Notes to Financial Statements

1. Description of the Plan

The following description of the Biggs/Gilmore Communications Retirement Savings Plan (the Plan) provides only for general information. Participants should refer to the plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to all employees of Biggs/Gilmore Communications (the Company) on their date of hire and who are at least 21 years of age. With respect to matching contributions, qualified non-elective contributions and discretionary profit-sharing contributions, employees will be eligible after completing one year of service. The Company established the Plan effective January 1, 1986. The Plan was amended and restated as a non-standard prototype plan with Transamerica Retirement Solutions Corporation, an affiliate of the current trustee, State Street Bank & Trust Company, effective January 1, 2014. See further discussion of transfer of assets at Note 8. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their annual compensation, subject to annual limitations, established by the Internal Revenue Service. Elective deferrals made with pre-tax compensation and earnings thereon are nontaxable until withdrawn from the Plan. The Company may also make discretionary and additional matching contributions to the Plan determined by its board of directors. The match is invested in various investment options as directed by the participant. Participants may also rollover amounts representing distributions from other qualified plans.

The Plan provides for discretionary profit sharing and matching contributions. During the year ended December 31, 2013, the discretionary matching contribution was 25% of the participant's contribution, not to exceed 5% of the employee's total compensation. There was no discretionary profit sharing contribution for the year ended December 31, 2013. Employer contributions were approximately \$95,000 and \$83,000 for the years ending December 31, 2013 and 2012, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocation of earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Currently, the Plan offers mutual funds and a money market fund as investment options for participants.

Vesting

Plan participants are immediately 100% vested in all participant and rollover contributions and any income or loss thereon.

Biggs | Gilmore Communications Retirement Savings Plan

Notes to Financial Statements

The employer discretionary profit sharing contribution vests as follows:

<i>Years of Service</i>	<i>Percentage</i>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant or a participant's beneficiary may elect to receive a lump-sum distribution equal to the vested balance of a participant's account or one of the other optional forms of benefit offered by the Plan. Hardship withdrawals are allowed under the Plan.

Notes Receivable from Participants

Participants may, under certain circumstances as defined by the Plan document, borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum note is \$1,000. Participants may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the prevailing rate charged by other lenders for similar notes. Interest rates on notes receivable range from 4.25% to 9.25% at December 31, 2013. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms may be up to 15 years.

Forfeitures

Forfeitures result from employer-matching and discretionary contributions and can be used to pay administrative expenses and to reduce future employer contributions. There were no forfeitures for the years ended December 31, 2013 or 2012.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company.

Administrative expenses paid by plan participants consist primarily of loan and distribution fees which are paid by the Plan. Plan expenses are specifically charged to participants based on the requested service or are allocated to participants proportionately based on value of the account balances or as an equal dollar amount based on the number of participants. The allocation method depends on the nature of expense.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable, or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Daily NAV, not traded in an active market or exchange. No CUSIP or Ticker to access unit value. The investment is valued at a daily calculated unit value, which is an observable input.

Biggs | Gilmore Communications Retirement Savings Plan

Notes to Financial Statements

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan's management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation includes the plan gains and losses on investments bought and sold, as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded against the participant's balance.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible changes in their values could occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in securities of U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events

The Company's policy is to evaluate all events or transactions that occur from the year-end date through the date of the issuance of the Plan's financial statements. The Company has evaluated the period from January 1, 2014, through October 14, 2014, the date the Plan's financial statements were available for issuance, for subsequent events requiring recognition or disclosure in the financial statements. During the period, no material recognizable events were identified.

Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by the Plan's Current and Former Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and disclosure under ERISA. Accordingly, the current and former trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2013	2012
Cash	\$ 425,788	\$ -
Mutual funds	\$ 7,008,589	\$ 5,697,045

<i>Year ended December 31,</i>	2013	2012
Net appreciation in fair value of investments	\$ 1,302,928	\$ 627,932
Dividend income	\$ 79,446	\$ 112,019
Interest income on notes receivable from participants	\$ 3,117	\$ 2,714

Investment values and income are also disclosed in Note 3. Investments and notes receivable from participants are reflected in Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Party in Interest Transactions

Certain plan investments are in investment funds managed by Transamerica Retirement Solutions, the trustee of the Plan; therefore, these transactions qualify as party in interest transactions as defined under ERISA guidelines. Fees paid during the year for accounting, trustee, recordkeeping, investment advisory, and other professional services rendered by parties in interest were based on customary and reasonable rates for such services.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, the trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination.

Biggs | Gilmore Communications Retirement Savings Plan

Notes to Financial Statements

7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan committee that the prototype plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan administrator received an updated opinion letter on the prototype plan dated March 31, 2008. The Plan has been restated and amended since receiving the opinion letter. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Transfer of Assets

During December, 2013, all assets of the Plan were transferred from Mid Atlantic Trust Company, the Plan's former trustee, to State Street Bank & Trust Company, the current trustee of the Plan. The period December 18, 2013 to January 19, 2014, was a blackout period where participants were unable to make changes to their accounts as State Street Bank & Trust Company prepared to convert the Plan assets to cash.
