Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Note 1 - Description of the Plan

The following brief description of the Daily Gazette Company, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan was established August 19, 1992, and is sponsored by the Daily Gazette Company, Inc. (Company).

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible to participate in the Plan after completing three consecutive months of service from the date of employment and attaining the age of 21. Employees can participate in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. However, to be eligible to receive nonelective contributions, employees must have one year of service, 1,000 hours of service in the Plan year, and be employed on the last day of the Plan year. To be eligible to receive matching contributions, employees must have one year of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Board of Directors is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan assets are currently held by Capital Bank and Trust Company and Charles Schwab Institutional Services, Custodians of the Plan. Company contributions, participant elective deferrals, and participant accounts are also held by the Custodians, who invest cash received and income from investments based on written instructions from the Company and participants, and make distributions to participants. Certain Plan administrative functions are performed by Milliman, the third-party Plan Administrator.

b. Contributions

Each year, participants may contribute a percent of pretax annual compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral for the years ended December 31, 2013 and 2012, was $17,500 and $17,000, respectively. Participants age 50 and over are also permitted to make additional "catch-up" contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Company matching contributions are at the discretion of the Company's Board of Directors. The Company may make a discretionary matching contribution of the participant's elective deferral to the extent the deferral does not exceed specified percentages, based on years of service. For the years ended December 31, 2013 and 2012, the Company matched 100% of deferrals up to the percentage of compensation indicated below.

Years of Service Completed	Matching Contribution Percentage
9 or less	2%
10-14	3%
15-19	4%
20 plus	5%

Note 1 - Description of the Plan - Continued

b. Contributions - Continued

The Company's discretionary matching contribution was $113,243 and $136,678 for the years ended December 31, 2013 and 2012, respectively.

Company profit sharing contributions are at the discretion of the Company's Board of Directors. The Company may make a discretionary profit sharing contribution based on the compensation of participants eligible to receive the profit sharing contribution. The Company did not elect to make discretionary profit sharing contributions for the years ended December 31, 2013 and 2012, respectively.

Participants direct their elective deferral amounts and Company contributions into various investment options offered by the Plan.

c. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contribution as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are 100% vested immediately in their elective deferral amounts and rollover contributions, plus actual earnings thereon.

Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested upon: (1) disability; (2) death; (3) attaining normal retirement at age 65; or (4) termination of the Plan. If a participant's employment with the Company is terminated before age 65 for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance. A participant shall have a vested and nonforfeitable interest in the employer's discretionary matching and profit sharing contribution portion of his or her account balance determined by the number of years of credited service as follows:

Years of Credited Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

e. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, whichever is less. This amount is further limited by the total balance outstanding on notes receivable previously issued under all plans offered by the Company.

Note 1 - Description of the Plan - Continued

e. Notes Receivable from Participants - Continued

Participant notes are secured by the balance in the participant's accounts and bear interest at rates ranging from 5.25% to 7.00% for the years ended December 31, 2013 and 2012. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years; however, if the loan is used to purchase a principal residence, the repayment period may be set for a term not to extend beyond ten years.

f. Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or defer distribution until a later date. Upon termination of service due to death, beneficiaries will receive a lump-sum payment. If the vested portion of a participant's account balance is $1,000 or less, this amount will be paid without participant or beneficiary consent as a lump-sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death. If the vested portion of a participant's account balance is greater than $1,000, this amount will be paid to the participant as soon as it is administratively feasible with participant consent.

A participant who is still active may take a financial hardship distribution, subject to the provisions of the Plan. In-service distributions may also be made to participants who have attained age 59½, subject to the provisions of the Plan.

g. Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $308 and $747, respectively. These accounts will be used to reduce future employer contributions.

h. Reclassification

Certain prior year balances have been reclassified to conform to the current year presentation.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting and Financial Statement Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies - Continued

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses of the Plan, including custodial, third-party administration fees, professional fees for audit services, and bond costs are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 14, 2014, the date the financial statements were available to be issued.

Note 3 - Information Certified and Provided By Plan Trustee (Unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Capital Bank and Trust, one of the Custodians of the Plan, as complete and accurate, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedules:

Note 4 - Investments and Fair Value Measurements - Continued

b. Net Appreciation in Fair Value of Investments

The Plan's investments in mutual funds, including gains and losses on investments bought and sold, as well as being held during the year, appreciated in value by $1,311,030 and $782,047 during the years ended December 31, 2013 and 2012, respectively.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term investments: Valued at cost which approximates fair value.

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Company paid expenses in connection with the administration of the Plan totaling $2,668 and $2,603 for the years ended December 31, 2013 and 2012, respectively.

Certain administrative functions are performed by employees of the Company who do not receive compensation for such functions.

Certain Plan investments are managed by Capital Bank and Trust Company and Charles Schwab Institutional Services, Custodians of the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The IRS has determined and informed the Plan by a letter dated April 27, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. The Plan is no longer subject to income tax examinations for years 2009 and prior.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
