Dealertrack Technologies, Inc. 401-K Plan

Notes to Financial Statements

Year Ended December 31, 2013

1. Plan Description and Benefits

The following description of the Dealertrack Technologies, Inc. 401-K Plan (the “Plan”) provides only general information. Participants should refer to the Plan summary or Plan document for a more complete description of the Plan’s provisions.

Effective January 1, 2013, DealerTrack Holdings, Inc. 401-K Plan amended the plan to change its name to the Dealertrack Technologies, Inc. 401-K Plan.

a) General

The Plan is a defined contribution plan established January 1, 2001, and amended through July 1, 2014, covering eligible employees of Dealertrack Technologies, Inc. and subsidiaries (the “Company” or “Dealertrack”), the Plan’s sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by the Company. The Plan sponsor determines the appropriateness of the Plan’s investment offerings, monitors investment performance and is responsible for oversight of the Plan.

b) Participant Accounts

A separate account is established and maintained for each Plan participant. Contributions are invested in one or more investment options, as directed by the participant or by the Plan in the case of an automatic election. Effective January 1, 2013, an automatic elective deferral set at 6% of compensation is made upon hiring an employee and contributions are invested in one investment option which is determined by the Plan until the participant either changes their investment options or deferral percentage (which may include an election not to contribute to the Plan). The automatic elective deferral is automatically increased each March 1 by 1% of compensation up to a maximum automatic elective deferral contribution of 10%. Discretionary profit sharing contributions are allocated based on participant compensation. Income earned and net appreciation or depreciation of Plan investments, for a given investment, are allocated in proportion to the participants’ account balances in that fund. On a daily basis, a participant may elect to transfer all or a portion of his or her account balance in a given investment to one or more of the Plan’s other investments.

Notes to Financial Statements
Year Ended December 31, 2013

c) Contributions

Plan participants are able to contribute to the Plan up to 60% of their annual pre-tax earnings. During 2013, the maximum pre-tax contribution allowed by the Internal Revenue Code ("IRC") was \$17,500. In addition, participants who have attained age 50 before the end of the plan year can contribute an additional \$5,500 as a "catch-up contribution" in 2013. For purposes of determining contributions, compensation is defined as total wages and salary of an employee, including any commissions, but excluding any overtime pay, bonuses and deferred compensation. The Plan will accept rollover contributions from other qualified plans and traditional IRAs. The Company can elect to make a contribution to the Plan on behalf of those participants who have made salary deferral contributions.

During 2013, the matching contribution was at 37.5% of a participant's non-catch-up contribution but limited to 2.25% of compensation (Note 12).

To comply with the relevant nondiscrimination provisions of the IRC, contributions received from participants in 2013 are net of repayments of \$103,007, which will be returned to participants during 2014. The amount is also reflected on the Plan's 2013 statement of net assets available for benefits as Excess Contributions Payable. See also Note 11.

Discretionary profit sharing and additional matching contribution amounts may be contributed at the option of the Company (Note 12).

d) Vesting

Employees eighteen years of age or older are eligible for participation in the Plan on the first day of the month following completion of one month of service with the Company. Participants are fully vested in their contributions and actual earnings thereon. A year of service is defined as a vesting period in which an employee is credited with at least 1,000 hours of service. Contributions by the Company are vested in accordance with the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	100%

Notes to Financial Statements
Year Ended December 31, 2013

e) Payment of Benefits

Upon termination of service due to retirement, disability, or death, a participant may elect to receive either a lump-sum amount equal to the value of their vested accounts, or installments over a period not to exceed the life expectancy of the participants and their beneficiaries. Participants are allowed to withdraw certain portions of their vested contributions under certain circumstances, subject to penalty. If a participant leaves the Company for any reason other than retirement, disability or death, only the lump-sum distribution is available. If the participant's vested account balance is greater than \$5,000, a distribution is not mandatory and the participant may elect to leave their account balance in the Plan. For additional information regarding mandatory distributions refer to the Plan document.

f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of the lesser of: (a) 50% of the participant's vested balance or (b) \$50,000, reduced by the highest outstanding loan balance during the prior twelve months. Loan terms range from one to five years and up to thirty years for the purchase of a primary residence. Loans, maturing through 2040, are secured by the balances in participants' accounts and must be repaid with interest (currently at fixed rates ranging from 4.25% to 10.00%) and are subject to certain requirements as outlined in the Plan. Principal and interest is paid ratably through recurring payroll deductions. The interest rate is fixed at prime +1% as of the date the loan is applied for. Loans are due in full 60 days from the date of a participant's termination of employment with Dealertrack, unless the participant elects a direct rollover of the loan to another plan.

g) Forfeited Accounts

Forfeitures may be used to pay Plan administrative expenses or reduce employer contributions to the Plan.

The following is a rollforward of forfeited participant balances from December 31, 2012 to December 31, 2013:

	December 31, 2013
Balance as of December 31, 2012	\$ 861
Forfeited participant balances during 2013	214,092
Forfeited participant balances used to fund employer contributions to the Plan during 2013	(210,478)
Forfeited participant balances used to pay administrative expenses for the Plan during 2013	(4,619)
Other	1,376
Forfeitures available for future application as of December 31, 2013	\$ <u>1,232</u>

h) Plan Transfers

On August 1, 2012, the Company acquired all of the outstanding shares of 1st Auto Transport Directory, now known as Dealertrack CentralDispatch. During 2013, the 1st Auto Transport Directory Plan was terminated and certain participants transferred their vested balances aggregating \$155,329 into the Plan.

Year Ended December 31, 2013

i) Participant Rollovers

On April 1, 2013, the Company completed the acquisition of Casey & Casey NPS, Inc. ("Casey & Casey"). Casey & Casey employees joining the Company became eligible and contributions to the Plan began on May 1, 2013. On October 1, 2013, the Company completed the acquisition of Customer Focused Marketing, Inc. ("CFM"). CFM employees joining the Company became eligible and contributions to the Plan began on November 1, 2013. Participant rollovers for the year included former Casey & Casey and CFM employees / team members, as well as other eligible team members who completed participant rollovers in the plan year.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

c) Risks and Uncertainties

The Plan provides for various investment fund options which may result in any combination of stocks and bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

d) Investment Valuation and Income Recognition

All Plan investments are held, and investment transactions are executed, by the Plan's custodian, Principal Trust Company ("Principal" or the "Custodian"). Plan management determines the Plan's valuation policies utilizing information provided by the Custodian. The Plan's investments in pooled separate accounts are stated at fair value based on the latest (as of year-end) quoted net asset value per share. The Plan's investments in mutual funds are stated at fair values based on the quoted net asset value of the funds, which is derived from the closing market prices in active markets of the securities in the fund's portfolio. (Refer to Note 3 for disclosures provided for fair value measurements of plan investments.)

Investment earnings are automatically reinvested into the fund from which they are derived. Interest income is accrued when earned. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the terms of the Plan document.

Dealertrack Technologies, Inc. 401-K Plan
Notes to Financial Statements
Year Ended December 31, 2013

f) Benefit Payments

Benefit paid to participants are recorded when paid.

g) Administrative Expenses

Expenses related to the administration of the Plan that are not required to be paid by the Company are paid either by the Plan or the Company, at the Company's option. During 2013, all expenses were paid by the Plan with the exception of the base Plan administrative and audit fee, which was paid for by the Company. Administrative expenses paid by the Plan are charged to participant accounts based on relative account balances.

3. Fair Value Measurements

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 2(d)). Inputs used to measure fair value are prioritized into a three-level fair value hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair values are as follows:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – Unobservable inputs for the asset or liability. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Dealertrack Technologies, Inc. 401-K Plan
Notes to Financial Statements
Year Ended December 31, 2013

The Plan has segregated all investments, as reported in the statements of net assets available for benefits, into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

As of December 31, 2013	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total Fair Value
Mutual funds (1)	\$ 8,369,649	\$ -	\$ 8,369,649
Pooled separate accounts (2)	-	65,416,424	65,416,424
Total	\$ 8,369,649	\$ 65,416,424	\$ 73,786,073

As of December 31, 2012	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total Fair Value
Mutual funds (1)	\$ 6,066,015	\$ -	\$ 6,066,015
Pooled separate accounts (2)	-	44,900,095	44,900,095
Total	\$ 6,066,015	\$ 44,900,095	\$ 50,966,110

The Plan's policy is to recognize transfers into and out of the various levels as of the end of the reporting period during which the event or change in circumstances causing the transfer occurred. For the year ended December 31, 2013, there were no transfers between the levels.

- (1) The Plan's Level 1 investments consist of amounts invested in mutual funds for which fair value is determined based on the quoted net asset value of the shares held by the Plan at year-end, which is derived from the closing market prices in active markets of the securities in the fund's portfolio.
- (2) The Plan valuation methodology used to measure the fair values of pooled separate accounts (which invest mainly in asset backed securities, residential mortgage backed securities, commercial mortgage backed securities, corporate bonds, international stocks and mutual funds) were derived from Level 1 quoted market prices in active markets and Level 2 observable prices for similar assets in active or non-active markets. However, because the pooled separate accounts themselves are not actively traded, they are considered to be Level 2 investments, regardless of whether Level 1 or Level 2 inputs were used to value the underlying assets.

Dealertrack Technologies, Inc. 401-K Plan
Notes to Financial Statements
Year Ended December 31, 2013

4. Investments

The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows:

	December 31,	
	2013	2012
Principal LIFETIME 2030 Separate Account	\$ 9,873,280	\$ 6,923,490
Principal LIFETIME 2040 Separate Account	8,658,543	6,115,807
Principal LIFETIME 2020 Separate Account	5,569,123	3,292,444
Principal LIFETIME 2050 Separate Account	4,270,498	2,853,537
Principal Money Market Separate Account	*	2,791,613
Principal Large-Cap S&P 500 Index Separate Account	4,249,901	2,701,514
Principal High Yield I Separate Account	*	2,656,999

*Does not represent 5% or more of the Plan's net assets for 2013.

During the 2013 Plan year, the Plan's investments appreciated in value as follows:

Pooled separate accounts	\$ 10,203,423
Mutual funds	1,474,101
Net appreciation in the fair value of investments	<u>\$ 11,677,524</u>

5. Tax Status

The Plan obtained its latest determination letter dated August 1, 2014 (pertaining to plan amendments through December 22, 2011) in which the Internal Revenue Service stated that the Plan, as then designed, qualified under applicable sections of the Internal Revenue Code (the "Code"). Although the Plan has been amended since December 22, 2011, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the financial statements. The Plan has determined all benefits associated with positions taken for tax purposes would, more likely than not, be sustained upon review by the taxing authorities and therefore has not recognized a liability for unrecognized tax benefits. Tax returns (Form 5500) are filed in the U.S. Federal jurisdiction. The Plan sponsor believes the Plan is no longer subject to tax examinations for years prior to 2010, and there are currently no examinations in process.

6. Plan Termination

While the Company has not expressed any intent to do so, the Company has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, all participants will become 100% vested in their total account balances under the Plan.

Dealertrack Technologies, Inc. 401-K Plan
Notes to Financial Statements
Year Ended December 31, 2013

7. Concentration of Credit Risk

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across twenty-eight participant-directed fund options.

8. Related Party Transactions

The investment funds (other than the mutual funds) consist of units of participation in pooled separate accounts managed by Principal. Principal is the custodian as defined by the Plan and, therefore, transactions with Principal qualify as party-in-interest transactions. Fees paid by the Plan to Principal for administrative expenses amounted to \$38,965 during 2013.

These transactions are exempt from the prohibited transaction rules of ERISA.

9. Unaudited Information Certified by Custodian

The following information, which has not been audited by the independent auditors, is a summary of the Plan's data certified by Principal as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA:
