INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Committee and Participants
of the Wausau Paper Corp. Retirement Plan
Wausau, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wausau Paper Corp. Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information identified in Note 8, which was certified by Prudential Retirement Insurance and Annuity, the trustee of the Plan, except for comparing such information with the related information included in the 2013 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter - Supplemental Schedules

The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 7, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Actuarial Cost Method

I. ACTUARIAL COST METHOD

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described in “Plan Assumptions” of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year for all Participants plus an estimate of the expenses to be paid from the plan assets during the plan year.

Target Liability and Funding Shortfall

As of January 1, 2008, a Target Liability is established which represents the present value of accrued benefits. This Target Liability is offset by adjusted assets, and the remainder (i.e. Funding Shortfall), if any, is amortized over seven years.

Subsequent changes in the Funding Shortfall due to asset experience, liability experience, plan amendments, and/or actuarial assumption changes will be amortized over a seven year period from their valuation dates.

Discount Rate

The plan sponsor has elected to use the Segment Rate approach for discount rate purposes, with an applicable month that is 4 months prior to the valuation date.

In addition, beginning with the 2012 plan year, solely for purposes of determining the minimum required contribution level, applicability of benefit restrictions, and for the at-risk determination, the adjusted 24-month average segment rates established by MAP-21 have been incorporated.

The adjusted 24-month average segment rates are generated by taking the unadjusted 24-month average segment rates for the sponsor-chosen lookback month and adjusting them so that each individual segment rate is not outside of the stipulated corridor around the corresponding 25-year average segment rate for the given plan year. For the 2013 plan year, the stipulated corridor is 85% - 115% of these 25-year average segment rates.

II. ASSET VALUATION METHOD

Assets have been valued in accordance with generally accepted procedures as described below.

All funds invested are valued in the following manner:

Definitions

i(t)	assumed growth rate, set equal to the lesser of the expected return on assets or the applicable 3 rd segment rate for Plan Year t.
C(t)	sum of contributions and other additions to the fund from all sources other than investment transactions in Plan Year t
W(t)	sum of all withdrawals and other decreases to the fund from all sources other than investment transactions in Plan Year t
AV(t)	Actuarial Value of Assets as of Plan Year t
MV(t)	Market Value of Assets as of Plan Year t
EV(t)	Expected Value of Assets as of Plan Year t
G/L(t)	Gain or Loss for Plan Year t

Actuarial Cost Method

Method

A description of the method used to determine the current year's Actuarial Value of Assets {AV(t)} is below.

For the preceding 2 years, G/L(t) is determined as follows:

$$EV(t) = MV(t-1) * (1 + i(t-1)) + [C(t-1) - W(t-1)] * (1 + i(t-1) * m)$$

Where m represents a proportionate yield consistent with the portion of the year for which C and W are invested

$$G/L(t-1) = EV(t) - MV(t)$$

For the current year, AV(t) is determined as follows:

$$AV(t) = MV(t) + 2/3 * G/L(t-1) + 1/3 * G/L(t-2)$$

Corridor Limits

The Actuarial Value of Assets may not be less than 90% or more than 110% of the current market value of plan assets as of the applicable valuation date [as required by IRC Section 430(g)(3)(B)(iii)].

Please note, as highlighted above, the assumed asset growth rate for each year is limited to the applicable 3rd segment rate by law. As a result, if the plan's expected rate of return is greater than this applicable rate, this method is expected to produce an actuarial value of assets that can be expected to be slightly less than the market value of assets, on average.

Plan Provisions

Definitions

Accrued Benefit

The lifetime annuity commencing on the normal retirement date. Prior to attaining the normal retirement date, projections of the account balance are based on the applicable interest rate. The accrued benefit will never be less than the December 31, 1998 accrued benefit calculated under the provisions of the plan in effect at that date.

Account Balance

The initial Account Balance as of January 1, 1999 is equal to the sum of (a) and (b), if eligible:

- (a) For participants of the former Wausau Paper Retirement Plan and the former Mosinee Retirement Plan as of December 31, 1998, the lump sum Actuarial Equivalent of the December 31, 1998 accrued benefit under the formula in force under the corresponding plan on that date.
- (b) For participants as of January 1, 1999, who are at least age 35 as of that date, the product of (i) and (ii):
 - (i) A percentage, based on the following table, of applicable earnings during 1998.
 - (ii)

Age as of 1/1/1999	Pay Under SSWB	Pay Over SSWB
35 – 39	1.0%	2.0%
40 – 44	2.0%	4.0%
45+	2.5%	5.0%

- (iii) Years of service as of December 31, 1998, up to a maximum of ten.

The Account Balance at any time thereafter is equal to the initial Account Balance (if any) and the sum of (a) and (b) below:

- (a) As of the last day of each calendar year up through 2010 of active participation, 4.25% of annual earnings up to the Social Security wage base plus 8.50% of annual earnings over the Social Security wage base is credited to the Account Balance. No credit will be given after December 31, 2010.
- (b) As of the last day of each calendar year, a participant's Account Balance is credited with an amount equal to the product of the Interest Crediting Rate and the Account Balance on the first day of such calendar year.

