Profit Sharing Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Kidz Medical Services, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes of the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by Section 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by SunTrust Bank, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The Supplemental Schedule of Assets (Held at End of Year) – Supplemental Schedule H, line 4(i) as of and for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of the Plan

The following brief description of the Kidz Medical Services, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all full-time employees of Kidz Medical Services, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

At December 31, 2013, Plan assets of Kidz Medical Services, Inc. 401(k) Profit Sharing Plan were held by SunTrust Bank. In addition to cash and short term securities, Plan assets held by SunTrust Bank were invested in stock funds, bond and mortgage funds, U.S. Government Securities and real estate funds. The fair value of the investments reflected on these financial statements is based on values reported by SunTrust Bank per their annual statement of plan assets at December 31, 2013. SunTrust Bank's fair values are based on quoted market prices on the last business day of the Plan's year end.

Eligibility Requirements
Employees who are twenty-one years of age or older, have one year period and have reached the entry date are eligible to participate in the Plan. Employees that are unionized and certain non-resident aliens who have no earned income from sources with the United States are not eligible to participate in the plan. The entry date will be the first day of the Plan Year or the first day of the seventh month of the Plan year coinciding with or next following the date eligibility requirements.

Requirements for Contributions
Eligible participants may elect to contribute before-tax or Roth after-tax contributions of 1% to 100% of eligible earnings not to exceed Code limits of $17,500 for 2013. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 26 mutual funds and one collective investment fund as investment options for participants. Participants who have attained at least age 50 by the end of the year may elect to defer additional amounts to the Plan for that year subject to Code limits. The Company may elect to match the participants' contributions or elect to make discretionary non-elective contributions. The percentage of the match, if any, is at the Company's discretion.

Note 1 – Description of the Plan (continued)

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of the Company contributions and Plan earnings, and charged with an allocation of Plan losses and administrative expenses not otherwise paid by the Company.

Participant accounts are reduced by the amount of withdrawals made by the participant during the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits
Upon retirement, disability, termination of service or reaching 65 years of age, distributions are made to participants in the form of a lump sum distribution or in installments if participant is subject to required minimum distributions.

Also, an automatic mandatory lump sum distribution will be made to those participants who have a vested benefit that does not exceed $5,000 upon termination of their employment. The non-vested balance, if any, reverts to the Plan. As further described in the Plan document, early withdrawals are generally limited to cases involving financial hardship. In the event of a hardship, participants may only withdraw their pre-tax and Roth 401(k) deferral accounts.

Vesting Percentage
Participants are immediately vested in their elective deferrals and transfer contributions plus actual earnings thereon. Participants are generally vested in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon based on years of credit service as follows:

Years of Vesting Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are 100% vested if they are employed on or after their normal retirement age of 65, or if a participant incurs a severance of employment as a result of death or disability.

Note 1 – Description of the Plan (continued)

Forfeitures
The non-vested portion of fund assets allocated to a participant's account is forfeited upon termination of service. The forfeitures may first be used to reduce payments of plan expenses and then to reduce future employer contributions. As of December 31, 2013 and 2012, the forfeiture balance was $1,066 and $29,175, respectively. In 2013 and 2012, employer contributions were reduced by $1,066 and $30,975, respectively.

Participant Loans
Participant loans are not permitted under the Plan.

Subsequent Events
The Company has evaluated subsequent events and transactions for potential recognition or disclosure through October 10, 2014, which is the date the financial statements were available to be issued.

Plan Amendments
Effective for the plan year ending 2012, the Plan was restated to adopt the provisions of the Pension Protection Act and the Heart Act. There were no plan amendments for the year ending December 31, 2013.

Note 2 – Significant Accounting Policies

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Interest Bearing Cash and Concentrations
The Plan maintains interest bearing cash balances with SunTrust Bank. Amounts held in interest bearing accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. The Plan may, during the ordinary course of operations, maintain account balances with banks in excess of limits insured by the Federal Deposit Insurance Corporation (FDIC).

Fully Benefit-Responsive Investment Contracts
Investment Contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective investment fund. Contract value for this collective investment fund is based on the net asset value of the fund as reported by the trustee.

Note 2 – Significant Accounting Policies (continued)

The Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective investment fund as well as the adjustment of the investment in the collective investment fund from fair value to contract value relating to the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Fees and expenses of the Plan are paid by the Company to the extent not paid by the Plan. For the year ended December 31, 2013, the Company incurred a total of $12,398 in administrative expenses on the Plan, of which $7,508 was paid by the Company and $4,890 was paid with the plan assets.

Adopted Accounting Pronouncements
In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS,* to converge U.S. GAAP and International Financial Reporting Standards on fair value measurements and disclosures.

The amended guidance changes several aspects of the fair value measurement guidance in FASB Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), including information about valuation techniques and unobservable inputs used in level 3 fair value measurements and a narrative description of the sensitivity of level 3 measurements to changes in unobservable inputs.

Note 2 – Significant Accounting Policies (continued)

The amended guidance must be applied prospectively and is effective beginning after December 15, 2011. Plan management's adoption of ASU 2011-04 had no significant impact on the Plan's financial statements.

