FARNSWORTH GROUP, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - PLAN DESCRIPTION

The following description of the Farnsworth Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by Farnsworth Group, Inc. (Employer) effective October 1, 1984. The Plan covers all employees of Farnsworth Group, Inc. who have attained the age of 21 years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan includes 401(k) accounts for employee and Employer matching contributions, and provides for participant-directed investment accounts through Bank of America, N.A.

Contributions

Employees may make voluntary contributions to the Plan not to exceed 20 percent of their compensation per pay period. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

During 2013 and 2012, the Employer contributed 50 percent of the first 5 percent of eligible compensation that a participant contributes to the Plan.

The Employer may make additional discretionary contributions. The Employer's additional discretionary contributions are allocated to each participant based upon each participant's compensation. During 2013 and 2012, discretionary contributions were 2 percent of each participant's eligible compensation.

The Plan allows for rollover contributions from other retirement plans.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, the Employer's matching contributions, an allocation of Employer discretionary contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting

All participant contributions, rollover contributions, and earnings thereon are immediately 100 percent vested.

Participants become 100 percent vested in the Employer contributions and earnings after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Investment Options

Participants of the Plan elect investment accounts in which their contributions are invested. Twenty-one investment account options are currently in use, comprising various degrees of risk and return.

Payment of Benefits

Upon retirement, disability, death, termination of employment, hardship, and upon the participant reaching the normal retirement age of 59-1/2, participants may receive their distribution in a lump sum or rollover as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

If a terminating participant's vested account balance does not exceed $1,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested balances between $1,000 and $5,000 are rolled into an IRA account in the employee's name if they have not provided direction for distribution. Vested account balances exceeding $5,000 are paid at the participant's discretion, or can be left in the Plan until such time the participant wishes to withdraw it, with the account continuing to share in the trust fund income and losses. Distribution cannot be delayed past April 1 following the year that the participant attains age 70-1/2.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses of the Plan and are used to reduce future Company contributions. At December 31, 2013 and 2012, the Plan had $120 and $1,096, respectively, of forfeitures that had not been applied. For the years ended December 31, 2013 and 2012, the Plan applied $38,908 and $9,937, respectively, of forfeitures to reduce administrative expenses of the Plan and Employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, then the participant note balance is reduced and a benefit payment is recorded.

Contributions

Contributions are accrued in the year in which the contributions are determined to be payable by the Employer.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Common/Collective Trust

Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of September 30, 2013 and 2012:

	Fair Value		Unfunded	Redemption	Redemption
Investment Type	**2013**	**2012**	**Commitments**	**Frequency**	**Notice Period**
Common/Collective Trusts	$ 3,416,351	$ 3,754,446	$ -	Daily	N/A

The collective fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE 4 - INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

NOTE 4 - INVESTMENTS (CONTINUED)

a. Mutual funds, at fair value, common/collective trust, at contract value, and cash as shown in the accompanying statements of net assets available for benefits of $34,354,360 and $28,621,460 for the years ended December 31, 2013 and 2012, respectively.

b. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $643,670 and $525,108 as of December 31, 2013 and 2012, respectively.

d. Interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits of $30,379 and $25,615 for the years ended December 31, 2013 and 2012, respectively.

The Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Mutual funds	3,990,140	711,455
Total	$ 4,027,483	$ 2,520,207

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

NOTE 6 - PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated January 16, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The effects of an uncertain tax position are recognized in the financial statements when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Bank of America, N.A. Bank of America, N.A. is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. On October 1, 2012, the Plan switched from Principal Life Insurance Company (Principal) to Bank of America, N.A. as trustee and third party administrator of the Plan. Fees paid by the Plan to Bank of America, N.A. amount to $2,300 and $800 for the years ended December 31, 2013 and 2012, respectively. Fees paid by the Plan to Principal amount to $3,296 for the year ended December 31, 2012. The Employer pays directly any other fees related to the Plan's operations.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION OF NET ASSETS AVAILABLE FOR BENEFITS WITH FORM 5500
