrative expenses and certain investment related expenses as reductions to investment income in the accompanying statements of changes in net assets available for benefits.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefit payments to participants or beneficiaries are recorded upon distribution.

Investment Valuation and Income Recognition

Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a description of significant accounting policies employed in determining the fair value of investments held by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. In accordance with the policy of stating investments at fair value, net unrealized appreciation and depreciation are aggregated with realized gains and losses on investments held during the year. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of deceased employees and (c) present employees or their beneficiaries. Benefits under the Plan are determined based upon provisions of the Plan Document.

An independent actuary determines the actuarial present value of accumulated plan benefits by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment (after considering decrements such as for death, disability, withdrawal, or early retirement) between the valuation date and the expected date of payment.

Significant actuarial methods and assumptions used in the valuation at January 1, 2013 include the following: (a) assumed net rate of return of 6.75%, net of expenses of approximately 0.49%; (b) Pension Protection Act (PPA) effective interest rate of 6.29%; (c) life expectancy of participants using the prescribed Internal Revenue Code (IRC) RP-2000 mortality tables with separate mortality rates for annuitants and non-annuitants; (d) interest rate valuations using the 24 month average of segment rates without phase-in; and (e) Market Value method for asset valuations.

The foregoing actuarial assumptions are based upon the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Significant actuarial assumptions that changed since the valuation at January 1, 2012, are as follows: assumed net rate of return decreased to 6.75% from 7.00% and the PPA effective interest rate decreased to 6.29% from 6.98%.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that adverse changes in the values of investment securities will occur in the near term and such adverse changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are recorded based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, each of which is subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the financial statements.

Note 3: Tax Status of the Plan

The Internal Revenue Service (IRS) determined, and informed the Plan by a letter dated August 16, 2013, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2013.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010. No provision for income taxes has been included in the Plan's financial statements.

Note 4: Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the following information certified as complete and accurate by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

The following table presents investments at their fair values:

Note 5: Fair Value Measurements

Following is a description of the valuation methodologies used to measure the assets of the Plan at fair value pursuant to the Financial Accounting Standards Board Accounting Standards Codification 820-10, *Fair Value Measurements and Disclosure*:

- Commingled bond funds are valued using the closing price reported in the active market in which the debt is traded. Other commingled bond funds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Commingled bond funds do not have restrictions on redemption and unfunded commitments.

- Commingled equity funds are valued at the closing price reported on the active market when reliable market quotations are readily available. When market quotations are not readily available, the underlying assets of these funds are valued by a method the Trustee of the Plan believes accurately reflects fair value. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Commingled equity funds do not have restrictions on redemption and unfunded commitments.

- Mutual funds are valued at the net asset value of shares held by the Plan at year end, which are based on quoted market prices as provided by the Trustee.

- Cash and short-term securities are valued as determined by the Trustee based on their net asset values and supported by the value of the underlying securities and by the unit prices of actual purchase and sale transactions occurring at or close to the financial statement date.

The Plan values investments in publicly traded securities at fair value based on the last reported sales price on the national securities exchange on which the security is primarily traded on the last business day of the year or, if no sale price exists, at the closing bid price. Securities traded in the over-the-counter market are valued at the last reported bid price on the last business day of the year. Short-term securities are reported at cost, which approximates fair value. Collective investment trust funds are stated at fair value as quoted by the Trustee.

The preceding methods may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Employee Benefits Administrative Committee believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Note 6: Party-in-Interest Transactions

Certain Plan investments are securities managed by the Trustee; therefore, any transactions with the Trustee qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees for management services paid to the Trustee by the Plan are netted against investment income. Net fees paid to the Trustee amounted to approximately $345,000 and $173,000 for the years ended December 31, 2013 and 2012, respectively.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA. In the event the Plan were to terminate, the net assets of the Plan would be allocated generally, as prescribed by ERISA and its related regulations, to provide the following benefits in the order indicated:

(1) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.

(2) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).

(3) All other vested benefits (that is, vested benefits not insured by the PBGC).

(4) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivors' pensions; however, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination; however, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. Whether all participants receive their benefits should the Plan terminate at some future time would depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and might also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

Note 8: Subsequent Events

The Company has evaluated for subsequent events between the Statement of Net Assets Available for Benefits date of December 31, 2013 and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into the financial statements.

