To The Plan Administrator
New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements
We have audited the accompanying financial statements of New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - DESCRIPTION OF PLAN

The following description of the New Era Life Insurance Company ("Plan Sponsor" or "the Company") 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) option covering all employees of the Plan Sponsor except those who are covered by a collective bargaining agreement or are nonresident aliens. Employees are eligible to participate following the completion of one month of service and the attainment of 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 50 percent of pre-tax or post-tax annual compensation, as defined in the Plan, up to the maximum amount allowed by law (currently $17,500 for 2013) of pre-tax or post-tax annual compensation, as defined in the Plan. This Plan also allows for catch-up contributions up to $5,500 in 2013 for participants over 50 years of age. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan, and may change their contribution rates in January and July and change investment options at any time.

The Plan currently offers twenty eight mutual funds and one money market account as investment options for participants. The Plan Sponsor makes a matching contribution equal to 50 percent of the contributing participant's elective deferral which does not exceed 6 percent of the contributing participant's compensation. The Plan Sponsor may also make a discretionary profit sharing contribution to be determined each Plan year. The profit sharing contribution is allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. The Company elected not to make a profit sharing contribution during 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings; and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours. A participant is 100% vested after six years of credited service, summarized as follows:

Years of Service	Vested Percentage
Less than 1 year	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years or more	100 %

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Contributions become immediately vested in full upon death, disability, or retirement of a participant. Participants will become fully vested in the Company's contributions upon termination of the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. All notes receivable from participants must be repaid within 5 years, except those that are used for the purchase of a principal residence, in which case the repayment period may exceed five years, but shall in no event extend beyond the borrowing Participant's normal retirement date. In most cases, repayment of the note will be made through after-tax payroll deductions.

Distributions During Employment
As a general rule, a participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan provides an exception to this rule for withdrawals of the participant's contributions if a participant becomes disabled. No other hardship withdrawals are permitted. Should a participant reach age 59-1/2 and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Payment of Benefits
Benefits become available to participants on the earliest date of three events: (1) termination of employment due to total and permanent disability, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) upon the participant's retirement, or (4) when a participant reaches the age of 59-1/2.

Terminating participants with balances under $5,000 and over $1,000 are automatically rolled into an individual retirement account, unless they request a lump sum or rollover distribution. If the participant's account balance exceeds $5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a lump sum distribution. Participants with balances less than $1,000 are paid in lump sum upon termination of employment, unless the participant requests a rollover distribution.

On termination of service due to death prior to retirement, a participant's vested balance will be paid to the participant's spouse or beneficiary in a lump sum or in installments payable over any period which does not exceed the life expectancy of the beneficiary.

On termination of service due to retirement, a participant will receive benefits in the form of a lump-sum payment. An election to change to other benefit options can be made (with consent of the participant's spouse, if applicable).

Forfeited Accounts
At December 31, 2013 and 2012, there were balances of $4,325 and $2,346, respectively, in forfeited non-vested accounts. Forfeited accounts are used to reduce employer contributions, if any. During the year ended December 31, 2013, $2,346 in forfeitures was used to reduce employer contributions.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Plan Expenses

Administrative expenses represent a fee charged by the asset custodian for loan and distribution administration. The administration fee is reflected as a reduction of the applicable participant account. The Company has paid the expenses of operating and maintaining the Plan. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the estimate of the fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds and money market funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Merrill Lynch (the trustee of the Plan).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2013, $10,008 was recorded as interest income on notes receivable from participants.

Administrative Expenses
Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Income Tax
GAAP requires The Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Subsequent Events
The Plan Sponsor evaluates events that occur subsequent to the balance sheet date, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Plan's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. For the financial statements as of and for the year ending December 31, 2013, this date was October 8, 2014.

NOTE C - INVESTMENTS

**Less than 5% of net assets at December 31, 2012.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,251,150 as follows:

Mutual funds	$ 1,251,095
Money market funds	55
	$ 1,251,150

NOTE D - FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principle or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This topic also establishes a fair value hierarchy which requires classifications based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

For investments that are measured at fair value on a recurring basis, the Plan Sponsor discloses the hierarchy of the valuation as follows:

Level 1 inputs are when the values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are when the values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

NOTE D - FAIR VALUE OF INVESTMENTS - CONTINUED

The following table represents the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2013:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Total
Mutual funds:		
Growth funds	$ 3,316,495	$ 3,316,495
Foreign funds	1,233,383	1,233,383
Value funds	2,196,661	2,196,661
Index funds	748,825	748,825
Target date funds	626,275	626,275
Fixed income funds	1,943,104	1,943,104
Other funds	739,932	739,932
Total mutual funds	10,804,674	10,804,674
Money market funds	2,090,499	2,090,499
Total	$ 12,895,173	$ 12,895,173

The following table represents the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2012:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Total
Mutual funds:		
Growth funds	$ 2,357,697	$ 2,357,697
Foreign funds	950,878	950,878
Value funds	1,602,653	1,602,653

Money market funds	2,007,031	2,007,031
Total	$ 10,397,026	$ 10,397,026

All of the Plan's investment fair value was based on quoted prices in active markets. None of the Plan's assets are classified as Level 2 or Level 3.

NOTE E - NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2013 and 2012.

NOTE F – PARTY-IN-INTEREST-TRANSACTIONS

The Plan Sponsor paid certain administrative expenses for the Plan totaling $15,240 during 2013.

The Plan Custodian receives fees for administration and investment management. The investments of the Plan are maintained in a trust that was managed by the Plan Custodian as of December 31, 2013 and 2012.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator and the Plan's Trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - FIDELITY BOND

ERISA, Title I, Section 412, requires that every fiduciary and every person who handles funds or other property of a plan be bonded, and that the amount of the bond must be at least equal to the lesser of 10% of the funds handled or $500,000. During 2013, the Plan was covered by a $500,000 fidelity bond.

