1. DESCRIPTION OF THE PLAN

The following description of the California Box Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan began January 1, 2005. The Plan is a defined contribution plan covering all full-time employees of California Box Company and its affiliates, California Box Company II, CB Sheets, Arizona Corrugated Container, Tucson Container and West Texas Container (the "Company"), who have completed one year and 1,000 hours of service, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. The Company may make matching contributions equal to a discretionary percentage to be determined by the employer of the first 6% base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations as prescribed by the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited services.

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 1% above the prime rate. The prime rate at December 31, 2013 is 3.25% and interest charged on the outstanding loans ranges from 4.25% to 8.75% per annum. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries are entitled to the entire account balance. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Benefits to which a participant is entitled under the Plan will be distributed in a lump sum, either as a cash payment or as a rollover to another retirement plan or in certain cases the participant can continue in the Plan with no further contributions made on their behalf.

Forfeited Accounts

Forfeited accounts are used to reduce future employer contributions. Forfeited non-vested accounts at December 31, 2013 and 2012 are $5,573 and $4,618, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Loss Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by current accounting standards, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which approximates contract value.

Payment of Benefits to Participants

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 14, 2014, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As of December 31, 2013 and 2012, and for the year ended December 31, 2013, Transamerica Life Insurance Company ("Transamerica"), held the Plan's investment assets and executed investment transactions.

Accordingly, as permitted under such election, the following information as of December 31, 2013 and 2012 and for the year ended December 31, 2013, was certified as complete and accurate by Transamerica and was not subjected to any auditing procedures performed by the independent public accountants:

a) Total investments shown in the accompanying statements of net assets available for benefits of $1,760,289 and $1,399,916 as of December 31, 2013 and 2012, respectively.

b) Net appreciation in fair value of investments and interest income totaled $239,696 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.

c) All investment-related information in the accompanying supplemental schedule H, Line 4i – Schedule of Assets (Held at year end), as of December 31, 2013.

The following individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	2013	2012
Transamerica Stable Value Fund *	$ 262,886	$ 288,964
Vanguard Target Ret 2025	$ 271,478	$ 215,155
Vanguard Target Ret 2035	$ 165,850	$ 116,962
Vanguard Target Ret 2015	$ 112,959	$ 104,871
Transamerica Loomis Sayles Bond	$ 186,173	$ 81,606

*Transamerica certified that the contract value approximates fair value.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") *820, Fair Value Measurements and Disclosures* ("ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1—Inputs to the valuation methodology are based on unadjusted quoted market prices for identical assets or liabilities in an active market that the fund has the ability to access.

- Level 2—Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3—Inputs to the valuation methodology are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodian. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

4. FAIR VALUE MEASUREMENTS (continued)

Stable Value Fund: Fair value is the amount the Plan's sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair value represents contributions made under contract, plus earnings, less participant plan withdrawals and administrative expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

	Fair Value Measurements at December 31, 2013			
Mutual funds	**Level 1**	**Level 2**	**Level 3**	**Total**
Small cap funds	$ 70,600	$ 33,247	$ –	$ 103,847
Mid cap funds	99,627	–	–	99,627
Large cap funds	222,517	61,783	–	284,300
International funds	58,167	41,594	–	99,761
Bond funds	728	237,987	–	238,715
Other	505,303	165,850	–	671,153
Total mutual funds	956,942	540,461	–	1,497,403
Stable Value Fund	–	262,886	–	262,886
Total	$ 956,942	$ 803,347	$ –	$ 1,760,289

4. FAIR VALUE MEASUREMENTS (continued)

	Fair Value Measurements at December 31, 2012			
Mutual funds	Level 1	Level 2	Level 3	Total
Small cap funds	$ 80,076	$ 20,090	$ –	$ 100,166
Mid cap funds	64,985	–	–	64,985
Large cap funds	197,520	41,649	–	239,169
International funds	37,517	28,608	–	66,125
Bond funds	380	125,802	–	126,182
Other	397,363	116,962	–	514,325
Total mutual funds	777,841	333,111	–	1,110,952
Stable Value Fund	–	288,964	–	288,964
Total	$ 777,841	$ 622,075	$ –	$ 1,399,916

During the years ended December 31, 2013 and 2012, there were no transfers of financial instruments between Level 1 and Level 2 or transfers in or out of Level 3.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2013 and 2012, the Plan's investment options included stable value fund contracts with Transamerica which were determined to be fully-benefit responsive. Based on this determination, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is applied to the Plan.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value approximates contract value at December 31, 2013 and 2012. The average yield and crediting interest rate was approximately 1.45 % and 1.75% for the year ended December 31, 2013 and 2012, respectively, based on a formula agreed upon with Transamerica. Under the terms of the contract, the crediting rate is reset on a monthly basis.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual and stable value funds managed by Transamerica. Transamerica is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid $11,867 to Transamerica for investment management services in 2013 and the Plan sponsor (California Box Company) pays a significant portion of the other administrative costs.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. INCOME TAX STATUS

The prototype and volume submitter documents offered through Transamerica are in compliance with all current legislation and have received a favorable Internal Revenue Service ("IRS") opinion. The Company utilizes an IRS approved prototype for the Plan. Although the Plan has been amended, it did not alter the provisions offered in that IRS approved document. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 there are no uncertain position taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

9. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets and remit them to the Plan as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

During 2013, the Plan Sponsor failed to remit certain participant contributions totaling approximately $10,359 within the period prescribed by the Department of Labor due to administrative errors. The Plan Sponsor determined that the total amount owed to affected participants was approximately $21 for potential lost earnings due to the delay, which the plan Sponsor intends to remit to the Plan.