SCHEDULE SB ATTACHMENTS

Unpredictable Contingent Event Benefit (UCEB) assumptions None.

Benefit commencement date:

Preretirement death benefit	If the participant would have been eligible for retirement, then immediately following death. Otherwise, the later of the death of the active participant or the date the participant would have attained age 65 (62 if a participant at Anvil Columbia or 63 if a US Pipe hourly participant).
Deferred vested benefit	The later of termination of employment or age 65 (62 if a participant at Anvil Columbia or 63 if a US Pipe hourly participant).
Disability benefit	Upon disablement
Retirement benefit	Upon termination of employment

Form of payment

U.S. Pipe Salaried and Hourly Employees

Participants are assumed to elect a Life Annuity.

Mueller Company Employees

Chattanooga, Part II: Participants are assumed to elect the Temporary Annuity.

Other locations: 50% of active participants are assumed to elect a Single Life Annuity and 50% are assumed to elect a 50% Joint and Survivor benefit.

Anvil Selected Locations, Anvil Longview and Anvil Henderson Employees

50% of active participants are assumed to elect a Single Life Annuity and 50% are assumed to elect a 50% Joint and Survivor benefit.

Anvil Columbia Employees

50% of active participants are assumed to elect a Single Life Annuity and 50% are assumed to elect a 50% Joint and Survivor benefit.

SCHEDULE SB ATTACHMENTS

Percent married	*U.S. Pipe Salaried, U.S. Pipe Hourly, Anvil Longview and Anvil Henderson Employees* For purposes of valuing the pre-retirement surviving spouse's benefit, 85% of eligible participants are assumed to be married. *Mueller Company, Anvil Selected Locations and Anvil Columbia Employees* For purposes of valuing the pre-retirement surviving spouse's benefit, 80% of eligible participants are assumed to be married.
Spouse age	Wife three years younger than husband
Covered pay	Assumed plan compensation for the year beginning on the valuation date was determined as actual gross earnings during the prior year provided by the employer, adjusted at the assumed compensation increase rate.
Future Increases in Maximum Benefits and Plan Compensation Limitations	Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC §415. Plan compensation is limited to the maximum presently allowed under IRC §401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit.
Administrative expenses	The amount included this year for plan-related expenses is $1,818,792. This amount is equal to the 2012 actual expenses, adjusted for the expected difference in PBGC premiums between 2012 and 2013.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the 50% Joint and Survivor form of payment.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.).
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued except the UCEB benefits, as described above, based on discussions with the plan sponsor regarding the likelihood that these benefits will be paid. Towers Watson has reviewed the plan provisions with the plan sponsor and, based on that review, is not aware of any significant benefits required to be valued that were not. The plan pays small benefits (with a present value up to $1,000) in a single lump sum payment and provides the option to elect a single lump sum payment when the present value does not exceed $5,000. Such lump sums are not explicitly valued as such; rather such participants' benefits are valued using the benefit choice assumptions above.

SCHEDULE SB ATTACHMENTS

Changes in assumptions and methods since prior valuation

The segment interest rates used to calculate the funding target and the target normal cost were updated from an applicable month of January 2012 to January 2013 with corridors under MAP-21.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

The assumed plan-related expenses added to the target normal cost were changed from $2,034,110 for 2012 to $1,818,792 for 2013.

