INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Tyco Electronics Corporation Retirement
Savings and Investment Plan
Harrisburg, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tyco Electronics Corporation Retirement Savings and Investment Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Northern Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – PLAN DESCRIPTION

The following description of the Tyco Electronics Corporation Retirement Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is available to all regular (non-agency or non-student/coop/temp) employees of Tyco Electronics Corp and affiliated companies named in Appendix 3 of the Plan document (the Companies) who have attained the age of 18. The Plan was originally effective June 29, 2007 and most recently restated effective December 31, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 1, 2012, a division of the Companies, ELO Touch, was sold to Gores Capital Partners III, L.P. and the employees of this division were terminated from the Company effective the date of sale, however they remained on the Company's payroll for approximately 90 days following the date of sale as part of a Transition Services Agreement (TSA). Upon termination, these employees had the option to take a total distribution from the Plan, or leave their account balance in the Plan and it would be converted to The Gores Group, LLC 401(k) Plan at the end of the TSA. These participants were able to take a distribution of their account until the conversion blackout began at 4pm on August 29, 2012. On September 4, 2012, the participant balances of \$13,808,732 and participant loans of \$380,631 were transferred out of the Plan to The Gores Group, LLC 401(k) Plan.

Effective January 23, 2013, the net assets of the Elcon Products 401(k) Plan were merged into the Plan. Assets that subsequently transferred into the Plan totaled \$343,920.

Effective February 14, 2013, the net assets of the Madison Cable Corporation 401(k) Retirement Savings Plan were merged into the Plan. Assets that subsequently transferred into the Plan totaled \$5,506,873.

Effective March 1, 2013, the net assets of the Deutsch Engineered Connecting Devices, Inc. Personal Savings Plan were merged into the Plan. Assets that subsequently transferred into the Plan totaled \$48,911,715. Effective January 1, 2013, the Plan was amended to allow eligible employees of Deutsch Products to participate in the Plan.

Contributions

Effective January 1, 2012, eligible employees will automatically be enrolled in the Plan as a participant contributing 5% of compensation unless the eligible employee declines participation or enrolls at a different contribution percentage. Participants who are not highly compensated may make tax deferred contributions of up to 35% of their annual base compensation on a before-tax or after-tax basis or a combination of the two, subject to any restrictions imposed by the Internal Revenue Code (IRC) as defined in the Plan. Highly compensated employees are limited to 12% of eligible compensation on a before tax basis and 3% on an after tax basis or \$15,500, whichever amount is less. Highly compensated employees eligible for the Companies non-qualified plan (Supplemental Savings and Retirement Plan) are limited to 12% on a before-tax basis, subject to any restrictions imposed by the IRC as defined in the Plan. They are not eligible to make after tax contributions. Employees 50 years or older may elect to defer additional amounts (catch-up contributions) to the Plan, also subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Contributions (continued)

The Companies will make a matching contribution for all participants in the Plan according to the following schedule:

Years of Service	If Participant Contributes	Company Contributions
0-9	1%	5%
10-19	2%	6%
20-24	3%	7%
25-29	4%	8%
30 or more	5%	9%

The Companies will contribute a transition benefit for certain employees whose pensions have been frozen and are still employed by the Companies at the end of the plan year unless they terminated due to death, disability, or normal retirement at the age of 55. These are employees who were participants in the AMP Incorporated Pension Plan (AMP) that was frozen effective December 31, 1999, and the Raychem Corporation Pension Plan (Raychem) that was frozen effective July 31, 2000.

In order to be eligible for the AMP transition benefit, employees must have met the following requirements:

1. Been an active employee of AMP on December 31, 1999,
2. Been an eligible participant of the AMP Incorporated Pension Plan on December 31, 1999
3. Had not received a payment of their total vested accrued benefit from the AMP Pension Plan
4. Had to be an active employee of Tyco on December 31, 2000, attained age 40, and completed 10 years of service as of December 31, 1999.

The transition benefit percentage is then determined based on employee age on December 31, 1999.

In order to be eligible for the Raychem transition benefit, employees must have met the following requirements:

1. Been an active employee of Raychem on July 31, 2000,
2. Been eligible participant of the Raychem Corporation Pension Plan on that date,
3. Had not received a payment of their total vested accrued benefit from the Raychem Pension Plan,
4. Had to be an active employee of Tyco on December 31, 2000, attained age 40, and completed 10 years of service as of July 31, 2000.

