We were engaged to audit the accompanying financial statements of Watsonville Community Hospital 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified or provided by Variable Annuity Life Insurance Co. (VALIC), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WATSONVILLE COMMUNITY HOSPITAL 401(k) PLAN

Notes to Financial Statements

For the Years Ended December 31, 2013 and 2012

NOTE 1. DESCRIPTION OF PLAN

The following description of the Watsonville Community Hospital 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, covering all hospital employees – except key hospital managers – who are twenty-one years or older and have completed three months of service. Watsonville Community Hospital is the Plan sponsor. Variable Annuity Life Insurance Co. (VALIC) is the Plan Administrator and also holds the assets of the Plan in trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants can contribute up to a maximum of \$17,500 (\$23,000 if over 50 years of age) in 2013 and \$17,000 (\$22,500 if over 50 years of age) in 2012. Rollovers from another plan are allowed. Participants may select an investment account in which contributions will be invested from various funds offered through VALIC. Participants may change their investment options at any time. There are no employer matching contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as appropriate. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The current rate of interest on loans is the Internal Revenue Service's Applicable Federal Rate which is appropriate for the term of the loan; that rate changes from month to month. The balance in the participant's account secures the loans. All balances are due and payable in their entirety upon a participant's termination, retirement or death.

Payment of Benefits: On termination of service, a participant with a vested account balance of greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of his or her account, or annual installments over the life expectancy of the participant. Participants with a vested account balance of \$5,000 or less are paid in a lump sum.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

WATSONVILLE COMMUNITY HOSPITAL 401(k) PLAN

Notes to Financial Statements

For the Years Ended December 31, 2013 and 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (continued): Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013, or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: Certain expenses of maintaining the Plan are paid directly by Watsonville Community Hospital and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WATSONVILLE COMMUNITY HOSPITAL 401(k) PLAN

Notes to Financial Statements

For the Years Ended December 31, 2013 and 2012

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan Sponsor evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<i>Assets at Fair Value as of December 31, 2013</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

NOTE 5. GUARANTEED INVESTMENT CONTRACT WITH VARIABLE ANNUITY LIFE INSURANCE COMPANY

The Plan has entered into a benefit-responsive guaranteed investment contract with Variable Annuity Life Insurance Co. (VALIC). VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$9,362,735 and \$9,089,026, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2 percent for accounts setup after December 1, 2003. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5. GUARANTEED INVESTMENT CONTRACT WITH VARIABLE ANNUITY LIFE INSURANCE COMPANY (Continued)

The average yields earned by the guaranteed investment contract are as follows:

Average yields:		
Based on interest rate credited to participants	2013	2012
Guaranteed	1.50%	2.49%
Short-Term Fixed	1.00%	1.00%
Mult-Year Enhanced	0.00%	0.00%
Fixed Interest Option	2.69%	2.51%

NOTE 6. CERTIFIED INFORMATION

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Variable Annuity Life Insurance Company (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

WATSONVILLE COMMUNITY HOSPITAL 401(k) PLAN

Notes to Financial Statements

For the Years Ended December 31, 2013 and 2012

NOTE 8. TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. PARTY-IN-INTEREST

VALIC is the custodian and administrator of the Plan and, as such, is a party-in-interest. The purchase by the Plan of certain proprietary funds sponsored by VALIC constitutes party-in-interest transactions, which are allowable transactions under the ERISA regulations.

Total increase per Form 5500	<u>\$ 6,417,756</u>	<u>\$ 4,271,956</u>

NOTE 12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 6, 2014, the date the financial statements were available to be issued.

The Plan underwent a Department of Labor (DOL) audit during the past year, and a closing letter was issued on June 12, 2014. The examination resulted in \$4,226 being deposited to the Plan in April, 2014, related to lost earnings for untimely remittances of employee contributions.
