Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

Plan Administrator for the
Ohio Aluminum Industries Inc.
Union Employees Defined Benefit Pension Plan
Cleveland, Ohio

We have audited the accompanying financial statements of the Ohio Aluminum Industries Inc. Union Employees Defined Benefit Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2013 and the supplemental schedules of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies

Basis of Accounting:

The Ohio Aluminum Industries Inc. Union Employees Defined Benefit Pension Plan (the "Plan") uses the accrual basis of accounting. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Interest-Bearing Cash:

The Plan places its temporary cash with a national financial institution which, at times, may exceed federally insured amounts. The actual balance may exceed reported balances due to outstanding checks.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the credited service as of the date the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Administrative Expenses:

Fees of the Plan are paid by Ohio Aluminum Industries, Inc. (the "Company") or the Plan at the discretion of the Company.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Significant Accounting Policies (Continued)

Subsequent Events:

The Plan has evaluated subsequent events through October 13, 2014, the date the financial statements were available to be issued.

Note 2. Description of the Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined benefit pension plan covering the employees which are covered by the Collective Bargaining Agreement between the Company and the Glass, Molders, Pottery, Plastics & Allied Workers International Union (AFL-CIO, CLC) and its Local No. 45B. The Plan was formed on November 1, 1981. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Benefits:

Participants with five or more years of credited service are eligible to receive monthly benefit payments beginning at normal retirement age of 65, or may receive early retirement pension benefits at age 55 provided that ten years of credited service has been attained. Participants may elect to receive their benefits as a straight life annuity equal to a monthly benefit amount of \$29.16 effective November 14, 2013 (was \$27.70 effective November 14, 2011 and \$28.42 effective November 14, 2012) multiplied by the number of years of benefit service (with the accrued benefit reduced by .5% for each month by which early retirement precedes normal retirement) or may elect the contingent annuitant option at a reduced amount. Generally, participants who remain in employment after attaining normal retirement age are not entitled to receive payments of their retirement income until they actually retire; however, participants will receive credit for the service rendered after normal retirement age. The Plan also provides for the payment of benefits upon death and disability.

Death and Disability Benefits:

If a vested participant dies before the date on which his or her retirement income is to begin, the surviving spouse is entitled to the surviving spouse pension for the spouse's remaining lifetime, beginning on the participant's early retirement date. Active participants who have not attained age 65, who have ten years of credited service, and who become totally disabled receive a temporary benefit equal to \$60 per month until the participant reaches age 65.

Note 3. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was determined by actuaries of Tegrit Group and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2013 and 2012 were (a) life expectancy of participants based on the IRS Prescribed Optional Combined Mortality for Males and Females (1.430(h)(3)-1); (b) retirement age of 65; and (c) a discount rate used to value plan benefits of 6.50% for 2013 and 8.00% for 2012. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The accumulated plan benefit information as of January 1, 2013 is as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$1,419,028
Other participants	<u>3,550,494</u>
	4,969,522

 Total accumulated plan benefits	 <u><u>\$5,059,419</u></u>

The change in accumulated plan benefits from January 1, 2012 to January 1, 2013 is as follows:

Note 4. Funding Policy

The Company's funding policy is to make annual contributions which are designed to fund the Plan's current service costs on a current basis and to fund over 20 years the estimated accrued benefit cost arising from qualifying service prior to establishment of the Plan. For the plan year ended December 31, 2013, Company contributions totaled \$285,346 of which \$67,030 was made in 2014 and \$218,316 was made in 2013. For the plan year ended December 31, 2012, Company contributions totaled \$350,000 of which \$87,500 was made in 2013 and \$262,500 was made in 2012. No contributions are made by participants. The Company's contributions for the Plan years ended December 31, 2013 and 2012 met the minimum funding requirements of ERISA.

