RICHARDS BUILDING SUPPLY COMPANY PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

Note 1 - Description of Plan

The following description of the Richards Building Supply Company (the "Company") Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service, except certain members of a collective bargaining agreement, non-resident aliens, and certain employees acquired as part of a merger. Entry dates to the plan are quarterly, January 1, April 1, July 1, and October 1. Participants age twenty-one and older are eligible for company contributions, including matching and profit sharing, after the first entry date following one year of employment of at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute, subject to limitations, pre-tax contributions and after-tax ROTH contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions and the Company may contribute a discretionary profit sharing contribution or a qualified non-elective contribution as needed.

For the year ended December 31, 2013, the employer matching contribution was equal to 100% of the employee's elective contribution up to 3% of eligible wages and 50% of the employee's elective contribution between 3% and 7% of eligible wages. For the year ended December 31, 2013, the employer did not authorize any other discretionary contribution. Company contributions are subject to certain limitations. Participants direct the investments of the contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's Contribution and, (b) Plan earnings, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits/Vesting

Participants are immediately vested in their contributions and company qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 % vested after six years of credited service.

Note 1 - Description of Plan (cont.)

Upon termination of service, including termination due to death, disability, or retirement, participants may elect to receive a distribution amount equal to the vested interest in his or her account. Several payment options are available, including lump sum or installment payments, as defined in the Plan document. Participant rollover contributions are available for immediate withdrawal.

Forfeited Accounts

At December 31, 2013 and 2012, the Plan held forfeited non-vested accounts totaling $47,141 and $66,436, respectively. These amounts may be used to reduce future employer matching contributions, pay for certain plan expenses, or allocated to participants in the same manner as employer contributions, as defined in the Plan agreement.

Plan Expenses

Significant expenses incurred in the administration of the Plan are paid for by the Plan. Plan expenses may be paid from available forfeited balances, or allocated to participant accounts. The expenses include, but are not limited to, certain participant account administration fees, Internal Revenue Service annual filing and The Department of Labor annual audit and reporting requirement. Plan expenses recorded for the year ended December 31, 2013 amounted to $51,582.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Assets held in pooled separate accounts are valued using unit values to perform daily account valuations. These unit values are based upon the reported daily net asset values, including dividends and capital gains declared, of the underlying funds less the daily asset management charges, as defined in the custodial agreement.

Assets held in mutual funds are valued daily at their respective market price.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of realized gains or losses, including the allocation of the daily asset management charges, and the unrealized appreciation or depreciation of these investments, as applicable.

Note 2 - Summary of Significant Accounting Policies (cont.)

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820-10, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted market in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques

Note 5 - Fair Value Measurements (cont.)

based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds consist of investments whose fair values are based on the published market values.

Level 2 Fair Value Measurements
The fair value of bank deposits is based on the cash balances on deposit with financial institutions.

Level 3 Fair Value Measurements
The collective investment trust funds consist of investments whose fair values are based on the values of the underlying assets within the fund. These assets include wrap contacts, which utilize insurance-like provisions, are typically underwritten by large insurance companies. The fair values of these funds may be determined by the wrap providers. The following provides further details of the level 3 fair value measurements:

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Collective Investment Trust
December 31, 2013	
Beginning balance	$ 1,693,183
Purchases and acquisitons during the year	632,009
Sales and maturities during the year	(552,007)
Ending Balance	$ 1,773,185

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Internal Revenue Service has determined (March 2008) that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan sponsor and Trustees of the Plan are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Administration of Participant Balances

Participants' accounts are managed by First Midwest Bank under an administrative service agreement. First Midwest Bank, upon obtaining annual census data from the Employer, prepared all the necessary calculations for the Plan to properly comply with existing laws and regulations. This included contribution requirements, necessary allocations to participants' accounts, summaries of participants' account balances, and the necessary compliance testing and reports required by the IRS and Department of Labor.

Note 10 - Return of Excess Contributions

Contributions from participants for 2013 are net of excess deferrals of $10,255 made in 2014 to certain highly compensated participants to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2012, the refunds of excess deferrals amounted to $4,446, are included in the Plan's Statement of Net Assets Available for Benefits as a payable which were distributed in 2013.

Note 11 - Subsequent Events

For the year ended December 31, 2013, the Plan's management has evaluated subsequent events through September 29, 2014, which is the date the financial statements were available to be issued. No subsequent events have been identified that are required to be disclosed at that date.
