CELLO-PACK CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF FEBRUARY 15, 2013 AND DECEMBER 31, 2012 AND FOR THE PERIOD ENDED FEBRUARY 15, 2013 AND THE YEAR ENDED DECEMBER 31, 2012

1. PLAN DESCRIPTION

General Information – The Cello-Pack Corporation 401(k) Plan (the “Plan”) was established on January 1, 1990. The Plan is a defined contribution plan covering all employees of Cello-Pack Corporation (the “Company” or “Plan Sponsor”) who are not members of a collective bargaining unit. Any employee who has reached the age of 18 is able to enter the Plan and receive matching contributions immediately upon the first day of the first month after the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Transfer to Trinity Packaging Corporation 401(k) Retirement/Benefit Plan - On February 15, 2013, the Plan merged with the Trinity Packaging Corporation 401(k) Retirement/Benefit Plan (“Trinity Plan”) and all assets were transferred on this date (Note 8).

Contributions – Each year, participants may contribute a minimum of 1% but not more than 65% of eligible compensation subject to statutory limits. The Company matches 25% of the first 4% of eligible compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. The Company did not make discretionary contributions for the period ended February 15, 2013 and the year ended December 31, 2012. The Plan also accepts participant rollover contributions from other qualified plans.

Hardship Withdrawals – A participant may, under certain defined conditions, withdraw any part of his or her vested account balance attributable to his or her elective deferral contributions, but none of the investment gain or earnings on them.

Notes Receivable from Participants – Participant loans are permitted by the Plan. Upon approval by the Plan Administrator, a participant may withdraw no less than \$1,000 and up to 50% of his or her vested account balance, not to exceed \$50,000. Repayment terms shall be fixed by the Plan Administrator. The loans are secured by the balances in the participants’ accounts and bear interest at the prime rate plus 1%. As of February 15, 2013, interest rates on outstanding loans transferred to the Trinity Plan (Note 8) ranged from 4.25% to 6.5% maturing through February 2017. Principal and interest are paid ratably through regular payroll deductions.

Participant Accounts – Each participant’s account is credited with contributions made by the participant and on the participant’s behalf by the employer, and an allocation of investment earnings. A participant’s account is charged with an allocation of any investment losses and any additional expenses that may be incurred as defined in the Plan. A participant’s benefits under the Plan are limited to the participant’s account balance.

Vesting – Under the Plan, participants are fully vested in their elective deferrals at all times (including any rollover/transfer contributions made to the Plan) and become 100% vested in employer matching and discretionary contributions after three years of eligible service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeitures – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances. Forfeitures may be used to pay plan expenses or to meet employer contribution obligations to the Plan. Forfeitures available at February 15, 2013 of \$10,722 were transferred to the Trinity Plan (Note 8). For the period ended February 15, 2013, no forfeitures were used to offset administrative expenses. There were \$10,717 of forfeitures available to offset future administrative expenses and employer contribution obligations at December 31, 2012. For the year ended December 31, 2012, forfeitures amounting to \$8,914 were used to offset administrative expenses.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on a U.S. generally accepted accounting standard. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at market value, as determined by current quoted market prices.

Collective trust fund: The Fixed Account primarily holds guaranteed and other similar investment contracts, and is fully benefit-responsive. The fair value of the fund is based on the net asset values of the shares held by the Plan at year-end, with an adjustment to contract value, which represents contributions made under the contract, adjusted for interest earnings, transfers, loan activity and distributions. The Plan's investment in the collective trust fund yielded an investment gain of 1.31% and 1.09% for the period ended February 15, 2013 and the year ended December 31, 2012, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions in determining the fair value of certain financial instruments may result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation of its investments, which consists of changes in contract value of unallocated insurance contracts as well as realized gains or losses and unrealized appreciation on investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits – Benefits are recorded when paid.

Forfeitures and Administrative Expenses – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances, which are used to reduce administrative expenses and employer contributions, with any excess to be paid by the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through October 3, 2014, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

5. TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of mutual funds and a collective trust fund managed by The Hartford Financial Services Group, Inc., an affiliate of Hartford Retirement Services and Hartford Life Insurance Company. As Hartford Retirement Services is owned by the Plan's recordkeeper, Massachusetts Mutual Life Insurance Co., and Hartford Life Insurance is owned by the Plan's trustee, Massachusetts Mutual Life Insurance Co., these transactions qualify as party in interest transactions.

6. TAX STATUS

The Plan is utilizing a prototype plan developed by Hartford Life Insurance Company, which received a favorable determination letter from the IRS stating that the Plan is qualified under applicable sections of the Internal Revenue Code ("IRC"), and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan has been amended since receipt of the determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan and the related trust are tax exempt.