The benefit payment forms for Anvil Columbia Employees were updated from 70% of active participants assumed to elect a Single Life Annuity and 30% assumed to elect a 50% Joint and Survivor benefit to 50% of active participants assumed to elect a Single Life Annuity and 50% assumed to elect a 50% Joint and Survivor benefit.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Percent married	*U.S. Pipe Salaried, U.S. Pipe Hourly, Anvil Longview and Anvil Henderson Employees* For purposes of valuing the pre-retirement surviving spouse's benefit, 85% of eligible participants are assumed to be married. *Mueller Company, Anvil Selected Locations and Anvil Columbia Employees* For purposes of valuing the pre-retirement surviving spouse's benefit, 80% of eligible participants are assumed to be married.
Spouse age	Wife three years younger than husband
Covered pay	Assumed plan compensation for the year beginning on the valuation date was determined as actual gross earnings during the prior year provided by the employer, adjusted at the assumed compensation increase rate.
Future Increases in Maximum Benefits and Plan Compensation Limitations	Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC §415. Plan compensation is limited to the maximum presently allowed under IRC §401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit.
Administrative expenses	The amount included this year for plan-related expenses is $1,818,792. This amount is equal to the 2012 actual expenses, adjusted for the expected difference in PBGC premiums between 2012 and 2013.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the 50% Joint and Survivor form of payment.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.).
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued except the UCEB benefits, as described above, based on discussions with the plan sponsor regarding the likelihood that these benefits will be paid. Towers Watson has reviewed the plan provisions with the plan sponsor and, based on that review, is not aware of any significant benefits required to be valued that were not. The plan pays small benefits (with a present value up to $1,000) in a single lump sum payment and provides the option to elect a single lump sum payment when the present value does not exceed $5,000. Such lump sums are not explicitly valued as such; rather such participants' benefits are valued using the benefit choice assumptions above.

SCHEDULE SB ATTACHMENTS

Changes in assumptions and methods since prior valuation

The segment interest rates used to calculate the funding target and the target normal cost were updated from an applicable month of January 2012 to January 2013 with corridors under MAP-21.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

The assumed plan-related expenses added to the target normal cost were changed from $2,034,110 for 2012 to $1,818,792 for 2013.

The benefit payment forms for Anvil Columbia Employees were updated from 70% of active participants assumed to elect a Single Life Annuity and 30% assumed to elect a 50% Joint and Survivor benefit to 50% of active participants assumed to elect a Single Life Annuity and 50% assumed to elect a 50% Joint and Survivor benefit.

Summary of Principal Plan Provisions

Plan Sponsor

United States Pipe and Foundry Company LLC

Plan

Pension Plan for Salaried Employees of U.S. Pipe and Foundry Company – Plan 101

Effective Date and Most Recent Amendment

The plan was originally effective September 1, 1971. Effective December 31, 2009, the Plan was merged with six other pension plans in the plan sponsor's controlled group. Effective January 1, 2010, the Plan was amended and restated.

Plan Year

The twelve-month period ending December 31st.

Coverage and Participation

United States Pipe and Foundry Company and any affiliate or division adopting the plan.

All salesmen employed on a salaried or commission basis or salaried employees of participating employers as of January 1 or July 1 next following the attainment of age 21 and the completion of six months of service. No new participants or rehires are allowed after January 1, 2008.

Credited and Vesting Service

Service consists of all periods of continuous employment. Periods of temporary illness, layoff, and leaves of absence will be counted as service to the extent provided by the provisions of the plan.

Service prior to the participation date for the employee's employer shall be credited pursuant to various predecessor Plan guarantees, generally in accordance with the predecessor Plans then in effect.

Credited service for any participant who had not attained age 55 as of December 31, 2007 was frozen as of December 31, 2007. Credited service for participants at least age 55 on that date will continue to accrue until December 31, 2017.

SCHEDULE SB ATTACHMENTS

Final Average Monthly Compensation

Average Monthly Compensation is the total annual compensation during the highest consecutive 5 of the last 10 completed calendar years of service prior to retirement, divided by 60. Compensation in the year of retirement will be substituted for the proportionate compensation in the equivalent part of the first year of such 5-year period if the last 5 years are the highest 5 years and such substitution produces a higher average.

Final Average Monthly Compensation for any participant who had not attained age 45 as of December 31, 2007 was frozen as of that date. Final Average Monthly Compensation for participants who were at least age 45 on that date will continue to accrue until December 31, 2017.

Accrued Benefit

The sum of (1), (2), and (3) below:

1) The Base Percentage multiplied by the lesser of Average Monthly Compensation multiplied by years of Benefit Service less than or equal to 35, plus

2) 1.475% of Average Monthly Compensation in excess of Covered Compensation multiplied by years of Benefit Service less than or equal to 35, plus

3) 1.475% of Average Monthly Compensation multiplied by years of Benefit Service in excess of 35.

The Base Percentage is 0.975% for employees born before 1938, 1.000% for employees born from 1938 through 1954, and 1.025% for employees born after 1954. Other minimum benefits exist but are no longer valued because the formula above generates the greatest benefit.

