PPFA RETIREMENT PLAN

(Sponsored by Planned Parenthood of Greater Washington and North Idaho)

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of the Plan

The following brief description of the PPFA Retirement Plan (the Plan), of which the plan sponsor is Planned Parenthood of Greater Washington and North Idaho (PPGWNI), is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) Plan Amendment

The Plan was originally a defined contribution plan funded solely by contributions from PPGWNI. Effective March 1, 2001, the Plan was amended to become a 401(k) profit sharing plan that is qualified pursuant to Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code). Additionally, the Plan is designed to comply with the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA) and, in such design, participants and not the trustee or fiduciaries are responsible for the results of the participants' investment decisions.

(b) General

Employees can join and start contributing to the Plan on the first day of any month after the employee starts work. Eligible employees make voluntary pretax contributions to the Plan through a salary reduction agreement. All full-time employees of PPGWNI who have performed one year of service and are age 19 or older are eligible for employer contributions. Employees will be credited with a year of service for eligibility purposes for each continuous 12-month period.

(c) Contributions

PPGWNI makes a discretionary employer contribution equal to 3% of each participant's salary for the calendar month.

Total additions to a participant's account are limited to the lesser of (a) \$51,000 and \$50,000 for 2013 and 2012, respectively or (b) 100% of the participant's taxable earnings for the year.

All employee contributions are voluntary and cannot exceed certain limitations as defined by the Code. For the years 2013 and 2012, plan participants who are age 50 or older are eligible for elective catch-up deferrals of \$5,500, allowing for a maximum contribution of \$23,000 and \$22,500, respectively. The catch-up deferrals are not considered in applying certain plan limitations, including the maximum amounts of elective deferrals.

Additionally, the Plan accepts contributions that are rolled over from other qualified plans, as well as accumulations from tax-sheltered annuities, Section 403(b) plans and Section 457 governmental plans, and individual retirement annuities.

(d) Participant Accounts and Investment Options

The Plan maintains a separate account for each participant, to which contributions and investment performance are allocated. Each participant's account is credited with contributions (employee and employer) and an allocation of the participant's selected investments' earnings. Participants have access to their own contributions prior to retirement through in-service loans and withdrawals.

PPFA RETIREMENT PLAN

(Sponsored by Planned Parenthood of Greater Washington and North Idaho)

Notes to Financial Statements

December 31, 2013 and 2012

Employer contributions are not available for in-service loans or withdrawals, except in the event of total and permanent disability, at which time a participant can request a withdrawal in an amount up to the vested portion in his or her participant account. The Plan allows participants to self-direct the investments of their accounts among various designated investment fund options. Participants may change investment allocations at any time.

(e) Participant Loans

If the portion of a participant's account based on employee contributions is at least \$2,000, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of his or her participant account balance. Loan terms range from one to five years, unless such loan is for the purchase of a principal residence, whereupon repayment may be extended to ten years. The loans are collateralized by the participant's account and bear interest at a rate, established by the plan administrator, that approximate current market rates. Principal and interest payments are made ratably through deductions from participants' banking accounts. Participant loans are stated at their outstanding balance, plus accrued interest.

(f) Vesting

All participant voluntary contributions and investment earnings are fully vested at all times. Employer contributions and investment earnings are fully vested once the participant has completed two years of service.

(g) Payment of Benefits

Upon termination of service, a participant can elect to receive his or her account balance, either as a lump-sum amount, in installments, or through optional forms of annuity-type payments. Other benefits available to participants include in-service withdrawals and withdrawals on account of death and disability.

All participant accounts under \$1,000 (exclusive of rollover contributions) are automatically paid in cash upon the participant's separation from employment.

(h) Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$1,312 and \$10,789, respectively. These accounts can be used to reduce future employer contributions, reduce future plan expenses or be allocated to the participants in the Plan. Employer contributions were reduced from forfeited investment accounts by \$10,027 and \$0 in 2013 and 2012, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting.

