NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of CFG Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Columbian Mutual Life Insurance Company and subsidiaries (the "Company") who are not already covered by a defined contribution plan of a subsidiary, as defined, and have elected to be included in the Plan. Plan management controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the "Trustee") serves as the Trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of January 1, 2012, the Unity Mutual Life Insurance Company merged into the Plan. As a result, all investments and participant loans were transferred to the Plan by the merger date.

Contributions

Employee contributions may not exceed the annual limits as set by the Internal Revenue Code (IRC). The limit for the years ended 2013 and 2012 was $17,500 and $17,000, respectively. For those participants over the age of 50, the limits for catch-up contributions for 2013 and 2012 were $5,500. The Company may at its discretion determine the matching amount for the Plan year. The Company matches 100% for the first 2% of compensation and then 50% of the next 4% of compensation. Also, the Company contributes 100% of the first 4% of compensation for all employees. An additional contribution may be made at the discretion of the Company. During 2013 and 2012, there were no additional discretionary contributions.

Vesting

Participants are immediately fully vested in their contributions and earnings thereon. Participants become 100% vested in the Company's matching and discretionary contributions upon completion of two years of credited service.

Participants' Accounts

The participant record keeping services are provided by Vanguard Group. Each participant's account is credited with the participant's contribution, the Company's contributions, and an allocation of investment fund earnings or losses in which the participant has directed his or her investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN – Continued

Payment of Benefits

Upon reaching normal retirement age or termination of service, participants may select a method of payment of their vested benefit available, as outlined in the Plan document. Any non-vested Company contributions shall be forfeited on the date of termination, these amounts will be used to offset plan expenses.

Notes Receivable from Participants

The Plan allows participants to borrow against their accumulated vested balances in the Plan. In general, participants may borrow up to 50% of their account balances from a minimum of $1,000, to a maximum of $50,000. No more than two loans can be granted in any one calendar year, and no more than two loans can be outstanding at any time. These loans are secured by individual employee accounts, bear interest at prime rate plus 1% at the date the loan is issued, and must be repaid within five years. If loans are for participants' principal residence, participants may repay loans over a 15-year period. Participants are charged $40 for each new loan and a $25 annual maintenance fee for as long as the loan remains outstanding.

Forfeitures

Upon termination of a participant's employment, any non-vested Company contributions (and earnings and losses thereon) are placed in a separate account and will become a forfeiture when the participant incurs a break-in-service (as defined). Forfeited amounts will be used to offset plan expenses. During 2013 and 2012, forfeitures totaling $9,773 and $8,616 were used to offset plan expenses. At December 31, 2013 and 2012, forfeited non-vested accounts available for future offset totaled $70,100 and $68,197, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at the outstanding loan balances; which represent fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses

Most administrative expenses, management fees, and operating expenses incurred by the Plan are paid directly by the Company. However there are processing and miscellaneous charges that are paid directly by the Plan.

Payment of Benefits

Payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Subsequent Events

Management has evaluated subsequent events through October 14, 2014, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all information provided by them as of December 31, 2013 and 2012 and for the years then ended. Information included in the accompanying financial statements and notes as to investments, investment related assets, interest and dividend income, and net appreciation and depreciation in fair value of investments, and all information in the supplemental schedule, is presented in reliance solely upon those certifications.

The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
Vanguard 500 Index Fund	$ 3,887,443	$ 2,997,524
Vanguard Balanced Index Fund	3,004,369	2,719,483
Vanguard Growth Index Fund Investor Shares	5,874,684	0
Vanguard Intermediate-Term Bond Index Fund	3,902,984	4,450,929
Vanguard Morgan Growth Fund	0	4,607,366
Vanguard Target Retirement 2015 Fund	Less Than 5%	Less Than 5%
Vanguard Prime Money Market Fund	4,247,888	4,233,386
Vanguard Value Index Fund	3,268,290	2,467,696
Vanguard Wellington Fund Investor Shares	2,576,297	2,388,480

During the years ended December 31, 2013 and 2012, the Plan had interest income from participant loans of $25,504 and $26,486, respectively, and interest and dividend income on investments of $990,600 and $807,464, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 4 – FEDERAL INCOME TAX STATUS

The Company adopted a Vanguard Fiduciary Trust Company Prototype Basic Plan Document and obtained a favorable determination letter from the Internal Revenue Service dated April 15, 2003, that states that the Plan and the related Trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to2011 .

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan reports fair value measurements using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value, based on quoted market prices in active markets, of shares held by the Plan at year-end (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of CFG Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Columbian Mutual Life Insurance Company and subsidiaries (the "Company") who are not already covered by a defined contribution plan of a subsidiary, as defined, and have elected to be included in the Plan. Plan management controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the "Trustee") serves as the Trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of January 1, 2012, the Unity Mutual Life Insurance Company merged into the Plan. As a result, all investments and participant loans were transferred to the Plan by the merger date.

