We were engaged to audit the accompanying financial statements of the Consolidated Aluminum Corporation Discontinued Operations Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2012, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following description is intended to give a general summary of the significant provisions of the Consolidated Aluminum Corporation Discontinued Operations Pension Plan (the "Plan"). Interested Plan participants should refer to the full Plan document for more detailed explanations and information regarding the Plan's provisions.

General - The Plan is a noncontributory, defined benefit pension plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established effective January 1, 1983 by merging the assets and accumulated plan benefits of the defined benefit plans for employees of sold or permanently closed plants of Consolidated Aluminum Corporation (the "Company"), a wholly owned subsidiary of Lonza America Inc. ("LAI"). On July 6, 1994, LAI executed an agreement to sell the assets of the Company, as defined in the purchase agreement, to Ormet Aluminum Mill Production and Products Corporation. The Plan was not included in the sale and remains an administrative obligation of LAI.

Under the terms of the Plan, participants continue to be eligible for monthly retirement benefits, as provided by their previous plans. Former pension plans included in the Plan are as follows:

- Carrollton Hourly Employees' Pension Plan
- City of Industry Pension Plan
- Columbia Hourly Employees' Pension Plan
- Contract Carrier, Inc. Pension Plan
- Florence Die Shop Pension Plan
- Florence Local 355 Pension Plan
- Gulfport Hourly Employees' Pension Plan
- Lake Charles Hourly Employees' Pension Plan
- Murphysboro Hourly Employees' Pension Plan
- Nesquehoning Hourly Employees' Pension Plan
- New Johnsonville Hourly Employees' Pension Plan
- Newbern Hourly Employees' Pension Plan
- Philadelphia Local 502 Pension Plan
- Reed City Hourly Employees' Pension Plan
- Salaried Employees' Pension Plan for Contract Carrier
- Salaried Employees' Pension Plan for Former Employees of Ore Shipping Corporation
- Shelbina Hourly Employees' Pension Plan

Pension Benefits - All participants are eligible for a monthly retirement benefit upon reaching the normal retirement age of 65; certain participants are eligible for benefits upon reaching the early retirement date, as defined, with respect to the Plan in which the participant participated immediately prior to the effective date of the Plan. Monthly benefit payments are computed by multiplying the number of years of credited service by a benefit rate, subject to certain limitations specified in the Plan document. Participants may elect to receive pension benefits in various forms with death benefits available to surviving spouses of eligible participants as defined by their previous plans. Participants may also elect early retirement after attainment of certain ages and years of credited service, depending upon the applicable former plan's terms, in which case the normal retirement benefit is actuarially reduced. Participants becoming disabled have the same benefits as any other terminated vested participants.

**CONSOLIDATED ALUMINUM CORPORATION
DISCONTINUED OPERATIONS PENSION PLAN**

EIN/PN 22-2188958/040

NOTES TO FINANCIAL STATEMENTS

Death and Survivorship Benefits - The surviving spouse of any deceased participant is entitled to a death benefit payable contingent upon the participant's employment status, age and years of credited service on the date of death.

Disability Benefits - There are no special provisions for participants who become disabled; they are treated the same as any other terminated vested participant.

Deferred Vested Pension Benefits - Participants who terminated for reasons other than death, disability, or retirement who fulfilled the vesting requirement as defined by their previous plan are eligible for deferred vested benefits after attaining normal retirement age or at an early retirement date as defined by their previous plan.

Trust Managed by the Trustees - The assets of the Lonza America Inc Master Retirement Trust are held and managed by State Street Bank and Trust Company (the "Trustee") for the years ended December 31, 2013 and 2012. Under the terms of the agreement between LAI and the Trustee, the Trustee manages Lonza America Inc. Master Retirement Trust on behalf of the Plan. The Trustee has been granted discretionary authority concerning purchases and sales of investments in the Lonza America Inc. Master Retirement Trust in accordance with the general guidelines established by the Plan Administrator. Additionally, the Plan's Retirement Committee (the "Committee") regularly reviews the investment performance with an independent investment advisor and the Committee may direct the acquisition and disposition of the assets of the Plan.

Funding Policy - The Company's policy is to make contributions to provide the benefits under the Plan and is subject to the provisions of ERISA. Contributions by the Company are based upon actuarial computations of the present value of future benefits to be paid to participants as of the beginning of the Plan year. The actuarial cost method used to determine employer contributions to the Plan is the projected unit credit method. In accordance with the Company's funding policy, contributions for 2013 and 2012 were within the minimum and maximum funding requirements of ERISA.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by its investments advisors, trustees, and insurance company. See Note 6 for a discussion of fair value measurements.