Plan Provisions

Interest Crediting Rate	The Interest Crediting Rate for a plan year is the average yield in November of the preceding plan year on 30-year Treasury Securities.
Applicable Mortality	The mortality prescribed by the Internal Revenue Service that is based on the prevailing commissioner's standard table used to determine reserves for group annuity contracts. The current table is the table referenced in Revenue Ruling 2007-67.
Applicable Interest Rate	The Applicable Interest Rate for a plan year is the segmented corporate bond yield curve in November of the preceding plan year, with a 5 year phase-in from 30-year Treasury Securities starting in 2008.
Actuarial Equivalence	<p>A benefit of equivalent actuarial value based on the Applicable Interest Rate and the Applicable Mortality.</p> <p>For purposes of determining the initial Account Balance, Actuarial Equivalence shall be determined according to the actuarial assumptions used to calculate lump sum distributions in effect on January 1, 1999.</p>
Earnings	Base salary, overtime pay, annual cash bonuses, and commissions paid including any salary reductions under a qualified cash or deferred arrangement and contributions or deferrals under Section 125.
Years of Service	The number of whole years within the Employee's Period of Service, as measured from the date the Employee first performs an Hour of Service. Service measurement complies with Treasury Regulation 1.410(a)-7.
Grandfathered Benefit	<p>Participants of the former Wausau Paper Retirement Plan and the former Mosinee Retirement Plan as of December 31, 1998, receive the greater of (a) and (b):</p> <ul style="list-style-type: none">(a) The cash balance plan benefit, and(b) The benefit under the formula of the corresponding prior plan, crediting pay and service through the earlier of retirement date and December 31, 2006.

Plan Provisions

Pension Plan for Otis salaried employees.
Early Retirement Eligibility	Age 55 and 10 years of vesting service.
Benefit	A monthly benefit equal to the normal retirement benefit earned to the date of early retirement reduced by 5/12 of 1% for each month by which early retirement precedes age 62. There is no reduction if termination as a result of a job elimination occurs after age 60.

Plan Provisions

Disability Retirement Eligibility

Permanent and total disability as defined under the provisions of the Social Security Act and 15 years of vesting service.

Benefit

A monthly benefit equal to the accrued normal retirement benefit earned to date of disability. The benefit is payable only to the extent it exceeds any other benefit (other than social security) payable under another company-paid program.

Vesting Benefit Eligibility

Five years of vesting service.

Benefit

A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit at age 65. A participant may elect to have his benefit commence after attaining his earliest retirement age (the benefit is subject to the reduction for early retirement benefits).

Preretirement Death Benefit Eligibility

A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.

Benefit

If a married participant dies after attaining his earliest retirement age, the monthly benefit is 50% of the reduced benefit he would have received had he retired on the day immediately preceding his date of death and elected a 50% joint and survivor annuity. If a married participant dies on or before his earliest retirement age, the monthly benefit is 50% of the benefit he would have received had he separated from service on his date of death, survived to and retired at the earliest retirement age and elected a 50% joint and survivor annuity.

Postretirement Lump Sum Death Benefit Eligibility

Not applicable.

Benefit

None.

Dependent Child Death Benefit Eligibility

Not applicable.

Benefit

None.

Plan Provisions

Normal Form of Annuity Without Spouse	Life annuity.
With Spouse	Joint and survivor annuity reduced to 85% of the benefit otherwise payable if participant and spouse have same calendar year of birth, payable for employee's lifetime. Participant receives reduced lifetime benefit and, in the event of participant's death, 50% of reduced benefit continues to surviving spouse.
Optional Form of Annuity	100%, 66% or 50% joint and survivor annuity, 10-year certain and life annuity, or social security adjustment option. A lump sum payment may be elected in certain circumstances.
Compensation Definition	Final average annual earnings of a participant shall mean the average annual rate of basic compensation (excluding bonuses and overtime pay) for the highest five consecutive years during the ten years immediately preceding retirement date or the date of most recent termination of employment.
Service Definitions Vesting Service	For each 1,000 or more hours of work in a plan year, one year of vesting service is acquired.
Benefit Service	Prior to September 1, 1976, benefit service for determination of benefit amounts will equal credited service. After August 31, 1976, one year of benefit service is given for each plan year in which the employee has completed 2,076 hours of work. Those who do not complete 2,076 hours of work in a plan year are credited with 1/12 of a year of benefit service for each 173 hours of work.
Actuarial Equivalent Definition	A benefit of equivalent value when computed on the basis of the UP-1984 Mortality Table and an assumed 6% rate of interest.
Cost-of-Living Increase	The plan has provided ad hoc cost-of-living increases for retirees (and beneficiaries of retirees). The most recent increase provides for those who terminated employment and began receiving benefits before August 31, 1997. The cost-of-living increase was 0.17% times the number of months which elapsed after the later of the date the participant terminated employment or January 1, 1992.

Plan Provisions

Social Security Definition Normal Retirement Benefit

Primary social security benefit means the benefit which a participant would be entitled to receive at age 65 as a primary insurance amount under the federal Social Security Act.

Early Retirement Benefit

To determine the primary social security benefit, the participant's employment is continued to age 65 at the same annual rate as his annual earnings during the last year of employment.

Disability Retirement Benefit

In computing the retirement benefit under the plan, the participant's actual disability benefit under the Social Security Act is substituted for the primary social security benefit. The disability retirement benefit is based on benefit service at the date of disability.

Transfers Transfers in

Benefit calculated using benefit service and vesting service based on original employment date within the Company or subsidiary; reduced by the actuarial equivalent of benefits payable under any other plan maintained by the Company.

Transfers Out

The benefit will be calculated using the provisions in effect on the date of transfer; final average earnings and primary social security will be determined as if employment had terminated on the date of transfer.

Plan Provisions

Former Mosinee Retirement Plan

Effective Date	June 1, 1969. Amended and restated January 1, 1989. Last amended effective January 1, 1999.

Plan Provisions

Transfers

Transfers In

Benefit otherwise calculated is reduced by the amount of benefit payable under any other plan. The amount of reduction is determined as if the other benefit is payable in the form of a single life annuity at the date of termination (actuarially adjusted if the payment form is other than a single life annuity).

