NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of Rio Grande Urology, P.A. (Company) 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of Rio Grande Urology, P.A.. The Plan and the Trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustees are responsible for the management of the Plan's assets.

Administration of Plan Assets

The Plan is administered by the Company. The Plan's assets, which consist principally of mutual funds, are held by the custodian of the Plan, John Hancock Life Insurance Company. Contributions are held and managed by the custodian, which invests cash received, interest, and dividend income and makes distributions to participants.

Eligibility

Employees of Rio Grande Urology, P.A. are eligible to participate in the elective deferrals upon hire. Employees of the Company who have completed 1 year of service and have reached the age of 21 are eligible to participate in the safe harbor non-elective contribution. Employees who have completed 1 year of service shall be eligible to participate in the matching contribution component.

Contributions

Each year participants may contribute a portion of pretax annual compensation, as defined in the Plan, subject to certain limitations under the IRC. In addition, Rio Grande Urology may also make discretionary profit-sharing Plan contributions at the option of the Plan Committee. In order to qualify for discretionary profit-sharing contributions, an employee must be employed on the last day of the year with at least one year of service. Contributions are allocated to participants based on the proportion of each participant's compensation to the total eligible compensation of all participants eligible to share Contributions and are subject to certain limitations. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary contribution, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and are 100 percent vested in the value of their rollovers from another qualified plan. Vesting in the Company's discretionary matching and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options

Participants may direct their salary deferral contributions and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Participant Notes Receivable

Participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be repaid within 5 years, unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with national prevailing rates, as adopted by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death or termination of service, a participant and his or her beneficiary may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or an optional form of payment as specified in the Plan agreement.

Forfeitures

Forfeited, non-vested account balances at December 31, 2013 and 2012 totaled $18,888 and $9,446, respectively. As specified in the Plan documents, such balances will be used to pay administrative expenses of the Plan or offset future employer contributions. There were no forfeitures used for the years ending December 31, 2013 and 2012. See note 10 for a description of the operational deficiency related to forfeitures.

Note 2. Summary of Significant Accounting Policies

The significant accounting policies of the Plan are summarized as follows:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

Recent Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Cash and Cash Equivalents

The Plan considers all cash accounts and highly liquid investments purchased with an original maturity of three months or less to be cash and cash equivalents on the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed Investment Account: Valued at an amount equal to participant contributions plus compound interest earned over a defined 3, 5, or 10 year term, less any applicable contract or participant-level recordkeeping charges. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account in that month (referred to as "New Money" regular rate.

The average annual "New Money" rates at December 31, 2013 and 2012 were:

	2013	2012
3 year account	0.10%	0.14%
5 year account	0.36%	0.38%
10 year account	0.57%	0.73%

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (continued)

Mutual funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Assets at Fair Value as of December 31, 2013

Note 4. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Company.

Note 5. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Note 5. Information Certified by the Custodian (continued)

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan may determine.

Note 7. Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 8. Related Party Transactions

The Plan assets are managed by John Hancock Life Insurance Company (custodian) and therefore, the transactions with the custodian qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to $24,806 in for the year ended December 31, 2013.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Operational Deficiencies

Management has identified certain operational deficiencies related to eligibility, the definition of compensation used to calculate deferrals, and the usage of forfeitures in the operation of the Plan. Pursuant to the IRS Self Correction Program under the Employee Plans Compliance Resolution System the Plan Sponsor has committed to correcting the issues by December 31, 2014.

The Plan has estimated and recorded a receivable in the amount of $11,579 for remedial payments to participants resulting from the inadvertent operational deficiency related to eligibility and a receivable in the amount of $8,421 for remedial payments to participants resulting from the operational deficiency related to the inadvertent error in the definition of compensation used to calculate deferrals.

NOTES TO FINANCIAL STATEMENTS

Note 10. Operational Deficiencies (continued)

Further, the Plan Sponsor has committed to correct the issue regarding the use of forfeitures by using the forfeitures as required by the Plan.