PPFA RETIREMENT PLAN

Notes to Financial Statements

December 31, 2013 and 2012

(b) *Investment Valuation and Income Recognition*

The investment assets are maintained in a trust. The trustee is Fidelity Management Trust Company (Fidelity). Each participant designates the percentage of his or her participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date to reflect his or her proportionate share of the total net fair value of such investment fund.

Investments are reported at fair value as described in note 4. The Plan records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on the contract value basis.

(c) *Payment of Benefits*

Benefits are recorded when paid.

(d) *Use of Estimates*

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(3) *Information Certified by Trustee (Unaudited)*

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, Fidelity has certified to the completeness and accuracy of the following information, as of and for the years ended December 31, 2013 and 2012, and such information was not subject to any auditing procedures performed by the independent auditors.

Notes to Financial Statements

December 31, 2013 and 2012

The income certified for the year ended December 31, 2013 and 2012 is summarized as follows:

	<u>2013</u>	<u>2012</u>
Investment income:		
Net appreciation in fair value of investments, from registered investment companies including investments bought, sold and held during the year	\$ 387,268	193,191
Interest and dividend income	<u>128,473</u>	<u>60,974</u>
Total investment income	<u>\$ 515,741</u>	<u>254,165</u>
Interest from loans to participants	\$ 2,491	2,923

The Managed Income Portfolio's (the Portfolio) one-year total return as of December 31, 2013 and 2012 was 1.54% and 1.70%, respectively. The yield credited to participants was 0.89% and 1.05% for the Portfolio for the years ended December 31, 2013 and 2012, respectively. Both the one-year total return and the yield credited to participants for 2013 and 2012 are net of the annual trustee fees. The Portfolio uses a dollar yield to maturity for the purpose of calculating the crediting rate. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no restrictions on redemptions.

The existence of certain conditions can limit the Portfolio's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Portfolio that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Portfolio, tax disqualification of the Portfolio, and certain Portfolio amendments if issuers' consent is not obtained. As of December 31, 2013, the occurrence of an event outside the normal operation of the Portfolio that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a Portfolio suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such participants' interest in the Portfolio without the need to access investment contracts.

(4) Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: Valued at quoted market prices.

Common and Collective Trust: Valued at fair value based on the Plan's proportional share of fair value in the Portfolio as determined by Fidelity. Fair value of the Portfolio is the total value of the underlying investments in the Portfolio and wrap contracts held. Wrap contracts are fair valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities.

PPFA RETIREMENT PLAN

(Sponsored by Planned Parenthood of Greater Washington and North Idaho)

Notes to Financial Statements

December 31, 2013 and 2012

The Plan applies a hierarchy to categorize fair value measurements broken down into three levels based on the transparency of inputs as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date
- Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active
- Level 3 Inputs that are unobservable

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2013:

	Total fair value	Level 1	Level 2	Level 3
Financial assets investments:				
Common and collective trust:				
Fixed income	\$ 102,277	—	102,277	—

Total	<u>\$ 2,190,205</u>	<u>2,059,841</u>	<u>130,364</u>	<u>—</u>

There were no transfers in or out of Level 3 or between Level 1 and Level 2 investments during the years ended December 31, 2013 and 2012.

(5) Administration of the Plan and Administrative Expenses

Brokerage commissions and related expenses are payable out of the assets of the investment fund to which they relate, unless stated otherwise. Except for record-keeping expenses, all administrative expenses (see note 7) are paid by PPGWNI.

(6) Federal Income Tax Status

The Plan and related trust are designed in accordance with applicable sections of the Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operating in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2010.

Notes to Financial Statements

December 31, 2013 and 2012

(7) Related-Party Transactions

Certain plan investments are shares of registered investment companies and a common and collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services, which were deducted from investment earnings, amounted to \$3,675 and \$4,845 for the years ended December 31, 2013 and 2012, respectively.

(8) Plan Termination

Although it has not expressed any intent to do so, PPGWNI has the right to discontinue its contributions or terminate the Plan at any time. In the event of plan termination, participants become 100% vested in their accounts.