Transfers Out

If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using the benefit service up to date of transfer and using the benefit amount in effect upon termination.

Actuarial Cost Method

I. ACTUARIAL COST METHOD

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described in “Plan Assumptions” of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year for all Participants plus an estimate of the expenses to be paid from the plan assets during the plan year.

Target Liability and Funding Shortfall

As of January 1, 2008, a Target Liability is established which represents the present value of accrued benefits. This Target Liability is offset by adjusted assets, and the remainder (i.e. Funding Shortfall), if any, is amortized over seven years.

Subsequent changes in the Funding Shortfall due to asset experience, liability experience, plan amendments, and/or actuarial assumption changes will be amortized over a seven year period from their valuation dates.

Discount Rate

The plan sponsor has elected to use the Segment Rate approach for discount rate purposes, with an applicable month that is 4 months prior to the valuation date.

In addition, beginning with the 2012 plan year, solely for purposes of determining the minimum required contribution level, applicability of benefit restrictions, and for the at-risk determination, the adjusted 24-month average segment rates established by MAP-21 have been incorporated.

The adjusted 24-month average segment rates are generated by taking the unadjusted 24-month average segment rates for the sponsor-chosen lookback month and adjusting them so that each individual segment rate is not outside of the stipulated corridor around the corresponding 25-year average segment rate for the given plan year. For the 2013 plan year, the stipulated corridor is 85% - 115% of these 25-year average segment rates.

II. ASSET VALUATION METHOD

Assets have been valued in accordance with generally accepted procedures as described below.

All funds invested are valued in the following manner:

Definitions

i(t)	assumed growth rate, set equal to the lesser of the expected return on assets or the applicable 3 rd segment rate for Plan Year t.
C(t)	sum of contributions and other additions to the fund from all sources other than investment transactions in Plan Year t
W(t)	sum of all withdrawals and other decreases to the fund from all sources other than investment transactions in Plan Year t
AV(t)	Actuarial Value of Assets as of Plan Year t
MV(t)	Market Value of Assets as of Plan Year t
EV(t)	Expected Value of Assets as of Plan Year t
G/L(t)	Gain or Loss for Plan Year t

Actuarial Cost Method

Method

A description of the method used to determine the current year's Actuarial Value of Assets {AV(t)} is below.

For the preceding 2 years, G/L(t) is determined as follows:

$$EV(t) = MV(t-1) * (1 + i(t-1)) + [C(t-1) - W(t-1)] * (1 + i(t-1) * m)$$

Where m represents a proportionate yield consistent with the portion of the year for which C and W are invested

$$G/L(t-1) = EV(t) - MV(t)$$

For the current year, AV(t) is determined as follows:

$$AV(t) = MV(t) + 2/3 * G/L(t-1) + 1/3 * G/L(t-2)$$

Corridor Limits

The Actuarial Value of Assets may not be less than 90% or more than 110% of the current market value of plan assets as of the applicable valuation date [as required by IRC Section 430(g)(3)(B)(iii)].

Please note, as highlighted above, the assumed asset growth rate for each year is limited to the applicable 3rd segment rate by law. As a result, if the plan's expected rate of return is greater than this applicable rate, this method is expected to produce an actuarial value of assets that can be expected to be slightly less than the market value of assets, on average.

Deferred Vested Retirement	Three years of service.
Disability Retirement	Permanent and total disability and three years of vesting service.
Preretirement Survivor	Death while a participant after three years of service.
Retirement Benefits	
Normal Retirement	The lifetime annuity that is the actuarial equivalent of the account balance. The benefit shall not be less than the participant's accrued benefit as of December 31, 1998 under the provisions of the plan that were in force on that date.
Deferred Vested Retirement	The lifetime annuity which is the actuarial equivalent of the account balance.
Disability Retirement	The lifetime annuity which is the actuarial equivalent of the account balance is payable upon permanent and total disability.
Preretirement Survivor	If a participant dies after having vested in his account balance, the beneficiary shall be paid the lifetime annuity which is the actuarial equivalent of the account balance as of the date of death.
Normal Form of Benefit	For a participant who is not married on his annuity starting date: Lifetime annuity. For a participant who is married on his annuity starting date: Joint and 50 percent survivor annuity actuarially equivalent to the lifetime annuity.
Optional Forms of Benefit Payments	Actuarial equivalent joint and survivor annuities, 10-year certain and life annuity, and a single sum payment.

Plan Provisions

Definitions

Accrued Benefit

The lifetime annuity commencing on the normal retirement date. Prior to attaining the normal retirement date, projections of the account balance are based on the applicable interest rate. The accrued benefit will never be less than the December 31, 1998 accrued benefit calculated under the provisions of the plan in effect at that date.

Account Balance

The initial Account Balance as of January 1, 1999 is equal to the sum of (a) and (b), if eligible:

- (a) For participants of the former Wausau Paper Retirement Plan and the former Mosinee Retirement Plan as of December 31, 1998, the lump sum Actuarial Equivalent of the December 31, 1998 accrued benefit under the formula in force under the corresponding plan on that date.
- (b) For participants as of January 1, 1999, who are at least age 35 as of that date, the product of (i) and (ii):
 - (i) A percentage, based on the following table, of applicable earnings during 1998.
 - (ii)

Age as of 1/1/1999	Pay Under SSWB	Pay Over SSWB
35 – 39	1.0%	2.0%
40 – 44	2.0%	4.0%
45+	2.5%	5.0%

- (iii) Years of service as of December 31, 1998, up to a maximum of ten.