Note 5. Plan Termination

Although the Company has not expressed any intent to terminate the pension plan agreement, it may do so at any time. In the event of a complete termination of the Plan, the assets then remaining in the pension fund, after providing for expenses of administration, shall be allocated, to the extent that they shall be sufficient, for the purpose of funding the accrued benefits to the date of termination of the Plan of all pensioners, participants, vested former participants, and beneficiaries in the manner and order of precedence required under the terms of Section 4044 of ERISA, and any funds remaining in the pension fund after funding in full all of said accrued benefits shall revert to the Company. In the event of a partial termination of the Plan, the portion of the assets of the pension fund relating to the terminated portion of the Plan shall be allocated as aforesaid for the purpose of funding the accrued benefits of pensioners, participants, vested former participants, and beneficiaries whose benefit rights are affected by such partial termination.

Whether a particular participant's accumulated plan benefits will be paid depends on the priority of those benefits, the sufficiency of Plan assets at that time to provide for accumulated benefit obligations, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time, and may also depend on the financial condition of the Plan sponsor or the PBGC at that time. Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations.

Note 6. Income Tax Status

The prototype on which this Plan was based received a favorable determination letter from the Internal Revenue Service dated June 21, 2002. The letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

OHIO ALUMINUM INDUSTRIES INC.
UNION EMPLOYEES DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 8. Fair Value Measurements (Continued)

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair values of mutual funds and the commodity ETF are determined based on their quoted closing market prices in active markets for identical investments, and are classified as Level 1.
- Interest-bearing cash is classified as a Level 1 instrument.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2012 to 2013. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2013 and 2012:

Note 9. Related Party/Party-in-Interest Transactions

Fees paid to LPL Financial were \$26,624 and \$22,589 for the years ended December 31, 2013 and 2012, respectively. LPL Financial is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Section XI

CENSUS and ASSUMPTIONS

Valuation Census Date Census data was provided by the Plan Sponsor as of January 01, 2013. We have reviewed the data for consistency and have no reason to doubt its substantial accuracy.

Valuation Interest Rates IRS-Prescribed Three-Segment Rates, for the month that includes the valuation date (Jan).

The Plan Sponsor elected to apply the funding relief rates under the Highway and Transportation Funding Act of 2014 to the 2013 Plan Year, as follows:

24-Month Segment Rates		
	Unadjusted	Limited to 25 Year Corridor
Segment I:	1.62%	5.23%
Segment II:	4.40%	6.51%
Segment III:	5.45%	7.16%

The Effective Interest Rate (EIR) is the single rate of interest which, if used to determine the funding target, would equal the funding target determined using the plan sponsor's above elected discount rates. The EIR is used to discount contributions for minimum funding requirements and to accumulate excess contributions to the end of the year.

The effective rate for the 2013 Plan Year was 6.74%. For the prior Plan year, this rate was 7.09%.

Mortality Table Elected IRS Prescribed Optional Combined Mortality for Males and Females (1.430(h)(3)-1) for the current Plan Year.

ASC 960 Assumptions The selection of ASC 960 rates is the Plan Sponsor's view of the long-term rate of return on assets based on the actual trust assets. The rate used this year was 6.50%. The Discount Rate changed from 8.00% to 6.50%. The Mortality assumption was updated with one year of mortality to match the annual change to IRS valuation assumption. This rate was selected by the Plan Sponsor.

Valuation Assets Assets are equal to their Fair Market Value plus receivable contributions.

Expenses Expenses were assumed to be met directly by the Plan Sponsor.

Salary Scale None.

Section XI CENSUS and ASSUMPTIONS

Taxable Wage Base Increases

None.

Inflation

None.

Marriage

No Marriage Assumption.

Retirement Rates

Retirement was assumed at the plan's Normal Retirement Age.

100% of future retirements are assumed to take a life annuity in the Plan's Normal Form. The valuation of participants in pay status is based on the actual form of payment elected by the participant, as provided in the census data.

Withdrawal Rates

T-5 LESS GA51M. Below is a table of representative rates.

Age	Rates

30	7.2%
35	6.3%
40	5.2%
45	4.0%
50	2.6%
55	0.9%
60	0.1%

Commencement of future deferred vested participants is assumed paid as an annuity in the Plan's Normal Form. Commencement is assumed at this age 65 since there is not enough credible experience to assume otherwise.

Disability Incidence

None assumed.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