Contributions

Employee contributions may not exceed the annual limits as set by the Internal Revenue Code (IRC). The limit for the years ended 2013 and 2012 was $17,500 and $17,000, respectively. For those participants over the age of 50, the limits for catch-up contributions for 2013 and 2012 were $5,500. The Company may at its discretion determine the matching amount for the Plan year. The Company matches 100% for the first 2% of compensation and then 50% of the next 4% of compensation. Also, the Company contributes 100% of the first 4% of compensation for all employees. An additional contribution may be made at the discretion of the Company. During 2013 and 2012, there were no additional discretionary contributions.

Vesting

Participants are immediately fully vested in their contributions and earnings thereon. Participants become 100% vested in the Company's matching and discretionary contributions upon completion of two years of credited service.

Participants' Accounts

The participant record keeping services are provided by Vanguard Group. Each participant's account is credited with the participant's contribution, the Company's contributions, and an allocation of investment fund earnings or losses in which the participant has directed his or her investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN – Continued

Payment of Benefits

Upon reaching normal retirement age or termination of service, participants may select a method of payment of their vested benefit available, as outlined in the Plan document. Any non-vested Company contributions shall be forfeited on the date of termination, these amounts will be used to offset plan expenses.

Notes Receivable from Participants

The Plan allows participants to borrow against their accumulated vested balances in the Plan. In general, participants may borrow up to 50% of their account balances from a minimum of $1,000, to a maximum of $50,000. No more than two loans can be granted in any one calendar year, and no more than two loans can be outstanding at any time. These loans are secured by individual employee accounts, bear interest at prime rate plus 1% at the date the loan is issued, and must be repaid within five years. If loans are for participants' principal residence, participants may repay loans over a 15-year period. Participants are charged $40 for each new loan and a $25 annual maintenance fee for as long as the loan remains outstanding.

Forfeitures

Upon termination of a participant's employment, any non-vested Company contributions (and earnings and losses thereon) are placed in a separate account and will become a forfeiture when the participant incurs a break-in-service (as defined). Forfeited amounts will be used to offset plan expenses. During 2013 and 2012, forfeitures totaling $9,773 and $8,616 were used to offset plan expenses. At December 31, 2013 and 2012, forfeited non-vested accounts available for future offset totaled $70,100 and $68,197, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at the outstanding loan balances; which represent fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses

Most administrative expenses, management fees, and operating expenses incurred by the Plan are paid directly by the Company. However there are processing and miscellaneous charges that are paid directly by the Plan.

Payment of Benefits

Payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Subsequent Events

Management has evaluated subsequent events through October 14, 2014, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all information provided by them as of December 31, 2013 and 2012 and for the years then ended. Information included in the accompanying financial statements and notes as to investments, investment related assets, interest and dividend income, and net appreciation and depreciation in fair value of investments, and all information in the supplemental schedule, is presented in reliance solely upon those certifications.

The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
Vanguard 500 Index Fund	$ 3,887,443	$ 2,997,524
Vanguard Balanced Index Fund	3,004,369	2,719,483
Vanguard Growth Index Fund Investor Shares	5,874,684	0
Vanguard Intermediate-Term Bond Index Fund	3,902,984	4,450,929
Vanguard Morgan Growth Fund	0	4,607,366
Vanguard Target Retirement 2015 Fund	Less Than 5%	Less Than 5%
Vanguard Prime Money Market Fund	4,247,888	4,233,386
Vanguard Value Index Fund	3,268,290	2,467,696
Vanguard Wellington Fund Investor Shares	2,576,297	2,388,480

During the years ended December 31, 2013 and 2012, the Plan had interest income from participant loans of $25,504 and $26,486, respectively, and interest and dividend income on investments of $990,600 and $807,464, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 4 – FEDERAL INCOME TAX STATUS

The Company adopted a Vanguard Fiduciary Trust Company Prototype Basic Plan Document and obtained a favorable determination letter from the Internal Revenue Service dated April 15, 2003, that states that the Plan and the related Trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to2011 .

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan reports fair value measurements using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value, based on quoted market prices in active markets, of shares held by the Plan at year-end (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of CFG Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Columbian Mutual Life Insurance Company and subsidiaries (the "Company") who are not already covered by a defined contribution plan of a subsidiary, as defined, and have elected to be included in the Plan. Plan management controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the "Trustee") serves as the Trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of January 1, 2012, the Unity Mutual Life Insurance Company merged into the Plan. As a result, all investments and participant loans were transferred to the Plan by the merger date.