The Account Balance at any time thereafter is equal to the initial Account Balance (if any) and the sum of (a) and (b) below:

- (a) As of the last day of each calendar year up through 2010 of active participation, 4.25% of annual earnings up to the Social Security wage base plus 8.50% of annual earnings over the Social Security wage base is credited to the Account Balance. No credit will be given after December 31, 2010.
- (b) As of the last day of each calendar year, a participant's Account Balance is credited with an amount equal to the product of the Interest Crediting Rate and the Account Balance on the first day of such calendar year.

Plan Provisions

Interest Crediting Rate	The Interest Crediting Rate for a plan year is the average yield in November of the preceding plan year on 30-year Treasury Securities.
Applicable Mortality	The mortality prescribed by the Internal Revenue Service that is based on the prevailing commissioner's standard table used to determine reserves for group annuity contracts. The current table is the table referenced in Revenue Ruling 2007-67.
Applicable Interest Rate	The Applicable Interest Rate for a plan year is the segmented corporate bond yield curve in November of the preceding plan year, with a 5 year phase-in from 30-year Treasury Securities starting in 2008.
Actuarial Equivalence	<p>A benefit of equivalent actuarial value based on the Applicable Interest Rate and the Applicable Mortality.</p> <p>For purposes of determining the initial Account Balance, Actuarial Equivalence shall be determined according to the actuarial assumptions used to calculate lump sum distributions in effect on January 1, 1999.</p>
Earnings	Base salary, overtime pay, annual cash bonuses, and commissions paid including any salary reductions under a qualified cash or deferred arrangement and contributions or deferrals under Section 125.
Years of Service	The number of whole years within the Employee's Period of Service, as measured from the date the Employee first performs an Hour of Service. Service measurement complies with Treasury Regulation 1.410(a)-7.
Grandfathered Benefit	<p>Participants of the former Wausau Paper Retirement Plan and the former Mosinee Retirement Plan as of December 31, 1998, receive the greater of (a) and (b):</p> <ul style="list-style-type: none">(a) The cash balance plan benefit, and(b) The benefit under the formula of the corresponding prior plan, crediting pay and service through the earlier of retirement date and December 31, 2006.

Plan Provisions

Former Wausau Paper Retirement Plan

Effective Date	September 1, 1963. Amended and restated September 1, 1984. Last amended effective September 1, 1991.
Employees Covered by Plan	All salaried employees of Wausau Paper Mills Company, Rhinelander Paper Company, Wausau Papers of New Hampshire, and Wausau Papers Otis Mill as of December 31, 1998.
Normal Retirement Eligibility	Age 65 or age 62 with 10 years of service.
Benefit	<p>A monthly benefit equal to the product of:</p> <ul style="list-style-type: none"> (a) 50% of 1/12 of the participant's final average earnings, less 50% of the participant's primary social security benefit, and (b) the ratio (not greater than one) of: <ul style="list-style-type: none"> (1) the number of full months of benefit service to (2) 360. <p>Benefit service is limited to service after:</p> <ul style="list-style-type: none"> (i) September 1, 1979 for Rhinelander salaried employees; (ii) March 31, 1993 for Groveton salaried employees; and (iii) May 12, 1997 for Otis salaried employees.
Minimum Benefit	<p>Benefit accrued under the:</p> <ul style="list-style-type: none"> (a) Wausau-Mosinee Paper Pension Plan for Wausau salaried employees; (b) Rhinelander Paper Company, Inc. Pension Plan for Rhinelander salaried employees; (c) Wausau Papers of New Hampshire, Inc. Pension Plan for Groveton salaried employees and; (d) Wausau Papers Otis Mill, Inc. Pension Plan for Otis salaried employees.
Early Retirement Eligibility	Age 55 and 10 years of vesting service.
Benefit	A monthly benefit equal to the normal retirement benefit earned to the date of early retirement reduced by 5/12 of 1% for each month by which early retirement precedes age 62. There is no reduction if termination as a result of a job elimination occurs after age 60.

Plan Provisions

Disability Retirement

Eligibility

Permanent and total disability as defined under the provisions of the Social Security Act and 15 years of vesting service.

Benefit

A monthly benefit equal to the accrued normal retirement benefit earned to date of disability. The benefit is payable only to the extent it exceeds any other benefit (other than social security) payable under another company-paid program.

Vesting Benefit

Eligibility

Five years of vesting service.

Benefit

A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit at age 65. A participant may elect to have his benefit commence after attaining his earliest retirement age (the benefit is subject to the reduction for early retirement benefits).

Preretirement Death Benefit

Eligibility

A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.

Benefit

If a married participant dies after attaining his earliest retirement age, the monthly benefit is 50% of the reduced benefit he would have received had he retired on the day immediately preceding his date of death and elected a 50% joint and survivor annuity. If a married participant dies on or before his earliest retirement age, the monthly benefit is 50% of the benefit he would have received had he separated from service on his date of death, survived to and retired at the earliest retirement age and elected a 50% joint and survivor annuity.

Plan Provisions

Normal Form of Annuity Without Spouse	Life annuity.
With Spouse	Joint and survivor annuity reduced to 85% of the benefit otherwise payable if participant and spouse have same calendar year of birth, payable for employee's lifetime. Participant receives reduced lifetime benefit and, in the event of participant's death, 50% of reduced benefit continues to surviving spouse.
Optional Form of Annuity	100%, 66% or 50% joint and survivor annuity, 10-year certain and life annuity, or social security adjustment option. A lump sum payment may be elected in certain circumstances.
Compensation Definition	Final average annual earnings of a participant shall mean the average annual rate of basic compensation (excluding bonuses and overtime pay) for the highest five consecutive years during the ten years immediately preceding retirement date or the date of most recent termination of employment.
Service Definitions Vesting Service	For each 1,000 or more hours of work in a plan year, one year of vesting service is acquired.
Benefit Service	Prior to September 1, 1976, benefit service for determination of benefit amounts will equal credited service. After August 31, 1976, one year of benefit service is given for each plan year in which the employee has completed 2,076 hours of work. Those who do not complete 2,076 hours of work in a plan year are credited with 1/12 of a year of benefit service for each 173 hours of work.
Actuarial Equivalent Definition	A benefit of equivalent value when computed on the basis of the UP-1984 Mortality Table and an assumed 6% rate of interest.
Cost-of-Living Increase	The plan has provided ad hoc cost-of-living increases for retirees (and beneficiaries of retirees). The most recent increase provides for those who terminated employment and began receiving benefits before August 31, 1997. The cost-of-living increase was 0.17% times the number of months which elapsed after the later of the date the participant terminated employment or January 1, 1992.