(9) Risks and Uncertainties

The Plan offers a number of investment options which enable participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(10) Subsequent Events

Management evaluated events subsequent to December 31, 2013 and through October 14, 2014 the date on which the financial statements were issued and determined no additional disclosures were required.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 at December 31, 2013 and 2012:

PPFA RETIREMENT PLAN

(Sponsored by Planned Parenthood of Greater Washington and North Idaho)

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of the Plan

The following brief description of the PPFA Retirement Plan (the Plan), of which the plan sponsor is Planned Parenthood of Greater Washington and North Idaho (PPGWNI), is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) Plan Amendment

The Plan was originally a defined contribution plan funded solely by contributions from PPGWNI. Effective March 1, 2001, the Plan was amended to become a 401(k) profit sharing plan that is qualified pursuant to Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code). Additionally, the Plan is designed to comply with the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA) and, in such design, participants and not the trustee or fiduciaries are responsible for the results of the participants' investment decisions.

(b) General

Employees can join and start contributing to the Plan on the first day of any month after the employee starts work. Eligible employees make voluntary pretax contributions to the Plan through a salary reduction agreement. All full-time employees of PPGWNI who have performed one year of service and are age 19 or older are eligible for employer contributions. Employees will be credited with a year of service for eligibility purposes for each continuous 12-month period.

(c) Contributions

PPGWNI makes a discretionary employer contribution equal to 3% of each participant's salary for the calendar month.

Total additions to a participant's account are limited to the lesser of (a) \$51,000 and \$50,000 for 2013 and 2012, respectively or (b) 100% of the participant's taxable earnings for the year.

All employee contributions are voluntary and cannot exceed certain limitations as defined by the Code. For the years 2013 and 2012, plan participants who are age 50 or older are eligible for elective catch-up deferrals of \$5,500, allowing for a maximum contribution of \$23,000 and \$22,500, respectively. The catch-up deferrals are not considered in applying certain plan limitations, including the maximum amounts of elective deferrals.

Additionally, the Plan accepts contributions that are rolled over from other qualified plans, as well as accumulations from tax-sheltered annuities, Section 403(b) plans and Section 457 governmental plans, and individual retirement annuities.

(d) Participant Accounts and Investment Options

The Plan maintains a separate account for each participant, to which contributions and investment performance are allocated. Each participant's account is credited with contributions (employee and employer) and an allocation of the participant's selected investments' earnings. Participants have access to their own contributions prior to retirement through in-service loans and withdrawals.

PPFA RETIREMENT PLAN

(Sponsored by Planned Parenthood of Greater Washington and North Idaho)

Notes to Financial Statements

December 31, 2013 and 2012

Employer contributions are not available for in-service loans or withdrawals, except in the event of total and permanent disability, at which time a participant can request a withdrawal in an amount up to the vested portion in his or her participant account. The Plan allows participants to self-direct the investments of their accounts among various designated investment fund options. Participants may change investment allocations at any time.

(e) Participant Loans

If the portion of a participant's account based on employee contributions is at least \$2,000, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of his or her participant account balance. Loan terms range from one to five years, unless such loan is for the purchase of a principal residence, whereupon repayment may be extended to ten years. The loans are collateralized by the participant's account and bear interest at a rate, established by the plan administrator, that approximate current market rates. Principal and interest payments are made ratably through deductions from participants' banking accounts. Participant loans are stated at their outstanding balance, plus accrued interest.

(f) Vesting

All participant voluntary contributions and investment earnings are fully vested at all times. Employer contributions and investment earnings are fully vested once the participant has completed two years of service.

(g) Payment of Benefits

Upon termination of service, a participant can elect to receive his or her account balance, either as a lump-sum amount, in installments, or through optional forms of annuity-type payments. Other benefits available to participants include in-service withdrawals and withdrawals on account of death and disability.

All participant accounts under \$1,000 (exclusive of rollover contributions) are automatically paid in cash upon the participant's separation from employment.

(h) Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$1,312 and \$10,789, respectively. These accounts can be used to reduce future employer contributions, reduce future plan expenses or be allocated to the participants in the Plan. Employer contributions were reduced from forfeited investment accounts by \$10,027 and \$0 in 2013 and 2012, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting.

