NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 1 DESCRIPTION OF PLAN

The following description of Clean Power, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective September 1, 2002. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last amended effective April 12, 2010 and last restated effective January 1, 2009. The Plan is a defined contribution plan covering all eligible employees of Clean Power, L.L.C. and Al's Windows, LLC (collectively referred to as the Employer). Employees are eligible to participate in the Plan upon the completion of six months of service and attaining age eighteen. The Plan is designed to cover all eligible employees of the Employer, as defined in the Plan. The Plan excludes certain classes of employees, as defined in the Plan documents. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the Plan.

Contributions

The Plan includes a 401(k) cash or deferred arrangement. Under this arrangement and subject to Plan provisions, participants may elect to make salary deferral contributions to the Plan subject to limitations. The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Employer may elect to make a discretionary matching contribution. There were no Employer matching contributions authorized during 2013 and 2012. In order for a participant to receive matching contributions, they must be employed on the last day of the Plan year. Participants direct the investment of contributions into the various investment options offered under the Plan.

Participant Accounts

Each participant's account is credited with an allocation of the Participant's deferrals, Employer's matching or profit sharing contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

**CLEAN POWER, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their 401(k) deferrals, plus actual earnings thereon. Vesting in the Employer contributions portion of their account plus earnings thereon is based on years of continuous employment, as follows:

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less Than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or More	100%

Notwithstanding the above, a participant will become fully vested upon death, disability or reaching normal retirement age of 65. Participants receive service credit for years of service with the predecessor sponsors as defined in the Plan.

Forfeitures

Forfeitures of nonvested accounts are used to reduce Plan expenses and to reduce future Employer matching contributions. The forfeiture balance at December 31, 2013 and 2012 was \$923 and \$933, respectively. Forfeitures of \$10 and \$11 were used to pay Plan expenses during the years ended December 31, 2013 and 2012, respectively. There were no forfeitures used to reduce Employer match contributions during the years ended December 31, 2013 and 2012.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance will be deemed taxable to the participant. The note balance will be reduced and a benefit payment will be recorded at the time the participant incurs a distributable event.

Administrative Expense

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated events through September 23, 2014, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Johnson Bank, the trustee of the Plan, has certified to the completeness and accuracy of notes receivable from participants and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

NOTE 5 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**CLEAN POWER, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008 received from the Internal Revenue Service on the prototype plan indicating that the prototype plan is qualified under Section 401 of the Internal Revenue Code and is, therefore, not subject to tax under current income tax law. The prototype plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 PARTY-IN-INTEREST TRANSACTION

The Plan investments are managed by Johnson Bank. Johnson Bank is the trustee as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest. As described in Note 2, the Plan made a direct payment to the third party administrator of \$24,015 and \$23,379 for the years ended December 31, 2013 and 2012, respectively.