Plan Provisions

Social Security Definition Normal Retirement Benefit

Primary social security benefit means the benefit which a participant would be entitled to receive at age 65 as a primary insurance amount under the federal Social Security Act.

Early Retirement Benefit

To determine the primary social security benefit, the participant's employment is continued to age 65 at the same annual rate as his annual earnings during the last year of employment.

Disability Retirement Benefit

In computing the retirement benefit under the plan, the participant's actual disability benefit under the Social Security Act is substituted for the primary social security benefit. The disability retirement benefit is based on benefit service at the date of disability.

Transfers Transfers in

Benefit calculated using benefit service and vesting service based on original employment date within the Company or subsidiary; reduced by the actuarial equivalent of benefits payable under any other plan maintained by the Company.

Transfers Out

The benefit will be calculated using the provisions in effect on the date of transfer; final average earnings and primary social security will be determined as if employment had terminated on the date of transfer.

Plan Provisions

Former Mosinee Retirement Plan

Effective Date	June 1, 1969. Amended and restated January 1, 1989. Last amended effective January 1, 1999.
Employees Covered by Plan	All salaried employees of Mosinee Paper Corporation, except former salaried employees of B&J Supply, as of December 31, 1998.
Normal Retirement Eligibility	Age 65 with 5 years of service.
Benefit	<p>A monthly benefit equal to the sum of:</p> <ul style="list-style-type: none">(a) 0.6% of 1/12 of the participant's final average earnings times benefit service up to 30 years, and(b) 0.4% of 1/12 of the participant's final average earnings in excess of \$400 times benefit service up to 30 years.
Minimum Benefit	None.
Early Retirement Eligibility	Age 55 and 10 years of vesting service.
Benefit	A monthly benefit equal to the normal retirement benefit earned to the date of early retirement reduced by 5/9 of 1% for each month by which early retirement precedes age 65 up to 5 years plus 5/18 of 1% for each month by which early retirement precedes age 60.
Disability Retirement Eligibility	Permanent and total disability and 5 years of vesting service.
Benefit	A monthly benefit commencing at age 65 equal to the normal retirement benefit calculated by using compensation at the time of disability and service the participant would have had at normal retirement date.
Vesting Benefit Eligibility	Five years of vesting service.
Benefit	A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit at 65. A participant may elect to have his benefit commence after attaining his earliest retirement age (the benefit is subject to the reduction for early retirement benefits).
Preretirement Death Benefit Eligibility	A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.
Benefit	If a married participant dies after attaining his earliest retirement age, the monthly benefit is 50% of the benefit he would have received had he retired on the day immediately preceding his date of death and elected a 50% joint and survivor annuity. If a married participant dies on or before his earliest retirement age, the monthly benefit is 50% of the benefit he would have received had he separated from service on

Plan Provisions

Transfers

Transfers In

Benefit otherwise calculated is reduced by the amount of benefit payable under any other plan. The amount of reduction is determined as if the other benefit is payable in the form of a single life annuity at the date of termination (actuarially adjusted if the payment form is other than a single life annuity).

Transfers Out

If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using the benefit service up to date of transfer and using the benefit amount in effect upon termination.

INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Committee and Participants
of the Wausau Paper Corp. Retirement Plan
Wausau, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wausau Paper Corp. Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on these 2013 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 7, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WAUSAU PAPER CORP. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Paper Corp. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General—Effective January 1, 2011, the Plan was frozen to new nonunion participants, and future Company credits to current nonunion participants. Participant accounts continue to be credited for interest earned.

Prior to January 1, 2011, the Plan was a defined benefit pension plan covering all nonunion employees of Wausau Paper Corp. and all union employees at the Middletown mill and Sorg Paper Company (collectively, the "Company"). Most employees became eligible to participate in the Plan on either (1) their date of hire if expected to be credited with 1,000 hours of work during the first 12 consecutive months of employment, or (2) the first day of any plan year in which the employee performed 1,000 hours of work. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the trustee of the Plan and manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Prior to January 1, 2011, the Plan had a cash balance pension formula component for all non-union employees. Under the cash balance formula, every year the Company credited each eligible participant for current service at a rate of 4.25% of eligible compensation up to the Old Age, Survivors, and Disability Insurance ("OASDI") wage base and 8.5% of compensation in excess of the OASDI wage base up to the maximum allowable amount.

The participant accounts continue to earn annual interest credited on the beginning of year balance at the 30-year Treasury Securities Rate from November of the prior year (2.80% for the 2013 Plan year).

Although the portion of the plan for non-union employees was frozen effective January 1, 2011, non-union participants, not fully vested at that time, were required to complete the additional service period to become fully vested. Wausau Paper Corp. amended the Plan effective on June 20, 2013, to fully vest all participants impacted by the sale of the Company's specialty paper business effective June 26, 2013.