The monthly benefit is determined considering Compensation and Covered Compensation at the date of separation, but using the amount of Credited Service the employee would have had if he had continued to work until Normal Retirement Date, and the result of this calculation is then multiplied by a fraction, the numerator of which is the employee's length of Credited Service at separation date and the denominator of which is the employee's projected service to Normal Retirement Date.

Normal Retirement Benefit

Normal Retirement Date: Normal Retirement Date is the first day of the month coincident with or next following the attainment of age 65 and five years of Service.

Benefit: Accrued benefit payable at Normal Retirement Date.

SCHEDULE SB ATTACHMENTS

Normal Form of Benefit

Life annuity for single participants and reduced 50% Joint and Survivor annuity with spouse as beneficiary for married participants.

Late Retirement Benefit

Pension determined as for Normal Retirement considering service to Late Retirement Date, with actuarial increases for postponed payment of benefits.

Early Retirement Benefit

Eligibility: An employee may retire when he is 50 years old with 10 years of service and commences his benefit immediately.

Benefit: The benefit is determined as for Normal Retirement benefit. It is then actuarially reduced from age 65 to commencement age.

Rule of 80 Retirement Benefit

An employee may retire when his age plus service totals 80 years or more. The benefit is determined as for Normal Retirement considering Compensation and Covered Compensation at separation date but the amount in Formula (a) (Accrued Benefit) is computed using the amount of service the employee would have had if he had continued to work until Normal Retirement Date, and the result of this calculation is multiplied by a fraction, the numerator of which is the employee's length of Benefit Service at Early Retirement Date and the denominator of which is the employee's projected service at Normal Retirement Date. In addition, there are two further modifications to the Formulas: First, the factor of 1.475% which appears twice in Formula (a) (Accrued Benefit) is replaced by the appropriate percentage from the following table:

Age at Retirement	Percentage
60 and older	1.475%
59	1.450%
58	1.425%
57	1.400%
56	1.369%
55	1.341%
54	1.312%
53	1.285%
52	1.258%
51	1.234%
50	1.212%

SCHEDULE SB ATTACHMENTS

Disability Benefit

Vested accrued benefit is payable at normal retirement age.

Vested Benefits Upon Termination of Service

Vesting: Upon termination of employment after 5 years of Service, an employee shall be eligible for a pension commencing at age 65.

Termination Benefit: The monthly benefit is determined as for Normal Retirement considering compensation and Covered Compensation at the date of separation, but the amount in Formula (Accrued Benefit) is computed using the amount of service the employee would have had if he had continued to work until Normal Retirement Date, and the result of this calculation is then multiplied by a fraction, the numerator of which is the employee's length of Benefit Service at separation date and the denominator of which is the employee's projected service to Normal Retirement Date. Employees with 10 years of service may commence benefits as early as age 50 with their benefit actuarially reduced from Normal Retirement Date.

Death Benefits

Eligibility: Participants who have previously elected eligible spouse coverage, die while eligible for an early, normal, late and vested benefits and are married at time of death.

Benefit: The surviving spouse of deceased participant will receive the survivor's portion of a 50% joint and survivor annuity, which is also reduced for the cost of the eligible spouse coverage. Coverage is optional.

Plan

Anvil International, Inc. Pension Plan for Employees at Selected Locations

Effective Date and Most Recent Amendment

Effective December 31, 2009, the Plan was merged with six other pension plans in the plan sponsor's controlled group. The last amendment reflected herein was effective September 1, 2010. Effective January 1, 2010, the Plan was amended and restated.

Plan Year

The twelve-month period ending December 31st.

Coverage and Participation

Members of the Prior Plan on January 1, 2000 shall continue to be Participants of the Plan. For those who were not participants at January 1, 2000, an employee may become a participant of the Plan on the later of the date as of which he/she completes one year of Continuous Service or attains his/her 21st birthday.

Participation was frozen effective September 1, 2010.

Credited Service

For employment prior to January 1, 1974, an employee shall earn one year of Credited Service for each year of employment, computed to include complete calendar months. For employment on or after April 15, 1996, an employee shall earn one year of Credited Service for each year in which the employee completes 1,250 hours of service, plus a prorated amount for each 50 hours of service in years in which the employee completes less than 1,250 hours of service but at least 1,000 hours of service.