To The Plan Administrator
New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements
We have audited the accompanying financial statements of New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - DESCRIPTION OF PLAN

The following description of the New Era Life Insurance Company ("Plan Sponsor" or "the Company") 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) option covering all employees of the Plan Sponsor except those who are covered by a collective bargaining agreement or are nonresident aliens. Employees are eligible to participate following the completion of one month of service and the attainment of 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 50 percent of pre-tax or post-tax annual compensation, as defined in the Plan, up to the maximum amount allowed by law (currently $17,500 for 2013) of pre-tax or post-tax annual compensation, as defined in the Plan. This Plan also allows for catch-up contributions up to $5,500 in 2013 for participants over 50 years of age. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan, and may change their contribution rates in January and July and change investment options at any time.

The Plan currently offers twenty eight mutual funds and one money market account as investment options for participants. The Plan Sponsor makes a matching contribution equal to 50 percent of the contributing participant's elective deferral which does not exceed 6 percent of the contributing participant's compensation. The Plan Sponsor may also make a discretionary profit sharing contribution to be determined each Plan year. The profit sharing contribution is allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. The Company elected not to make a profit sharing contribution during 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings; and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours. A participant is 100% vested after six years of credited service, summarized as follows:

Years of Service	Vested Percentage
Less than 1 year	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years or more	100 %

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Contributions become immediately vested in full upon death, disability, or retirement of a participant. Participants will become fully vested in the Company's contributions upon termination of the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. All notes receivable from participants must be repaid within 5 years, except those that are used for the purchase of a principal residence, in which case the repayment period may exceed five years, but shall in no event extend beyond the borrowing Participant's normal retirement date. In most cases, repayment of the note will be made through after-tax payroll deductions.

Distributions During Employment
As a general rule, a participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan provides an exception to this rule for withdrawals of the participant's contributions if a participant becomes disabled. No other hardship withdrawals are permitted. Should a participant reach age 59-1/2 and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Payment of Benefits
Benefits become available to participants on the earliest date of three events: (1) termination of employment due to total and permanent disability, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) upon the participant's retirement, or (4) when a participant reaches the age of 59-1/2.

Terminating participants with balances under $5,000 and over $1,000 are automatically rolled into an individual retirement account, unless they request a lump sum or rollover distribution. If the participant's account balance exceeds $5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a lump sum distribution. Participants with balances less than $1,000 are paid in lump sum upon termination of employment, unless the participant requests a rollover distribution.

On termination of service due to death prior to retirement, a participant's vested balance will be paid to the participant's spouse or beneficiary in a lump sum or in installments payable over any period which does not exceed the life expectancy of the beneficiary.

On termination of service due to retirement, a participant will receive benefits in the form of a lump-sum payment. An election to change to other benefit options can be made (with consent of the participant's spouse, if applicable).

Forfeited Accounts
At December 31, 2013 and 2012, there were balances of $4,325 and $2,346, respectively, in forfeited non-vested accounts. Forfeited accounts are used to reduce employer contributions, if any. During the year ended December 31, 2013, $2,346 in forfeitures was used to reduce employer contributions.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Plan Expenses

Administrative expenses represent a fee charged by the asset custodian for loan and distribution administration. The administration fee is reflected as a reduction of the applicable participant account. The Company has paid the expenses of operating and maintaining the Plan. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the estimate of the fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds and money market funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Merrill Lynch (the trustee of the Plan).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2013, $10,008 was recorded as interest income on notes receivable from participants.

Administrative Expenses
Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Income Tax
GAAP requires The Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Subsequent Events
The Plan Sponsor evaluates events that occur subsequent to the balance sheet date, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Plan's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. For the financial statements as of and for the year ending December 31, 2013, this date was October 8, 2014.

NOTE C - INVESTMENTS

NOTE C - INVESTMENTS - CONTINUED

* Less than 5% of net assets at December 31, 2013.
**Less than 5% of net assets at December 31, 2012.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,251,150 as follows:

Mutual funds	$ 1,251,095
Money market funds	55
	$ 1,251,150

NOTE D - FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principle or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This topic also establishes a fair value hierarchy which requires classifications based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

For investments that are measured at fair value on a recurring basis, the Plan Sponsor discloses the hierarchy of the valuation as follows:

Level 1 inputs are when the values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are when the values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

NOTE D - FAIR VALUE OF INVESTMENTS - CONTINUED

The following table represents the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2013:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Total
Mutual funds:		
Growth funds	$ 3,316,495	$ 3,316,495

Money market funds	2,007,031	2,007,031
Total	$ 10,397,026	$ 10,397,026

All of the Plan's investment fair value was based on quoted prices in active markets. None of the Plan's assets are classified as Level 2 or Level 3.

NOTE E - NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2013 and 2012.

NOTE F – PARTY-IN-INTEREST-TRANSACTIONS

The Plan Sponsor paid certain administrative expenses for the Plan totaling $15,240 during 2013.

The Plan Custodian receives fees for administration and investment management. The investments of the Plan are maintained in a trust that was managed by the Plan Custodian as of December 31, 2013 and 2012.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator and the Plan's Trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - FIDELITY BOND

ERISA, Title I, Section 412, requires that every fiduciary and every person who handles funds or other property of a plan be bonded, and that the amount of the bond must be at least equal to the lesser of 10% of the funds handled or $500,000. During 2013, the Plan was covered by a $500,000 fidelity bond.