Pension Benefits—Effective January 1, 2008, participants with three years of continuous service, as defined by the Plan, are entitled to pension benefits. Pension benefits are provided to participants under several types of retirement options. Retirement benefits are paid to pensioners or beneficiaries in various forms of joint and survivor annuities, including a lump-sum payment option for non-union employees under the cash balance pension formula.

Death Benefits—If a participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their designated beneficiary is eligible to receive the accumulated pension benefit in the participant's cash balance account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment adviser, custodians, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses— The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Reclassifications—Certain amounts in the 2012 financial statements have been reclassified to conform to the 2013 presentation with no impact on previously reported net assets or changes in net assets.

Subsequent Events—Subsequent events have been evaluated through October __, 2014, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- Mutual fund – Valued at the daily closing price as reported by the fund. The mutual fund held by the plan is an open-end mutual fund that is registered with the Security and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.
- Pooled separate accounts – Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

5. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2013, the Company accrued \$1,324,000 to meet the minimum funding requirement.

6. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2013 and 2012 is as follows:

Vested benefits:	2013	2012
Participants and/or beneficiaries currently receiving benefits	\$ 20,362,775	\$ 21,526,779
Other participants	<u>38,587,482</u>	<u>43,195,639</u>
Total vested benefits	58,950,257	64,722,418
Nonvested benefits	<u>274,792</u>	<u>53,347</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 59,225,049</u>	<u>\$ 64,775,765</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2013 are as follows:

Actuarial present value of accumulated benefits – beginning of year	<u>\$ 64,775,765</u>
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	231,001
Interest accreted	4,363,800
Changes in actuarial assumptions	3,167,279
Plan amendments	203,801
Benefits paid	<u>(13,516,597)</u>
Net decrease	<u>(5,550,716)</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 59,225,049</u>

The significant actuarial assumptions used in the December 31, 2013, valuations were:

- Mortality: The IRS Static Mortality Table Applicable for Minimum Funding Purposes
- Retirement age: Average retirement age of 62
- Investment return: 7.50% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. INVESTMENTS

The Plan's investments that represent 5% or more of net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Dryden S&P Index Fund	\$ 7,624,081	\$ 7,773,255
Core Plus Bond/PIMCO Fund	11,389,628	13,114,980
International Blend/Thornburg	4,297,699	4,501,696
Large Cap Growth/MFS Fund	8,298,700	-0-

Large Cap Value/Barrow Hanley	8,195,727	8,528,072
Core Bond Enhanced Index/PIM Fund	11,557,364	13,009,256

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$11,284,701 as follows:

Pooled separate accounts	\$ 10,812,204
Mutual fund	<u>472,497</u>
	<u>\$ 11,284,701</u>

8. INFORMATION CERTIFIED BY PLAN TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2013 and 2012 and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Note 7: All investment balances and investment information in the notes.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated August 24, 2011, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. PLAN TERMINATION

The Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Effective January 1, 2011, the Company froze future Company contributions to nonunion participants. The Company has not expressed any intention to terminate the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

11. RELATED PARTY TRANSACTIONS

Certain plan investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Prudential for investment services were \$390,687 for the year ended December 31, 2013. During 2013, the Plan also paid service charges of \$70,288 which are included in administrative expenses on the statement of changes in net assets. These are not considered prohibited transactions by statutory exemption under ERISA regulations.

12. SUBSEQUENT EVENT

On July 30, 2014, Wausau Paper Corp. entered into a \$175 million secured term loan facility. Also, on July 30, 2014, Wausau Paper Corp. entered into a \$50 million secured revolving credit facility.

Coincident with the securitization of Wausau Paper Corp.'s debt obligations, a settlement agreement was entered into with the Pension Benefit Guaranty Corporation (the "PBGC") with respect to the Company's unfunded defined benefit pension obligations. Under the agreement, the Company has agreed to grant a lien on substantially all of its assets to the PBGC that is junior and subordinate to the lien security interest on assets pledged under the secured term loan and revolving credit agreements. The Company has also agreed to make contributions in excess of minimum funding requirements of up to \$36 million to its defined benefit pension plans through 2018, with the first contribution under this agreement of \$7.5 million due within 30 days following the close of the \$50 million secured revolver and \$175 million term loan facility.

In accordance with the settlement agreement "Wausau shall have full discretion with respect to which Plan(s) will have Excess Contributions or portions thereof made to them." As part of this agreement \$1,324,000 of the \$7,500,000 in additional contributions were made to this Plan on August 25, 2014. This payment is included in the December 31, 2013 contributions receivable from employer.

INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Committee and Participants
of the Wausau Paper Corp. Retirement Plan
Wausau, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wausau Paper Corp. Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on these 2013 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 7, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WAUSAU PAPER CORP. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Paper Corp. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General—Effective January 1, 2011, the Plan was frozen to new nonunion participants, and future Company credits to current nonunion participants. Participant accounts continue to be credited for interest earned.

Prior to January 1, 2011, the Plan was a defined benefit pension plan covering all nonunion employees of Wausau Paper Corp. and all union employees at the Middletown mill and Sorg Paper Company (collectively, the "Company"). Most employees became eligible to participate in the Plan on either (1) their date of hire if expected to be credited with 1,000 hours of work during the first 12 consecutive months of employment, or (2) the first day of any plan year in which the employee performed 1,000 hours of work. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the trustee of the Plan and manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Prior to January 1, 2011, the Plan had a cash balance pension formula component for all non-union employees. Under the cash balance formula, every year the Company credited each eligible participant for current service at a rate of 4.25% of eligible compensation up to the Old Age, Survivors, and Disability Insurance ("OASDI") wage base and 8.5% of compensation in excess of the OASDI wage base up to the maximum allowable amount.

The participant accounts continue to earn annual interest credited on the beginning of year balance at the 30-year Treasury Securities Rate from November of the prior year (2.80% for the 2013 Plan year).