**CONSOLIDATED ALUMINUM CORPORATION
DISCONTINUED OPERATIONS PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS

Investment income in Lonza America Inc. Master Retirement Trust consists of interest income, dividend income and net appreciation of investments. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Eligible expenses to the extent not reimbursed by the Company, include, but are not limited to, investment managers' fees, actuarial fees, legal fees, and audit fees. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits. The Company provides internal accounting and administrative services to the Plan.

Risk and Uncertainties - The assets of the Lonza America Inc. Master Retirement Trust are primarily investment securities, which are monetary in nature. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

The Plan may have investments in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies and defaults, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Note 3 - Plan Termination:

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, in the following order:

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years prior to the termination date of the Plan, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of an annuity under the Plan. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.

**CONSOLIDATED ALUMINUM CORPORATION
DISCONTINUED OPERATIONS PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS

- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations (discussed below).
- c) All other vested benefits (that is vested benefits not insured by the PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the PBGC level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefits that the PBGC guarantees, which is adjusted periodically.

Whether all the participants receive their benefits should the Plan terminate at some future date will depend on the adequacy, at the time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

Note 4 - Tax Status:

The Plan has received a determination letter from the Internal Revenue Service dated August 3, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 5 - Investment in the Lonza America Inc. Master Retirement Trust:

The Plan's investments are in a Master Trust, which was established for the investment of assets of the plan and several other sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by State Street Bank and Trust Company. The value of the Plan's interest in the Lonza America, Inc. Master Retirement Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses.

NOTES TO FINANCIAL STATEMENTS

At December 31, 2013 and 2012, the Plan's interest in the net assets of the Lonza America Inc. Master Retirement Trust was approximately 4%. Investment income and administrative expenses relating to the Lonza America Inc. Master Retirement Trust are allocated to the individual participating plans based upon average monthly balances invested by each plan. Those expenses which are specifically identifiable to the Plan are charged in full to the Plan. The Plan's specific interest in the net assets of the Lonza America Inc. Master Retirement Trust is neither senior nor subordinate to the specific interest of the other plans participating in the Lonza America Inc. Master Retirement Trust.

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest, dividends, and investment expenses for the years ended December 31, 2013 and 2012, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The following table presents the fair value of investments for the Lonza America Inc. Master Retirement Trust as of December 31, 2013 and 2012. Investments that represent 5% or more of the Master Trust's net assets are separately identified in Note 6:

NOTES TO FINANCIAL STATEMENTS

Note 6 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Fixed income investments*: Valued at the closing price reported in the active market in which the individual investment is traded.
- *Mutual funds*: Valued at the closing price reported on the active market.
- *Common stock*: Valued at the closing price reported on the related market.
- *Common collective trust*: Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2013 and 2012 the Master Trust had assets and liabilities consisting of receivable for investments sold, accrued income, other receivable, and payable for investments purchased. These assets and liabilities equal or approximate fair value due to the underlying assets being common stocks, U.S. government securities, and interest bearing cash.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2013, there were no significant transfers in or out of levels 1, 2, or 3.

Note 7 - Accumulated Plan Benefits:

Accumulated plan benefits are those estimated future payments that are attributable under the Plan's provisions to the service that employees have rendered to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent that they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the actuarial valuation date and the expected date of payment.

The actuarial valuation was performed as of January 1, 2013; however, there are no material differences between the values determined as of that date and those presented as of December 31, 2012. The significant actuarial assumptions used in the valuation as of January 1, 2013 were: (a) assumed interest rate of 3.63%; (b) weighted average retirement age of 65; (c) separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2028 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2020 using Scale AA). The projected unit credit method was used to determine contributions to the Plan. These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Note 8 - Party-in-Interest:

The assets of the Master Trust invested in funds of the Trustee are considered party-in-interest transactions. The Trustee is a party-in-interest as a provider of investment management and custodial services to the trust funds.

NOTES TO FINANCIAL STATEMENTS

Note 9 - Subsequent Events:

The Plan Administrator has evaluated subsequent events through October 9, 2014, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

In 2014, Consolidated Aluminum Corporation filed for and was awarded bankruptcy. This resulted in the transfer of sponsorship of the Plan to Lonza America, Inc. which became the Plan Sponsor.

Demographic Assumptions

Inclusion date	The valuation date coincident with or next following the date on which the employee becomes a participant.
New or rehired employees	It was assumed there will be no new or rehired employees.
Mortality	Separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2028 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2020 using Scale AA).
Retirement	100% at Normal Retirement Age of 65
Form of payment	Life Annuity
Percent married	100% of males and females are assumed to be married.
Spouse age	Wife three years younger than husband.
Administrative expenses	The amount included for plan related expenses is \$142,000 determined by taking previous year's actual administrative expenses adjusted for changes in the PBGC premium.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year. In addition, all these participants are assumed to elect the most valuable form of benefit under the plan under PPA assumptions, which is the life annuity form of payment.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month.
Covered Pay	There are currently no active participants.