Note 3 – Trustee Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SunTrust Bank, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the schedule of assets held at the end of year, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

Note 4 – Investments

The following investments represent 5 percent or more of net assets available for benefits as of December 31:

	2013	2012
SunTrust Bank FDIC Insured Account, *1,943,691 and 2,014,816 shares respectively*	$ 1,943,691	$ 2,014,816

* *The contract values of Federated Capital Reservation Fund ISP are $854,214 and $787,112 as of December 31, 2013 and 2012, respectively, in which the adjustments from fair value to contract value were calculated based on the Plan's proportionate share of ownership in the collective investment funds.*

** *Investment represents 5 percent or more of net assets available for benefits as of December 31, 2012.*

*** *Investment represents 5 percent or more of net assets available for benefits as of December 31, 2013.*

Note 5 – Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in active markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at quoted market prices, which represent the net asset value of shares held by the plan at year end.

Note 5 – Fair Value Measurements (continued)

Collective Investment Funds: Valued at the NAV of units of the collective investment fund (the "fund"). The NAV, as provided by the Trustee of the Plan, is used to estimate fair value. The NAV is based on the fair value of the underlying investments, held by the fund less its liabilities, and then divided by the number of shares outstanding. The fund invests primarily in, open-end mutual funds, stable value products such as traditional GICs, separate account GICs and synthetic GICs. The fund is classified within level 2 of the valuation hierarchy because of the NAV's unit price is quoted on a private market that is not active; however the unit price is based on the underlying investments which are traded on an active market.

A traditional GIC is a contract with an insurance company pursuant to which the fund agrees to deposit money with the insurance company and the insurance company is contractually obligated to pay interest at a guaranteed rate for the life of the contact and return principal at maturity. A separate GIC account is a contract that is backed by the assets of a separate account of the insurance company. In a synthetic GIC, the fund purchases one or more fixed-income securities, including mutual funds comprised of fixed-income securities, which are held and owned by the fund on behalf of the participants. The investment objective of the fund is stability of principal and high current income.

The Plan may make withdrawals from the fund for the purpose of funding a benefit payment, honoring a participant directed transfer in the plan to another investment election that is a noncompeting investment, or paying the funds fees. The Plan may make withdrawals from the fund for other purposes generally only upon 12 months' written advance notice to the fund. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The interest crediting rates are typically reset on a monthly or quarterly basis.

As described in Note 2, because the investment contracts are fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs, or other events within the control of the Plan resulting in a material or adverse financial impact on the fund's obligations under the GIC. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The average yield based on actual earnings was 1.21% and the crediting rate was 1.46% at December 31, 2013.

Note 5 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

Note 5 – Fair Value Measurements (continued)

The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the year ended December 31, 2013.

As of December 31, 2012, all assets of the SunTrust Retirement Stable Asset Fund (level 2) and SunTrust Retirement 500 Index Fund (level 2) were transferred to the Federated Capital Perseveration Fund ISP (level 2). The Stable Asset Fund was no longer an investment option under the Plan, and participant accounts invested in units of the Stable Asset Fund were automatically converted to holdings in the Fixed Income Fund.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its matching contribution at any time and to modify, suspend or terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 7 – Related Party Transactions

Certain Plan investments are shares of mutual funds managed by SunTrust Bank, the Trustee, and therefore, these transactions qualify as party-in-interest transactions. A substantial portion of the income or loss of the Plan is derived from registered investment companies. Fees paid by the Plan to Principal for certain investment management fees were deducted from the net asset values of the registered investment companies held by the Plan. The various funds' operating expense ratios ranged from 0.05 percent to 1.55 percent, as of December 31, 2013.

Note 8 – Tax Status

In a letter dated March 31, 2008, the Internal Revenue Service determined that the prototype non-standardized profit sharing plan which this Plan has been based on has been designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, no uncertain tax positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9 – Excess Contributions

At December 31, 2013 and 2012, net assets available for plan benefits included $156,205 and $48,002, respectively, for amounts owed to participants who made excess contributions based on the compliance testing performed by the Plan's record keeper. These amounts are reflected net of total participant contributions on the statement of changes in net assets available for benefits and as a liability on the statement of net assets available for benefits. The excess contribution balance as of December 31, 2013 was returned by the Plan to the participants in March 2014 and the balance as of December 31, 2012 was returned to the participant in March 2013.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Beginning Net Assets

Beginning net assets have been restated to reflect the adjustment from fair value to contract value for interest in collective investment fund relating to fully benefit-responsive investment contracts of $13,612.

Note 12 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

	2013	2012 *(As restated)*
Net assets available for benefits per the financial statements	$19,116,582	$ 14,458,456
Less: Employer contributions receivable	(1,019,431)	(830,279)
Less: Employee contributions receivable	(70,334)	-
Plus: Excess contributions payable to participants	156,205	48,002
Adjustment from contract value to fair value for fully benefit responsive investment contracts	2,467	13,612
Rounding	-	2
Net assets available for benefits per Form 5500	$ 18,185,489	$ 13,689,793

The following is a reconciliation of the increase in net assets per the financial statements to the Form 5500, as of December 31, 2013:

Net increase in net assets available for plan benefits per the financial statements	$ 4,658,126
Less: Current year increase in employer contributions receivable	(189,152)
Less: Current year increase in employee contributions receivable	(70,334)
Less: Increase in corrective distributions to participants	108,203
Adjustment from contract value to fair value for fully benefit responsive investment contracts	(11,148)
Add: Rounding	1
Net investment income per the Form 5500	$ 4,495,696

Note 13 – Subsequent Events

During September 2014, the following changes were made to the Plan's investment alternatives:

Janus Forty Class S, Oppenheimer Developing Markets A, Perkins Small Cap Value S, Ridgeworth Core Bond I, Royce Value Svc, Vanguard 500 Index Signal, Wells Fargo Advantage Discovery A were removed as investment alternatives.