Contributions

Employee contributions may not exceed the annual limits as set by the Internal Revenue Code (IRC). The limit for the years ended 2013 and 2012 was $17,500 and $17,000, respectively. For those participants over the age of 50, the limits for catch-up contributions for 2013 and 2012 were $5,500. The Company may at its discretion determine the matching amount for the Plan year. The Company matches 100% for the first 2% of compensation and then 50% of the next 4% of compensation. Also, the Company contributes 100% of the first 4% of compensation for all employees. An additional contribution may be made at the discretion of the Company. During 2013 and 2012, there were no additional discretionary contributions.

Vesting

Participants are immediately fully vested in their contributions and earnings thereon. Participants become 100% vested in the Company's matching and discretionary contributions upon completion of two years of credited service.

Participants' Accounts

The participant record keeping services are provided by Vanguard Group. Each participant's account is credited with the participant's contribution, the Company's contributions, and an allocation of investment fund earnings or losses in which the participant has directed his or her investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

December 31, 2013 and 2012

NOTE 1 – DESCRIPTION OF THE PLAN – Continued

Payment of Benefits

Upon reaching normal retirement age or termination of service, participants may select a method of payment of their vested benefit available, as outlined in the Plan document. Any non-vested Company contributions shall be forfeited on the date of termination, these amounts will be used to offset plan expenses.

Notes Receivable from Participants

The Plan allows participants to borrow against their accumulated vested balances in the Plan. In general, participants may borrow up to 50% of their account balances from a minimum of $1,000, to a maximum of $50,000. No more than two loans can be granted in any one calendar year, and no more than two loans can be outstanding at any time. These loans are secured by individual employee accounts, bear interest at prime rate plus 1% at the date the loan is issued, and must be repaid within five years. If loans are for participants' principal residence, participants may repay loans over a 15-year period. Participants are charged $40 for each new loan and a $25 annual maintenance fee for as long as the loan remains outstanding.

Forfeitures

Upon termination of a participant's employment, any non-vested Company contributions (and earnings and losses thereon) are placed in a separate account and will become a forfeiture when the participant incurs a break-in-service (as defined). Forfeited amounts will be used to offset plan expenses. During 2013 and 2012, forfeitures totaling $9,773 and $8,616 were used to offset plan expenses. At December 31, 2013 and 2012, forfeited non-vested accounts available for future offset totaled $70,100 and $68,197, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at the outstanding loan balances; which represent fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses

Most administrative expenses, management fees, and operating expenses incurred by the Plan are paid directly by the Company. However there are processing and miscellaneous charges that are paid directly by the Plan.

Payment of Benefits

Payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Subsequent Events

Management has evaluated subsequent events through October 14, 2014, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all information provided by them as of December 31, 2013 and 2012 and for the years then ended. Information included in the accompanying financial statements and notes as to investments, investment related assets, interest and dividend income, and net appreciation and depreciation in fair value of investments, and all information in the supplemental schedule, is presented in reliance solely upon those certifications.

The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
Vanguard 500 Index Fund	$ 3,887,443	$ 2,997,524
Vanguard Balanced Index Fund	3,004,369	2,719,483
Vanguard Growth Index Fund Investor Shares	5,874,684	0
Vanguard Intermediate-Term Bond Index Fund	3,902,984	4,450,929
Vanguard Morgan Growth Fund	0	4,607,366
Vanguard Target Retirement 2015 Fund	Less Than 5%	Less Than 5%
Vanguard Prime Money Market Fund	4,247,888	4,233,386
Vanguard Value Index Fund	3,268,290	2,467,696
Vanguard Wellington Fund Investor Shares	2,576,297	2,388,480

During the years ended December 31, 2013 and 2012, the Plan had interest income from participant loans of $25,504 and $26,486, respectively, and interest and dividend income on investments of $990,600 and $807,464, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 4 – FEDERAL INCOME TAX STATUS

The Company adopted a Vanguard Fiduciary Trust Company Prototype Basic Plan Document and obtained a favorable determination letter from the Internal Revenue Service dated April 15, 2003, that states that the Plan and the related Trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to2011 .

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan reports fair value measurements using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value, based on quoted market prices in active markets, of shares held by the Plan at year-end (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds managed by Vanguard Group. Vanguard Fiduciary Trust Company is the record keeper and the Trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Vanguard Group receives fees for investment management that is paid from the net assets of the mutual funds.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 9 – PLAN MERGERS

Due to the merger of Unity Mutual Life Insurance Company with and into Columbian Mutual Life Insurance Company, effective July 1, 2011, the affected plans were merged into the CFG Savings and Profit Sharing Plan effective January 1, 2012. These mergers and related transfers of assets resulted in an increase in net assets of $8,465,502, including interest income and were completed by December 31, 2012.
