NOTE 1 - PLAN DESCRIPTION

The following description of the Oakland Nursery, Inc. Employees' 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established with an effective date of January 1, 2000. The Plan is a defined contribution plan covering substantially all employees of Oakland Nursery, Inc. (the Company) who have completed one year of service and at least 1,000 hours and are age 20 or older. Eligible employees enter the Plan on the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective February 2002, the Plan was amended to reflect certain provisions of the Economic Growth & Tax Relief Reconciliation Act of 2001 (EGTRRA).

Contributions
Each year, participants may contribute up to the maximum percentage of their compensation allowable, not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. Participants may change the allocation of these funds daily. Effective January 1, 2007, the Plan adopted safe harbor 401(k) provisions, which requires employer matching contributions of 100% of the first 3% of participant deferrals and 50% of the next 2% of participant deferred compensation.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are 100% vested in their salary reduction and rollover contributions, the Company's "safe harbor" contributions and the Company's qualified non-elective contributions plus actual earnings thereon. Participants are 100% vested in all safe harbor contributions. Vesting in the Company's non "safe harbor" contribution portion of their accounts is based on years of credited service. A participant is 100% vested after six years of credited service. Upon retirement, death or disability, participants become 100% vested in their account.

Participant Loans
Participants may not borrow from their fund accounts.

Payment of Benefits
On termination of service due to death, disability, retirement or attainment of age 59-1/2 (in-service distribution), a participant or his/her beneficiary will receive a lump sum distribution equal to the value of the participant's vested interest in his/her account.

NOTE 1 - PLAN DESCRIPTION - CONTINUED

Payment of Benefits - Continued
Amounts allocated to accounts of persons who had terminated employment with the plan sponsor were $454,542 and $537,891 at December 31, 2013 and 2012, respectively.

Forfeited Accounts
Forfeitures may be used to reduce employer contributions or pay any Plan expenses. There were no forfeitures at December 31, 2013 and 2012.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the trustees in the preparation of the accompanying financial statements follows:

Basis of Accounting
The financial statements of the Plan have been prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
The units of participation in pooled separate accounts are valued at fair value based upon the market values of the underlying assets in the pooled separate accounts. Purchases and sales of securities are recorded on a trade-date basis.

Net appreciation or depreciation in fair value of investments consists of interest and realized gains or losses and the unrealized appreciation or depreciation on those investments.

Contributions
Participant contributions are recognized when withheld from the participant's pay. Employer contributions are recognized when the Employer makes a commitment for such contributions.

Payment of Benefits
Benefits to participants are recorded when paid.

Administrative Expenses
The Company may pay administrative and trust expenses in whole or in part. All expenses not paid by the Company shall be paid by the Plan. The Company also pays the salaries of the benefits administrators and other personnel who perform services for the Plan as part of their duties. These expenses are not recorded as Plan expenses.

Subsequent Events
The company has evaluated subsequent events through October 13, 2014, the date at which the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31,

	2013	2012

PIMCO Total Return Fund	*	511,422
John Hancock 500 Index Fund	589,975	*

* - investment represented less than 5% in the year indicated

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has received certifications from John Hancock Life Insurance Company, the custodian of the Plan's assets, as to the completeness and accuracy of the investments and related income for the years ended December 31, 2013 and 2012. Such information includes the composition and fair value of the investments reported in the statement of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Pooled Separate Accounts: valued based upon the market values of the underlying assets in the pooled separate accounts

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013:

Pooled Separate Accounts:	Level 1	Level 2	Level 3	Totals

	$ -	$ 8,737,013	$ -	$ 8,737,013

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan obtained its latest determination letter on September 4, 2001, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