SCHEDULE SB ATTACHMENTS

For periods between April 14, 1990 and April 14, 1996, the minimum number of hours for full credit was 1,500; for periods between January 1, 1974 and April 14, 1990, the minimum number of hours for full credit was 1,900. In each case, partial credit was given on a sliding scale for hours of 1,000 or more.

Credited Service was frozen effective September 1, 2010.

Vesting Service

One year of Vesting Service for each calendar year in which the employee completes 1,000 hours of service.

Accrued Benefit

Monthly benefit equal to $28.00 for each year of Credited Service, offset by the benefit accrued in the Prior Plan as of December 31, 1999.

Benefit accruals under the plan ceased as of September 1, 2010.

Normal Retirement Benefit

Normal Retirement Date: For participants who complete an hour of service on or after January 1, 2000, end of the month in which the Participant attains age 65.

Benefit: Accrued benefit payable at Normal Retirement Date.

Late Retirement Benefit

Pension determined as for Normal Retirement considering service to Late Retirement Date, with actuarial increases for postponed payment of benefits.

Early Retirement Benefit

Eligibility: Age 55 and 15 years of Vesting Service.

Benefit: Determined as for Normal Retirement based on Credited Service to Early Retirement Date, reduced for each additional year that commencement precedes Normal Retirement Date so that the resulting pension benefit is the actuarial equivalent value of the Normal Retirement Benefit, using the UP-1984 Mortality Table and an interest rate of 7-1/2%.

SCHEDULE SB ATTACHMENTS

The early retirement benefit shall be unreduced for early commencement if:

1) A participant has completed at least one hour of service on or after April 11, 1990, has attained age 60 and has completed 30 years of continuous service.

2) A participant has completed at least one hour of service on or after April 11, 1993, has attained age 58 and has completed 30 years of continuous service.

3) A participant has completed at least one hour of service on or after April 15, 2001, has attained age 55 and has completed 30 years of continuous service.

Vested Benefits Upon Termination of Service

Vesting: Termination for reasons other than death or retirement after completing 5 years of Continuous Service.

Benefit: Determined as for Normal Retirement, but based on Credited Service to date of termination. This benefit is payable at Normal Retirement Date, or upon an Early Retirement Date no earlier than age 55 with a reduction equal to the actuarial equivalent of the Normal Retirement Benefit for the time period that commencement precedes Normal Retirement.

Death Benefits for Participants in Active Service or With a Deferred Vested Benefit

Eligibility: Death in active service with entitlement to any retirement benefit, or after termination of employment with entitlement to a deferred vested pension.

Benefit: The surviving spouse of deceased participant will receive the survivor's portion of a 50% joint and survivor annuity.

United States Pipe and Foundry Company LLC

Plan

Pension Plan for Salaried Employees of U.S. Pipe and Foundry Company – Plan 101

Effective Date and Most Recent Amendment

The plan was originally effective September 1, 1971. Effective December 31, 2009, the Plan was merged with six other pension plans in the plan sponsor's controlled group. Effective January 1, 2010, the Plan was amended and restated.

Plan Year

The twelve-month period ending December 31st.

Coverage and Participation

United States Pipe and Foundry Company and any affiliate or division adopting the plan.

All salesmen employed on a salaried or commission basis or salaried employees of participating employers as of January 1 or July 1 next following the attainment of age 21 and the completion of six months of service. No new participants or rehires are allowed after January 1, 2008.

Credited and Vesting Service

Service consists of all periods of continuous employment. Periods of temporary illness, layoff, and leaves of absence will be counted as service to the extent provided by the provisions of the plan.

Service prior to the participation date for the employee's employer shall be credited pursuant to various predecessor Plan guarantees, generally in accordance with the predecessor Plans then in effect.

Credited service for any participant who had not attained age 55 as of December 31, 2007 was frozen as of December 31, 2007. Credited service for participants at least age 55 on that date will continue to accrue until December 31, 2017.

SCHEDULE SB ATTACHMENTS

Final Average Monthly Compensation

Average Monthly Compensation is the total annual compensation during the highest consecutive 5 of the last 10 completed calendar years of service prior to retirement, divided by 60. Compensation in the year of retirement will be substituted for the proportionate compensation in the equivalent part of the first year of such 5-year period if the last 5 years are the highest 5 years and such substitution produces a higher average.

Final Average Monthly Compensation for any participant who had not attained age 45 as of December 31, 2007 was frozen as of that date. Final Average Monthly Compensation for participants who were at least age 45 on that date will continue to accrue until December 31, 2017.

Accrued Benefit

The sum of (1), (2), and (3) below:

1) The Base Percentage multiplied by the lesser of Average Monthly Compensation multiplied by years of Benefit Service less than or equal to 35, plus

2) 1.475% of Average Monthly Compensation in excess of Covered Compensation multiplied by years of Benefit Service less than or equal to 35, plus

3) 1.475% of Average Monthly Compensation multiplied by years of Benefit Service in excess of 35.

The Base Percentage is 0.975% for employees born before 1938, 1.000% for employees born from 1938 through 1954, and 1.025% for employees born after 1954. Other minimum benefits exist but are no longer valued because the formula above generates the greatest benefit.

The monthly benefit is determined considering Compensation and Covered Compensation at the date of separation, but using the amount of Credited Service the employee would have had if he had continued to work until Normal Retirement Date, and the result of this calculation is then multiplied by a fraction, the numerator of which is the employee's length of Credited Service at separation date and the denominator of which is the employee's projected service to Normal Retirement Date.

Normal Retirement Benefit

Normal Retirement Date: Normal Retirement Date is the first day of the month coincident with or next following the attainment of age 65 and five years of Service.

Benefit: Accrued benefit payable at Normal Retirement Date.

SCHEDULE SB ATTACHMENTS

Normal Form of Benefit

Life annuity for single participants and reduced 50% Joint and Survivor annuity with spouse as beneficiary for married participants.

Late Retirement Benefit

Pension determined as for Normal Retirement considering service to Late Retirement Date, with actuarial increases for postponed payment of benefits.

Early Retirement Benefit

Eligibility: An employee may retire when he is 50 years old with 10 years of service and commences his benefit immediately.

Benefit: The benefit is determined as for Normal Retirement benefit. It is then actuarially reduced from age 65 to commencement age.

Rule of 80 Retirement Benefit

An employee may retire when his age plus service totals 80 years or more. The benefit is determined as for Normal Retirement considering Compensation and Covered Compensation at separation date but the amount in Formula (a) (Accrued Benefit) is computed using the amount of service the employee would have had if he had continued to work until Normal Retirement Date, and the result of this calculation is multiplied by a fraction, the numerator of which is the employee's length of Benefit Service at Early Retirement Date and the denominator of which is the employee's projected service at Normal Retirement Date. In addition, there are two further modifications to the Formulas: First, the factor of 1.475% which appears twice in Formula (a) (Accrued Benefit) is replaced by the appropriate percentage from the following table:

Age at Retirement	Percentage
60 and older	1.475%
59	1.450%
58	1.425%
57	1.400%
56	1.369%
55	1.341%
54	1.312%
53	1.285%
52	1.258%
51	1.234%
50	1.212%

SCHEDULE SB ATTACHMENTS

Disability Benefit

Vested accrued benefit is payable at normal retirement age.

Vested Benefits Upon Termination of Service

Vesting: Upon termination of employment after 5 years of Service, an employee shall be eligible for a pension commencing at age 65.

Termination Benefit: The monthly benefit is determined as for Normal Retirement considering compensation and Covered Compensation at the date of separation, but the amount in Formula (Accrued Benefit) is computed using the amount of service the employee would have had if he had continued to work until Normal Retirement Date, and the result of this calculation is then multiplied by a fraction, the numerator of which is the employee's length of Benefit Service at separation date and the denominator of which is the employee's projected service to Normal Retirement Date. Employees with 10 years of service may commence benefits as early as age 50 with their benefit actuarially reduced from Normal Retirement Date.

Death Benefits

Eligibility: Participants who have previously elected eligible spouse coverage, die while eligible for an early, normal, late and vested benefits and are married at time of death.