The transition benefit formula is 1% of pay plus 0.2% of pay multiplied by age at hire date minus 25.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Contributions (continued)

Active legacy ADC Telecommunications, Inc. employees who participated in the ADC Telecommunications, Inc. Pension Plan (Pension Plan) on January 5, 1998, also receive an annual transition benefit contribution into the Plan account if they met the Rule of 55 or the Rule of 60 as of December 31, 1997, and were credited with at least 10 years of service in the Pension Plan as of that date. A participant met the Rule of 55 if the sum of the participant's age and vesting service under the Pension Plan as of December 31, 1997, equaled at least 55 but less than 60. Annual contributions for participants who met the Rule of 55, range from 0% to 6% of their recognized compensation for the plan year and were determined based on their age as of December 31 of the plan year. A participant met the Rule of 60 if the sum of the participant's age and years of vesting service under the Pension Plan as of December 31, 1997, equaled 60 or more. Annual contributions for participants who met the Rule of 60 ranged from 0% to 9% of their eligible compensation for the plan year and are based on their age as of December 31 of the plan year. Eligible participants who terminate prior to December 31 of a plan year are credited with a partial-year contribution based on their age at termination and their recognized compensation from January 1 until the last day of the month in which their employment was terminated.

In addition, there is a special pension supplement contribution for former employees of Tyco Submarine Systems, Ltd. (TSSL). Former "AT&T Employees" are former TSSL employees who were employed by AT&T on June 30, 1997 and became employed by TSSL on July 1, 1997, and who met the requirements for active participation in the AT&T Management Pension Plan on June 30, 1997 or previously met such requirements and would have participated actively in the AT&T Management Pension Plan as of such date. This also includes TSSL employees who were employed by AT&T on June 30, 1997 and became employed by TSSL on July 1, 1997, and who met the requirements for active participation in the AT&T Management Pension Plan on June 30, 1997 or previously met such requirements and would have participated actively in the AT&T Management Pension Plan as of such date. To receive this contribution, the employee must be employed by TSSL on the last day of the plan year unless terminated due to retirement (attained age 55), death, disability, or transfer from TSSL to one of the Companies. The contribution shall be equal to the greater of the "employees vested benefit percentage multiplied by employees pay for the plan year plus the lesser of the employees vested benefit percentage or 5.7% multiplied by the excess of such employees pay for the plan year over the taxable wages base for the plan year", or "one percent of the employees eligible compensation for the year".

For the years ended December 31, 2013 and 2012, the Companies contributed \$56,904,996 and \$55,871,003 to the Plan, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies contribution, and an allocation of Plan earnings, and is charged with administrative fees. Allocations are based on participant compensation, participant earnings, account balances, or specific participant transactions, as defined. Participants are entitled to the benefit that can be provided from the participant's vested account. Accounts are participant directed.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Companies' contribution portion of their accounts plus actual earnings after three years of vesting service or upon reaching age 55. Participants become fully vested in the Companies' contributions upon death, total disability, normal retirement of the participant, termination due to a reduction in force and business separation or the termination of the Plan. The Plan permits normal retirement at age 55 except for participants subject to the CII collective bargaining agreement who reach the normal retirement age at age 65. Participants are 100% vested in transition benefit contributions at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loans are treated as transfers from the investment funds to the participant loan fund. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. Interest rates ranged from 3.25% to 10.50% during 2013 and 2012. Loans are repaid through payroll deductions based upon an established amortization schedule.

Payment of Benefits

Upon termination a participant with a vested balance of less than \$1,000 will receive a lump sum distribution. Participants or their beneficiaries who have a balance greater than \$1,000 may elect to receive the total vested balance in a lump sum distribution or may leave the balance in the Plan until minimum distribution is required. Active participants may withdraw voluntary contributions from their accounts for reason of financial hardship under specific guidelines set forth in the Plan and for participants who have reached the age of 59 ½.

