NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

A. DESCRIPTION OF PLAN

The following description of Advanced Pain Care 401(k) & Profit Sharing Plan (the Plan) is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a 401(k) profit sharing plan, formed on January 1, 2004, covering all eligible employees of Advanced Pain Care (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Participation. All employees, except employees covered by a collective bargaining agreement, are eligible to participate in this Plan immediately upon completing 3 months of service of employment with the Company and having attained the age of twenty-one (21).

3. Contributions. All employee contributions are elective deferrals pursuant to a salary reduction up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code (IRC) Sections 401(k), 402(g), 404 and 415. For 2013, a participant's compensation taken into account under the Plan was limited to $255,000 as required by IRC Section 401(a)(17) as amended by OBRA '93. Total elective deferrals are limited to a maximum of $17,500 for plan year ended December 31, 2013. Compensation includes the employees elective contributions.

   Participants age 50 or older, may elect to defer additional amounts, called "catch-up" contributions. The additional amounts may be deferred regardless of any other limitations. The maximum additional contribution amount for plan years ended December 31, 2013 is $5,500.

   Participants may elect to begin salary reduction contributions on the first day of the month coinciding with or next following date requirements are met.

   At its discretion, the Company may make matching contributions. For plan year 2013, the Company matched 25% of employee deferrals, up to a maximum of 4% of their eligible salary.

   Additionally, the Company has the option to make annual contributions for all eligible plan participants employed on the last day of the plan year which must be designated as qualified nonelective contributions (profit sharing contributions). These contributions are allocated in the same ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year, subject to certain limitations required for plan qualification under the Internal Revenue Code. The Company has elected not to make a profit sharing contribution for the plan year ending December 31, 2013.

4. Participant Accounts. Accounting records for individual participant accounts are maintained by a third-party administrator. Each participant account is credited with the participant's income deferral and a portion of the Company's matching contribution. Plan earnings and losses, including realized and unrealized gains and losses, are also allocated to the individual participant accounts. Participants are allowed to direct their investments under the Plan.

5. Vesting. Participants are immediately and fully vested in their salary deferral contributions to the plan plus actual earnings theron. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings theron is based on continuous years of service and is subject to the graduated vesting schedule as follows:

Year of Service	Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5 years or more	100%

6. Forfeitures. Forfeitures of non-vested Company's contribution are used to reduce future Company contributions. During 2013, $4,268 of forfeited participant accounts were used to reduce the Company's contribution. At December 31, 2013, there were $528 of forfeitures that have not been applied to reduce the Company's contributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

A. DESCRIPTION OF PLAN (Continued)

7. Administrative Expenses. All reasonable expenses of administration including, but not limited to, those involved in retaining necessary professional assistance may be paid from the assets of the Plan. The Company may, in its discretion, pay such expenses. The Plan paid administrative and investment fees totaling $2,250 for the plan year ended December 31, 2013.

8. Employee Rollovers. Employee rollovers from other qualified plans are accepted by the Plan for any eligible employee.

9 Payments of Benefits. The Plan does not allow withdrawals of contributions (except rollover contributions) or earnings theron by active employees of the Company, except for hardship distributions and for participants who have attained the age of 59 1/2. Hardship distributions may be received from participant accounts that are 100% vested. The minimum permitted hardship withdrawal is $500. On termination of service due to death, disability or retirement, a participant or his beneficiary may elect to receive an amount equal to the value of his or her account balance, irrespective of the vesting schedule. Upon termination of service, a participant may elect a lump-sum payment or have the payment paid as a direct rollover. An annuity payout option is not available.

10. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant may only have one loan outstanding at any time. Loans are treated as participant directed investments. Loan terms range from 1 to 5 years and are secured by the vested balance in the participant's account. Loans used to purchase a primary residence may be repaid within a period of no more than 30 years. Interest rates are determined at funding using the prime interest rate plus two percent. Principal and interest are paid ratably through payroll period deductions. The interest rates on participant loans outstanding as of December 31, 2013 ranged from 5.25% to 9.25%.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting. The financial statements for the Plan are prepared using the accrual method of accounting.

2. Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition. The Plan's investments are held and maintained by an investment custodian in a pooled separate account which is regulated, supervised and subject to periodic examination by Federal agencies. The Plan investments are valued at the net asset value per share computed for each fund. In the computation of net asset values, securities held by the various funds are valued at prices which equal or approximate market value. Cash equivalents are stated at cost which approximates market value.
   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Risk and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

5. Payment of Benefits. Benefits are recorded when paid.

C. PLAN REVISION, AMENDMENT AND TERMINATION

The Company has revised and/or amended the Plan as deemed necessary to comply with changes in the Federal pension plan statutes and ERISA. Although Advanced Pain Care has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon the full termination of the Plan, the employer shall direct the distribution of the Plan assets to all eligible participants.

D. TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 31, 2008 stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

F. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ACS) 820 regarding *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds : Valued at the net asset value of shares held by the plan at year end.

Collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 407,374	$	$	$ 407,374
Common collective trust fund		347,635		347,635
Total assets at fair value	$ 407,374	$ 347,635	$	$ 755,009

The Plan does not have level 3 assets so a separate table representing the changes in those assets is not presented.
