Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dugan & Meyers Construction Company Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fifth Third Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF THE PLAN:

The following brief description of the Dugan & Meyers Construction Company ("Company") Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1989 covering substantially all employees of the Company. The Company includes the following affiliated group members: Dugan & Meyers Construction Company and Arnold Dugan & Meyers.

Employees who have completed at least three months of service during the year and are 18 years of age or older are eligible to participate in the Plan. An employee can enter the Plan as of the first day of the payroll period following completion of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the Code).

Contributions

Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code). Additionally, employees may roll over their taxable portion of funds previously held in another employee benefit plan to the Plan on a tax-deferred basis. The Company may, at its discretion, match participants' 401(k) contributions, up to the limit determined by the Company.

Prevailing wage contributions are made by the employer in addition to employees' regular pay and are not deducted from wages. They will vary for each employee based on (a) the hourly contribution rate designated for that employee's employment classification, and (b) the construction project at which the work was performed. All contributions are subject to certain limitations. Safe harbor profit sharing contributions may be made at the Company's discretion.

Participant accounts

A participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and discretionary contributions, if applicable, (b) the Company's Prevailing Wage contributions, if applicable, and (c) Plan earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing interest rates as determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through weekly payroll deductions.

Payment of benefits

Distributions may generally be made to a participant upon the participant's retirement (including early retirement), death, disability, or termination of employment with the Company. Additionally, prior to

termination from employment, a participant may withdraw all or a portion of their vested account balance upon attaining age 59½ or incurring a financial hardship (if certain requirements are satisfied). Benefits shall be paid to participants in the form of lump sum payments, installment payments, or the purchase of a single premium annuity contract upon termination of employment. In the event of a participant's death, a participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

Vesting

Participants are immediately vested in their 401(k) contributions, catch-up contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest in Company contributions, other than prevailing wage and safe harbor profit sharing contributions, after five years of service. Participants are immediately vested in prevailing wage and safe harbor profit sharing contributions. Regardless of service, participants are immediately vested in the Company contributions upon normal retirement, permanent disability, or death.

Forfeited accounts

In the event a participant terminates employment prior to 100% vesting the portion of the employer contributions which is not vested is forfeited at that time. The forfeited amounts may be used to reduce Plan expenses and any remaining forfeitures may be used to reduce future employer contributions. At December 31, 2013 and 2012 there were \$10,559 and \$5,713 of forfeited non-vested accounts, respectively, available to pay plan expenses or to offset future employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust fund. Contract value for this common/collective trust fund is based on the net asset value of the fund as reported by the investment advisor. As required by professional standards, the statements of net assets available for benefits presents the fair value of the investment in the common/collective trust fund as well as the adjustment of the investment in the common/collective trust fund from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The plan has evaluated subsequent events through October 6, 2014, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant directed investment programs for individual employees. Investments of employee contributions and employer contributions can be made into various funds in accordance with each participant's election.

Investments whose fair value represents 5% or more of the Plan's net assets available for benefits at December 31 are as follows:

	<u>2013</u>	<u>2012</u>
Goldman Sachs Stable Value Collective Trust Fund (contract)	\$ 3,191,217	**
Vanguard Wellington – Admiral Fund	1,443,733	2,528,692
Victory Small Company Opportunity Fund	758,102	**
MFS Value Fund	744,324	**
American Funds Europacific Growth Fund R4	733,228	1,047,843
Neuberger & Berman Genesis Trust Fund	723,026	**
Dreyfus Bond Market Index Investor Fund	720,274	1,569,241
Fifth Third Stable Value Fund (B) (contract)	**	2,814,108
Columbia Mid Cap Value Fund Z	**	1,136,628

** Investment balance is less than 5% of net asset or was not held at year end.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 1,224,062
Common/collective trust funds	<u>63,531</u>
	<u>\$ 1,287,593</u>

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units of the common/collective trusts. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no restrictions on redemptions from these funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012.

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013 and 2012, respectively.

<u>December 31, 2013</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Notice Period</u>

Fifth Third Bank Equity Index Fund ****	\$ 206,737	n/a	Daily	n/a

*** The Goldman Sachs Stable Value Collective Trust Fund seeks to earn income, while seeking to preserve capital and stability of principal. The fund is comprised primarily in stable value investment contracts.

**** The Fifth Third Bank Equity Index Fund seeks long-term capital appreciation, with current income as a secondary objective for the betterment of unit holders. The fund is comprised substantially of common stock of companies that make up the Standard & Poor's 500 Composite Stock Price Index, as well as cash and money market funds.

***** The Fifth Third Stable Value Fund seeks to preserve principal while earning a level of interest income consistent with principal preservation. The fund is comprised of investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

5. INFORMATION CERTIFIED BY THE TRUSTEE:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information, and related income included on the statements of net assets available for benefits, statement of changes in net assets available for benefits, and the supplemental schedule of assets (held at end of year), certified by Fifth Third Bank, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of a common/collective trust fund managed by Fifth Third Bank. Fifth Third Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

7. INCOME TAX STATUS:

The Plan Sponsor has adopted a prototype plan document which received a favorable opinion letter dated March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan elected not to apply for a separate determination letter. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine tax audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan terminated, participants would become 100% vested in their accounts, to the extent they are not already vested.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Schedule H of Form 5500:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$ 12,918,867	14,282,160
Defaulted loans reclassified as benefits paid to participants for financial statement presentation purposes	<u>-</u>	<u>18,710</u>
Net assets available for benefits per the Form 5500	\$ <u>12,918,867</u>	<u>14,300,870</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2013:

Net decrease per the financial statements	\$ (1,363,293)
Defaulted loans reclassified as benefits paid to participants for Form 5500 presentation purposes	<u>18,710</u>
Net decrease per Form 5500	\$ <u>(1,382,003)</u>