Benefit: The surviving spouse of deceased participant will receive the survivor's portion of a 50% joint and survivor annuity, which is also reduced for the cost of the eligible spouse coverage. Coverage is optional.

Optional Forms of Retirement Income in Lieu of Normal Form

1) Life Annuity

2) 50% Joint & Survivor Annuity

3) 75% Joint & Survivor Annuity

4) 100% Joint & Survivor Annuity

5) 120 month Certain and Life Option

6) Social Security Level Income Option

Anvil International LP

Plan

Anvil International, Inc. Pension Plan for Employees at Selected Locations

Effective Date and Most Recent Amendment

Effective December 31, 2009, the Plan was merged with six other pension plans in the plan sponsor's controlled group. The last amendment reflected herein was effective September 1, 2010. Effective January 1, 2010, the Plan was amended and restated.

Plan Year

The twelve-month period ending December 31st.

Coverage and Participation

Members of the Prior Plan on January 1, 2000 shall continue to be Participants of the Plan. For those who were not participants at January 1, 2000, an employee may become a participant of the Plan on the later of the date as of which he/she completes one year of Continuous Service or attains his/her 21st birthday.

Participation was frozen effective September 1, 2010.

Credited Service

For employment prior to January 1, 1974, an employee shall earn one year of Credited Service for each year of employment, computed to include complete calendar months. For employment on or after April 15, 1996, an employee shall earn one year of Credited Service for each year in which the employee completes 1,250 hours of service, plus a prorated amount for each 50 hours of service in years in which the employee completes less than 1,250 hours of service but at least 1,000 hours of service.

SCHEDULE SB ATTACHMENTS

For periods between April 14, 1990 and April 14, 1996, the minimum number of hours for full credit was 1,500; for periods between January 1, 1974 and April 14, 1990, the minimum number of hours for full credit was 1,900. In each case, partial credit was given on a sliding scale for hours of 1,000 or more.

Credited Service was frozen effective September 1, 2010.

Vesting Service

One year of Vesting Service for each calendar year in which the employee completes 1,000 hours of service.

Accrued Benefit

Monthly benefit equal to $28.00 for each year of Credited Service, offset by the benefit accrued in the Prior Plan as of December 31, 1999.

Benefit accruals under the plan ceased as of September 1, 2010.

Normal Retirement Benefit

Normal Retirement Date: For participants who complete an hour of service on or after January 1, 2000, end of the month in which the Participant attains age 65.

Benefit: Accrued benefit payable at Normal Retirement Date.

Late Retirement Benefit

Pension determined as for Normal Retirement considering service to Late Retirement Date, with actuarial increases for postponed payment of benefits.

Early Retirement Benefit

Eligibility: Age 55 and 15 years of Vesting Service.

Benefit: Determined as for Normal Retirement based on Credited Service to Early Retirement Date, reduced for each additional year that commencement precedes Normal Retirement Date so that the resulting pension benefit is the actuarial equivalent value of the Normal Retirement Benefit, using the UP-1984 Mortality Table and an interest rate of 7-1/2%.

SCHEDULE SB ATTACHMENTS

The early retirement benefit shall be unreduced for early commencement if:

1) A participant has completed at least one hour of service on or after April 11, 1990, has attained age 60 and has completed 30 years of continuous service.

2) A participant has completed at least one hour of service on or after April 11, 1993, has attained age 58 and has completed 30 years of continuous service.

3) A participant has completed at least one hour of service on or after April 15, 2001, has attained age 55 and has completed 30 years of continuous service.

Vested Benefits Upon Termination of Service

Vesting: Termination for reasons other than death or retirement after completing 5 years of Continuous Service.

Benefit: Determined as for Normal Retirement, but based on Credited Service to date of termination. This benefit is payable at Normal Retirement Date, or upon an Early Retirement Date no earlier than age 55 with a reduction equal to the actuarial equivalent of the Normal Retirement Benefit for the time period that commencement precedes Normal Retirement.

Death Benefits for Participants in Active Service or With a Deferred Vested Benefit

Eligibility: Death in active service with entitlement to any retirement benefit, or after termination of employment with entitlement to a deferred vested pension.

Benefit: The surviving spouse of deceased participant will receive the survivor's portion of a 50% joint and survivor annuity.