Notes to Financial Statements

December 31, 2013 and 2012

(b) *Investment Valuation and Income Recognition*

The investment assets are maintained in a trust. The trustee is Fidelity Management Trust Company (Fidelity). Each participant designates the percentage of his or her participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date to reflect his or her proportionate share of the total net fair value of such investment fund.

Investments are reported at fair value as described in note 4. The Plan records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on the contract value basis.

(c) *Payment of Benefits*

Benefits are recorded when paid.

(d) *Use of Estimates*

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(3) *Information Certified by Trustee (Unaudited)*

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, Fidelity has certified to the completeness and accuracy of the following information, as of and for the years ended December 31, 2013 and 2012, and such information was not subject to any auditing procedures performed by the independent auditors.

Notes to Financial Statements

December 31, 2013 and 2012

The income certified for the year ended December 31, 2013 and 2012 is summarized as follows:

	<u>2013</u>	<u>2012</u>
Investment income:		
Net appreciation in fair value of investments, from registered investment companies including investments bought, sold and held during the year	\$ 387,268	193,191
Interest and dividend income	<u>128,473</u>	<u>60,974</u>
Total investment income	<u>\$ 515,741</u>	<u>254,165</u>
Interest from loans to participants	\$ 2,491	2,923

The Managed Income Portfolio's (the Portfolio) one-year total return as of December 31, 2013 and 2012 was 1.54% and 1.70%, respectively. The yield credited to participants was 0.89% and 1.05% for the Portfolio for the years ended December 31, 2013 and 2012, respectively. Both the one-year total return and the yield credited to participants for 2013 and 2012 are net of the annual trustee fees. The Portfolio uses a dollar yield to maturity for the purpose of calculating the crediting rate. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no restrictions on redemptions.

The existence of certain conditions can limit the Portfolio's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Portfolio that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Portfolio, tax disqualification of the Portfolio, and certain Portfolio amendments if issuers' consent is not obtained. As of December 31, 2013, the occurrence of an event outside the normal operation of the Portfolio that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a Portfolio suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such participants' interest in the Portfolio without the need to access investment contracts.

(4) Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: Valued at quoted market prices.

Common and Collective Trust: Valued at fair value based on the Plan's proportional share of fair value in the Portfolio as determined by Fidelity. Fair value of the Portfolio is the total value of the underlying investments in the Portfolio and wrap contracts held. Wrap contracts are fair valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities.

PPFA RETIREMENT PLAN

(Sponsored by Planned Parenthood of Greater Washington and North Idaho)

Notes to Financial Statements

December 31, 2013 and 2012

The Plan applies a hierarchy to categorize fair value measurements broken down into three levels based on the transparency of inputs as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date
- Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active
- Level 3 Inputs that are unobservable

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2013:

	Total fair value	Level 1	Level 2	Level 3
Financial assets investments:				
Common and collective trust:				
Fixed income	\$ 102,277	—	102,277	—

There were no transfers in or out of Level 3 or between Level 1 and Level 2 investments during the years ended December 31, 2013 and 2012.

(5) Administration of the Plan and Administrative Expenses

Brokerage commissions and related expenses are payable out of the assets of the investment fund to which they relate, unless stated otherwise. Except for record-keeping expenses, all administrative expenses (see note 7) are paid by PPGWNI.

(6) Federal Income Tax Status

The Plan and related trust are designed in accordance with applicable sections of the Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operating in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2010.

Notes to Financial Statements

December 31, 2013 and 2012

(7) Related-Party Transactions

Certain plan investments are shares of registered investment companies and a common and collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services, which were deducted from investment earnings, amounted to \$3,675 and \$4,845 for the years ended December 31, 2013 and 2012, respectively.

(8) Plan Termination

Although it has not expressed any intent to do so, PPGWNI has the right to discontinue its contributions or terminate the Plan at any time. In the event of plan termination, participants become 100% vested in their accounts.

(9) Risks and Uncertainties

The Plan offers a number of investment options which enable participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(10) Subsequent Events

Management evaluated events subsequent to December 31, 2013 and through October 14, 2014 the date on which the financial statements were issued and determined no additional disclosures were required.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 at December 31, 2013 and 2012:
