Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator of the
Victor Technologies 401(k) Retirement Plan
St. Louis, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Victor Technologies 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are present in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VICTOR TECHNOLOGIES 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2013

(See Independent Auditor's Report)

Note A - Plan Description

The following description of the Victor Technologies 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Victor Technologies Group, Inc. (the "Company" or "Plan Administrator") who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of March 21, 2012, the Company changed its name to Victor Technologies Group, Inc. and its wholly owned subsidiary Thermadyne Industries, Inc. to Victor Technologies International, Inc. Effective May 21, 2012, the Plan was amended to effectively change the name of the Plan from Thermadyne 401(k) Retirement Plan to Victor Technologies 401(k) Retirement Plan.

Contributions

Participants may contribute up to 50% of their annual compensation to the Plan, not to exceed certain dollar limits established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. The Company may make discretionary matching and profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any and (b) plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 25% after one year of eligible service and an additional 25% for each of the next three years of service.

(See Independent Auditor's Report)

Note A - Plan Description (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Loans must be repaid within 5 years except for loans used to purchase a principle residence, which must be repaid within a reasonable time. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid through monthly payroll deductions.

Payment of Benefits

On termination of service due to retirement (on or after attainment of age 65), a participant may receive a lump-sum distribution equal to the full current value of his account. For termination of service for any other reason, a participant may receive the value of the vested interest in his account as a lump-sum distribution.

Forfeited Accounts

Benefits forfeited by participants are used to reduce future Company contributions to the Plan. At December 31, 2013 and 2012, unallocated forfeitures totaled \$132,107 and \$119,180. Forfeitures used totaled \$99,008 and \$27,375 during the Plan years ended December 31, 2013 and 2012.

Note B - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an investment contract through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

VICTOR TECHNOLOGIES 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

(See Independent Auditor's Report)

Note B - Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by investment advisors, trustees and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may vary from reported amounts.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Primarily all expenses of maintaining the Plan are paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan payments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan has evaluated subsequent events through September 9, 2014, the date the financial statements were available to be issued.

Note C - Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company ("State Street"), the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, and the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2013; and the information related to investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.

The following investments represent 5% of the Plan's net assets as of December 31:

	<u>2013</u>	<u>2012</u>
Diversified Guaranteed Investment Contract	\$ 9,760,480	\$10,718,185
American Funds Income Fund of America R4	8,138,696	6,838,648
Pimco Total Return Admin Fund	4,785,089	5,728,052
EuroPacific Gr R4	Less than 5%	2,894,822
Vanguard Inflation-Protected Secs Fund	Less than 5%	3,447,533
Vanguard 500 Index Inv Fund	12,801,956	10,351,473

America Funds EuroPacific Growth R4	3,390,560	Less than 5%
America Funds American Mutual R4	2,920,246	Less than 5%

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$7,217,935 and \$4,063,270 as follows:

	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 7,138,662	\$ 3,757,342
Collective trust – fixed return	<u>79,273</u>	<u>305,928</u>

Note D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include other observable inputs, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

VICTOR TECHNOLOGIES 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2013

(See Independent Auditor's Report)

Note D - Fair Value Measurements (Continued)

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Assets at Fair Value As of December 31, 2013

Note D - Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

Assets at Fair Value As of December 31, 2012				
	Total	Level 1	Level 2	Level 3
Cash and money market funds	\$ 119,180	\$ 119,180	\$ -	\$ -

Note E - Collective Trust – Fixed Return

The Plan has a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions with a collective trust investment. The trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment. The investment is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk or the contract issuer or otherwise.

VICTOR TECHNOLOGIES 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2013

(See Independent Auditor's Report)

Note E - Collective Trust – Fixed Return (Continued)

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The average yield on the contract based on actual earnings for 2013 and 2012 was 1.36% and 0.94%, respectively. The average yield on the contract based on interest rate credited to participants 2013 and 2012 was 1.52% and 1.95%, respectively. There are no unfunded commitments associated with the contract.

Note F - Related Party Transactions

Certain Plan investments are shares of mutual funds and collective trust accounts managed by State Street. State Street is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services totaled \$51,407 and \$56,624 for the years ended December 31, 2013 and 2012, respectively.

Note G - Plan Termination

While the Company has not expressed any interest to terminate the Plan or discontinue operations, it is free to do so at any time, subject to the provisions set forth in ERISA. Upon a complete or partial termination of the Plan, any participant who is then an employee would become 100% vested in all Company matching and discretionary contributions and the income thereon without regard to years of service.

Note H - Tax Status

The Internal Revenue Service has determined and informed the Company by a determination letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

VICTOR TECHNOLOGIES 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2013

(See Independent Auditor's Report)

Note H - Tax Status (Continued)

The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subjected to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan believes it is no longer subject to income tax examinations for years prior to 2010.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J - Acquisition of Plan Sponsor

Effective April 14, 2014, Victor Technologies, the plan sponsor of Victor Technologies 401(k) Retirement Plan was acquired by Colfax Corporation from Irving Place Capital. For the plan year ending December 31, 2013, there were no changes in the administration or sponsorship of Victor Technologies 401(k) Retirement Plan.
