ROBBINS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2013 and 2012

1. PLAN DESCRIPTION

General - The Robbins Retirement Savings Plan (the "Plan") is a defined contribution plan which was established effective July 1, 1993. The Plan was restated as of November 30, 2007 when the plan sponsor changed ownership. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). Major provisions of the Plan are listed below for general information purposes only. Participants should refer to the plan agreement for more complete information. During 2011 the Company adopted an amendment to reflect recent law changes (HEART and WRERA).

The sponsor and administrator of the Plan is Robbins LLC (the "Company"). The Plan's trustees are two officers of the Company.

Participation - All employees, except commission sales people, who have been employed for six months (minimum of 1,000 hours) are eligible to participate in the Plan. Employees may enter the Plan quarterly on January 1, April 1, July 1, or October 1 after becoming eligible.

Contributions - Contributions to the Plan are made by both the Company and participants. Investment options are participant-directed under the Plan. A participant may contribute, through a salary deferral agreement, an amount of 2% to 100% of the participant's annual compensation and up to 100% of any bonuses as defined by the Plan and within the IRS limits. The balance in this account is fully vested and may not be forfeited for any reason. All contributions are cash.

The Company matches fifty-percent of the participant's contribution up to four-percent of the salary that is deferred. The matching company contribution is allocated among the participant-directed investment options. Net income or loss of the Plan is allocated to each participant's account in the ratio of the participant's account balance to the total participants' account balances.

Vesting - In December 2012, the Company signed an amendment changing the vesting to 100% upon entering the plan.

Forfeitures - Forfeitures of nonvested employer contribution amounts will be used to reduce future contributions of the Company. At December 31, 2013 and 2012, there were no forfeitures.

Plan Termination - In the event of termination of the Plan, all of the amounts credited to the participant's account become fully vested and nonforfeitable. The plan administrator will then direct the custodian to distribute the assets of the Plan to the respective participants in accordance with a method defined by the Plan.

Accounts Receivable - Accounts receivable consist of contributions due from the employee and employer that have not been received at December 31. Contributions receivable at December 31, 2013 and 2012 were \$0 and \$(10,713), respectively.

Payment of Benefits - If a participant's employment with the Company ends at or after he or she reaches 65 years of age, the participant is entitled to receive the entire amount of his or her individual account. Whenever a participant dies while employed by the Company, the amount held for his or her benefit is distributed to the designated beneficiary. When a participant's employment is terminated for any reason other than retirement at 65 years of age, death, or disability, then he or she will be entitled to the total amount of his or her salary deferral account and the vested portion of his or her employer contribution account. Benefits are paid according to either of the following methods of distribution: (1) a lump sum or (2) periodic payments of substantially equal amounts for a specified number of years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared under the accrual method of accounting.

Valuation of Investments - The Plan's investments are pooled investments held under agreement with ING Life Insurance and Annuity Company (VOYA Retirement Insurance and Annuity Company after April of 2014). These separate accounts report the change in market value from year to year as gains or losses for the pooled separate accounts.

Administrative Expenses - Administrative expenses consist primarily of the custodial costs of servicing the Plan. During the year ended December 31, 2013, significant administrative costs were absorbed by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments - The Plan's assets are primarily stated at fair value. Unrealized appreciation or depreciation in the fair value of investments held at year-end and realized gains or losses on sales of investments during year are determined using the beginning of the year fair value or purchase price if acquired subsequent to that date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All investments are participant directed and are held by ING Life Insurance and Annuity Company.

Investment Options - Upon enrollment in the Plan, a participant may direct employee and employer contributions in the wide range of retirement options made available by ING Life Insurance and Annuity Company. The investment options available to the participants range from conservative to aggressive.

Date of Management's Review - Subsequent events were evaluated through October 15, 2014, which is the date the financial statements were available to be issued. The Company was purchased by Hexpol in November 2012. In November 2013, the Trustees agreed to freeze the Plan in January 2014, which is when the Company transferred the funds into the Hexpol Retirement Savings Plan. Per the Plan Amendment, the termination date of the Robbins Retirement Savings Plan is March 1, 2014.

3. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated October 18, 1995 stating the Plan as currently designed is being operated in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. RELATED-PARTY TRANSACTIONS

All investments are managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the plan administrator for investment management services amounted to \$5,250 for the year ended December 31, 2013.

5. FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 or 3 inputs were used when Level 1 inputs were not available.

Level 2 Fair Value Measurement

The fair values are based on inputs rather than quoted prices within Level 1 that are observed for the asset, either directly or indirectly.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

December 31, 2013	Fair Value Measurements Using: Significant Other Observable Inputs	
	Fair Value	Level 2
Separate accounts	\$ 3,194,396	3,194,396

6. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2013 and 2012, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Investments that represent 5% or more of the net assets are separately identified.
