Report of Independent Auditors

To the Plan Sponsor and Administrator of the

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Baker & Hostetler LLP Supplemental/401(k) Retirement Plan ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement; whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2013, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

1. Significant Accounting Policies

Investment Valuation and Income Recognition

The Baker & Hostetler LLP Master Retirement Trust (“Master Trust”) was established to provide a medium for commingling the assets of certain retirement plans sponsored by Baker & Hostetler LLP (“Firm”). The assets of the Master Trust are held by Fidelity Management Trust Company (“Trustee”). The Baker & Hostetler LLP Supplemental/401(k) Retirement Plan (“Plan”) has a divided interest in the Master Trust equal to the fair value of the participants’ account balances. Investment income and expenses are allocated to the Plan based on its pro rata share in the net assets of the Master Trust. Accordingly, the Plan’s net investment gain for the year ended December 31, 2013, includes its allocable share of the Master Trust’s interest, dividends and net appreciation. The Plan’s interest in the Master Trust is reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 6 for discussions of fair value measurements.

With regard to investments and investment income recorded in the Master Trust, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Master Trust’s gains and losses on investments bought and sold as well as held during the year.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Therefore, the statements of net assets available for benefits typically present the fair value of investment contracts as well as an adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan invests in the Fidelity Managed Income Portfolio, which is a comingled pool holding fully benefit-responsive investment contracts. As contract value for the Fidelity Managed Income Portfolio approximated fair value at both December 31, 2013 and 2012, an adjustment from fair value to contract value was not necessary.

Notes to Financial Statements

1. Significant Accounting Policies (continued)

Unit Values

Individual participant accounts for the collective investment fund and the commingled pool fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Firm and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment management services are included in net appreciation of fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

1. Significant Accounting Policies (continued)

In 2013, the recordkeeping agreement with the Trustee was amended to establish a Revenue Credit Account within the Plan which is funded quarterly based on revenue sharing on covered investments, as defined. The balance within the Revenue Credit Account may be used to reimburse the Firm for fees and expenses or pay such vendors directly for services provided to the Master Trust. Amounts not used to pay expenses of the Master Trust may be allocated to Plan participants. During 2013, the Master Trust received \$283,333, in revenue credits, which are reported in the financial statements as other income. These credits are expected to be allocated to participants during 2014.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the benefit payment is recorded.

2. Description of the Plan

The following description of the Plan provides general information only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

The Plan is a defined contribution plan. Prior to the merger of the Baker & Hostetler LLP Associates/401(k) Retirement Plan as noted below, the Plan covered eligible employees and partners of the Firm, but excluded attorneys-at-law employed as associates, of-counsel, counsel or staff attorneys. Effective January 1, 2014, the Plan covers all eligible employees and partners of the Firm. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligible employees and partners can participate on the later of their date of hire or the date they reach age 21. Employees (but not partners) automatically participate in the supplemental portion of the Plan on the January 1 or July 1 following the date they have completed at least two (2) years of service with the Firm.

The Plan maintains a separate account for each participant. Participants direct the investment of all contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Description of the Plan (continued)

Pursuant to a salary reduction agreement, a participant may elect to have the Firm make a contribution on the participant's behalf. The Firm's contribution is an amount equal to the lesser of (A) one and one-half percent (1-1/2%) of an employee's annual eligible compensation or (B) fifty percent (50%) of his/her participant elected contributions and/or Roth contributions for the year. Annual contributions to participants' accounts under this Plan and other qualified retirement plans maintained by the Firm may not exceed the maximum limitations provided by the Internal Revenue Code ("Code").

Interest bearing loans of up to 50% of a participant's account may be requested, with a minimum request of \$1,000 and the maximum request not to exceed \$50,000 when considered with loans from this and other plans sponsored by the Firm. Loans to participants bear interest at the prime rate in effect at the date of the loan. The repayment period is not to exceed five (5) years.

A participant's account is immediately vested and is distributable at retirement or termination of service as follows: at normal retirement; at retirement after attaining age 57 and completing five (5) years of service; at disability; at death; and at termination of service for any other reason. The participants have several options for receiving their distribution. A participant's account is distributable after attaining age 60 prior to termination or retirement. They may elect to receive payment in a lump sum, a partial lump sum payment without limit in terms of frequency or amount, in substantially equal annual installments over a period of time not to exceed ten (10) years, or through a schedule which will provide payments over a certain period of time which does not exceed their life expectancy. They may elect to receive a distribution of deferred amounts at any later time, but no later than April 1 of the year following the later of the year in which they reach age 70½ or the year of retirement.

On December 27, 2013, management of the Firm approved the merger of the Baker & Hostetler LLP Associates/401(k) Retirement Plan into the Plan effective December 31, 2013. As a result, all investments and participant loans were transferred from the Baker & Hostetler LLP Associates/401(k) Retirement Plan into the Plan on December 31, 2013.

Although it has not expressed any intent to do so, the Firm has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

3. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Firm by a letter dated April 18, 2012, stating that the Plan and the related trust are designed in accordance with the applicable sections of the IRC.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

3. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

4. Related-Party and Party-In-Interest Transactions

The Plan invests in mutual funds that are managed by Fidelity Investments. Fidelity Investments is related to the Trustee and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. Baker & Hostetler LLP Master Retirement Trust

The following table presents the net assets of the Master Trust as of December 31, 2013 and 2012 and the Plan's corresponding interest in each item.

6. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Interest bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Equities: Valued at the closing price reported on the active market on which the individual securities are traded.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

6. Fair Value Measurements (continued)

Collective investment fund: The collective investment fund consists exclusively of mutual funds. Accordingly, it is valued based on the NAV as reported by the underlying funds. The balance of the collective investment fund has been included with mutual funds on the following table based on the nature of the individual mutual funds held at year-end.

Commingled pool fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by Level, within the fair value hierarchy, the Master Trust's investments at fair value:

Notes to Financial Statements

7. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net investment gain from Master Trust
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Commingled Pool Fund

The Fidelity Managed Income Portfolio is a commingled pool fund that is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. Fair value of the stable value fund is the net asset value of its underlying investments less its liabilities and contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

The Fidelity Managed Income Portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fidelity Managed Income Portfolio's investment objective is to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the Fidelity Managed Income Portfolio invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into a "wrapper" contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Contributions totaling \$100 were not remitted within the required time period during 2013. In 2014, the Firm completed the process of remitting these delinquent employee contributions, including any lost earnings as a result.

11. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2014, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