Forfeitures

Upon termination of employment for reasons other than a distributable event, nonvested contributions and related investment earnings are forfeited at the time of termination. Nonvested forfeitures may be used to reduce expenses or matching contributions. During 2013 and 2012, forfeitures used to reduce Company matching contributions totaled \$0 and \$1,146,612, respectively. During 2013 and 2012, forfeitures used to reduce plan expenses totaled \$316,355 and \$726,512, respectively. At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$1,338,658 and \$888, respectively.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Investment Options

Plan participants are able to direct the investment of their Plan holdings (employer and employee contributions) into various investment options offered under the Plan on a daily basis. The Tyco Electronics Corporation Investment Committee acts as a named fiduciary of the Plan and is responsible for the selection of investment fund managers to manage investment funds. Four of the options available to participants are separate accounts created specifically for participants in the Plan. These accounts are the RS Mid-Cap Equity Fund, FMA Small Cap Value Equity, WAMCO Intermediate Bond Fund, and Arrowstreet Capital, Limited Partnership – International Equity Strategy Separate Account. Since these accounts are not registered investments, and the Plan owns the underlying assets, these underlying assets are presented in the schedule of assets held and for fair value in Note 5.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid. Plan assets allocated to the accounts of persons whose distributions checks have been processed, but have not withdrawn from the Plan approximates \$3,564,000 and \$1,968,891 at December 31, 2013 and 2012, respectively.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Expenses for participant loans, qualified domestic relations orders, and hardship withdrawal transactions are paid by the participant by reducing the participant's account balance. Participants are charged a flat fee for record keeping services. Other expenses (generally including communications, legal, consulting, trustee and audit fees) incurred in the administration of the Plan are offset against forfeitures to the extent possible or paid by the Companies. Certain investment and recordkeeping fees are offset against investment income. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2014, the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENTS

Investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Northern Trust Company, the trustee of the Plan.

NOTE 4 – INVESTMENTS (CONTINUED)

During the years ended December 31, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2013</u>	<u>2012</u>
Registered investment companies	\$ 345,242,611	\$ 193,692,648
Commingled equity funds	94,777	42,715
Other	<u>25,770,227</u>	<u>1,983,796</u>
Total	<u><u>\$ 371,107,615</u></u>	<u><u>\$ 195,719,159</u></u>

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Management reviewed the classification of investments and identified some target date investments which were classified as commingled equity funds which should have been classified as commingled bond funds. These classifications have been updated as of December 31, 2013, and 2012.

TYCO ELECTRONIC CORPORATION RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

U.S. and non-U.S. equity securities: valued at the closing price reported on the stock exchange on which the individual securities are traded.

Commingled equity funds: pooled investments in multiple equity-type securities. Fair value is calculated as the closing price of the underlying investments, an observable market condition, divided by the number of shares of the fund outstanding.

Government and corporate bonds: marked to fair value based on quoted market prices or market approach valuation models using observable market data such as quotes, spreads and data points for yield curves.

Commingled bond funds: pooled investments in multiple debt-type securities. Fair value is calculated as the closing price of the underlying investments, an observable market condition, divided by the number of shares of the fund outstanding.

Structured products: includes collateralized obligations, and mortgage- and asset-backed securities. These fixed income securities are valued using institutional bid evaluations in which pricing vendors use models to arrive at an estimated price. The inputs to these models are considered to be observable, market-based data.

Other investments: primarily comprised of derivatives and short-term investments, which are marked to fair value using models that are supported by observable market based data.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value for certain financial instruments could result in a different fair value measurement at the reporting date.

The Wellington Trust Company, NA, CIF II Wellington Trust Target Date Portfolios invest primarily in other Wellington Trust Company, NA Portfolios (the Underlying Portfolios). Each Underlying Portfolio has its own investment objective and respective benchmark. The funds' objectives are to provide long-term total return in excess of a Composite Index by investing principally in the portfolio, which has the same objective. The Composite Index is a blend of benchmarks based on the Underlying Portfolios, which invests in varying percentages of equity, fixed income and cash positions. The Composite Index changes over time in relation to the portfolio's asset allocation.

The Index funds seek to track the investment results of an index composed of small-capitalization U.S. equities.

The large value fund seeks to provide long-term capital appreciation and income.

The growth fund seeks capital appreciation.

The moderate allocation seeks long-term capital appreciation and income.

The bond funds seek current income with capital appreciation and growth income.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire accounts.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Fees expensed for Aon Hewitt, the record keeper of the Plan during the years ended December 31, 2013 and 2012, were \$1,659,942 and \$512,055, respectively. Fees expensed for Northern Trust Company, the trustee of the Plan during the years ended December 31, 2013 and 2012, were \$264,734 and \$630,557, respectively. These transactions qualify as party-in-interest transactions as defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others.

In addition, certain members of the Plan Administrative Committee are participants in the Plan.

NOTE 8 – TAX STATUS

The IRS has determined and informed the Company by a letter dated September 30, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