Although the portion of the plan for non-union employees was frozen effective January 1, 2011, non-union participants, not fully vested at that time, were required to complete the additional service period to become fully vested. Wausau Paper Corp. amended the Plan effective on June 20, 2013, to fully vest all participants impacted by the sale of the Company's specialty paper business effective June 26, 2013.

Pension Benefits—Effective January 1, 2008, participants with three years of continuous service, as defined by the Plan, are entitled to pension benefits. Pension benefits are provided to participants under several types of retirement options. Retirement benefits are paid to pensioners or beneficiaries in various forms of joint and survivor annuities, including a lump-sum payment option for non-union employees under the cash balance pension formula.

Death Benefits—If a participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their designated beneficiary is eligible to receive the accumulated pension benefit in the participant's cash balance account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment adviser, custodians, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses— The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Reclassifications—Certain amounts in the 2012 financial statements have been reclassified to conform to the 2013 presentation with no impact on previously reported net assets or changes in net assets.

Subsequent Events—Subsequent events have been evaluated through October __, 2014, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- Mutual fund – Valued at the daily closing price as reported by the fund. The mutual fund held by the plan is an open-end mutual fund that is registered with the Security and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.
- Pooled separate accounts – Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

5. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2013, the Company accrued \$1,324,000 to meet the minimum funding requirement.

6. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2013 and 2012 is as follows:

Vested benefits:	<u>2013</u>	<u>2012</u>
Participants and/or beneficiaries currently receiving benefits	\$ 20,362,775	\$ 21,526,779
Other participants	<u>38,587,482</u>	<u>43,195,639</u>
Total vested benefits	58,950,257	64,722,418
Nonvested benefits	<u>274,792</u>	<u>53,347</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 59,225,049</u>	<u>\$ 64,775,765</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2013 are as follows:

Actuarial present value of accumulated benefits – beginning of year	<u>\$ 64,775,765</u>
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	231,001
Interest accreted	4,363,800
Changes in actuarial assumptions	3,167,279
Plan amendments	203,801
Benefits paid	<u>(13,516,597)</u>
Net decrease	<u>(5,550,716)</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 59,225,049</u>

The significant actuarial assumptions used in the December 31, 2013, valuations were:

- Mortality: The IRS Static Mortality Table Applicable for Minimum Funding Purposes
- Retirement age: Average retirement age of 62
- Investment return: 7.50% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. INVESTMENTS

The Plan's investments that represent 5% or more of net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Dryden S&P Index Fund	\$ 7,624,081	\$ 7,773,255
Core Plus Bond/PIMCO Fund	11,389,628	13,114,980
International Blend/Thornburg	4,297,699	4,501,696
Large Cap Growth/MFS Fund	8,298,700	-0-
Large Cap Growth/NeubergerBerman	-0-	8,269,591
Large Cap Value/Barrow Hanley	8,195,727	8,528,072
Core Bond Enhanced Index/PIM Fund	11,557,364	13,009,256

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$11,284,701 as follows:

Pooled separate accounts	\$ 10,812,204
Mutual fund	<u>472,497</u>
	<u>\$ 11,284,701</u>

8. INFORMATION CERTIFIED BY PLAN TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2013 and 2012 and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Note 7: All investment balances and investment information in the notes.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated August 24, 2011, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. PLAN TERMINATION

The Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Effective January 1, 2011, the Company froze future Company contributions to nonunion participants. The Company has not expressed any intention to terminate the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

11. RELATED PARTY TRANSACTIONS

Certain plan investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Prudential for investment services were \$390,687 for the year ended December 31, 2013. During 2013, the Plan also paid service charges of \$70,288 which are included in administrative expenses on the statement of changes in net assets. These are not considered prohibited transactions by statutory exemption under ERISA regulations.

12. SUBSEQUENT EVENT

On July 30, 2014, Wausau Paper Corp. entered into a \$175 million secured term loan facility. Also, on July 30, 2014, Wausau Paper Corp. entered into a \$50 million secured revolving credit facility.

Coincident with the securitization of Wausau Paper Corp.'s debt obligations, a settlement agreement was entered into with the Pension Benefit Guaranty Corporation (the "PBGC") with respect to the Company's unfunded defined benefit pension obligations. Under the agreement, the Company has agreed to grant a lien on substantially all of its assets to the PBGC that is junior and subordinate to the lien security interest on assets pledged under the secured term loan and revolving credit agreements. The Company has also agreed to make contributions in excess of minimum funding requirements of up to \$36 million to its defined benefit pension plans through 2018, with the first contribution under this agreement of \$7.5 million due within 30 days following the close of the \$50 million secured revolver and \$175 million term loan facility.

In accordance with the settlement agreement "Wausau shall have full discretion with respect to which Plan(s) will have Excess Contributions or portions thereof made to them." As part of this agreement \$1,324,000 of the \$7,500,000 in additional contributions were made to this Plan on August 25, 2014. This payment is included in the December 31, 2013 contributions receivable from employer.

INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Committee and Participants
of the Wausau Paper Corp. Retirement Plan
Wausau, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wausau Paper Corp. Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on these 2013 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2012 Financial Statements

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 7, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WAUSAU PAPER CORP. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Paper Corp. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General—Effective January 1, 2011, the Plan was frozen to new nonunion participants, and future Company credits to current nonunion participants. Participant accounts continue to be credited for interest earned.

