NOTE 1 DESCRIPTION OF THE PLAN

Organization

Composite Modules, Inc. Retirement Plan (the "Plan") is a defined contribution plan covering all eligible employees of Composite Modules, Inc. and affiliates (the "Company" or the "Employer"). The Plan was established on July 1, 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following brief description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan covers all eligible employees of the Company as defined by the Plan Document. To participate in the Plan, employees must be employed by the Company or any affiliate who has adopted the Plan.

To become a participant eligible to make elective deferrals and matching contributions, employees must first complete one year of eligible service and attain the age of 21. They may elect to start, increase or reduce elections to contribute to the Plan effective as of the first day of the Plan year and the first day of the seventh month of the Plan year.

Contributions

Participants in the Plan may contribute up to 100% of their annual pretax compensation, not to exceed $17,500, the maximum allowed by the Internal Revenue Code (the "Code") for 2013. In addition, the Plan and the Code permit participants age 50 or over during the Plan year to make additional "catch-up contributions" of up to $5,500 for 2013. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make a discretionary matching contribution to the Plan each year. Eligible employees that terminate employment with the Company due to death, disability, or attainment of normal retirement age will still be eligible to receive a matching contribution for the year in which they are terminated. For the year ended December 31, 2013, the Company made a matching contribution of 25% of eligible employee contributions for the first 6% of the participating employee's compensation.

Investment Options

Upon enrollment, a participant may direct participant and Employer contributions to one or more of the Plan's investment fund options. Participants have a choice of 22 investment options as of December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of Employer matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by

the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, including rollover contributions, are 100% vested. Employer contributions, and actual earnings thereon, are incrementally vested over six years at 20% per year, beginning the second year of vesting service. In the event of death, total or permanent disability, or retirement, participants become fully vested in the Employer contributions.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of $1,000 to a maximum of the lesser of one half of the present value of the nonforfeitable accrued benefit or $50,000. The loan must be repaid over a period not extending beyond five years from the date of the loan. Loan fees may be charged against the account of the participant to whom the loan is granted and the Employer may adopt any administrative rules or procedures that it deems necessary or appropriate with respect to the granting and administering of loans. Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest.

Payment of Benefits

Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to the vested amount of their account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the account of each participant will be 100% vested.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments, comprised of pooled separate accounts, are stated at fair value as reported by John Hancock Life Insurance Company (the "Trustee"), on the last business day of the Plan year. Investments in pooled separate accounts are valued at the Net Asset Value (the "NAV") of units managed by the Trustee. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. See fair value measurements footnote at Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Interest income is recognized as earned on the accrual basis.

In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in the fair value of its investments. This consists of the realized gains or losses, the unrealized appreciation or depreciation, and any earned interest and dividend income in those investments.

Investment management expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned and are not separately reflected. Consequently, investment management expenses reduce the investment return for such investments and are reflected in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems that participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with the corresponding reduction to contributions. As of December 31, 2013, there was approximately $2,800 in excess contributions payable.

Benefit Payments

Benefits are recorded when paid.

Forfeitures

Forfeitures of terminated non-vested accounts are used to reduce Employer contributions or pay Plan expenses.

There were approximately $2,000 of forfeitures during the year ended December 31, 2013, which may be used to reduce Employer contributions or pay Plan expenses.

Plan Expenses

Record-keeping fees and audit fees are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment management expenses are included in net appreciation in the fair value of investments.

Subsequent Events

In accordance with Financial Accounting Standards Board Accountancy Standards Codification ("FASB ASC") Topic 855, *Subsequent Events*, the Plan evaluated subsequent events through October 3, 2014, the date the financial statements were available for issue.

NOTE 3 INVESTMENTS

Unaudited Information Certified by the Plan Trustee

Investments that represent 5% or more of the fair value of the Plan's net assets consisted of the following at December 31:

	2013	2012
Lifestyle Balanced	$ 931,720	$ 219,318
Lifestyle Moderate	835,575	699,882
Lifestyle Conservative	309,390	384,612
Lifestyle Growth	228,933	746,169
PIMCO Total Return	*	122,590
Remaining investments less than 5%	142,614	177,451
Investments, at fair value	$ 2,448,232	$ 2,350,022

During 2013, the Plan's investments (including investments purchased, sold, as well as held during the year, net of the Plan investment management expenses) appreciated in fair value by approximately $298,000.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan assessed the guidelines for measuring fair value. These guidelines provide

a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. FASB ASC 820 establishes three levels of fair value hierarchy that are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data are also included. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All of the Plan's investments are in pooled separated accounts. These investments are public investment vehicles valued using the NAV provided by the administrator of these investments. The NAV is based on the value of the underlying assets owned by the Fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within the Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

As of December 31, 2013 and 2012, the Plan's investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

	December 31, 2013			
	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,448,232	$ -	$ 2,448,232

	December 31, 2012			
	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,350,022	$ -	$ 2,350,022

NOTE 5 INCOME TAX STATUS

The Department of the Treasury has determined and informed the Plan administrator by a letter dated March 31, 2008, that the form of the Plan is

acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for up to three years after tax returns are filed.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.109(c) of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of certain Plan assets has certified as to the completeness and accuracy of the funds held by them as reflected in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012 and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2013.

NOTE 8 PARTIES IN INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by the Trustee. Transactions involving these investments are considered to be party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of approximately $600 which was not

covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations.

NOTE 9 NONEXEMPT TRANSACTIONS

During 2013, the Company failed to deposit $3,294 of employee contributions and participant loan repayments within the required time as prescribed by the DOL. The DOL considers late deposits of employee contributions and participant loan repayments to be prohibited transactions. The Company plans to remit the lost earnings and applicable excise taxes on all late contributions and loan repayments.