Prior to January 1, 2011, the Plan was a defined benefit pension plan covering all nonunion employees of Wausau Paper Corp. and all union employees at the Middletown mill and Sorg Paper Company (collectively, the "Company"). Most employees became eligible to participate in the Plan on either (1) their date of hire if expected to be credited with 1,000 hours of work during the first 12 consecutive months of employment, or (2) the first day of any plan year in which the employee performed 1,000 hours of work. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the trustee of the Plan and manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Prior to January 1, 2011, the Plan had a cash balance pension formula component for all non-union employees. Under the cash balance formula, every year the Company credited each eligible participant for current service at a rate of 4.25% of eligible compensation up to the Old Age, Survivors, and Disability Insurance ("OASDI") wage base and 8.5% of compensation in excess of the OASDI wage base up to the maximum allowable amount.

The participant accounts continue to earn annual interest credited on the beginning of year balance at the 30-year Treasury Securities Rate from November of the prior year (2.80% for the 2013 Plan year).

Although the portion of the plan for non-union employees was frozen effective January 1, 2011, non-union participants, not fully vested at that time, were required to complete the additional service period to become fully vested. Wausau Paper Corp. amended the Plan effective on June 20, 2013, to fully vest all participants impacted by the sale of the Company's specialty paper business effective June 26, 2013.

Pension Benefits—Effective January 1, 2008, participants with three years of continuous service, as defined by the Plan, are entitled to pension benefits. Pension benefits are provided to participants under several types of retirement options. Retirement benefits are paid to pensioners or beneficiaries in various forms of joint and survivor annuities, including a lump-sum payment option for non-union employees under the cash balance pension formula.

Death Benefits—If a participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their designated beneficiary is eligible to receive the accumulated pension benefit in the participant's cash balance account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment adviser, custodians, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses— The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Reclassifications—Certain amounts in the 2012 financial statements have been reclassified to conform to the 2013 presentation with no impact on previously reported net assets or changes in net assets.

Subsequent Events—Subsequent events have been evaluated through October __, 2014, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- Mutual fund – Valued at the daily closing price as reported by the fund. The mutual fund held by the plan is an open-end mutual fund that is registered with the Security and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.
- Pooled separate accounts – Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

5. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2013, the Company accrued \$1,324,000 to meet the minimum funding requirement.

6. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2013 and 2012 is as follows:

Vested benefits:	<u>2013</u>	<u>2012</u>
Participants and/or beneficiaries currently receiving benefits	\$ 20,362,775	\$ 21,526,779
Other participants	<u>38,587,482</u>	<u>43,195,639</u>
Total vested benefits	58,950,257	64,722,418
Nonvested benefits	<u>274,792</u>	<u>53,347</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 59,225,049</u>	<u>\$ 64,775,765</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2013 are as follows:

Actuarial present value of accumulated benefits – beginning of year	<u>\$ 64,775,765</u>
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	231,001
Interest accreted	4,363,800
Changes in actuarial assumptions	3,167,279
Plan amendments	203,801
Benefits paid	<u>(13,516,597)</u>
Net decrease	<u>(5,550,716)</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 59,225,049</u>

The significant actuarial assumptions used in the December 31, 2013, valuations were:

- Mortality: The IRS Static Mortality Table Applicable for Minimum Funding Purposes
- Retirement age: Average retirement age of 62
- Investment return: 7.50% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. INVESTMENTS

The Plan's investments that represent 5% or more of net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Dryden S&P Index Fund	\$ 7,624,081	\$ 7,773,255
Core Plus Bond/PIMCO Fund	11,389,628	13,114,980
International Blend/Thornburg	4,297,699	4,501,696
Large Cap Growth/MFS Fund	8,298,700	-0-
Large Cap Growth/NeubergerBerman	-0-	8,269,591
Large Cap Value/Barrow Hanley	8,195,727	8,528,072
Core Bond Enhanced Index/PIM Fund	11,557,364	13,009,256

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$11,284,701 as follows:

Pooled separate accounts	\$ 10,812,204
Mutual fund	<u>472,497</u>
	<u>\$ 11,284,701</u>

8. INFORMATION CERTIFIED BY PLAN TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2013 and 2012 and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Note 7: All investment balances and investment information in the notes.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated August 24, 2011, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. PLAN TERMINATION

The Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Effective January 1, 2011, the Company froze future Company contributions to nonunion participants. The Company has not expressed any intention to terminate the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

11. RELATED PARTY TRANSACTIONS

Certain plan investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Prudential for investment services were \$390,687 for the year ended December 31, 2013. During 2013, the Plan also paid service charges of \$70,288 which are included in administrative expenses on the statement of changes in net assets. These are not considered prohibited transactions by statutory exemption under ERISA regulations.

12. SUBSEQUENT EVENT

On July 30, 2014, Wausau Paper Corp. entered into a \$175 million secured term loan facility. Also, on July 30, 2014, Wausau Paper Corp. entered into a \$50 million secured revolving credit facility.

Coincident with the securitization of Wausau Paper Corp.'s debt obligations, a settlement agreement was entered into with the Pension Benefit Guaranty Corporation (the "PBGC") with respect to the Company's unfunded defined benefit pension obligations. Under the agreement, the Company has agreed to grant a lien on substantially all of its assets to the PBGC that is junior and subordinate to the lien security interest on assets pledged under the secured term loan and revolving credit agreements. The Company has also agreed to make contributions in excess of minimum funding requirements of up to \$36 million to its defined benefit pension plans through 2018, with the first contribution under this agreement of \$7.5 million due within 30 days following the close of the \$50 million secured revolver and \$175 million term loan facility.

In accordance with the settlement agreement "Wausau shall have full discretion with respect to which Plan(s) will have Excess Contributions or portions thereof made to them." As part of this agreement \$1,324,000 of the \$7,500,000 in additional contributions were made to this Plan on August 25, 2014. This payment is included in the December 31, 2013 contributions receivable from employer.
